

Centennial Jing-Zhang AI Innovation Belt | Concept Proposal

Spatial Structure

One Spine	Heritage park greenway spine, 23.8 km continuous slow-mobility
Three Areas	Zhongzhiyuan · AI Origin Community · Dazhongsi (368.4 ha total)
Two Wings	Zhongguancun Service Wing (factors) + Xiaoyuehe Scenario Wing (experience)

Key Metrics (from geometry)

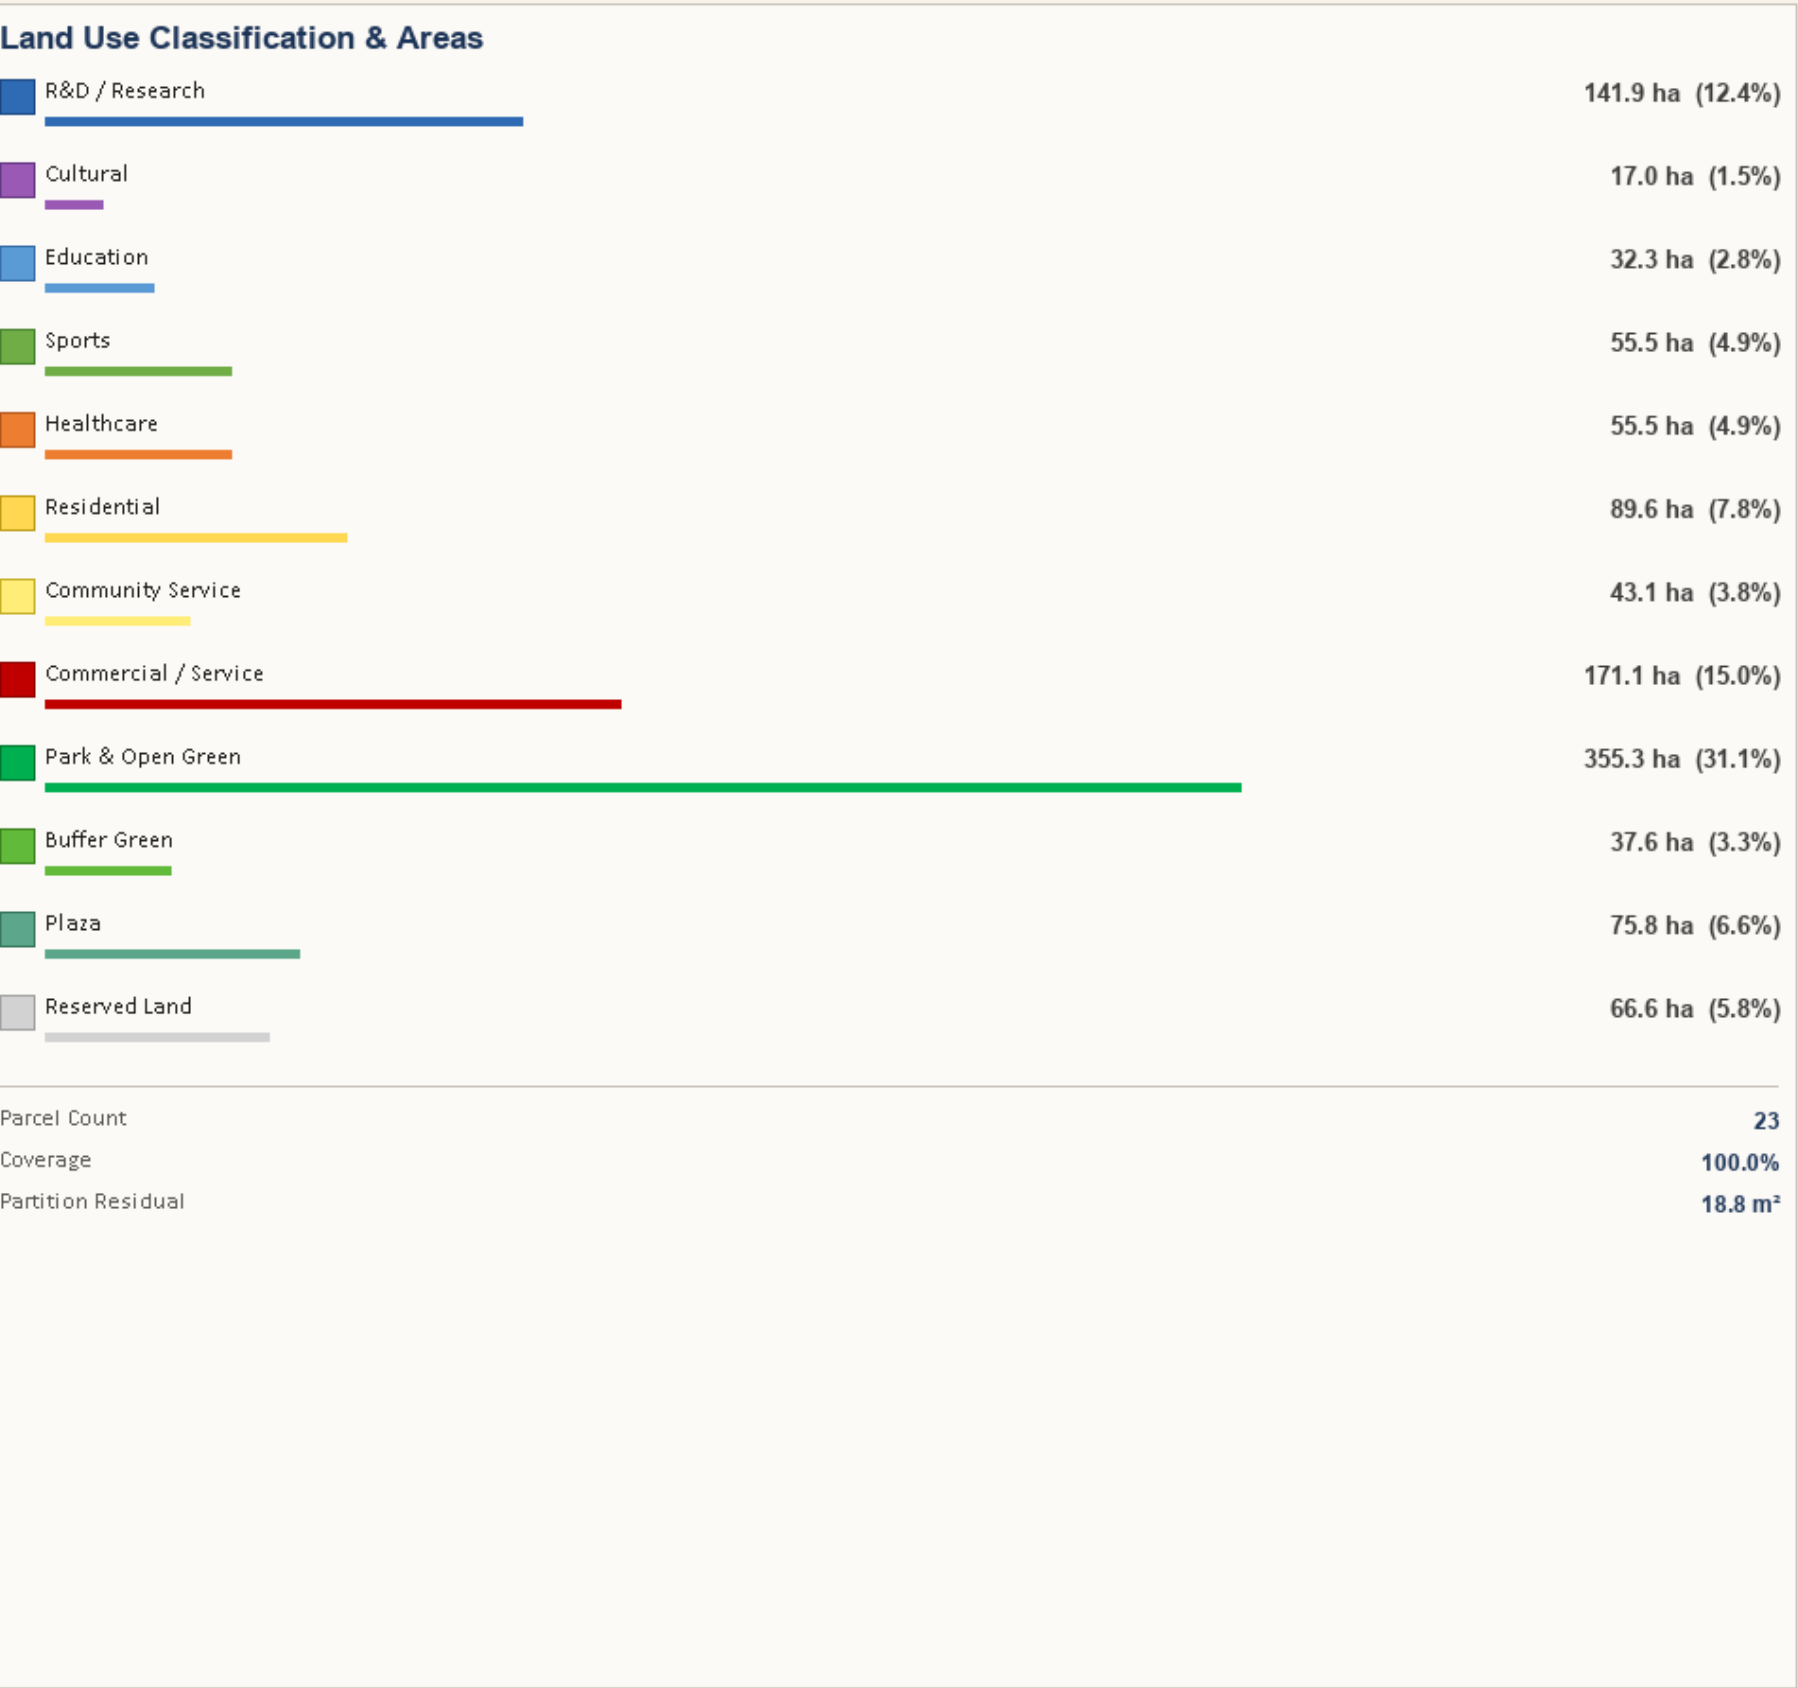

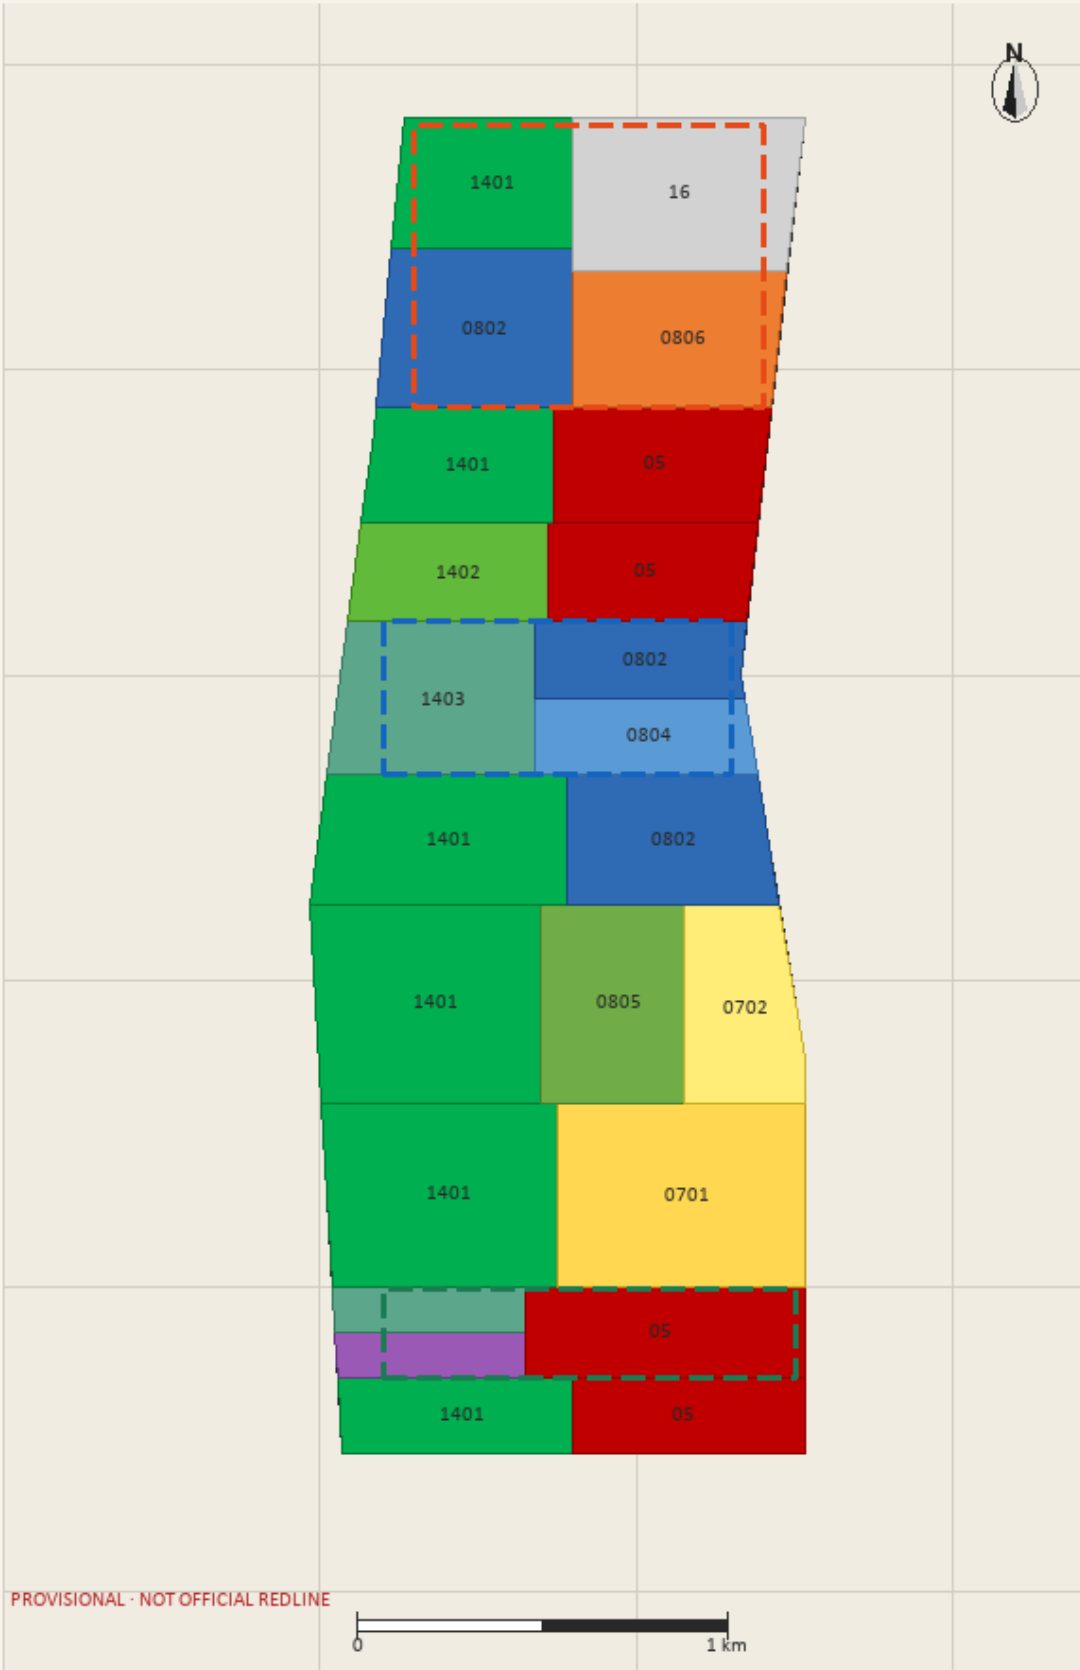

Overall Design Area	11.41 km ²
