

From a Century-Old Railway to an AI Innovation Loop

- JINGZHANG INTELLIGENCE LOOP - heritage-park spine, Zhongzhiyuan / AI Origin Community / Dazhongsi cores, Zhongguancun and Xiaoyuehe wings forming a 'train-verify-deploy' AI industrial loop.
- Coordinated research area ~43.6 sq km; overall design area ~11.4 sq km; three key areas ~368 ha.

Detailed design of three cores - slow traffic and blue-green network

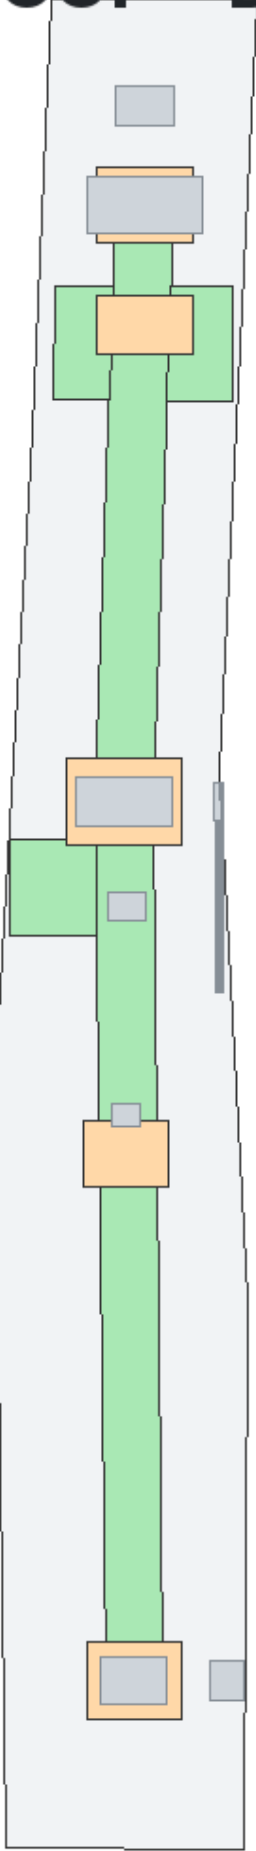

- Zhongzhiyuan: garden-style AI innovation district + Safety Evaluation Tower + Qinghe low-carbon corridor (~192.1 ha).
- AI Origin Community: university-adjacent outcome-transfer district, station integration (~104.3 ha).
- Dazhongs: urban smart-economy district, four-quadrant connectivity (~72.0 ha).
- North-south slow-traffic spine along the heritage park; blue-green network 'One Spine, Two Wings, Multiple Parks'.

JINGZHANG INTELLIGENCE LOOP • Three Key Areas (provisional)

JINGZHANG INTELLIGENCE LOOP • Blue-Green and Slow Mobility

- Legend
- Green
 - Public space
 - Green spine
 - Roads

Evidence - metrics - phasing - compliance

- site_area_sqm=11412825.386 (provisional); green_ratio=0.263398; public_space_ratio=0.085649; key_area_count=3.
- Phasing: Phase 1 ~497.7 ha -> Phase 2 ~192.9 ha -> Phase 3 ~450.7 ha.
- Compliance: compliance/standard/design-depth/self-check matrices complete; all spatial proposals are conceptual.

JINGZHANG INTELLIGENCE LOOP • Core Metrics Evidence (provisional)
