

QUIET COMMONS JINGZHANG

Quiet is not silence; it is the right to adjust the city's sensory intensity.

FIGURE 01 | PROVISIONAL BOUNDARY / DESIGN INTENT

Overall Quiet Commons System | Choice, Exit and Human Equivalence

ONE SPINE
THREE COMMONS
TWO WINGS / SIX UNITS
TWELVE SENSORY SWITCHES

Quiet is not silence; it is the right to
adjust the city's sensory intensity.

SIX ADJUSTABLE LOADS

- Sound
- Light / glare
- Thermal
- Crowding
- Speed
- Information

MACHINE-GATE READY | GEOMETRY PROVISIONAL |
PROFESSIONAL ELIGIBILITY PENDING

- One spine • three adjustment commons • two wings / six units • twelve sensory switches
- Author: ImbaJade | Formal bilingual package v1.0
- Spatial geometry PROVISIONAL | official polygons / professional eligibility pending

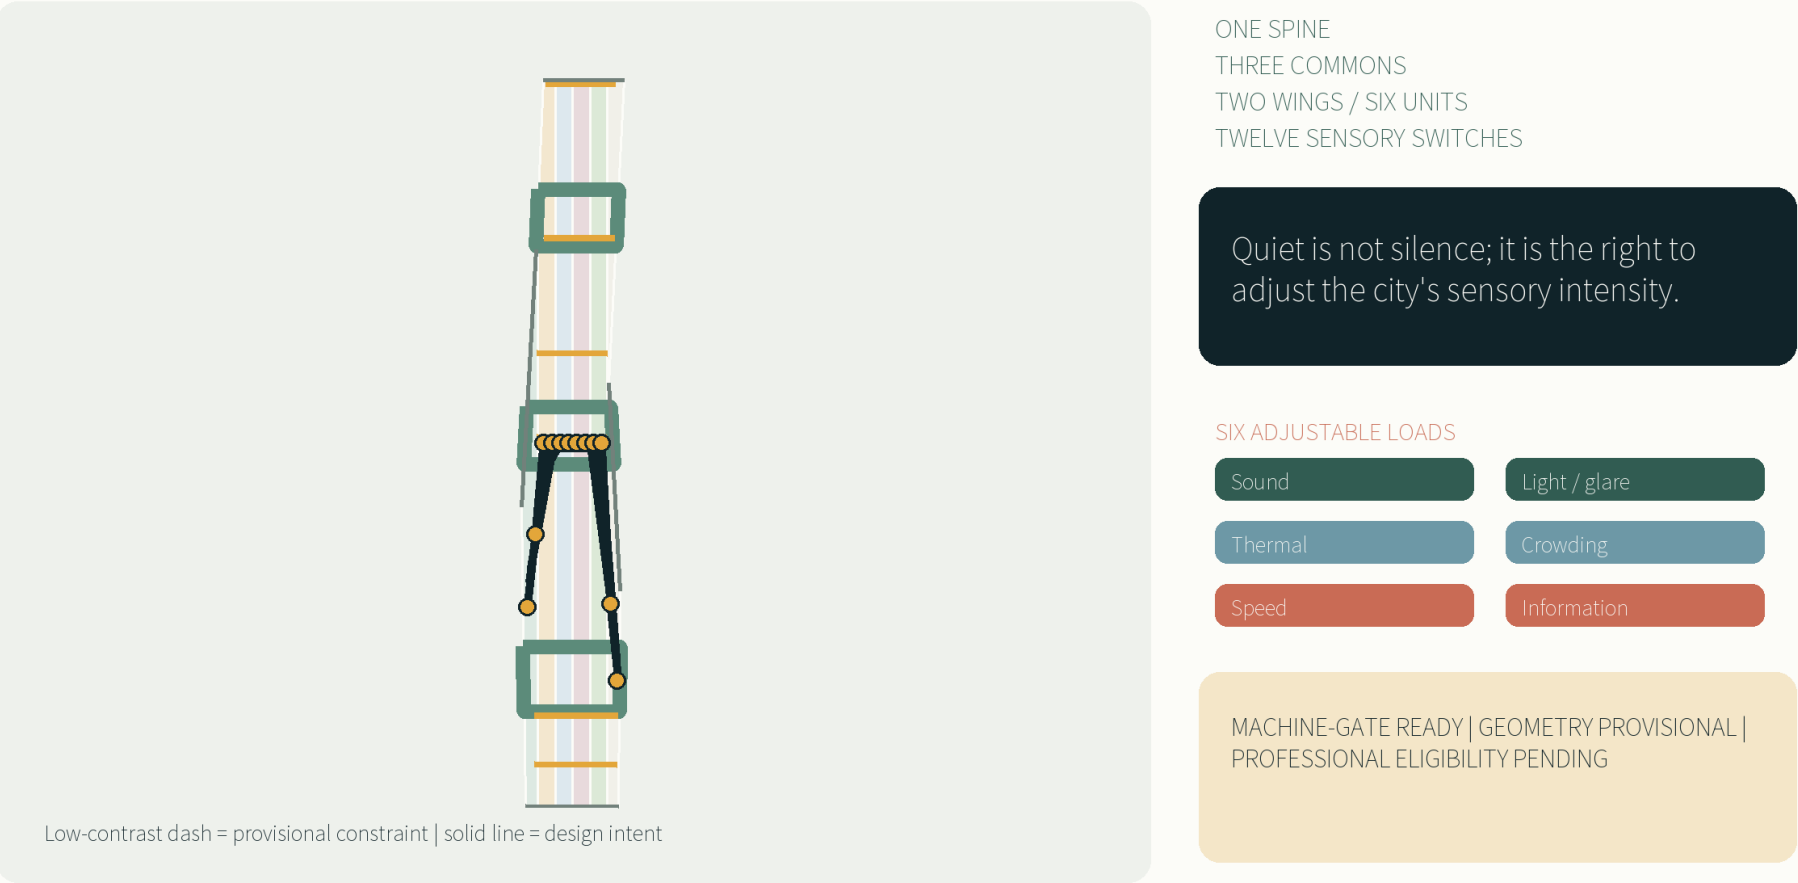

Machine gate and content review ready | geometry provisional | professional eligibility pending

01 | Evidence and Scope

Separate announced text, registered sources, provisional geometry and design intent.

FIGURE 01 | PROVISIONAL BOUNDARY / DESIGN INTENT

Overall Quiet Commons System | Choice, Exit and Human Equivalence

