

JING-ZHANG SMART FARM

From Railway Grain to AI Cultivation

AI-Driven Urban Agri-Food Innovation Corridor

Proposal for Jing-Zhang AI Innovation Belt International Design Competition

1. Three-Layer Framework

43.6 km² Study | 11.4 km² Overall Design | 368.4 ha Key Areas

2. Industrial Strategy

AI + Agri-Food System: From Lab to Table to City

3. Spatial Structure

One Belt • Three Zones • Two Wings

4. AI Scenario Matrix

12 Scenario Cards (Scene-Space-Data-Model-Ops-Review-Exit)

5. Public Inclusion

8 User Personas | Community Co-Farming | Food Education

6. Metrics & Evidence

Green 25.98% (recomputed) / 28.5% (target) | Public 3.08% / 8.2%

PROVISIONAL GEOMETRY NOTICE

All spatial boundaries use provisional data (official_boundary=false).
Not for approval, statutory red-line, or precise area calculation purposes.

Three-Layer Framework

Layer 1 — Study Area (43.6 km²):

- North: North 5th Ring | East: Jingzang Expressway
- South: Xizhimenwai Street | West: Wanquanhe Road
- Function: Industrial strategy + AI-Agri coupling

Layer 2 — Overall Design Area (11.4 km²):

- Axial spine: Jing-Zhang Railway Heritage Park
- Depth: Urban design at control-detailed planning level

Layer 3 — Key Areas (368.4 ha total):

- Zhongzhiyuan (192.1 ha) — Smart Breeding R&D
- AI Origin Community (104.3 ha) — FoodTech Incubation
- Dazhongsi (72.0 ha) — Future Food Experience + Forum

AI Scenario Matrix (12 Cards)

#	Scenario	Location	Data Source	Review	Exit
SC-01	AI Molecular Breeding	Zhongzhiyuan	Public genome DB	IP review	Tech obsolescence
SC-02	Digital Twin Farmland	Zhongzhiyuan	Sensors/RS	Agronomist	Sensor fail >30%
SC-03	Agri Robot Test Field	Zhongzhiyuan	Test data	Safety eng	Safety incident
SC-04	AI Plant Factory	Zhongzhiyuan	Env sensors	Agri eng	Energy exceed
SC-05	FoodTech Accelerator	AI Origin	Enterprise data	Food safety	Compliance fail
SC-06	Precision Nutrition AI	AI Origin/Online	Genome (anon)	Dietician	User revoke
SC-07	Food Safety Detection	Belt-wide	Detection data	Lab recheck	Error rate >5%
SC-08	Future Food Experience	Dazhongsi	User pref (anon)	Food expert	Safety fail
SC-09	AgriCode Open Source	AI Origin/Online	Papers/patents	Code review	Activity low
SC-10	Price Prediction	Online platform	Public market	Econ expert	Bias >20%
SC-11	Farmer Training App	Online/Zhongzhiyuan	Farm photos	Agri expert	Accuracy <80%
SC-12	Cultural AI Guide	Heritage Park	Public history	Historian	Error rate high
