

AI HAS AN ADDRESS

Every AI service promise should have a place people can reach.

PLACE · STEWARD · EVIDENCE · EXIT

One address line and three responsibility stations. Zhongzhiyuan hosts bounded tests, AI Origin translates results into public service, and Dazhongsi lets city users shape adoption.

FOUR-FIELD ADDRESS RULE

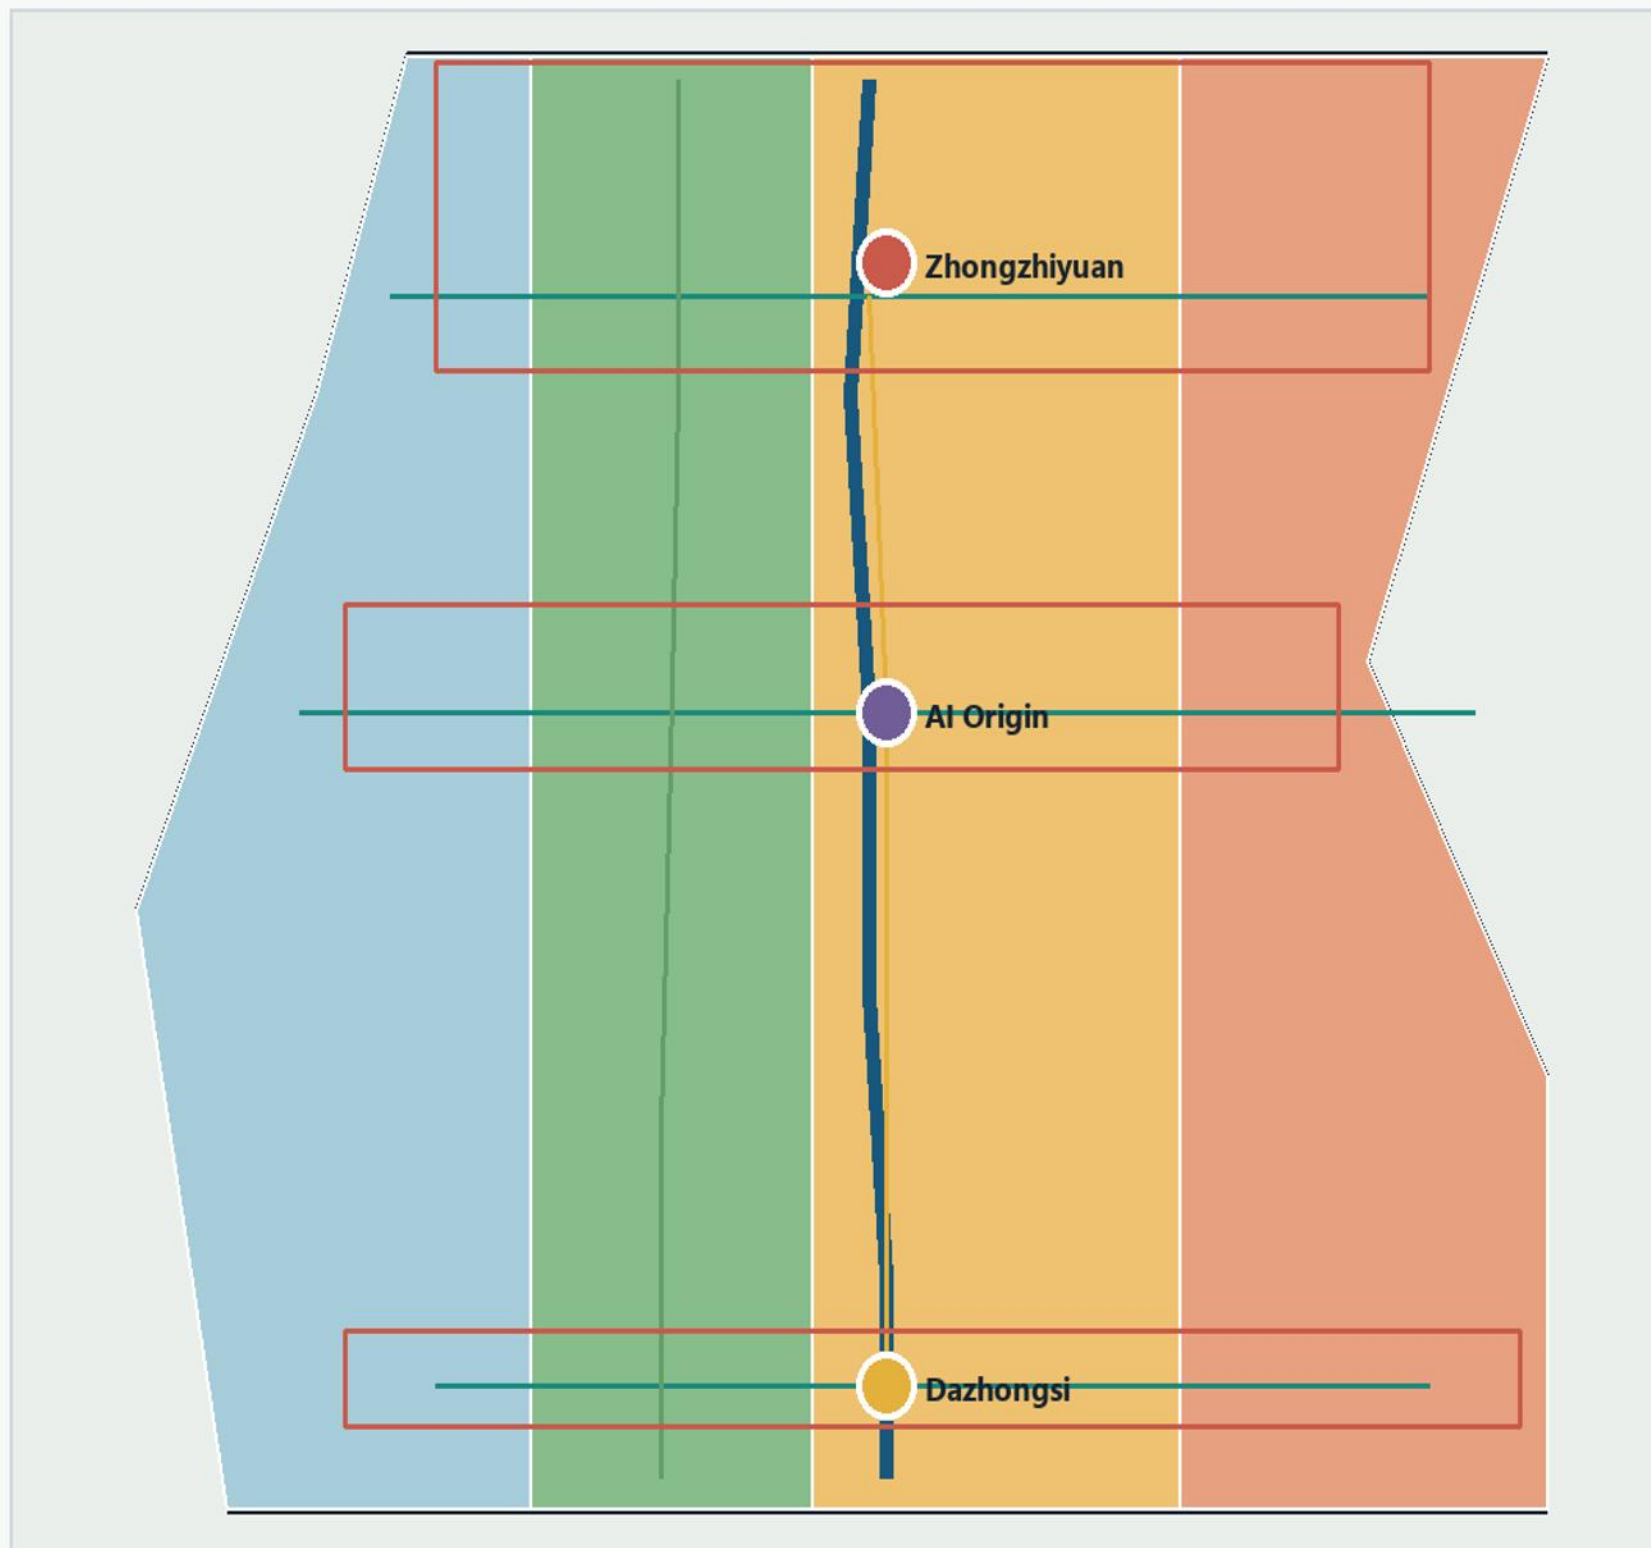

- 01 PLACE**
A location people can reach
- 02 STEWARD**
A named care role
- 03 EVIDENCE**
An inspectable record
- 04 EXIT**
A way to pause, withdraw or correct

Three stations give the innovation chain distinct moments: test, translate and adopt. The line connects them and leaves room to stop when evidence is weak.

ONE ADDRESS LINE, SIX DAILY BANDS

JINGZHANG CENTENNIAL AI INNOVATION BELT

02 / 05

SIX SPATIAL BANDS

- Research and testing**
0802 concept area, pending official controls
