

THE CITY ASKS BEFORE IT COMPUTES.

A WALKABLE CIVIC-RIGHTS ROUTE · THREE PUBLIC TEST GROUNDS ·
TWELVE DUAL-CHANNEL NODES

STATE PURPOSE

MINIMIZE DATA

KEEP HUMAN HELP

ALLOW EXIT

AI-generated concept image; not a site photograph, official plan, or implementation commitment.

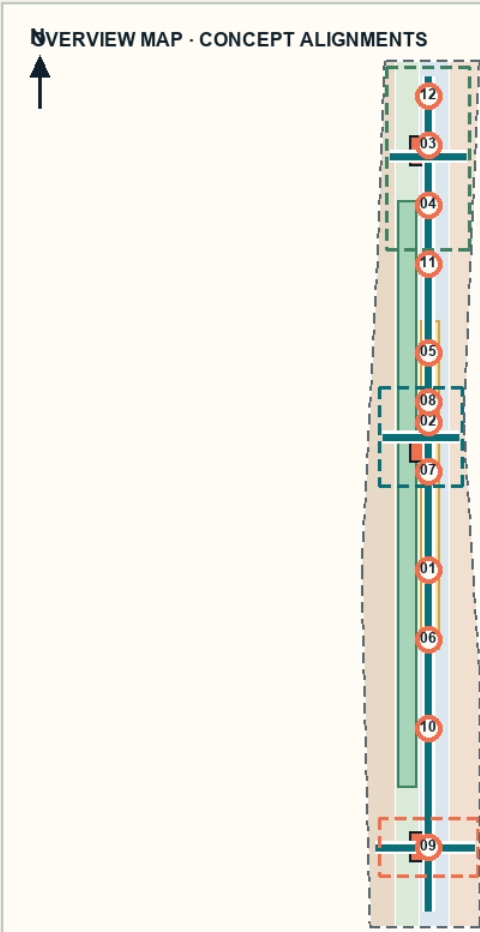

EVIDENCE BOUNDARY: WHAT IS KNOWN AND UNKNOWN

Rough site and key-area polygons support design discussion and intake only; replace every dependent artifact when official inputs arrive.

01 / CIVIC RIGHTS SPINE

A WALKABLE CIVIC-RIGHTS SPINE

The provisional boundary recedes; one spine, three stitches, three grounds, and twelve nodes form a walkable, accountable framework

CAN IT?

ZHONGZHIYUAN

Isolation, e-stop, public failure

DO WE WANT IT?

AI ORIGIN

Notice, co-test, human equivalent

CAN WE LEAVE?

DAZHONGSI

Complaint, shutdown, annual review

DUAL-CHANNEL COMMITMENT

Every digital route retains an equivalent paper, physical-signage, or staffed route. The base service survives power and network loss.

01 STATE PURPOSE

02 MINIMIZE DATA

03 KEEP HUMAN HELP

04 ALLOW EXIT

KNOWN

Public task bases, provisional geometry, recalculable design configuration, and provenance.

UNKNOWN

Controls, ownership, road/rail, utilities, hydrology, heritage, and budget.

REPLACEMENT

Official polygons trigger rebuilt layers, metrics, drawings, and claims.

FORBIDDEN

No red-line, statutory metric, engineering, or government-commitment claim.

