

XIAOYUEHE SCENARIO WING

One Water · One Ridge · Three Fields · Two Wings

Coordinated 43.6 km² · Overall 11.4 km² · Key areas 368.4 ha

Zhongzhiyuan = validation · AI Origin = co-learning · Dazhongsi = experience

12 scenario cards · 4 test scenarios · 6 personas · 3 landmarks · 8 renewal projects

provisional boundary · intake only · full recalculation on official release

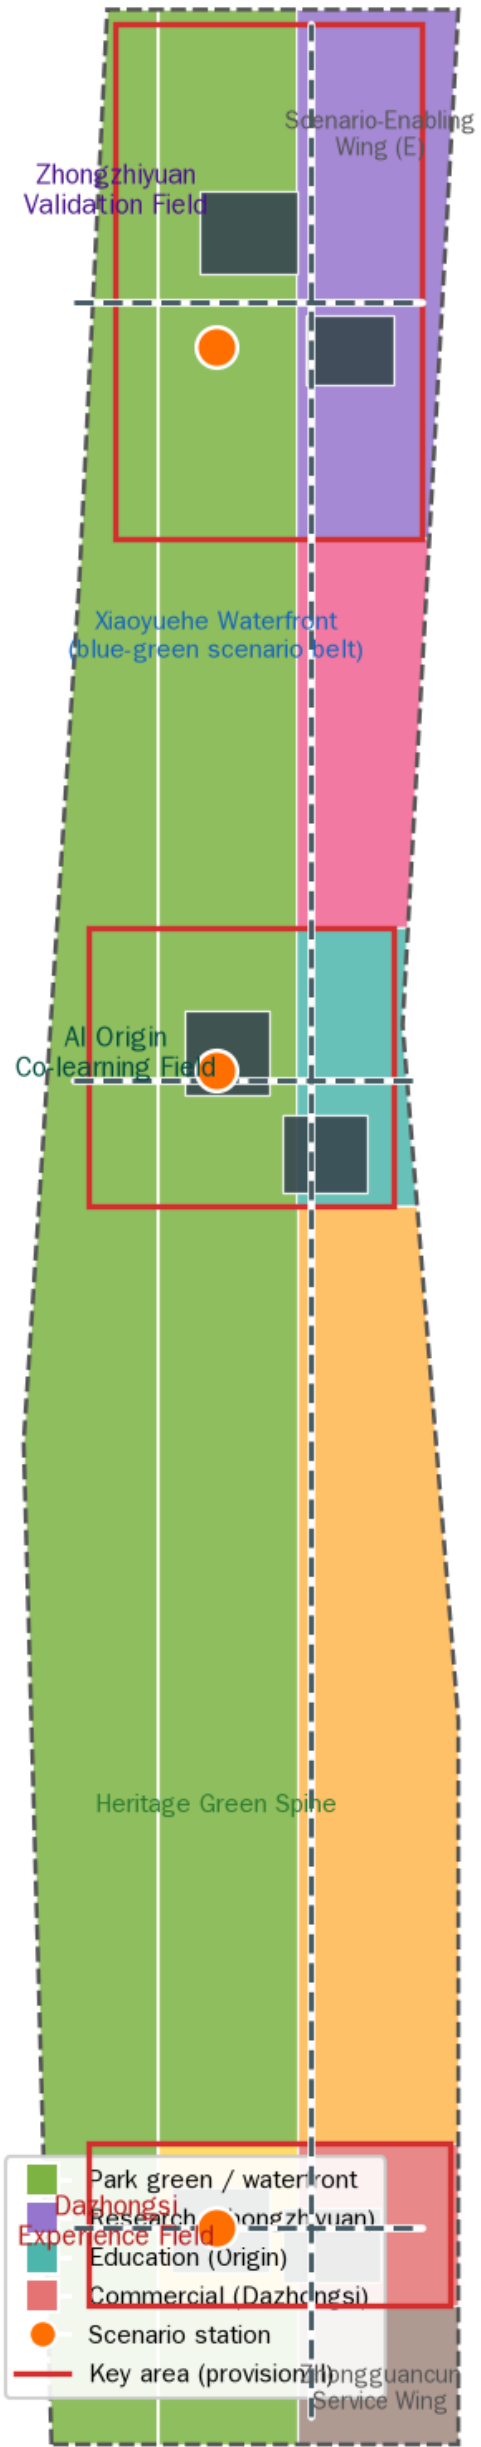

Turning AI scenarios from showcase exhibits into everyday civic infrastructure along the Xiaoyuehe blue-green waterfront.

