

THE PUBLIC WAYBILL

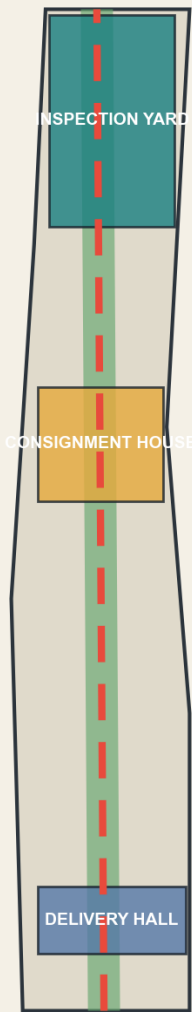

京张通单

Every urban AI travels with a waybill anyone can read, challenge, and retire.

PURPOSE	PEOPLE	SOURCE	OWNER	COST	TAKEOVER	EXIT
---------	--------	--------	-------	------	----------	------

THE PUBLIC WAYBILL · OVERALL SCOPE

One public waybill line, three accountability stations

PROVISIONAL ROUGH BOUNDARY · NOT FOR APPROVAL

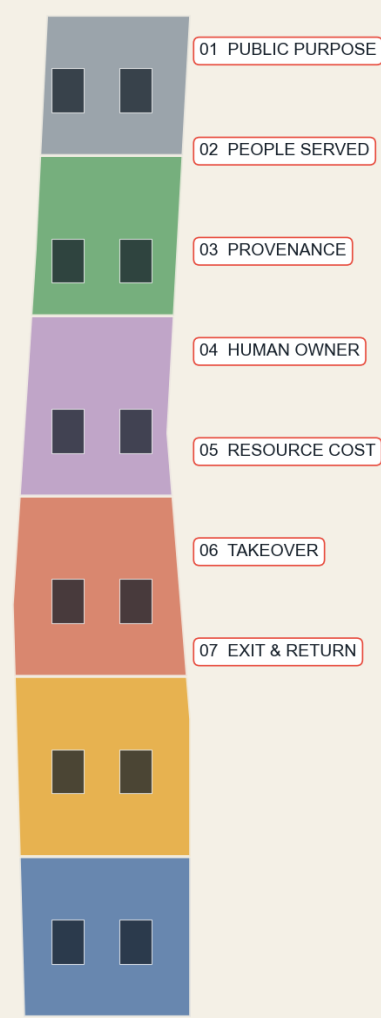

ONE LINE · THREE STATIONS

A provisional 11.41 sq km overall area. The heritage park is the Public Waybill Line; Zhongzhiyuan inspects, AI Origin originates, and Dazhongsi delivers.

All polygons are provisional and require system-wide recalculation after official release.

