

Zhongzhiyuan AI Acceleration Zone

Full-stack autonomy · Governance voice
192.1 ha

- Model training & evaluation base
- AI safety governance showcase
- Open-source community
- Future-oriented accelerator

Provisional — recompute after official boundary

Beijing AI Origin Community

World-class ecosystem · Talent origin
104.3 ha

- Ren-Line vertex plaza (AI Origin)
- Launch & talent exchange
- Campus-park stitching
- Young makers & community life

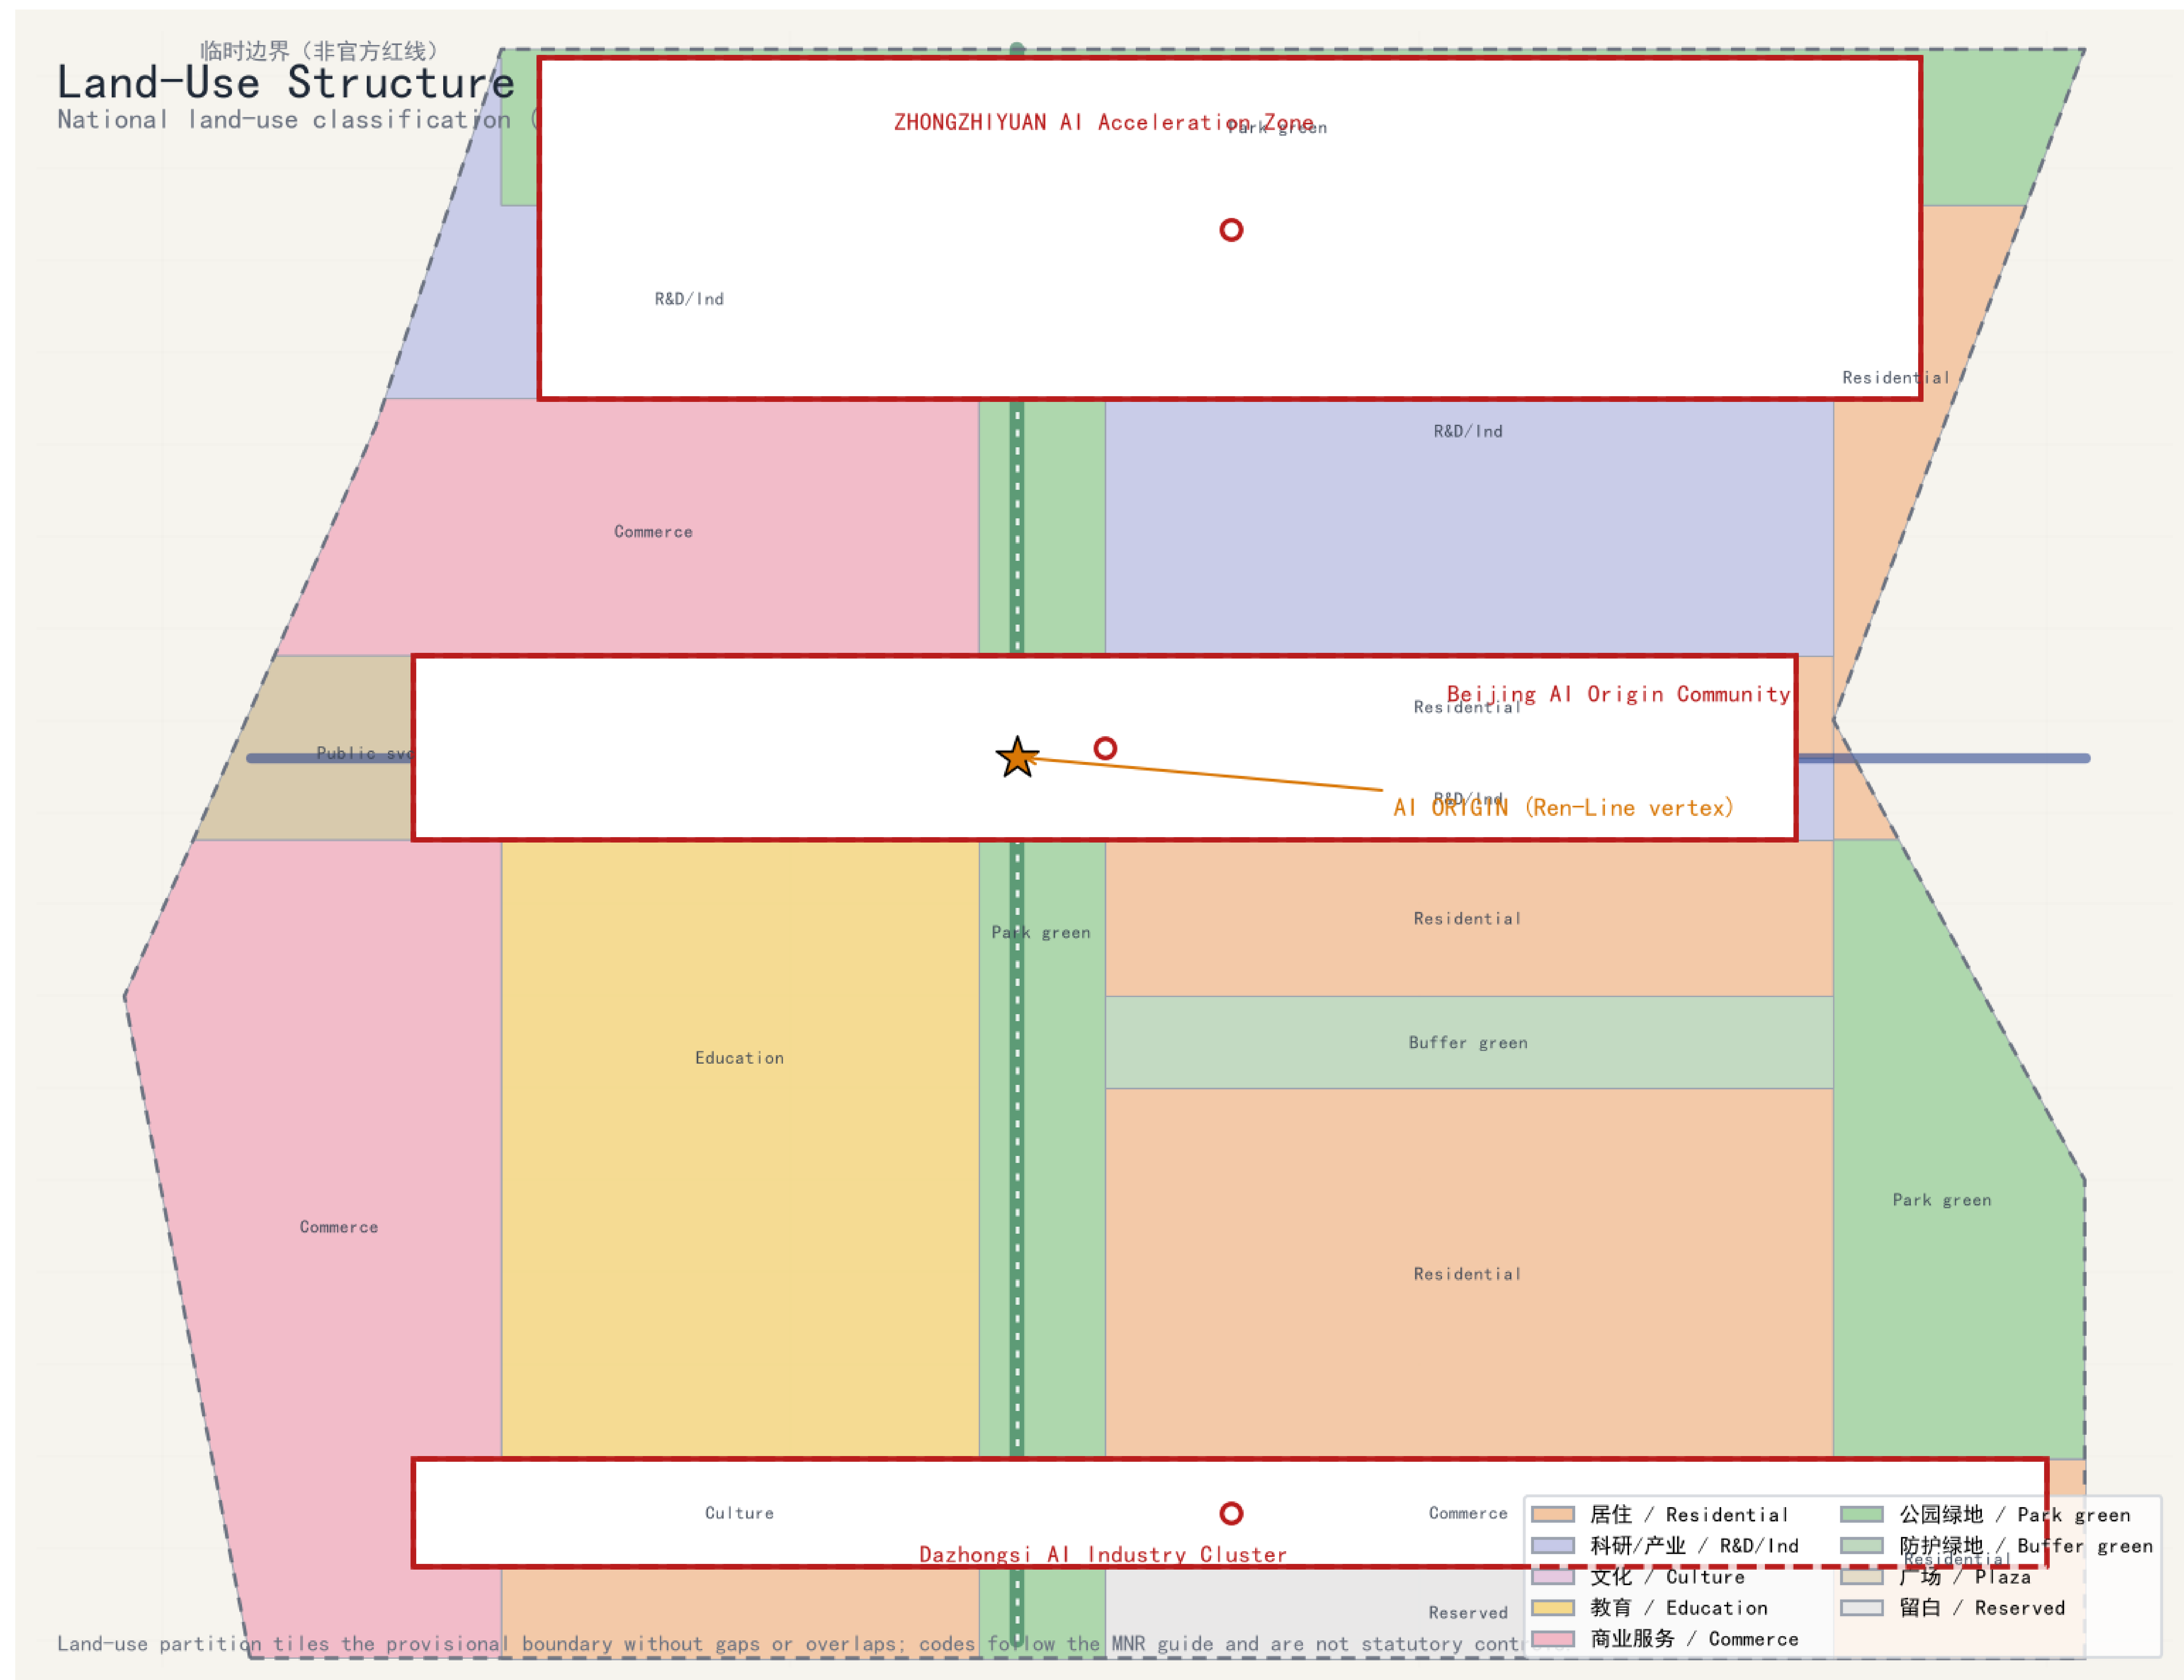

Provisional — recompute after official boundary

Dazhongsi AI Industry Cluster

AI-native business · Global exchange
72.0 ha

- LLM-native app incubation
- Smart terminals & experience retail
- International exchange & exhibition
- Transit-oriented development