- 43.6 km² coordinated research | about 11.4 km² overall design | about 368.4 ha key areas
- Provisional constraints are low-contrast dashed; design intent is high-contrast solid
- Official polygons trigger full rebuild of layers, metrics, figures, HTML and PDFs

Machine gate and content review ready | geometry provisional | professional eligibility pending

02 | Diagnosis and Data Gaps

AI does not fill missing parcel, rights, building or approved-control facts.

FIGURE 05 | METRICS / EVIDENCE / GOVERNANCE

Metrics, Evidence and Governance | KNOWN / UNKNOWN / PROVISIONAL Separated

GOVERNANCE LOOP

4/4 HUMAN HANDOFF | 4/4 NON-AI EQUIVALENT | 4/4 STOP + EXIT | FULL RECALCULATION AFTER OFFICIAL POLYGONS

- Known: tasks, announced areas, three key areas and provisional boundary
- Unknown: FAR, height, density, setback, road redline, utilities and rights
- Personas, comfort thresholds and operating ownership await co-design or professional review

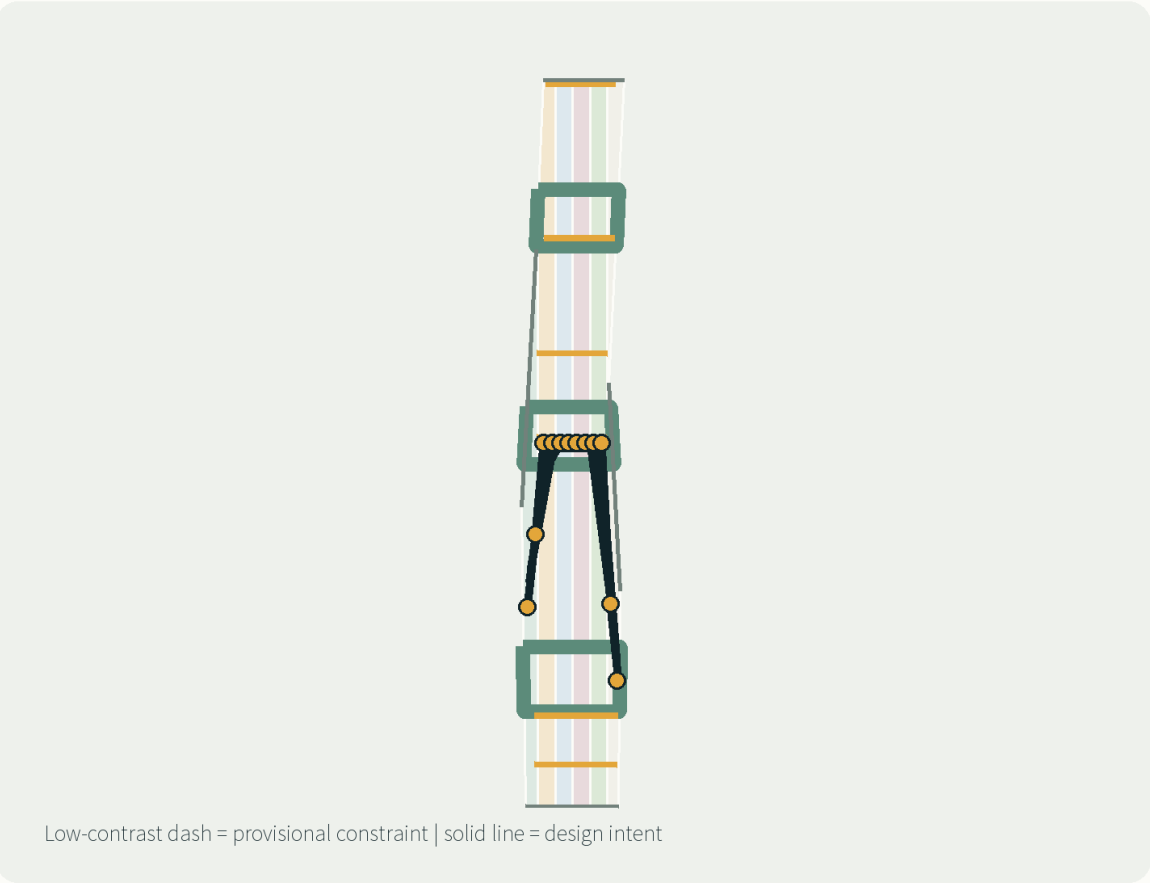

Machine gate and content review ready | geometry provisional | professional eligibility pending

03 | Core Concept

Six sensory loads and four public rights define the system.

