

CENTENNIAL JING-ZHANG AI INNOVATION BELT · 2026

THE CO-AUTHORED LINE

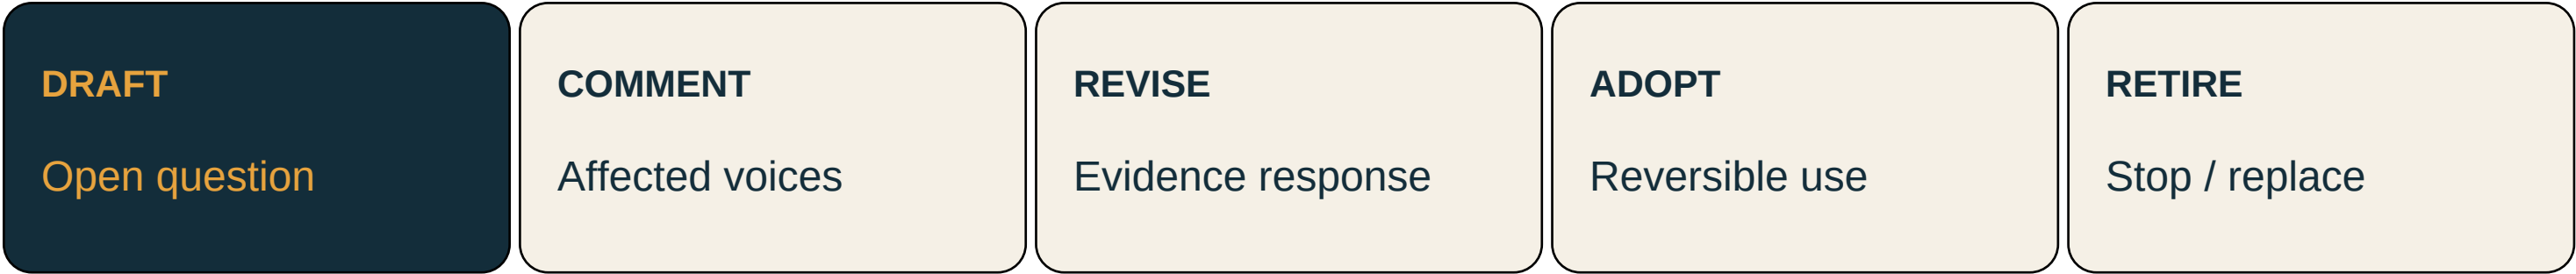

A REVISABLE PUBLIC DRAFT FOR URBAN
AI

PROVISIONAL GEOMETRY · CONCEPTUAL RECOMMENDATION ·
NOT AN OFFICIAL PLAN