SIX LAND USES · SEVEN DUTIES

Complete coverage; system-wide recalculation after boundary replacement

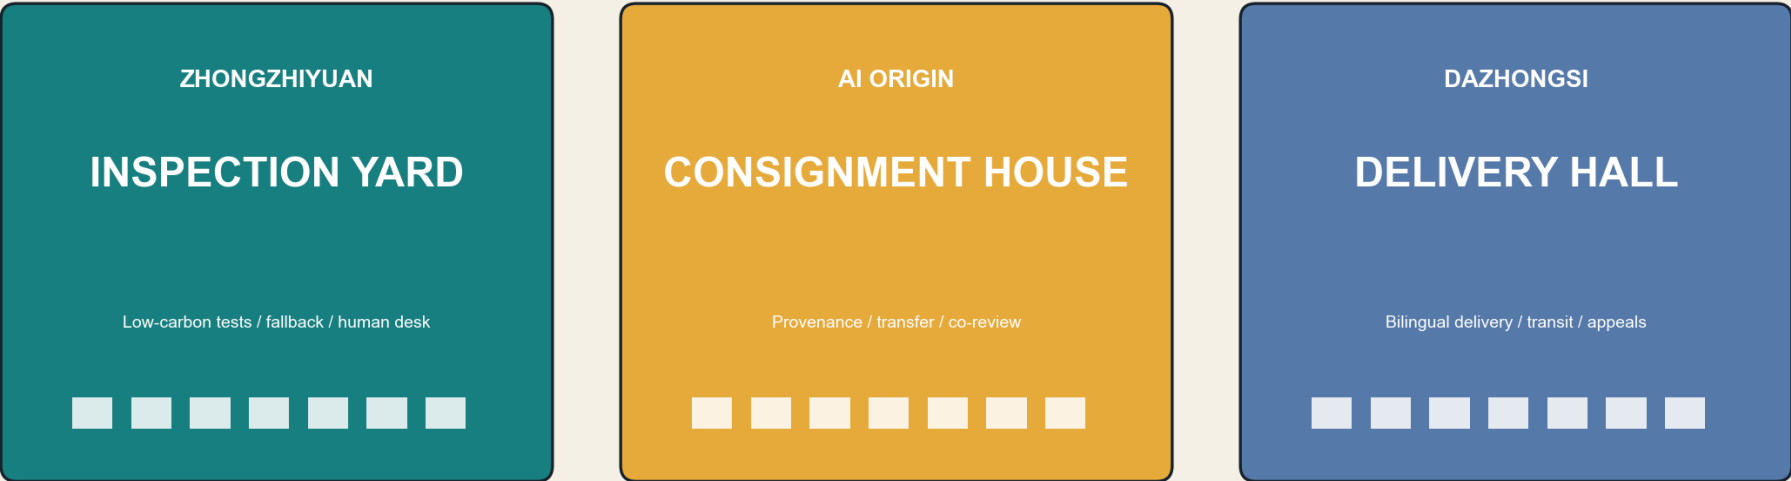

PROVISIONAL ROUGH BOUNDARY · NOT FOR APPROVAL

SIX LAND USES · SEVEN DUTIES

Innovation, mixed services, civic culture, housing, green space, and infrastructure cover the provisional site. Every service discloses purpose, people, source, owner, cost, takeover, and exit.