FIGURE 01 | PROVISIONAL BOUNDARY / DESIGN INTENT

Overall Quiet Commons System | Choice, Exit and Human Equivalence

ONE SPINE
THREE COMMONS
TWO WINGS / SIX UNITS
TWELVE SENSORY SWITCHES

Quiet is not silence; it is the right to adjust the city's sensory intensity.

SIX ADJUSTABLE LOADS

- Sound
- Light / glare
- Thermal
- Crowding
- Speed
- Information

MACHINE-GATE READY | GEOMETRY PROVISIONAL |
PROFESSIONAL ELIGIBILITY PENDING

- Loads: sound, light/glare, thermal, crowding, speed and information
- Rights: choose, bypass/exit, human handoff and non-AI equivalence
- Zero default personal profiles and biometrics; ambient anonymous or manual input first

Machine gate and content review ready | geometry provisional | professional eligibility pending

04 | Innovation Ecosystem

Move from technology display to pilot, deliberation, standard, procurement/O&M and open audit.

FIGURE 05 | METRICS / EVIDENCE / GOVERNANCE

Metrics, Evidence and Governance | KNOWN / UNKNOWN / PROVISIONAL Separated

GOVERNANCE LOOP

4/4 HUMAN HANDOFF | 4/4 NON-AI EQUIVALENT | 4/4 STOP + EXIT | FULL RECALCULATION AFTER OFFICIAL POLYGONS

- Kendall Square / one-north: stewardship and mixed public realm
- Kalasatama: experiments become measurable everyday benefit
- Mila / MaRS / Knowledge Quarter: community, translation and cross-institution networks
- Cases provide mechanisms, never local planning controls

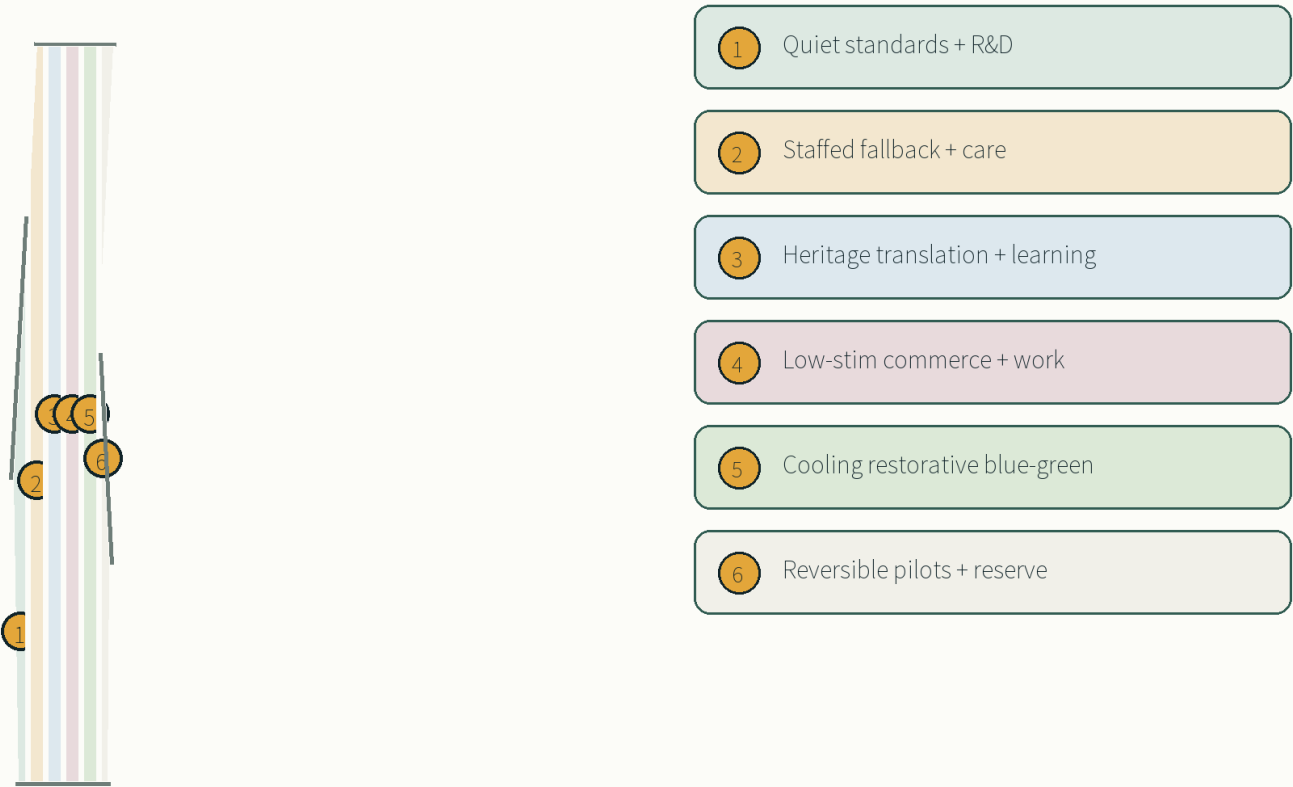

Machine gate and content review ready | geometry provisional | professional eligibility pending

05 | Land Use and Renewal

Six complete conceptual areas carry sensory programs without claiming statutory land use.