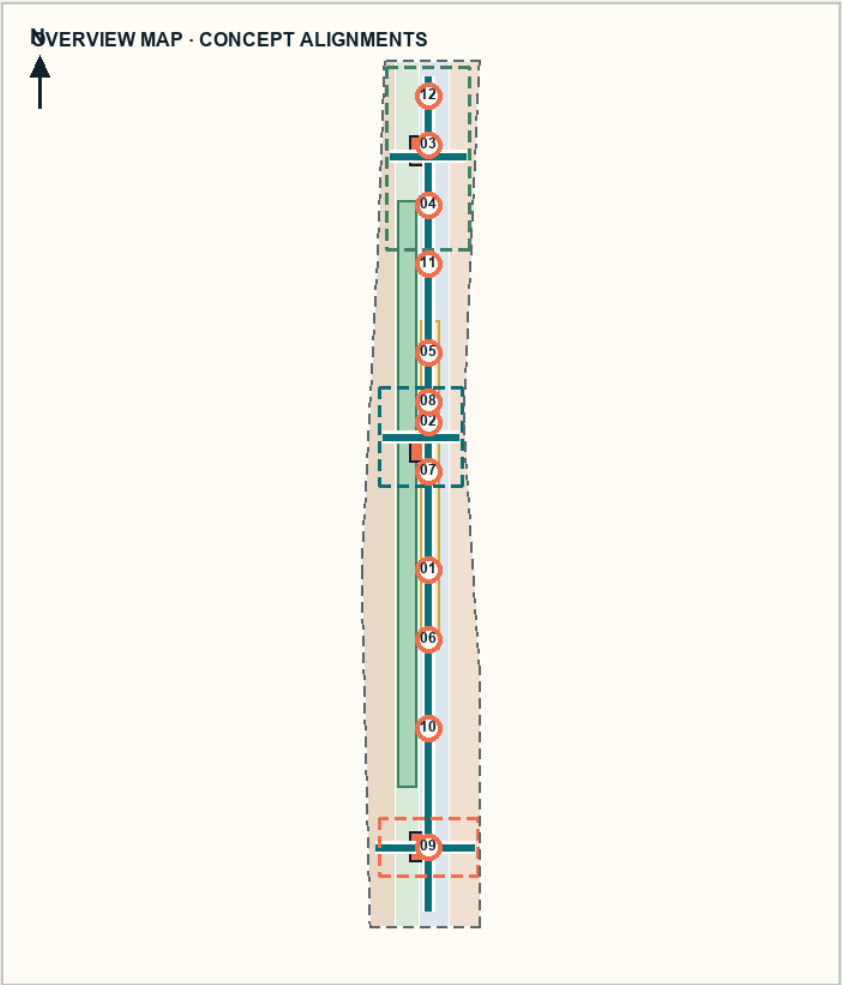

THREE SCALES AND THE OVERALL FRAMEWORK

Research network, urban framework, and three passports deliver different depths; one spine, three stitches, three grounds, and twelve nodes connect the system.

01 / CIVIC RIGHTS SPINE

A WALKABLE CIVIC-RIGHTS SPINE

The provisional boundary recedes; one spine, three stitches, three grounds, and twelve nodes form a walkable, accountable framework

CAN IT?
ZHONGZHIYUAN

Notice, co-test, human equivalent

CAN WE LEAVE?
DAZHONGSI
Complaint, shutdown, annual review

DUAL-CHANNEL COMMITMENT
Every digital route retains an equivalent paper, physical-signage, or staffed route. The base service survives power and network loss.

01 **STATE PURPOSE**

02 **MINIMIZE DATA**

03 **KEEP HUMAN HELP**

04 **ALLOW EXIT**

43.6 km²
Research coordination: ecosystem, talent, culture, regional resources.

11.4 km²
Overall design: renewal, mobility, blue-green, projects.

368.4 ha
Three passports: space, ground floor, scenario, gate.

QUESTION CARD
Beneficiary, data, owner, human route, expansion, stop.