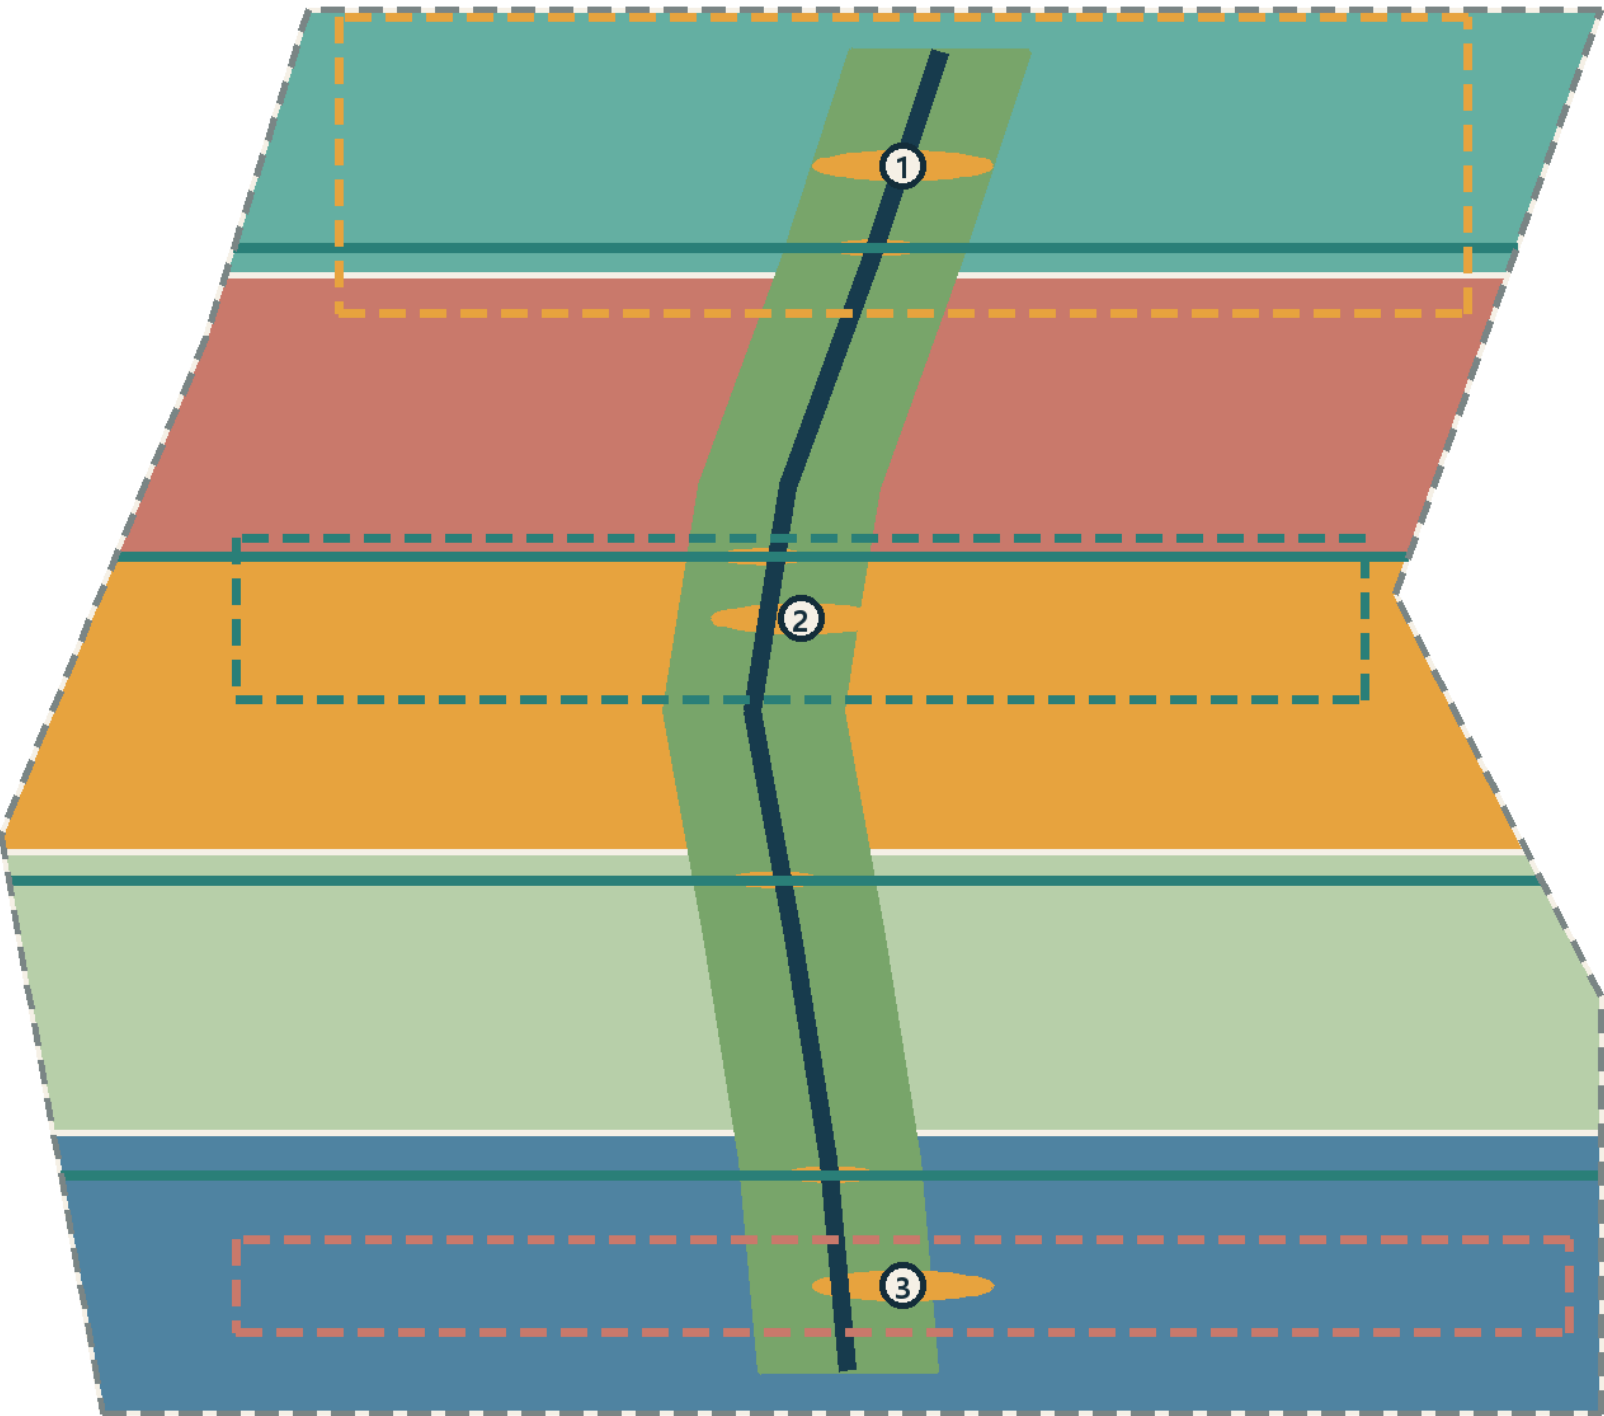

CORE PROPOSITION

Urban AI should not arrive as a finished manuscript. It should remain a public draft that any affected person can annotate, require to be revised, and, when necessary, withdraw.