FIGURE 02 | LAND USE / SENSORY PROGRAM

Land Use and Sensory Programs | Complete Partition, Not Statutory Land Use

TOPOLOGY: 0 OVERLAP / 0 GAP (WITHIN TOLERANCE) | FAR, HEIGHT, DENSITY, SETBACK: UNKNOWN

- Standards R&D | staffed community service | heritage translation and learning
- Low-stim commerce | restorative blue-green | reversible pilot reserve
- Retain first, adapt lightly and reversibly, require four levels of evidence before demolition

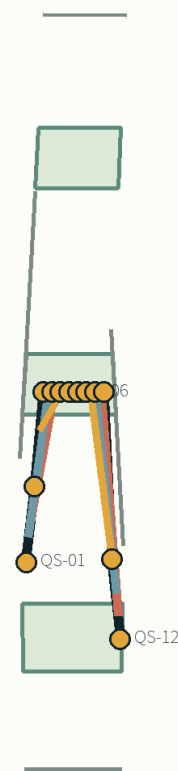

Machine gate and content review ready | geometry provisional | professional eligibility pending

06 | Mobility and Blue-Green

Speed becomes a choice; every route retains bypass, rest and staffed help.

FIGURE 04 | MOBILITY / BLUE-GREEN

Slow Mobility, Blue-Green and Restorative Routes | Bypass, Rest and Staffed Help

LEGEND / ROUTES

- Quiet Commons spine
- Heritage translation walk
- Low-stim cycle route
- Rail-to-staffed-service
- Restorative blue-green
- Sensory switch

Route choice is not a personal recommendation profile: one-time choice, paper map, fixed signs and staff enquiry coexist.

- The spine links twelve switches; the heritage walk supports railway narratives
- Low-stim cycling reduces conflict; rail-to-staffed-service links do not require a phone
- Shade, water, seating and low-information signs form restorative routes