THREE STATIONS IN DETAIL

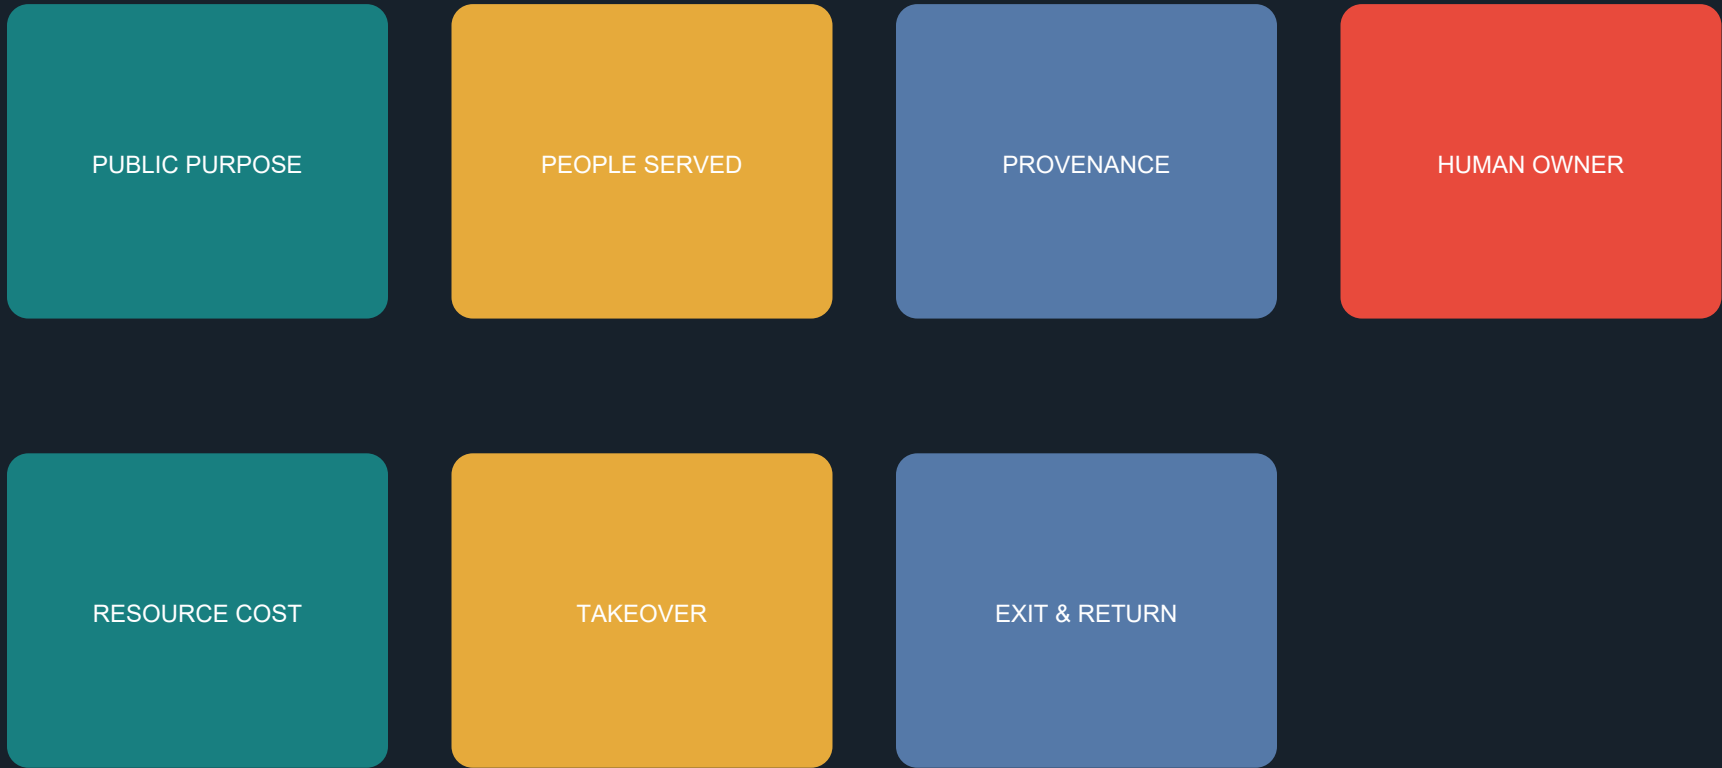

Inspect · Originate · Deliver

PROVISIONAL ROUGH BOUNDARY · NOT FOR APPROVAL

INSPECT · ORIGINATE · DELIVER

Zhongzhiyuan: safety, energy, and fallback.
AI Origin: provenance, university transfer, and co-review.
Dazhongsi: bilingual delivery, transit links, and complaint closure.

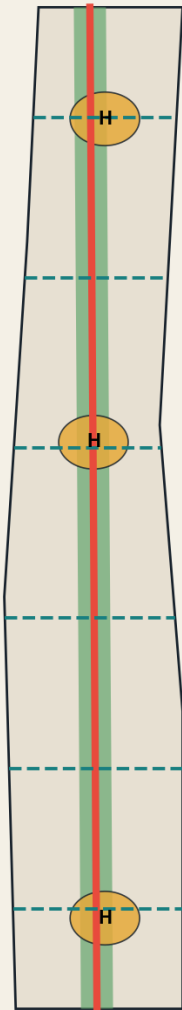

FIVE PERSONAS · TWELVE WAYBILLS

Open-source developers, startups, research families, older and disabled residents, and local merchants.

Walking, transfer, night bus, health, learning, public services, merchants, events, repair, heritage, low-carbon compute, and extreme weather.