01 OVERALL CONCEPT · THE CITY'S PUBLIC MARGIN

One spine · three editing rooms · four comment links · two peer-review wings

RELATIONAL DIAGRAM · LATERALLY EXAGGERATED · NOT TO SCALE

DRAFT
Open the question and evidence

COMMENT
Affected people can challenge

REVISE
Professionals answer evidence

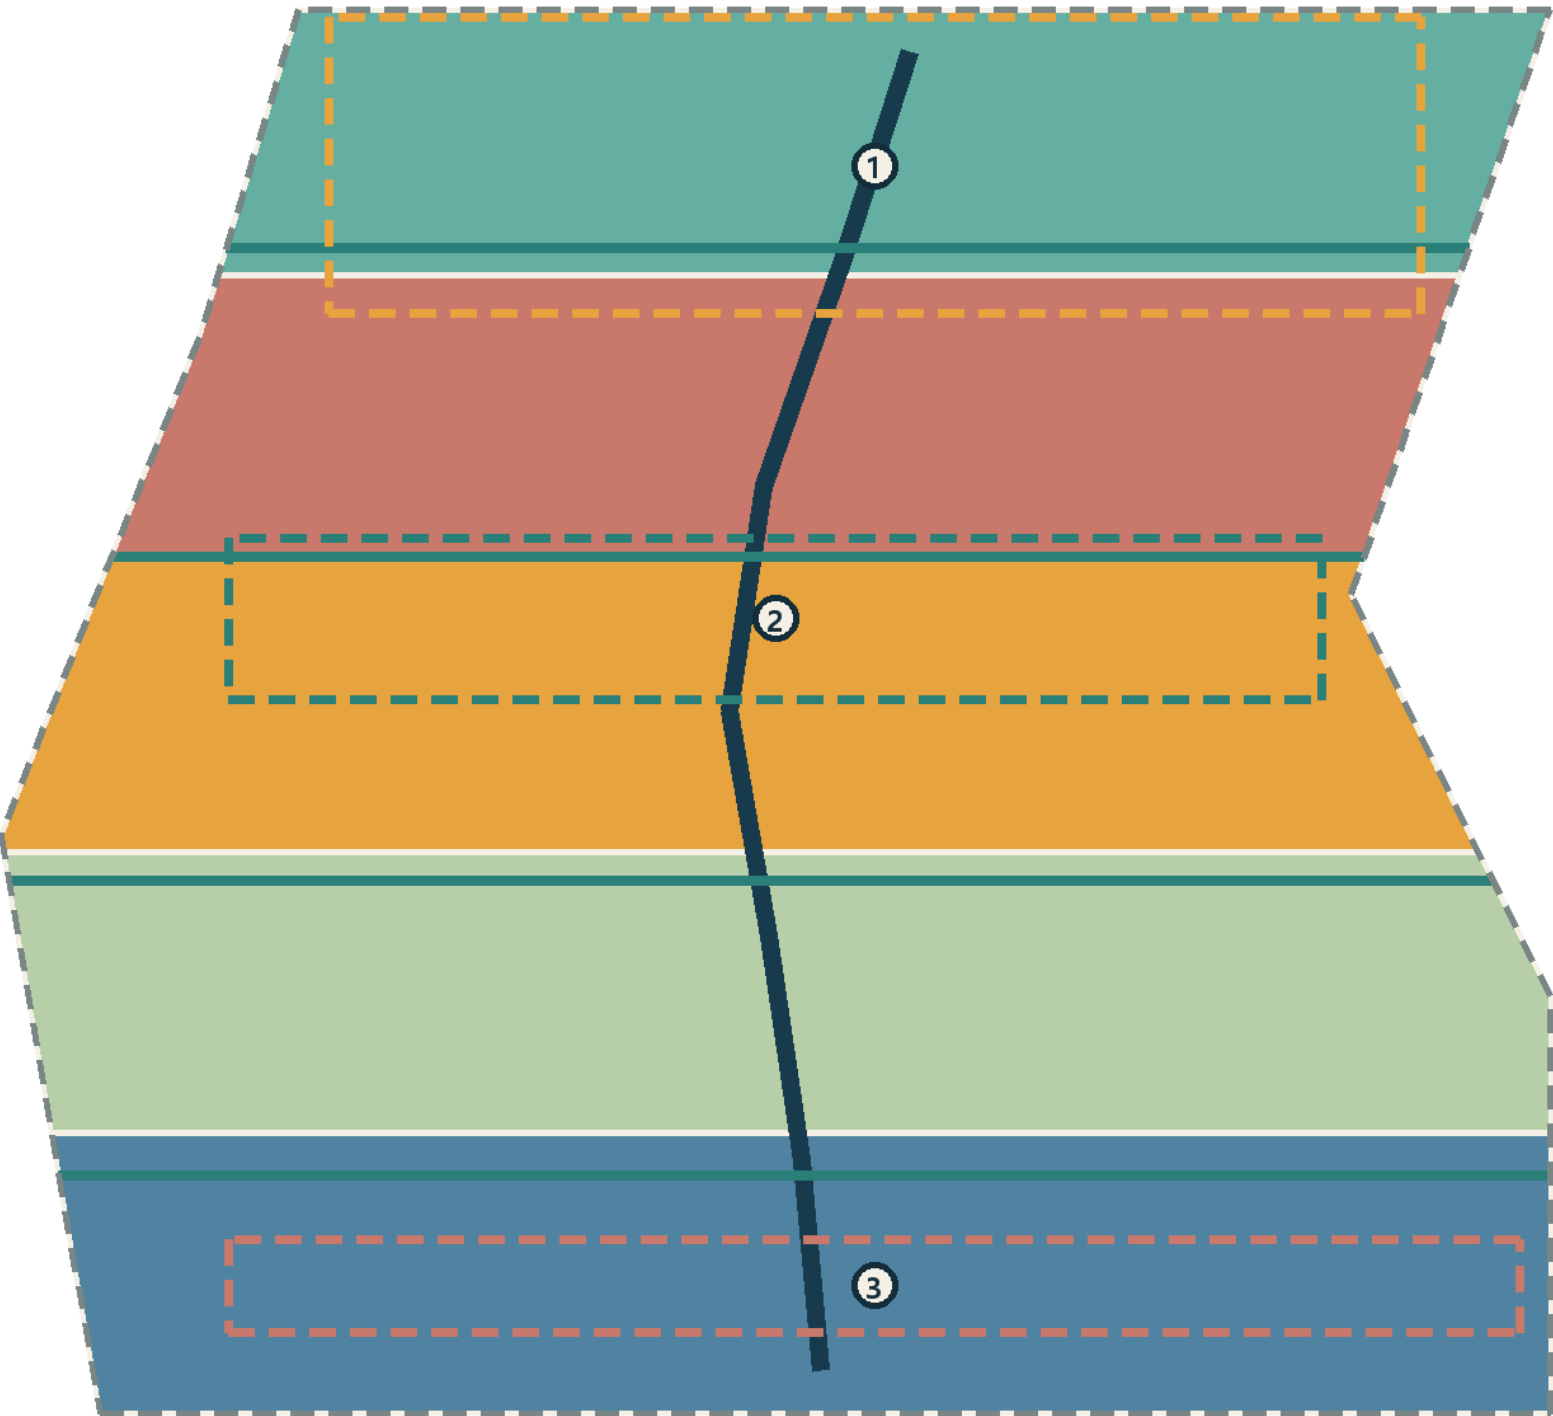

ADOPT
Small-scale and reversible

RETIRE
Stop without public value

- Margin spine
- Comment links
- Blue-green continuum
- Civic editing space

02 LAND USE AS A RELATIONAL DRAFT

Shared cuts · complete coverage · full recalculation when official data arrives

TOPOLOGY · five-band union equals the provisional SITE_BOUNDARY; no gaps or overlaps

