

Jing-Zhang Open Ledger: A Traceable AI Public-Return Belt

From centennial track trace to a traceable AI public-return belt

CONCEPT / PROVISIONAL GEOMETRY: not a redline, engineering drawing, or approval basis.

J· Z COMMONS / 京张公地

CONCEPT / PROVISIONAL GEOMETRY

One heritage line, three civic commons

Track trace, commons, and public receipts organize the three areas and two wings; the provisional boundary stays secondary.

Spatial grammar

01 轨痕 / Track trace

A continuous walkable public frame carries the railway's temporal memory.

02 三处公地 / Three commons

Verification, translation, and return are spatially distinct—not one generic AI campus.

03 五张凭据 / Five receipts

Source, test, release, review, return: each names a steward, review date, and stop condition.

两翼 / Two wings

Zhongguancun service wing: make IP, capital, compute, and conversion approachable. Xiaoyuehe scenario wing: test ecology and everyday service with low data and a clear exit path.

J· Z COMMONS / 京张公地

CONCEPT / PROVISIONAL GEOMETRY

Three commons, three civic relationships

Verification, translation, and return each receive a walkable, bookable, maintainable public interface.

众智园
VERIFICATION COMMONS

model note, human review, learning desk

VERIFIABLE WINDOW

Model boundary, red-team review, energy note, and accessible learning share one public edge.

SOURCE TEST REVIEW

北京AI原点
TRANSLATION COMMONS

student co-work, resident Q&A, human help

TRANSLATION ARCADE

Bookable tables, quiet corners, and multilingual wayfinding turn research language into civic language.

LISTEN HRA ANSWER

大钟寺
RETURN COMMONS

small business, access, shared capital

RETURN STATION

Small-business tools, accessible service, maintenance training, and return review form a visible daily front room.

LISTEN RETURN CAPITAL

资料：公开征集与资料包 | 空间图层：概念建议 + 暂定几何、非红线、非工程图、非审批依据

02 三处公地 / THREE COMMONS

Zhongzhiyuan: Verifiable Window | AI Origin: Translation Arcade | Dazhongsi: Return Station. Landmarks are service interfaces, not isolated sculpture.

01 总体关系 / OVERALL RELATION

One heritage slow-mobility, climate, and service spine joins verification, translation, and return into a readable, questionable, pausable daily civic

03 公共界面 / PUBLIC INTERFACE

Shade, rainwater, inclusive pause, low-glare information, and human help share one section. AI is an explainable, pausable, cared-for service.

04 场景—证据—回报 / SCENARIO—EVIDENCE—RETURN

Provisional area 11,412,825 m²; rerun spatial values when official geometry arrives.
