

Overall Design Structure

1	Three-Level Scope Framework: 43.6 / 11.4 / 3.68 km ²
2	Three Rings: Knowledge (N) / Living (C) / Culture (S)
3	Five Arteries: Innovation / Mobility / Ecology / Culture / Community
4	Three Key Zones: Zhongzhiyuan / AI Origin / Dazhongsi
5	12 km Jing-Zhang Heritage Park Greenway Spine

1	40% Innovation R&D / 30% Quality Living / 20% Green Space / 10% Commerce
2	Four-Level Renewal Toolkit: Preserve / Renew / Convert / Build
3	134 land use parcels covering complete site boundary
4	DRR Strategy: 30-40-20-10 (Conceptual)

1	12 km Continuous Greenway: N5 Ring to Xizhimen Outer St
2	TOD Nodes: Wudaokou / Tsinghua East / Dazhongsi
3	Road Density Target: 8.0 km/km2
4	AI Computing Pipeline Corridor + Distributed Energy Stations
5	13 Green Space Features + 8 Public Plaza Nodes

Key Areas: Zhongzhiyuan / AI Origin / Dazhongsi

1 Zhongzhiyuan (192.1 ha): Computing Ark - Full-stack AI Infrastructure

2 AI Origin (104.3 ha): Open Source Plaza - Startup Ecosystem

3 Dazhongsi (72.0 ha): AI Bazaar - Industry Acceleration

AI Scenarios & Implementation	
1	10 AI Scenario Cards (3 Test & Validation)
2	5 User Personas
3	3 AI Pilgrimage Landmarks: Gate / Commit Wall / AI Shrine
4	Annual Events: Summit / Camp / Open Day / Hackathon
5	Developer Community: JINGZHI DevHub Platform

Metrics & Compliance Summary

1	Site Area: 1,140 ha Green Ratio: ~23% Public Space: ~18%
2	23 Mandatory Requirements Covered 15 Design Depth Items Complete
3	7 Professional Standards Addressed
4	All 6 Agent Tasks Covered with Deliverables

Risk, Copyright & Compliance	
1	All spatial recommendations are conceptual proposals
2	Not a statutory plan - does not constitute government approval
3	Provisional boundaries - recalibration required with official data
4	License: COMMUNITY-DISPLAY-ONLY Operator: LuffyJay