GLOBAL INNOVATION ECOSYSTEM: TRANSFER MECHANISMS ONLY

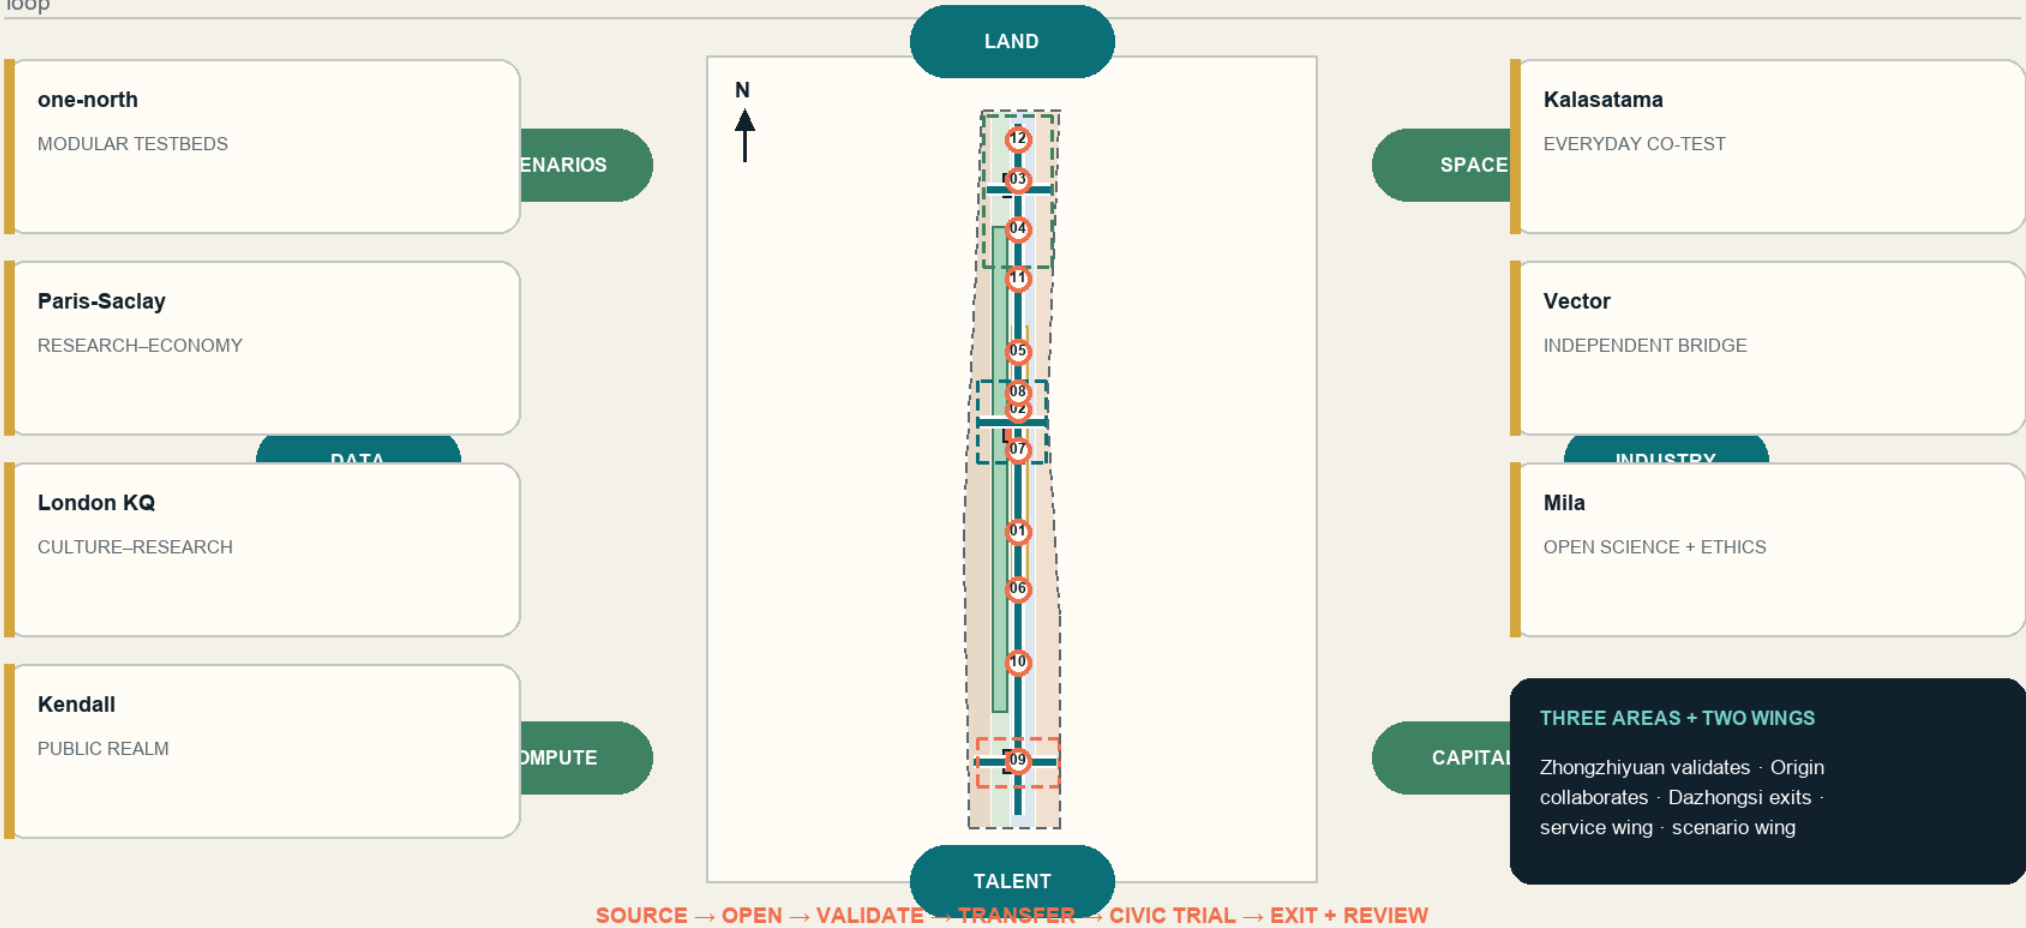

Seven primary/official cases do not prove local feasibility; eight resources close a loop through validation, civic trial, and exit review.

02 / ECOSYSTEM + SPACE

SEVEN CASES, EIGHT RESOURCES, ONE LOOP

Cases transfer mechanisms only; land, space, industry, capital, talent, compute, data, and scenarios form an auditable three-area/two-wing loop

SEVEN

one-north, Paris-Saclay, KQ, Kendall, Kalasatama, Vector, Mila.

EIGHT

Land, space, industry, capital, talent, compute, data, scenarios.

THREE AREAS

Zhongzhiyuan validates; Origin collaborates; Dazhongsi exits.

TWO WINGS

Service wing supports transfer; scenario wing hosts everyday co-testing.