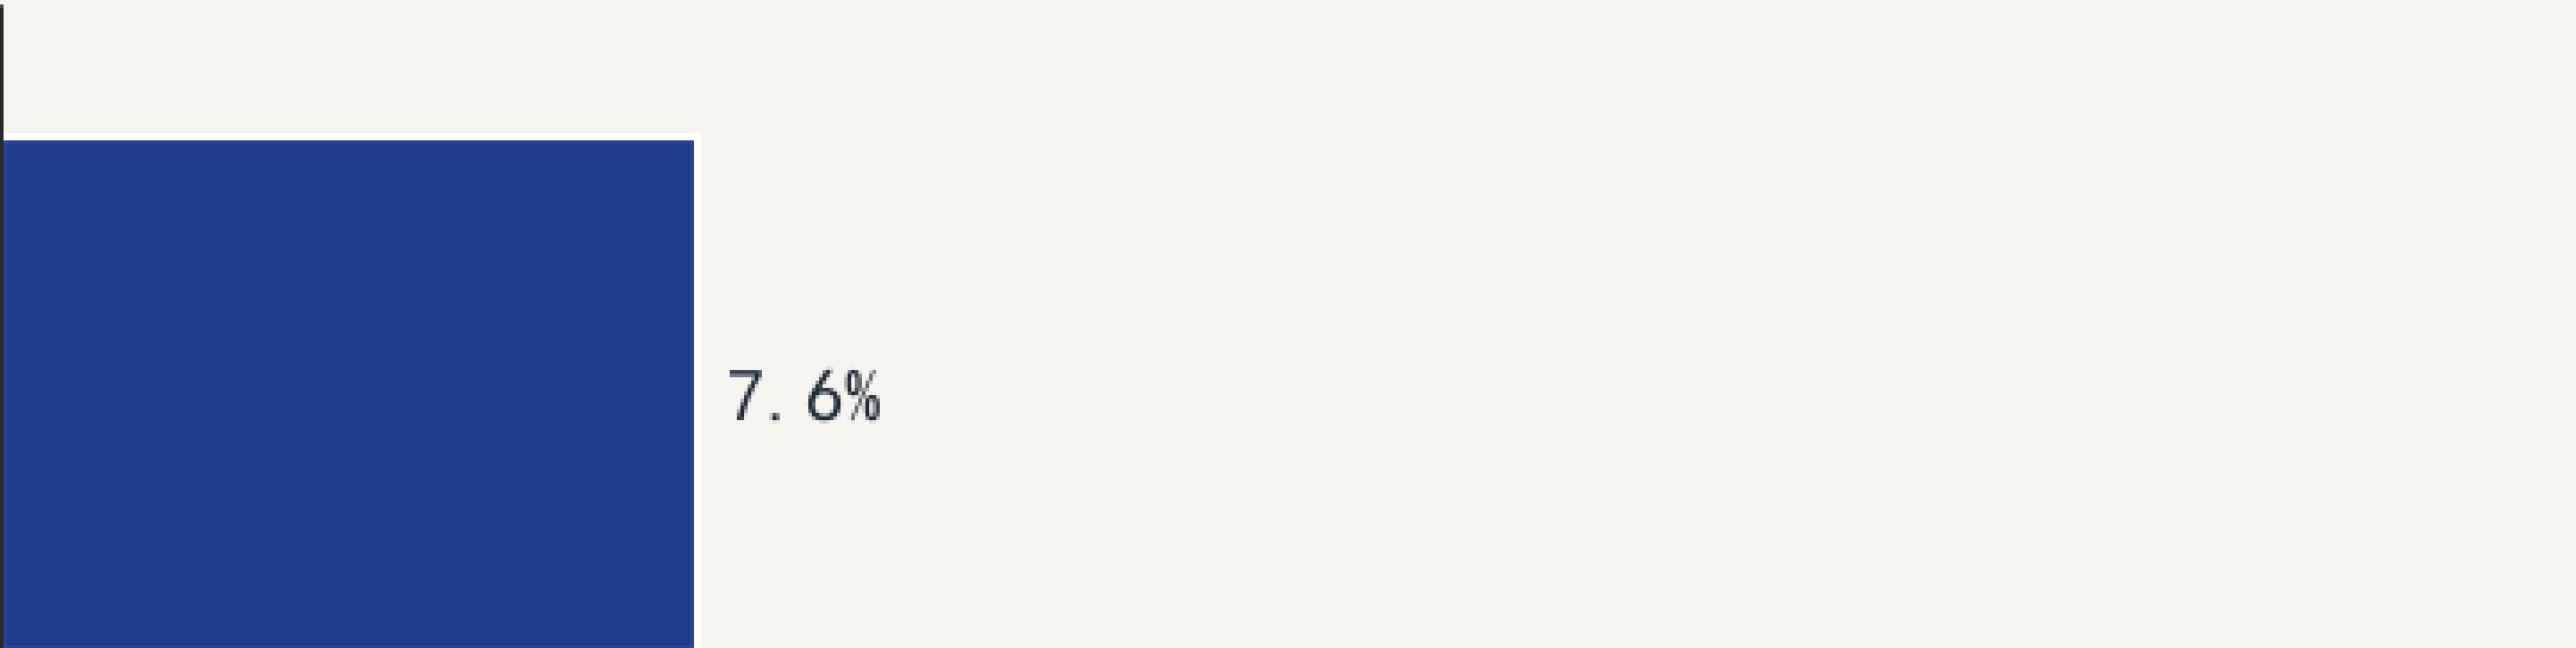

Provisional — recompute after official boundary

Core Metric Evidence Chain

Recomputed Spatial Performance | auditable to geometry and formulas

Building footprint

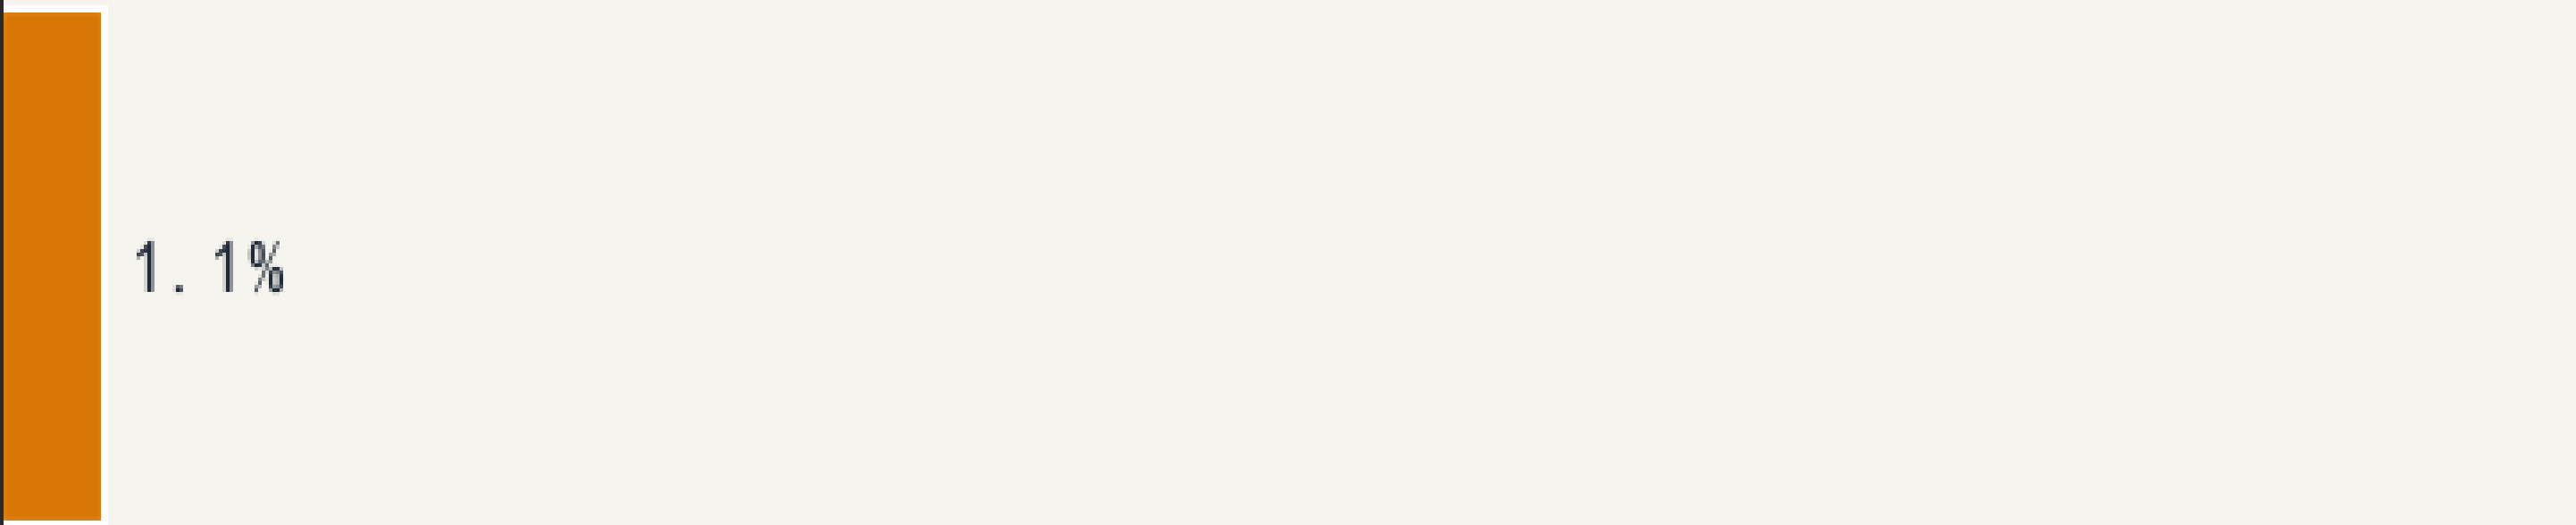

11.41 km²

Overall design area (provisional)

369.3 ha

Three key areas combined

Public-space ratio

39.4 km

Road centerlines

104

Concept buildings

Green ratio

12

AI scenario cards

3+2

Pilgrimage landmarks + wings
