

Key-Area Detail: Zhongzhiyuan AI Acceleration Area

重点区详细图则：众智园AI自主创新加速区

Announced key-area size ~192.1 ha (provisional rough extent; rectangle edges are not parcel or road redlines).  
Recalculable imagery: compute load, energy use, model-test and governance results rendered as a live public ledger; every passer-by can read current consumption and the formula behind each conclusion.  
Note: all boundaries are provisional rough approximations for AI generation, display and self-check only; not official redlines, approval basis, or precise-area references.