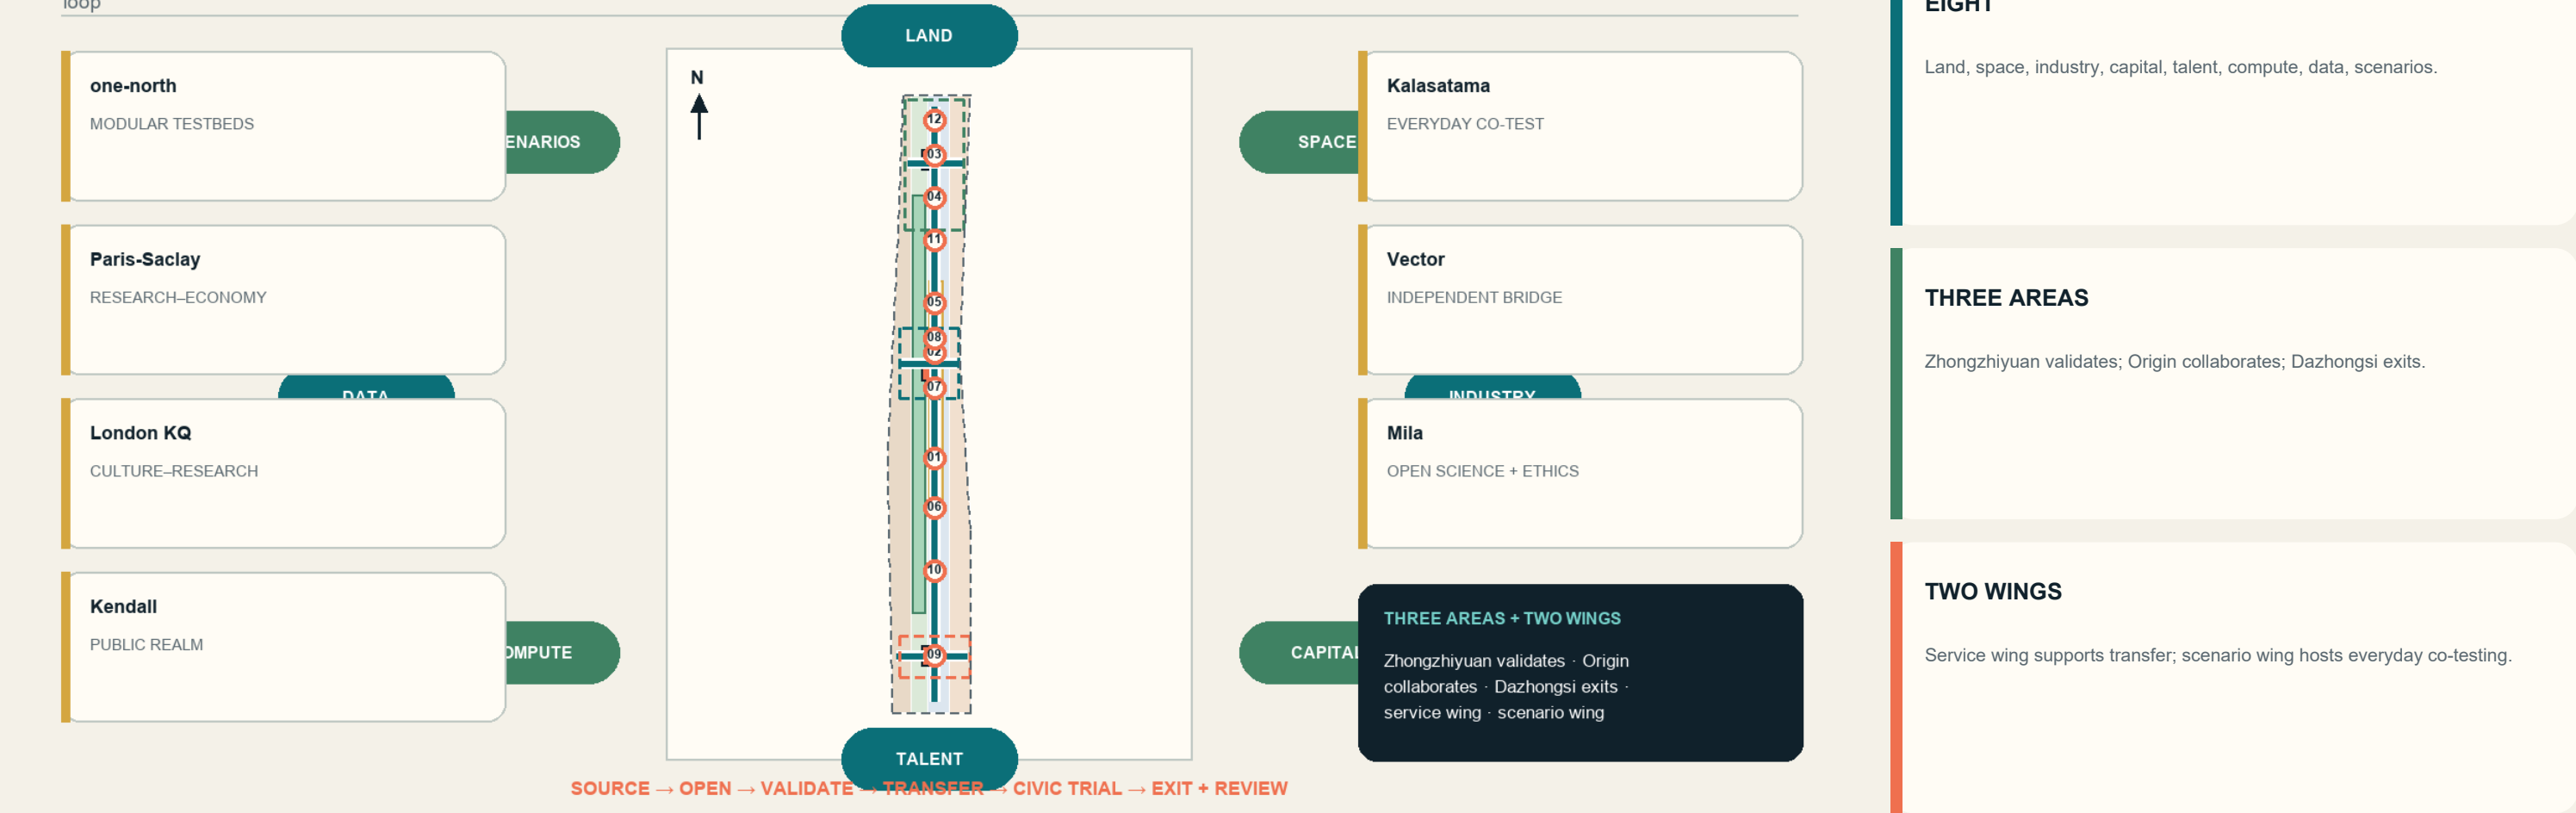

LAND USE, GROUND FLOORS, AND CIVIC IDENTITY

The temporary partition is complete but non-statutory; visibly staffed ground floors and original JZ? wayfinding make technology boundaries legible.