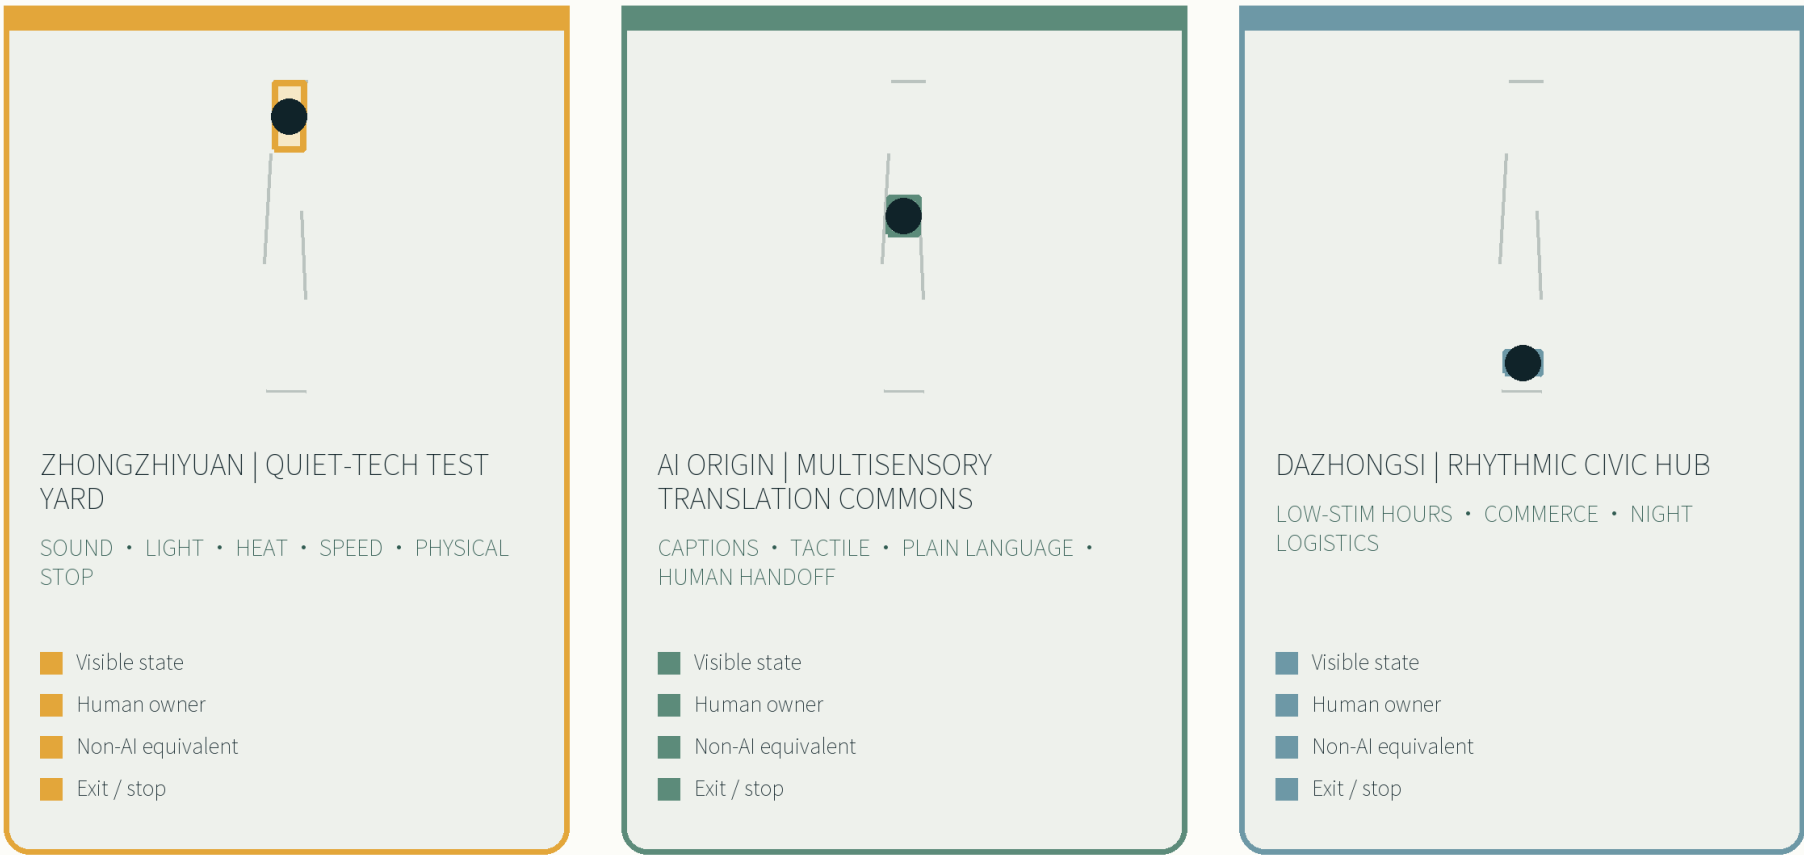

Machine gate and content review ready | geometry provisional | professional eligibility pending

07 | Zhongzhiyuan: Quiet-Tech Test Yard

Devices are tested for sound, light, heat and speed before public-space entry.

FIGURE 03 | THREE KEY AREAS

Three Key-Area Prototypes | Test, Translate, Synchronize

- Visible test state, retreat zone, physical stop and human safety supervisor
- Failed stop, boundary breach, glare or surface-heat anomaly suspends testing
- Non-AI equivalent: human testing, handling or fixed-device display