WALKING · BLUE-GREEN · HUMAN FALLBACK

The city still works when digital services stop

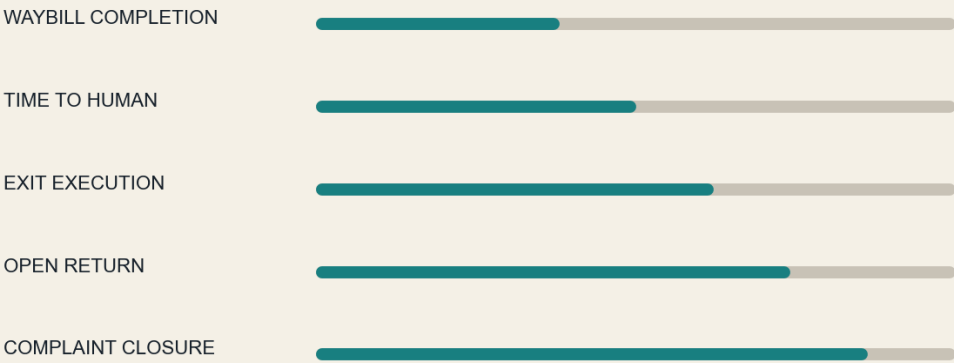

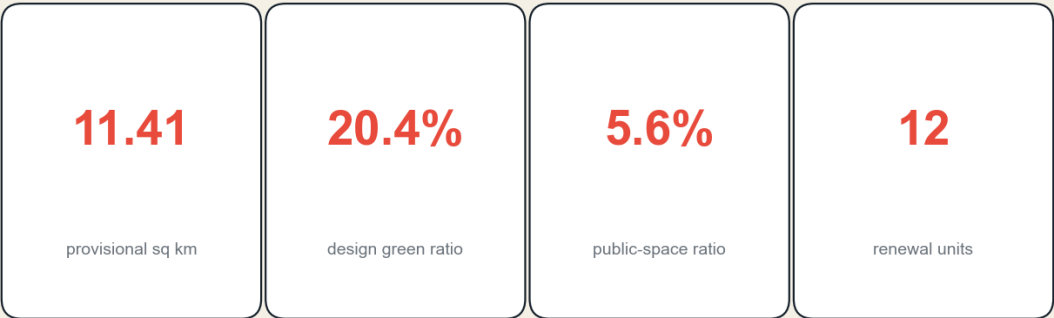

PROVISIONAL ROUGH BOUNDARY · NOT FOR APPROVAL

THE CITY WORKS WHEN TECH STOPS

One walking spine, six collection routes, and three human fallback stations. Removable devices stay outside accessible clear paths; the green spine and rain pockets form the durable civic base.