Core metrics (EPSG:4548 recomputation)

site_area_sqm: 1141.3 ha (11,412,825 m²)
green_ratio: 62.9%
public_space_ratio: 3.7%
road_centerline_length_km: 12.75 km
key_areas_total_area_sqm: 369.3 ha (3,692,893 m²)
building_footprint_area_sqm: 529,726 m²

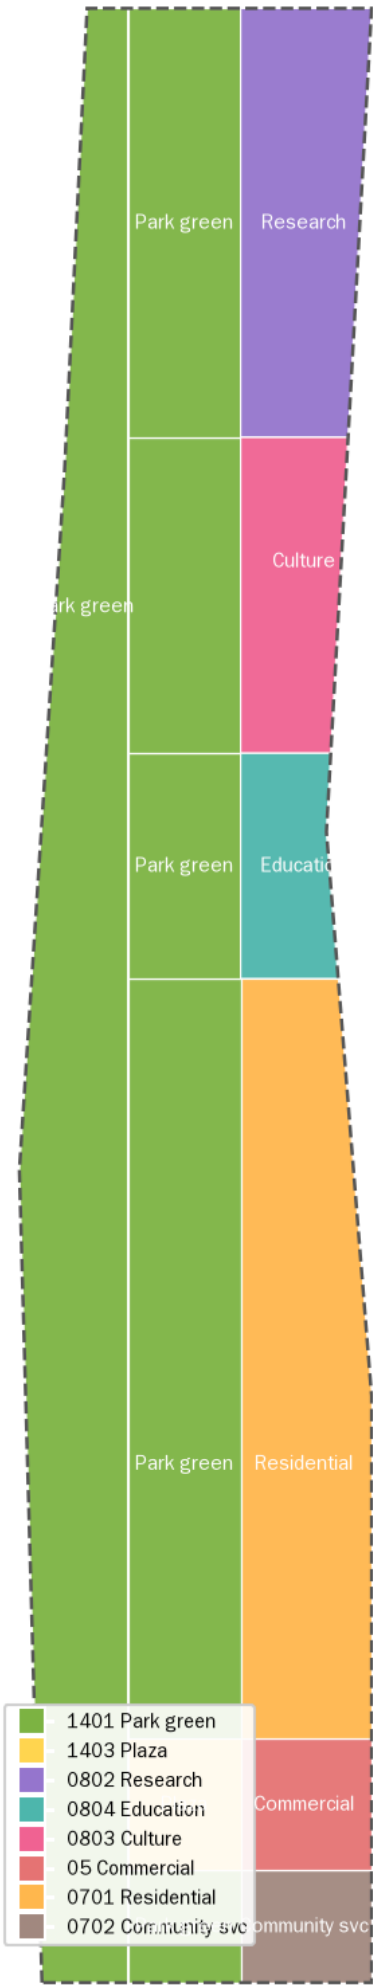

XIAOYUEHE SCENARIO WING

One Water · One Ridge · Three Fields · Two Wings

provisional boundary · full recalculation when official polygons arrive

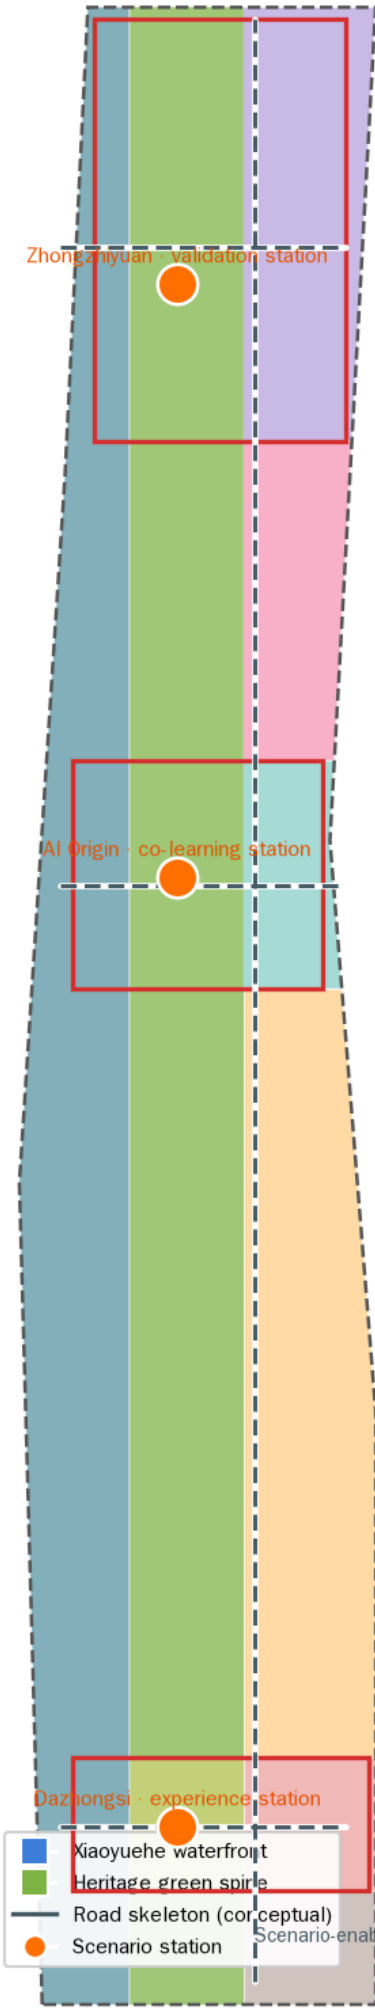

CONCEPTUAL LAND-USE STRUCTURE
Water-Ridge Dual Vein + Eastern Function Bands

- 1401 Park green
- 1403 Plaza
- 0802 Research
- 0804 Education
- 0803 Culture
- 05 Commercial
- 0701 Residential
- 0702 Community svc community svc

provisional boundary · full recalculation when official polygons arrive

MOBILITY & BLUE-GREEN COMPOSITE SYSTEM
