

LUNAR RAIL — Overall Scope & Spatial Structure

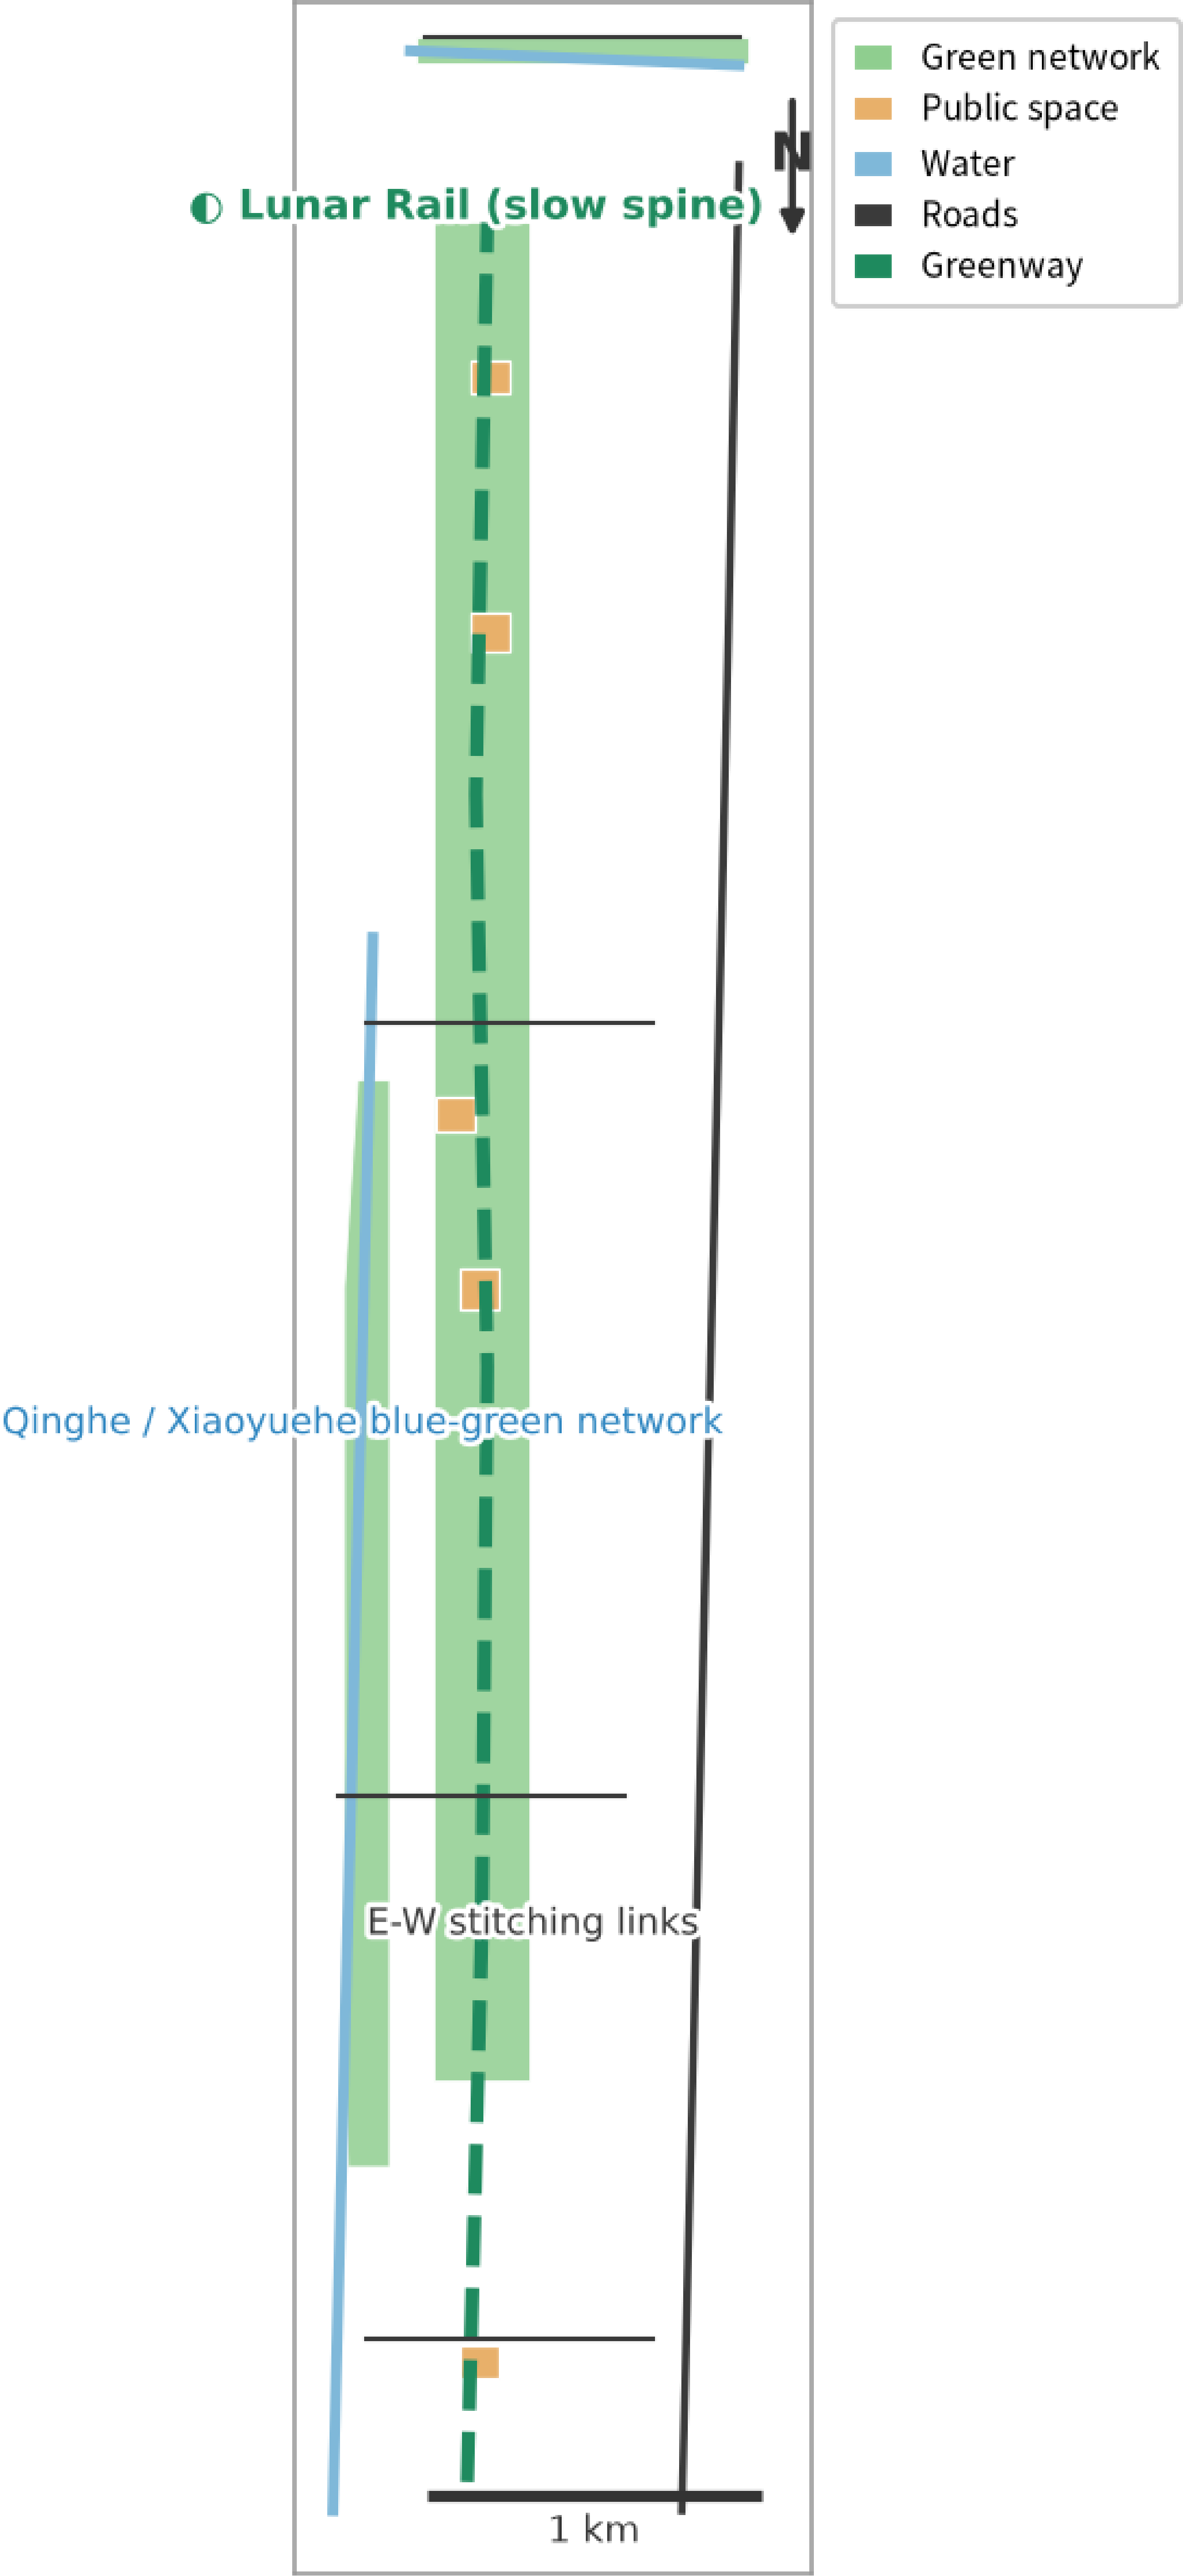

LUNAR RAIL — Land Use Structure: One Rail, Three Moons, Two Tides

LUNAR RAIL — Three Key Areas (Three Moon Nodes)

LUNAR RAIL — Mobility & Blue-Green Public Space System

LUNAR RAIL — Key Metrics & Evidence Chain

Overall Design Area	approx. 11,412,800 m²	recalculated on provisional boundary, rounded
Key Areas	3 (Zhongzhiyuan·Origin·Dazhongsi)	three major nodes
Land Use Categories	8 concept zones	full-boundary seamless cover
Building Footprints	8 groups	key areas + rail stations
Roads / Slow Corridors	6 (incl. Lunar Rail spine)	N-S through + E-W stitching
Green Space	3 patches (parks + Qinghe + Xiaoyuehe)	blue-green network
Public Space Nodes	5 (incl. 3 pilgrimage landmarks)	Moon Print Stele · Moon-Watch Terrace · Moon-Phase Clock
Phasing	3 phases (near/mid/long)	concept phasing, not a timeline

⚠ All values recalculated on provisional boundary; full recalculation after official redline (data gap does not block content scoring).