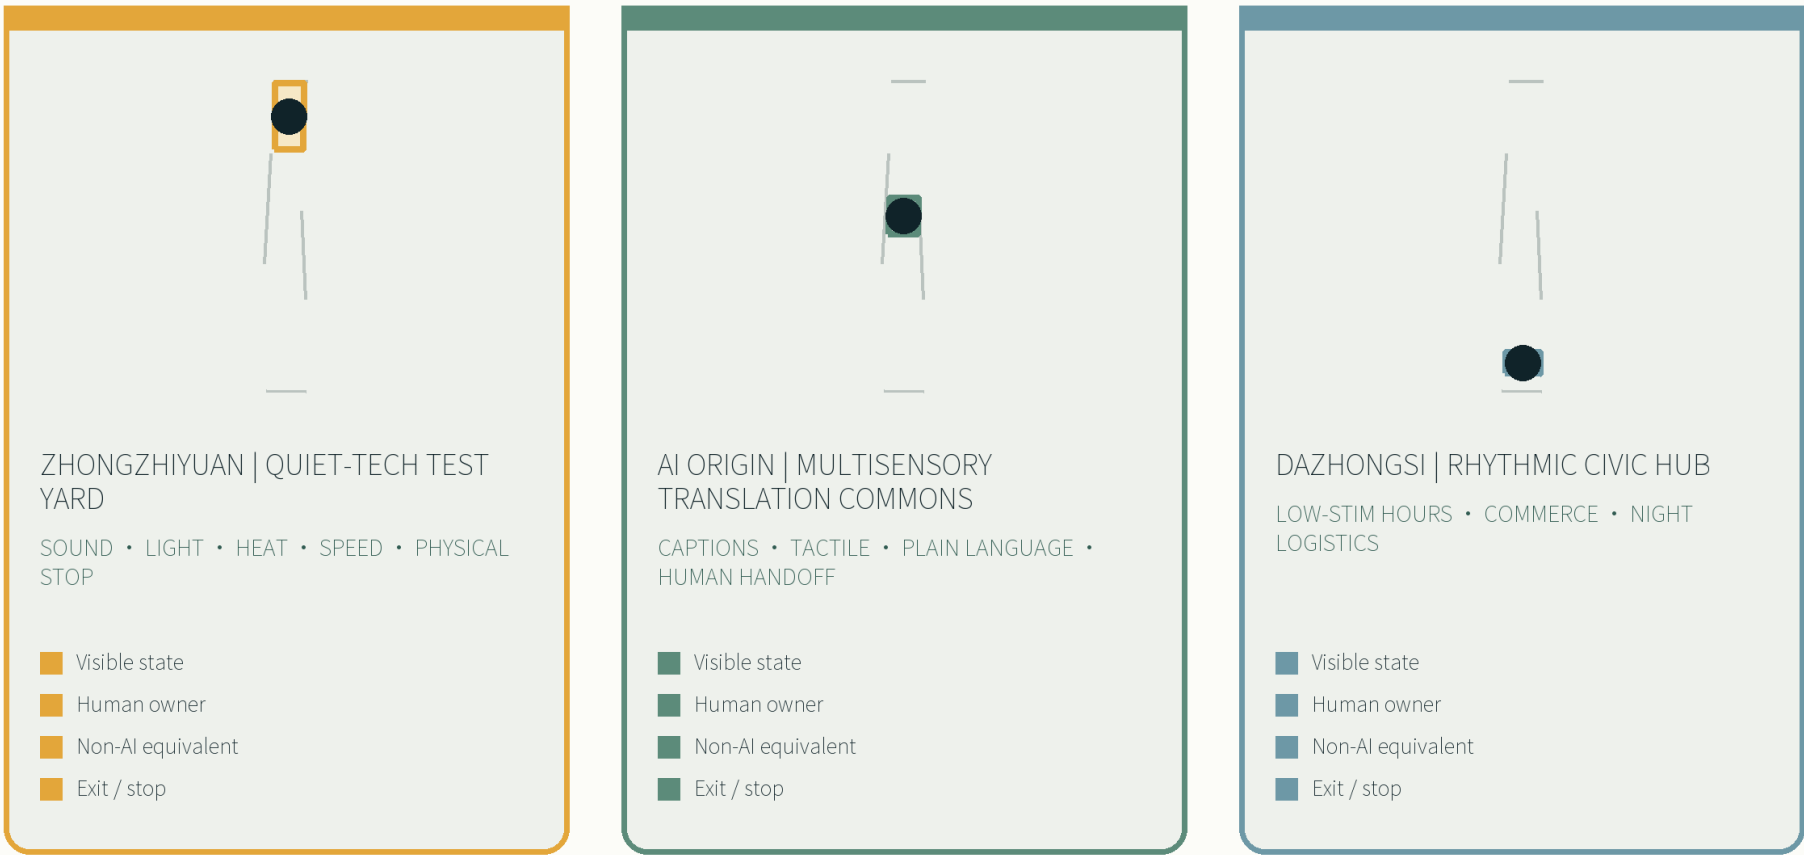

Machine gate and content review ready | geometry provisional | professional eligibility pending

08 | AI Origin: Translation Commons

Captions, tactile media, plain language and staffed service form the Many-Ways Room.

FIGURE 03 | THREE KEY AREAS

Three Key-Area Prototypes | Test, Translate, Synchronize

- AI transcription shows confidence; rights, payment and identity move to staff
- Paper card, physical dial or staff selects a one-time mode; no profile
- Quiet learning/collaboration coexists with public release and exchange