02 / ECOSYSTEM + SPACE

SEVEN CASES, EIGHT RESOURCES, ONE LOOP

Cases transfer mechanisms only; land, space, industry, capital, talent, compute, data, and scenarios form an auditable three-area/two-wing loop

ROUGH PROVISIONAL GEOMETRY · CONCEPT PROPOSAL · NOT AN ADOPTED PLAN · RECALCULATE WITH OFFICIAL DATA

Tavre x Codex · 2026-08-12

ZHONGZHIYUAN: CAN IT?

The Verifiable Workshop combines isolated tests, e-stops, public failure evidence, and a Qinghe-to-gateway frame.

VERIFIABLE WORKSHOP

QINGHE EDGE–VALIDATION LOOP–GATE

RED TEAM / EDGE RELIABILITY / ROBOT SAFETY

STOP GATE

STOP ON BREACH, LEAK, OR E-STOP FAILURE

SPACE

Qinghe edge–validation loop–north gateway.

VALIDATION

Model red-team, edge reliability, robot co-space.

HUMAN BASE

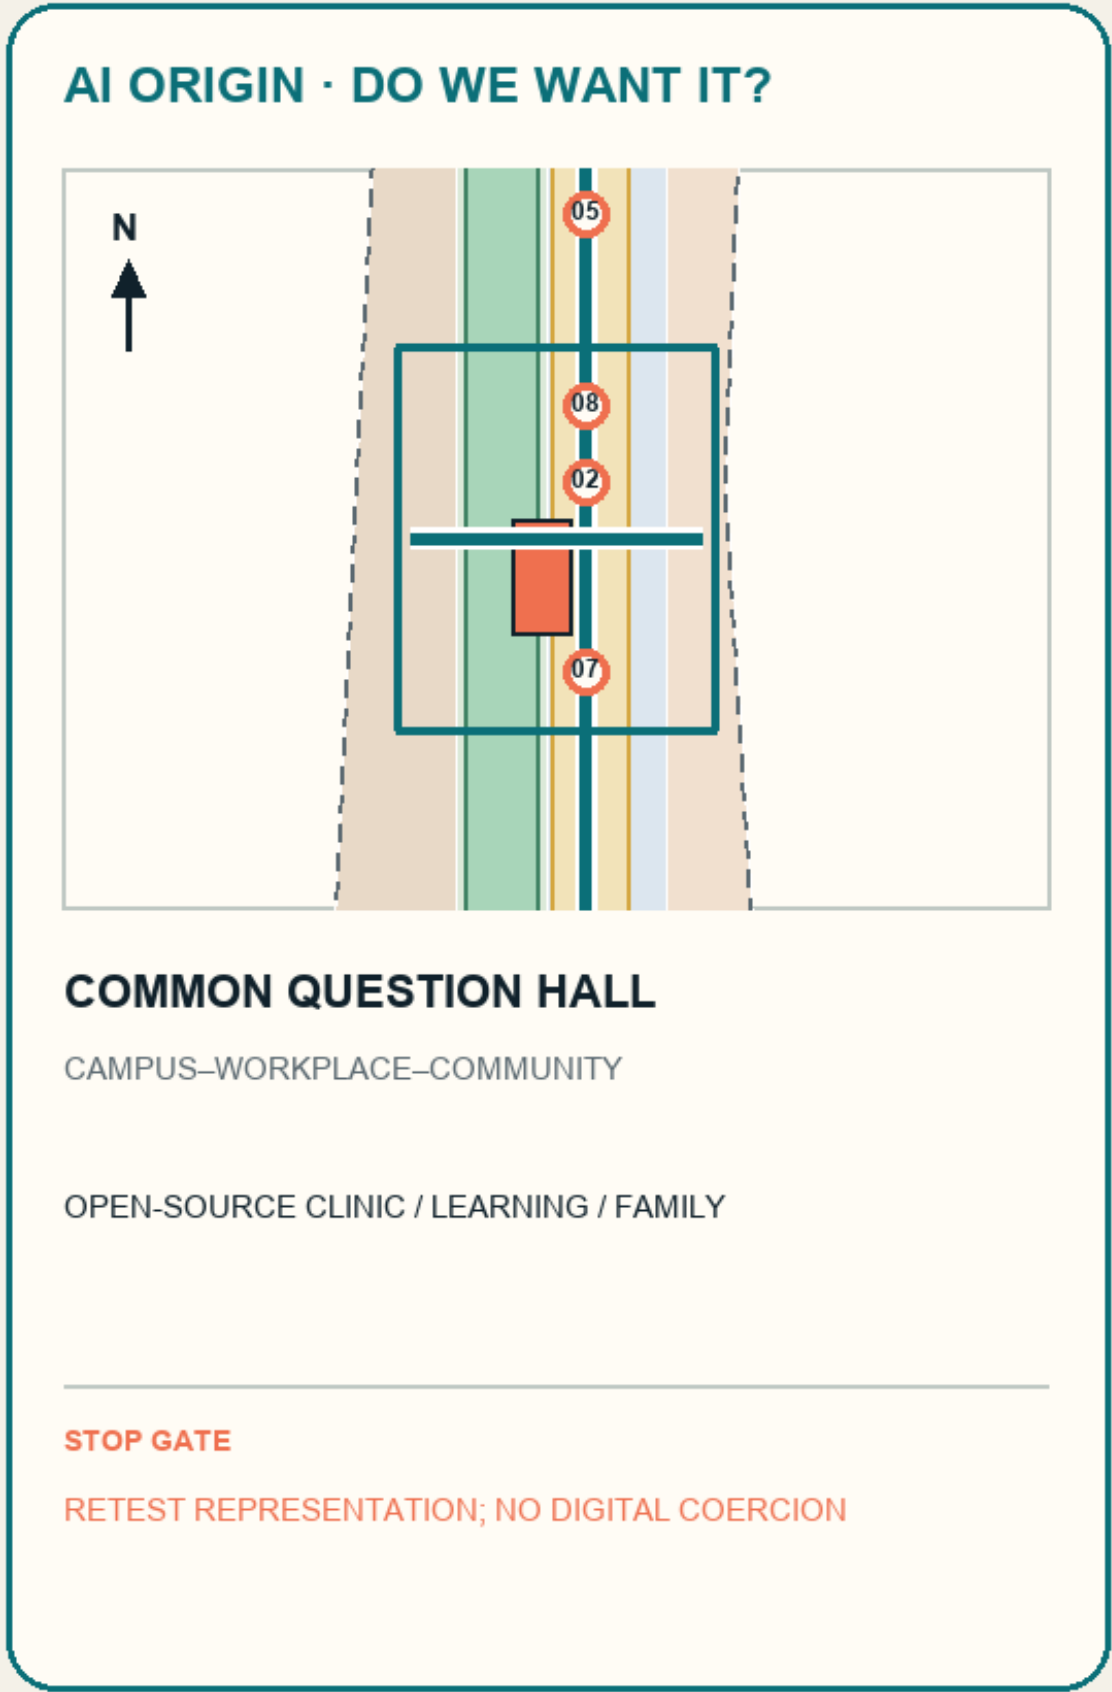

Testers, isolation, e-stop, on-site safety officer.

STOP

Privilege breach, leak, failed e-stop, irreproducibility.