Northern Co-Research Court

2.46 km² · 21.6%

Functional relation, not statutory zoning

Jing-Zhang Margin Park

2.51 km² · 22.0%

Functional relation, not statutory zoning

Origin Open Translation Court

2.38 km² · 20.8%

Functional relation, not statutory zoning

Co-Authored Community Services

2.08 km² · 18.2%

Functional relation, not statutory zoning

Dazhongsi Urban Adoption Front

1.98 km² · 17.3%

Functional relation, not statutory zoning

03 THREE EDITING ROOMS · ONE RULE, DIFFERENT TASKS

Evidence editing · open translation · urban adoption

ZHONGZHIYUAN · EVIDENCE EDITING

临时多边形 / provisional polygon

- Full-stack R&D and controlled tests
- Standards co-creation and failure review
- Garden-based public explanation

AI ORIGIN · OPEN TRANSLATION

临时多边形 / provisional polygon

- Research into explainable prototypes
- Open-source and venture services
- Near-campus learning and daily support

DAZHONGSI · URBAN ADOPTION

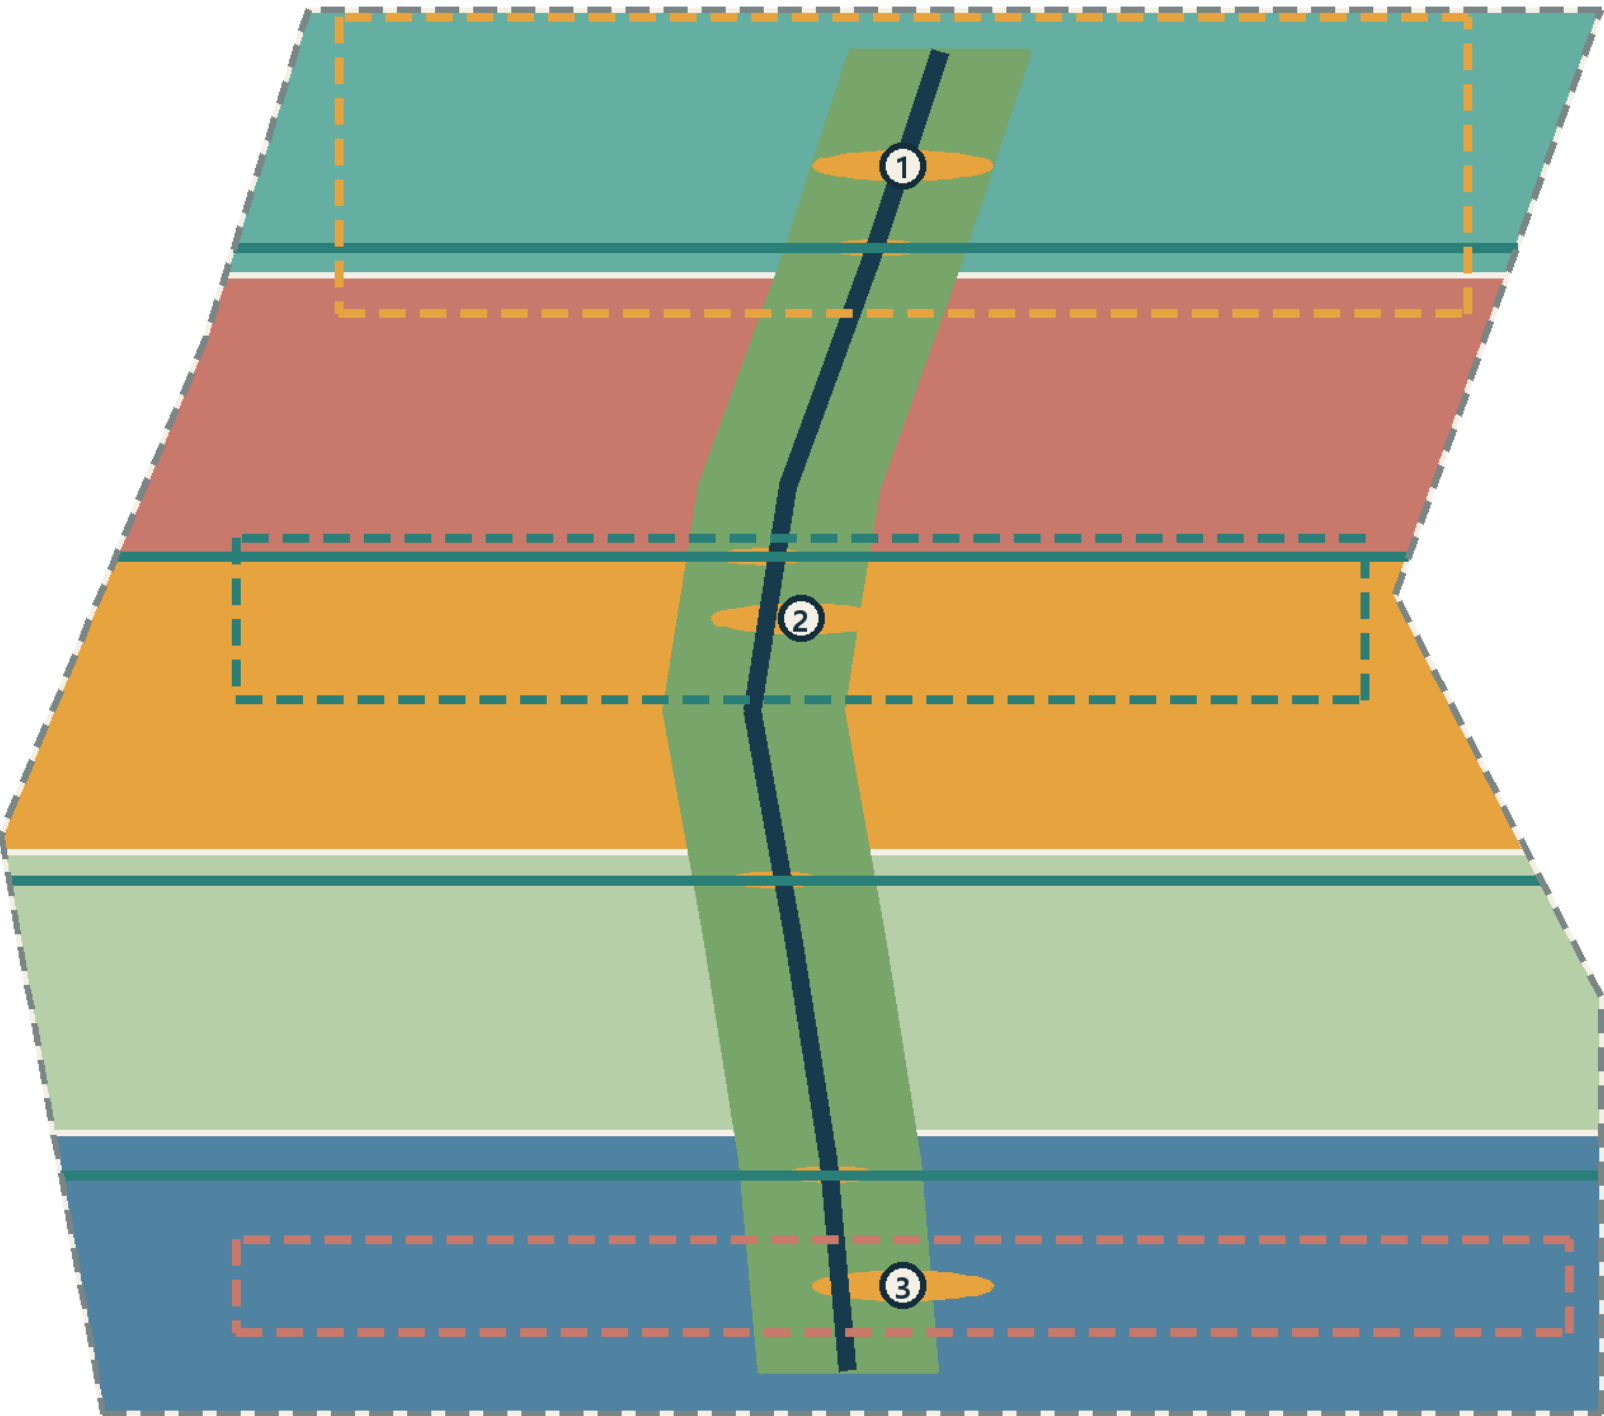

临时多边形 / provisional polygon

- Agents, devices, and content services
- Four-quadrant station walking links
- Public appeal and international forum