METRICS EVIDENCE BOARD

Geometry known · controls unknown · operations need baselines

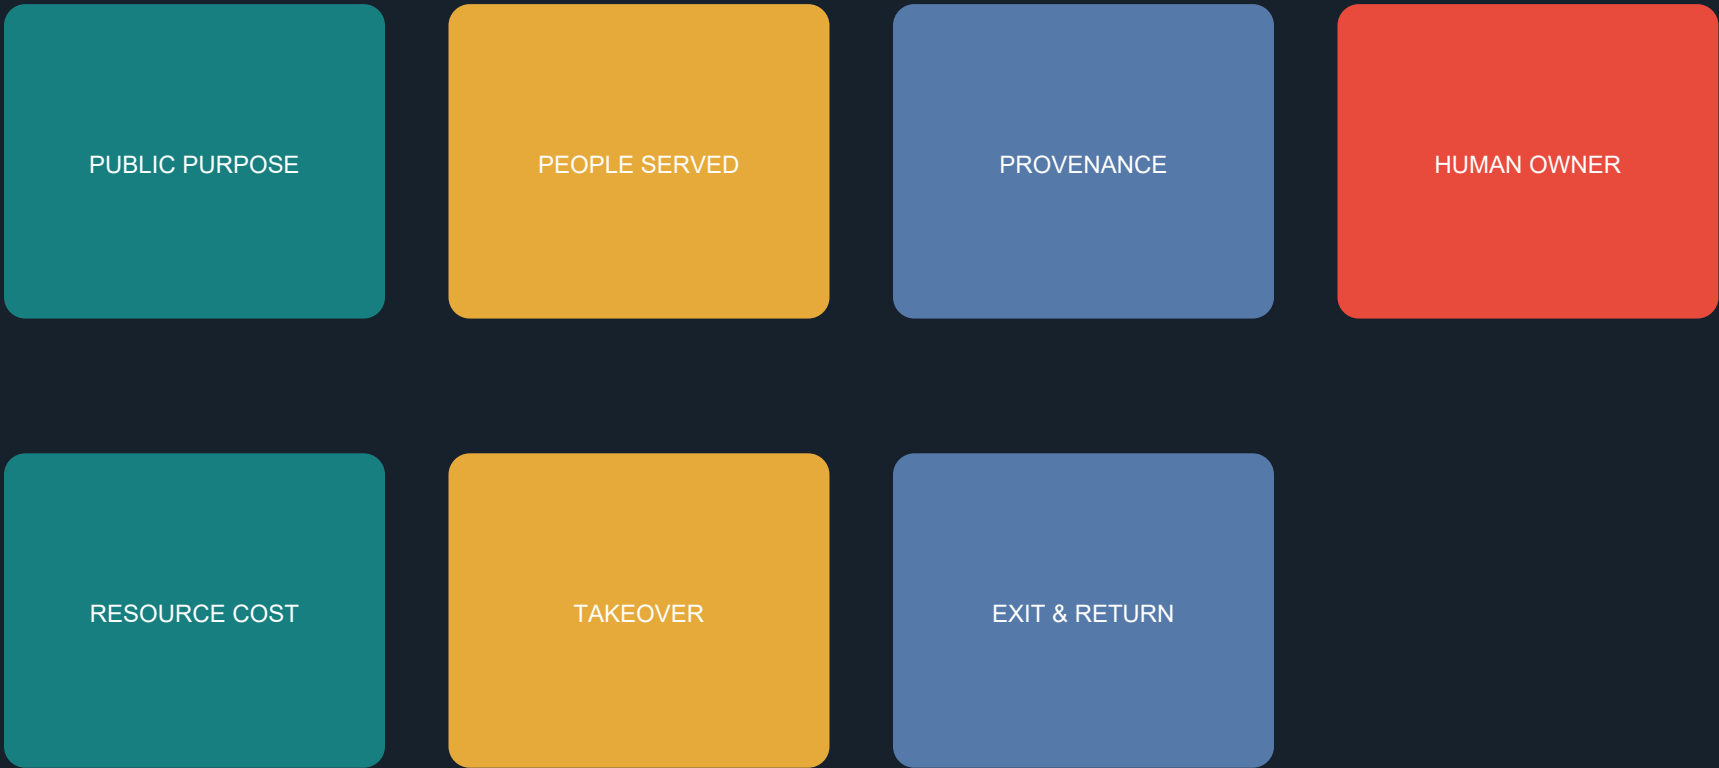

FAR / HEIGHT / DENSITY / SETBACKS = AWAIT FORMAL CONTROLS

PROVISIONAL ROUGH BOUNDARY · NOT FOR APPROVAL

ORIGINATE · INTERCHANGE · DELIVER

2026-2027: verify and pilot.
2028-2030: connect the spine, key areas, and services.
2031-2035: independently evaluate, renew, or exit.

No fabricated statutory controls.

TRANSPARENCY MEANS THE
POWER TO EXIT

Risks: provisional geometry, missing controls, privacy, bias, lock-in, maintenance, energy, and fatigue.

Responses: minimum data, human takeover, timed deletion, offline alternatives, and independent review.
Cases use official primary pages only.