AI ORIGIN: DO WE WANT IT?

The Common Question Hall places open source, learning/work, family services, and representative co-testing on visible ground floors.

SPACE

Campus–workplace–community stitch and visible ground floors.

SERVICES

Open-source clinic, learning/work, family/international talent.

HUMAN BASE

Counseling, paper booking, multilingual staff, quiet rest.

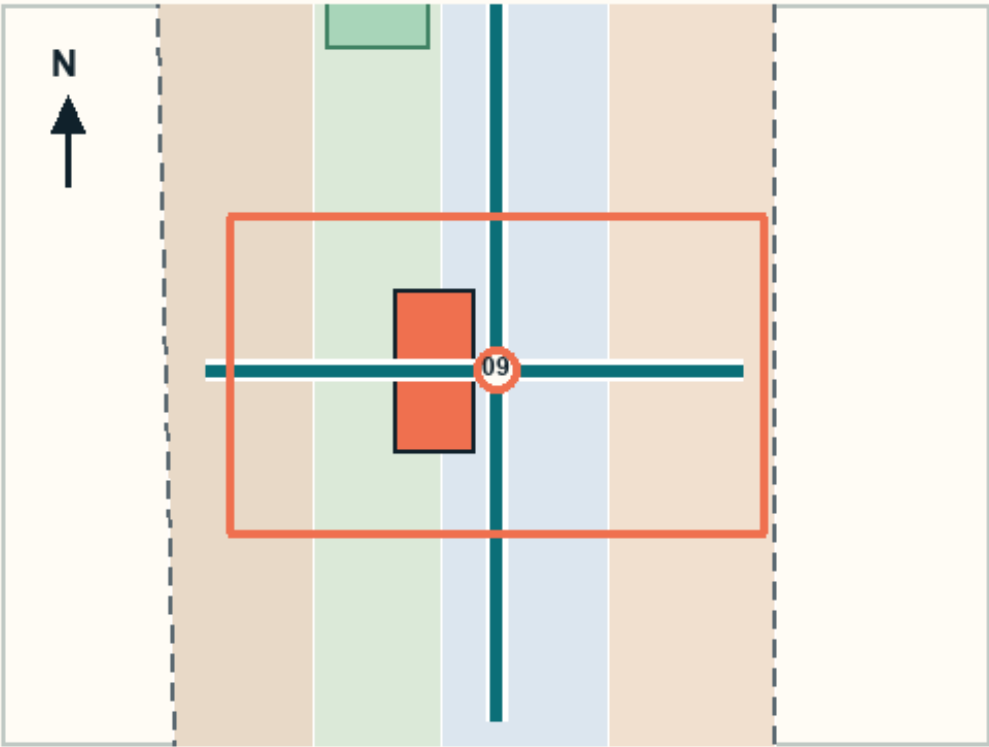

STOP

Digital coercion, discrimination; retest weak representation.

DAZHONGSI: CAN WE LEAVE?

The Exit & Review House links consumer notice, complaint, human takeover, shutdown drills, and transit-gateway movement.

DAZHONGSI · CAN WE LEAVE?

EXIT & REVIEW HOUSE

TRANSIT GATE–FOUR QUADRANTS–REVIEW

CONSUMER NOTICE / BUSINESS / COMPLAINT

STOP GATE

STOP IF SHUTDOWN, WITHDRAWAL, OR HANDOVER FAILS

SPACE

Transit gate–four-quadrant link–exit review ground.