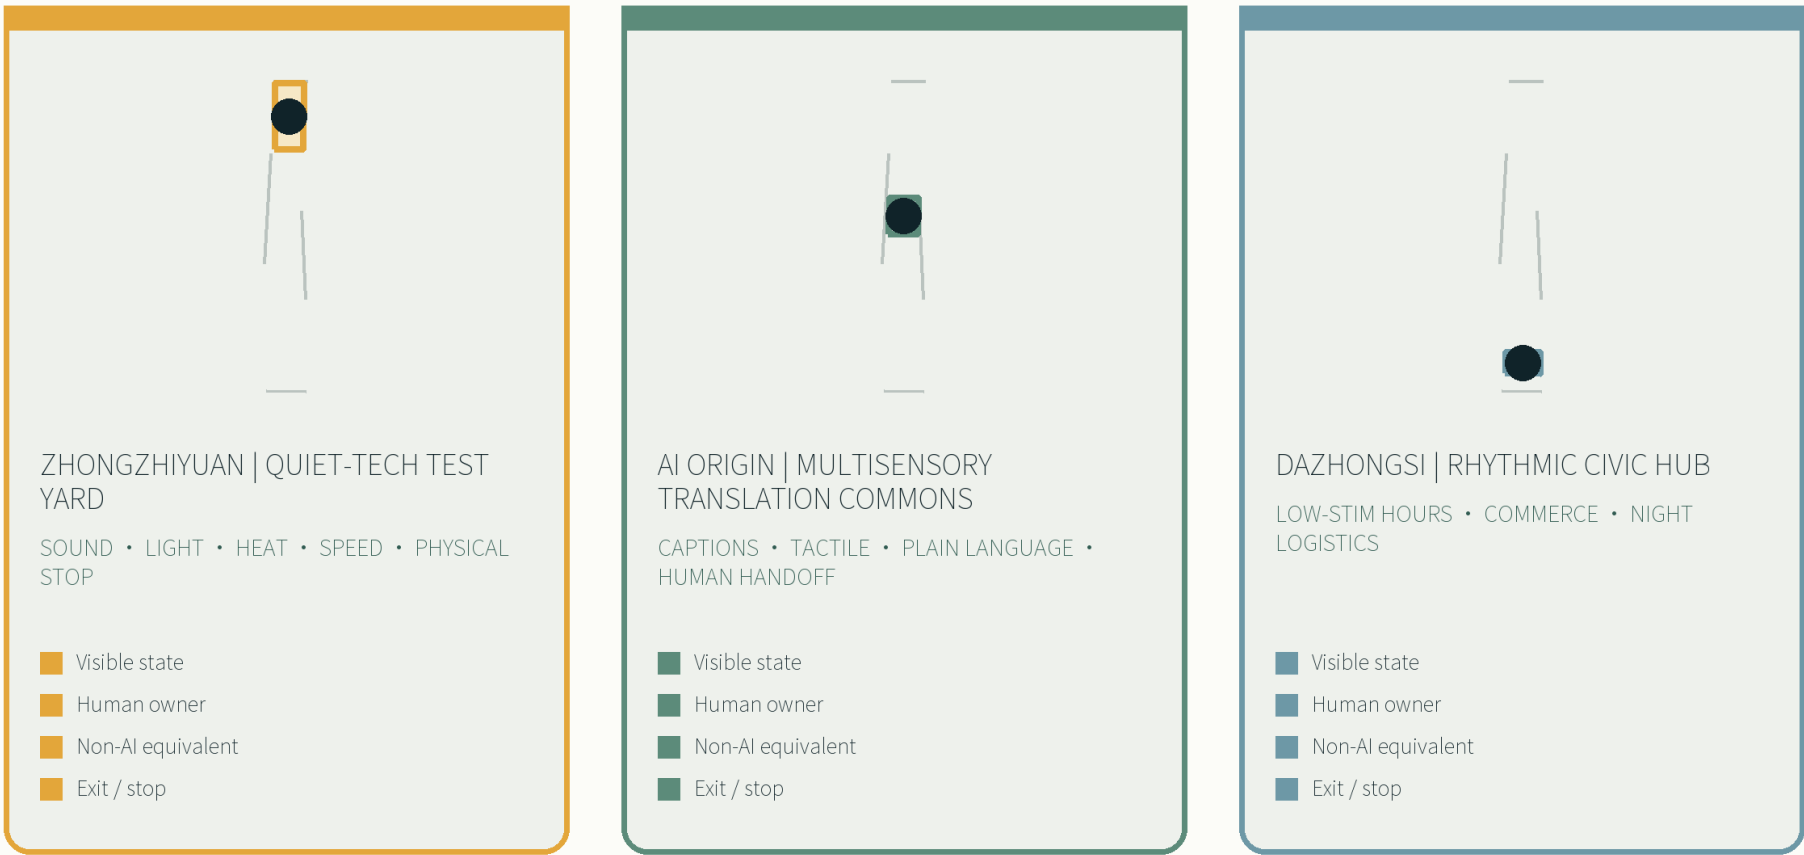

Machine gate and content review ready | geometry provisional | professional eligibility pending

09 | Dazhongsi: Rhythmic Civic Hub

A visible timetable coordinates low-stim commerce, work, service and night logistics.

FIGURE 03 | THREE KEY AREAS

Three Key-Area Prototypes | Test, Translate, Synchronize

- Regular, low-stim and event modes are announced in advance
- Consequential lighting needs human approval; night logistics coordinates sound/light/speed
- The Common Pause Clock shows mode and accountable role, never personal tracking