04 CONNECT PEOPLE BEFORE CONNECTING AI

Walking first · blue-green continuity · four comment links · human services retained

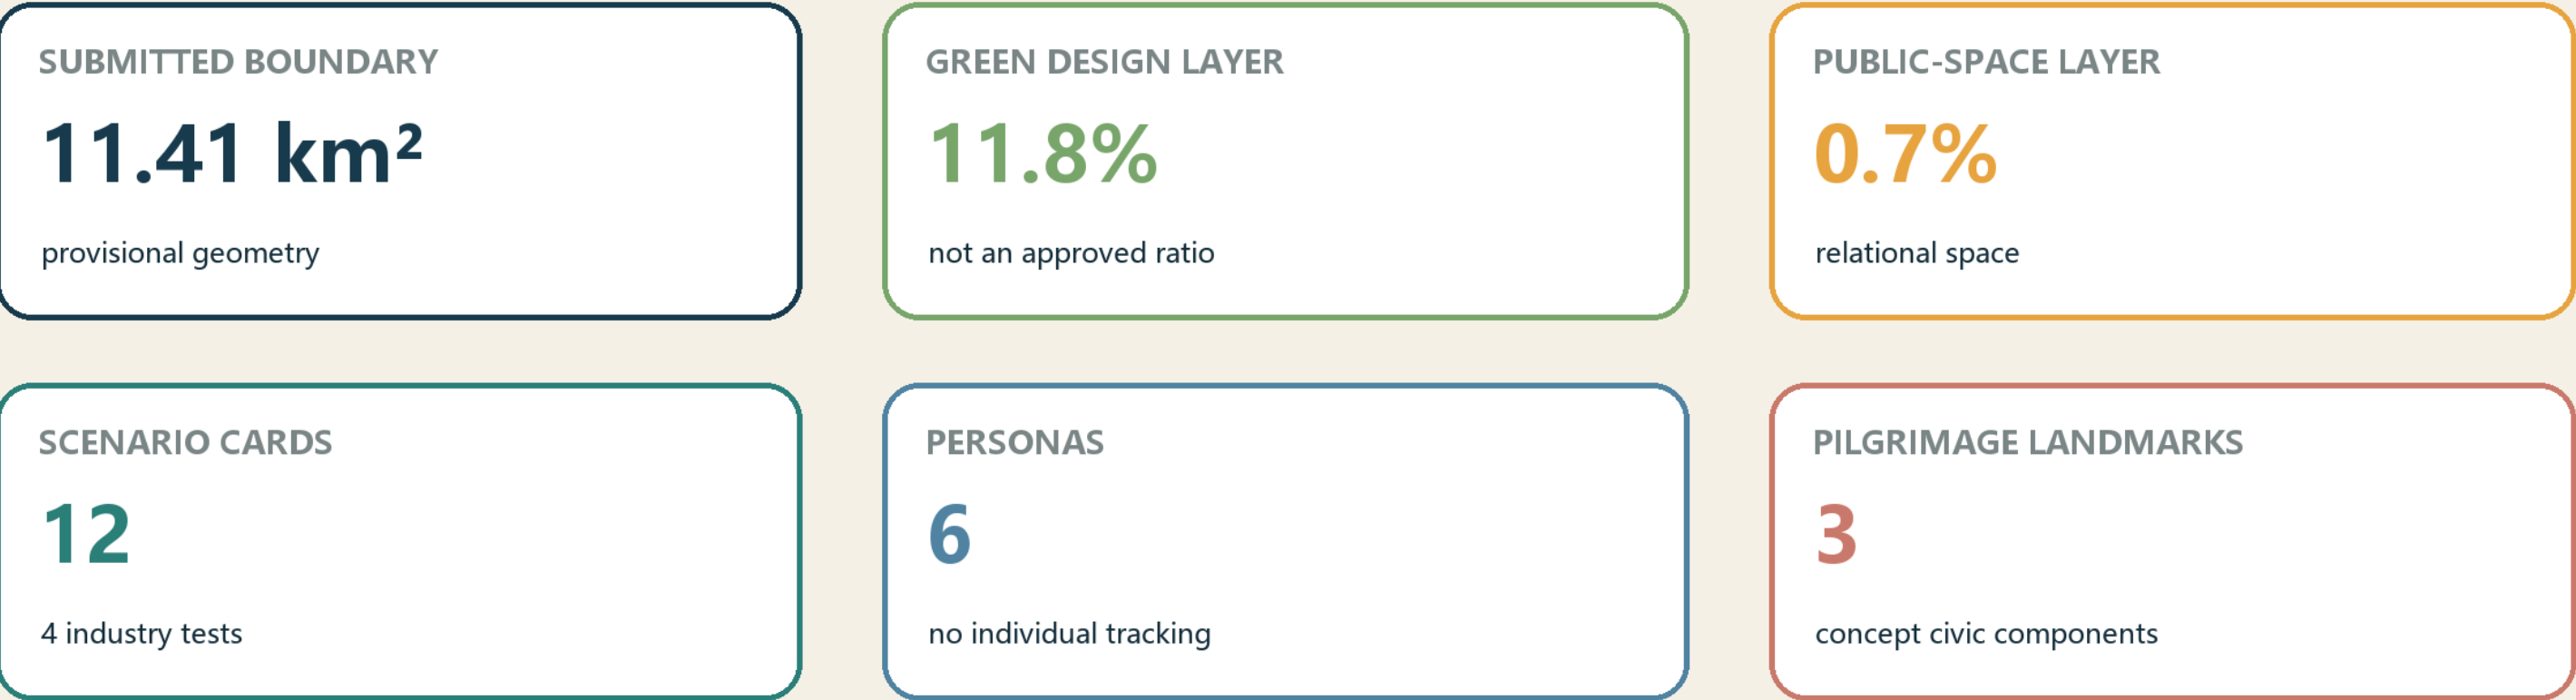

- Margin spine
- Comment links
- Blue-green continuum
- Civic editing space

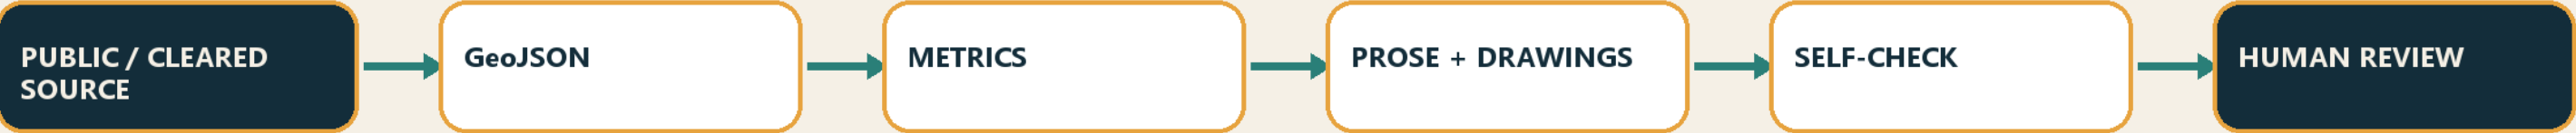

- 01 PEDESTRIAN PRIORITY**
Robots or vehicles never displace accessible paths
- 02 HUMAN TAKEOVER**
Every pilot has an accountable on-site person
- 03 DATA MINIMUM**
Convenience does not justify continuous tracking
- 04 IMMEDIATE STOP**
Withdraw or downgrade when a gate fails

05 METRICS MUST SHOW SOURCE, SCOPE, AND LIMIT

Design layers are reproducible · statutory controls stay pending · checks are not approval

EVIDENCE CHAIN

UNKNOWN ≠ ZERO
PENDING: official polygons; FAR/height/BCR; existing buildings and ownership; roads, utilities, heritage, and engineering conditions

TWELVE REVISABLE SCENARIOS AND THREE CONDITIONAL PHASES

01 Red-team class	02 Robot sharing	03 Edge compute	04 Content provenance
05 Accessible walk	06 Service explanation	07 Research translation	08 Enterprise co-draft
09 Oral history	10 Maintenance assistant	11 Bilingual guide	12 Annual revision

1 BASELINE · official/cleared data and survey

2 EDIT · three rooms, four links, four industry tests

3 ADOPT · phased access, annual review or exit