Waterfront trail · ridge cycling · scenario stations

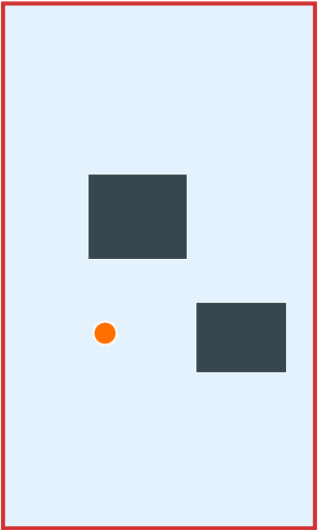

- Xiaoyuehe waterfront
- Heritage green spine
- Road skeleton (conceptual)
- Scenario station
- Scenario-enabling main road (N-S)

provisional boundary · full recalculation when official polygons arrive

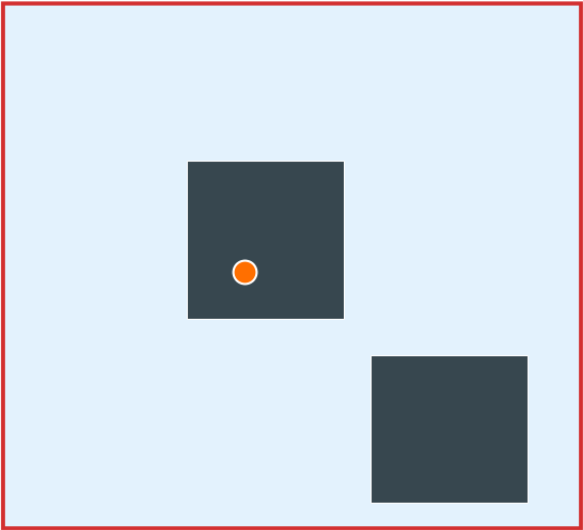

THREE KEY AREAS: VALIDATION / CO-LEARNING / EXPERIENCE FIELDS
(provisional polygons)

Zhongzhiyuan AI Acceleration

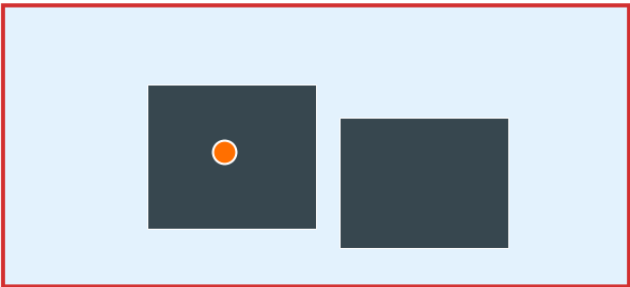

Validation field
model validation + ops workshop

Beijing AI Origin Community

Co-learning field
co-learning center + uni collab

Dazhongsi AI Industry Cluster

Experience field
native-experience hall + complex

CORE METRICS: EPSG:4548 RECOMPUTATION & EVIDENCE CHAIN
(provisional boundary basis)