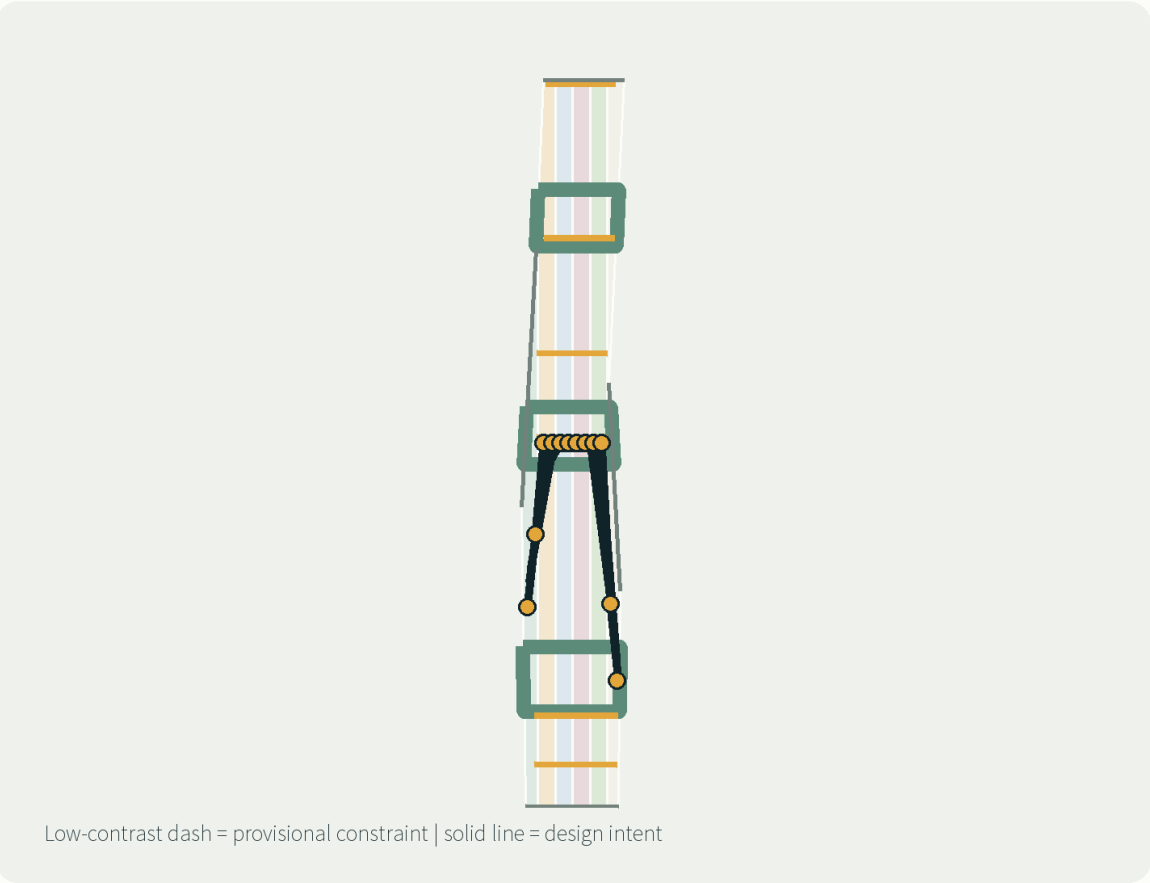

Machine gate and content review ready | geometry provisional | professional eligibility pending

10 | Twelve Scenarios / Eight Personas

Personas are working hypotheses pending co-design, not invented research findings.

FIGURE 01 | PROVISIONAL BOUNDARY / DESIGN INTENT

Overall Quiet Commons System | Choice, Exit and Human Equivalence

ONE SPINE
THREE COMMONS
TWO WINGS / SIX UNITS
TWELVE SENSORY SWITCHES

Quiet is not silence; it is the right to
adjust the city's sensory intensity.

SIX ADJUSTABLE LOADS

- Sound
- Light / glare
- Thermal
- Crowding
- Speed
- Information

MACHINE-GATE READY | GEOMETRY PROVISIONAL |
PROFESSIONAL ELIGIBILITY PENDING

- Route, heritage, event, staffed service, device testing and night logistics
- Lighting, cooling, crowd hint, cognitive wayfinding, quiet hours and emergency communication
- Neurodivergent, vision, hearing, older, child/caregiver, shift, international and maintenance

Machine gate and content review ready | geometry provisional | professional eligibility pending

11 | Four Validation Pilots

Success means visible, stoppable, human-controlled and equivalently available.

FIGURE 05 | METRICS / EVIDENCE / GOVERNANCE

Metrics, Evidence and Governance | KNOWN / UNKNOWN / PROVISIONAL Separated

GOVERNANCE LOOP

4/4 HUMAN HANDOFF | 4/4 NON-AI EQUIVALENT | 4/4 STOP + EXIT | FULL RECALCULATION AFTER OFFICIAL POLYGONS

- Device footprint and stop | public-space mode switching
- AI public service and handoff | night logistics sound/light/speed
- 4/4 human handoff • 4/4 non-AI equivalent • 4/4 stop and exit

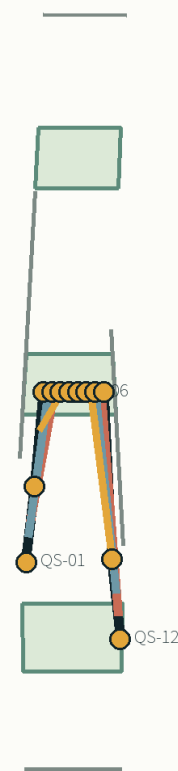

Machine gate and content review ready | geometry provisional | professional eligibility pending

12 | Implementation and Operations

Quiet Commons Week, quarterly open tests and annual standards review.

FIGURE 04 | MOBILITY / BLUE-GREEN

Slow Mobility, Blue-Green and Restorative Routes | Bypass, Rest and Staffed Help

LEGEND / ROUTES

- Quiet Commons spine
- Heritage translation walk
- Low-stim cycle route
- Rail-to-staffed-service
- Restorative blue-green
- Sensory switch

Route choice is not a personal recommendation profile: one-time choice, paper map, fixed signs and staff enquiry coexist.

- Phase 1: physical signs, staffed service and reversible pilots
- Phase 2: public-realm, procurement, O&M and accessibility standards
- Phase 3: extension only with official polygons and professional planning
- Recognition includes maintenance, accessibility testing and community repair

Machine gate and content review ready | geometry provisional | professional eligibility pending

13 | Metrics, Compliance and Risk

Structured data is the sole source of truth; known, unknown and provisional stay separate.

FIGURE 05 | METRICS / EVIDENCE / GOVERNANCE

Metrics, Evidence and Governance | KNOWN / UNKNOWN / PROVISIONAL Separated

GOVERNANCE LOOP

4/4 HUMAN HANDOFF | 4/4 NON-AI EQUIVALENT | 4/4 STOP + EXIT | FULL RECALCULATION AFTER OFFICIAL POLYGONS

- EPSG:4326 publication | EPSG:4548 recalculation | zero land-use overlap/gap
- 23 tasks • 9 standard responses • 15 design-depth items
- Top risk: misreading provisional geometry, working personas or AI suggestions as facts
- Public status: machine-gate ready; geometry provisional; professional eligibility pending

Machine gate and content review ready | geometry provisional | professional eligibility pending