- Open-source learning**
0804 concept area, pending official controls
- Green spine**
1401 concept area, pending official controls
- Adoption and salon**
05 concept area, pending official controls
- Community services**
0702 concept area, pending official controls
- Talent living**
0701 concept area, pending official controls

Land-use bands use the repository code set and support coordination. Recalculate area, intensity and boundaries together after official controls arrive.

THREE STATIONS, THREE RESPONSIBILITIES

JINGZHANG CENTENNIAL AI INNOVATION BELT

TEST ZHONGZHIYUAN

PROVISIONAL EXTENT

SCENARIO FLOW

CHECK IN · KEEP EVIDENCE · HUMAN STOP OR TAKEOVER

STATION ROLES

TEST
Put models in a bounded test

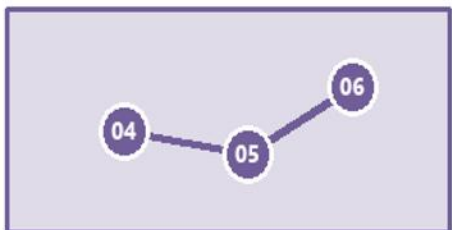

TRANSLATE
Translate results into public service

ADOPT
Let city users shape adoption

Each station names a steward, an evidence format and an exit action. The three boundaries remain provisional constraints.

A LINE THAT CONNECTS AND LETS PEOPLE STAY

JINGZHANG CENTENNIAL AI INNOVATION BELT

04 / 05

FOUR PUBLIC-GROUND MOVES

WALK

continuous slowways and station access

READ

milestones, wayfinding and readable status

STAY

green rooms, public rooms and shade

EXIT

pilots can pause; records can be corrected

The line starts lightly: test needs with wayfinding, movable furniture, open logs and removable sensors before discussing physical renewal.

FROM ADDRESS RECORD TO RECOMPUTABLE CLAIM

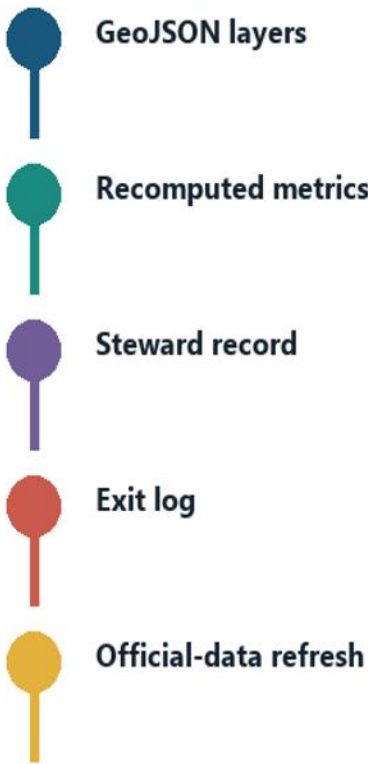

SAME-SOURCE METRICS

Boundary remains a provisional constraint. Recompute geometry, metrics, bilingual figures and PDFs together after official polygons arrive.