SCENARIOS

Consumer notice, business navigation, complaint takeover.

HUMAN BASE

Staff counter, paper receipt, physical shutdown drill.

STOP

Failure to explain, hand over, withdraw, or close.

SIX PERSONAS AND TWELVE SCENARIO CARDS

App literacy is not a condition of citizenship; every card states minimum data, human baseline, accountability, expiry, and stopping.

RESIDENT / OLDER

Large text, paper map, seats, staff.

DISABLED USER

Continuous route, tactile/voice, low counter.

CHILD / CARER

Guardian choice, no-identification mode.

FRONTLINE

Manual takeover, clear ticket, maintenance window.

RESEARCH / FOUNDER

Co-test protocol, failure data, expiry.

GLOBAL TALENT FAMILY

Multilingual staff, care, community link.

MOBILITY, BLUE-GREEN, ACCESS, AND DEGRADED OPERATION

A complete journey addresses crossings, rest, toilets, stormwater, heat, outage, and maintenance together.

04 / ACCESS + RESILIENCE

EVERY DIGITAL ROUTE HAS A NON-DIGITAL EQUIVALENT

Active mobility, blue-green space, accessibility, stormwater, heat, and outage response form one complete journey

CONTINUOUS MOBILITY

N-S SPINE + THREE LINKS TO VERIFY

FULL ACCESS JOURNEY

ENTRY-CROSSING-DESK-TOILET-EVACUATION

STORMWATER CHAIN

REDUCE-HOLD-TREAT-REUSE-SAFE OVERFLOW

HEAT RESILIENCE

SHADE-WATER-COOL PAVILION-SHORTER EVENTS

POWER + NETWORK LOSS

PAPER-STAFF-MECHANICAL E-STOP-MANUAL TICKET

SIX DEPLOYMENT GATES

01 PUBLIC PURPOSE

02 MINIMUM DATA

03 HUMAN + ACCESS

04 SAFETY + EXPERT

05 ENERGY + CARE

06 EXPIRY + EXIT

Hydrology, road, rail, utility, and fire inputs are missing; no capacity or safety class is claimed.

MOBILITY

North-south spine and three links to verify.

ACCESS

Entry, crossing, service, toilet, rest, evacuation.

CLIMATE

Stormwater, heat, and outage each degrade safely.

SIX GATES

Purpose, data, human, safety, care, exit.

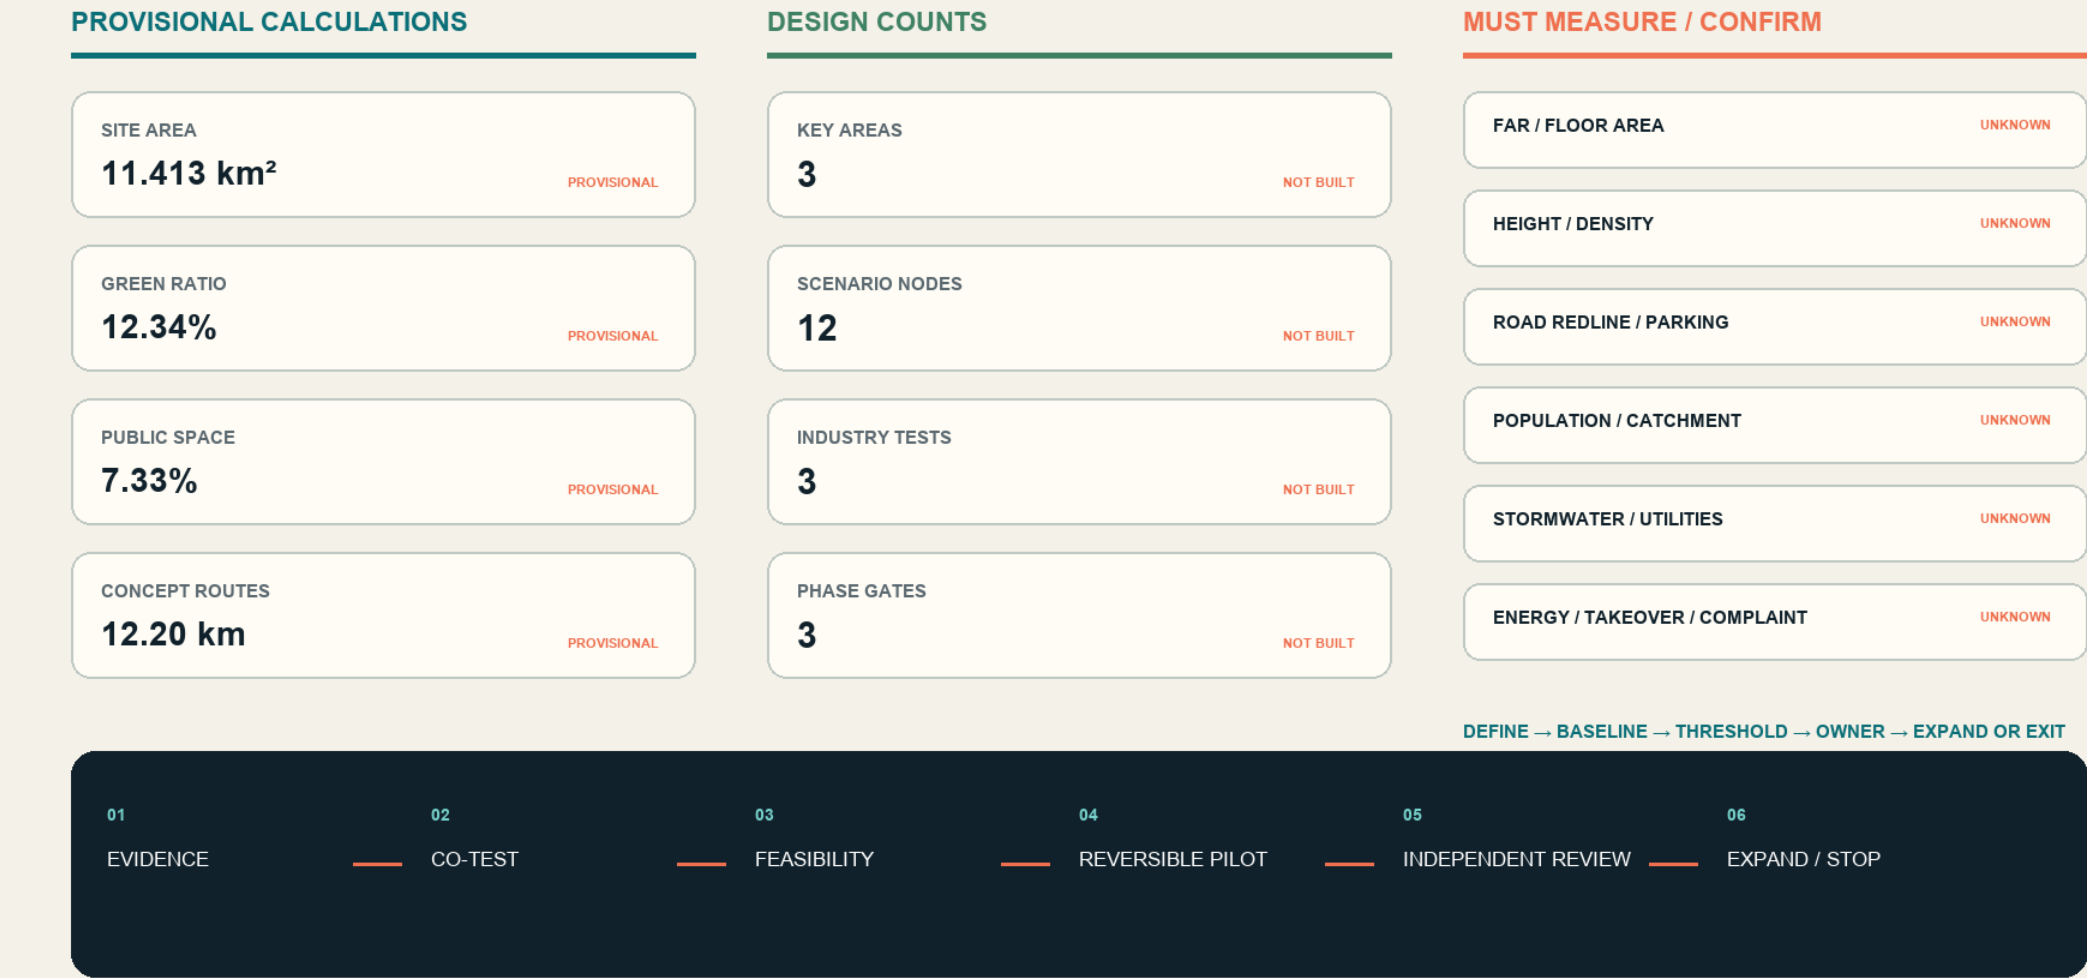

NINE PROJECTS, FOUR GATES, THREE METRIC CLASSES

Evidence and co-testing precede reversible pilots; independent evaluation permits expansion, otherwise amend or exit.

05 / AUDIT + DELIVERY

METRICS NEVER SPEAK FOR UNKNOWN VALUES

Provisional calculations, design counts, and field KPIs stay separate; projects pass evidence, co-test, feasibility, pilot, review, then expansion or exit

GOVERNANCE, RISKS, AND PROFESSIONAL HANDOFF

Four passing checks mean the package is auditable; planning, participation, feasibility, approval, and delivery remain human and professional decisions.

SPATIAL EVIDENCE Boundary, controls, ownership, heritage, river, and rail remain unconfirmed.	CIVIC RIGHTS Digital coercion, access exclusion, bias, privacy, and cybersecurity.
OPERATIONS Maintenance, energy, lock-in, funding, crowding, and community impact.	STOP PRINCIPLE Stop on harm, loss of control, no human, no owner, or failed shutdown/migration.
PARTICIPATION Walk–co-design–co-test–annual review; not completed statutory consultation.	HANDOFF Official inputs trigger rebuilt geometry, metrics, drawings, matrices, and claims.

PROFESSIONAL HANDOFF SEQUENCE

OFFICIAL INPUTS → STRUCTURED RECALCULATION → PUBLIC/LIVED-EXPERIENCE CO-TEST → FEASIBILITY + STATUTORY PROCESS → REVERSIBLE DELIVERY → INDEPENDENT ANNUAL REVIEW → EXPAND OR EXIT

PASSING CHECKS ≠ GOVERNMENT APPROVAL. The public and professional teams make every final decision.