Key Areas	3 / 368.4 ha
Land-use Parcels	23
Green Ratio	41.1%
Public Space Ratio	10.7%
Slow-mobility	23.8 km
Phases	3 (2027–2035)
Indicative Coverage	16.9%

Pending Official Data

Floor-area Ratio	pending official review
Height Control	pending official review
Official Boundary	prequalification document
Heritage Zone	not public
Road Redline	not public

Land Use Structure

PROVISIONAL · NOT OFFICIAL REDLINE

Three Key Areas · Detailed Design

Centennial Jing-Zhang AI Innovation Belt | Concept Proposal

Design Intent

- Zhongzhiyuan AI Accel.

 - Full-stack AI R&D cluster (141.9 ha research land)
 - Chip / framework / model / application synergy
 - Qinghe south-bank green + 66.6 ha reserved land
 - Health facilities hosting AI clinical validation
- Beijing AI Origin Community

 - Incubation + university synergy (32.3 ha education land)
 - AI Origin Plaza as public forecourt
 - Fine-grain blocks supporting walkable density
 - Developer community and startup services
- Dazhongsi AI Industry Cluster

 - AI-native consumption and business scenarios
 - Dazhongsi heritage anchoring the AI cultural narrative
 - Station plaza improving station-city connection
 - South gateway: Xizhimenwai commercial frontage

Legend

- R&D / Research

Healthcare

Plaza

Residential
- Education

Park & Open Green

Commercial / Service

Reserved Land
- Heritage Greenway

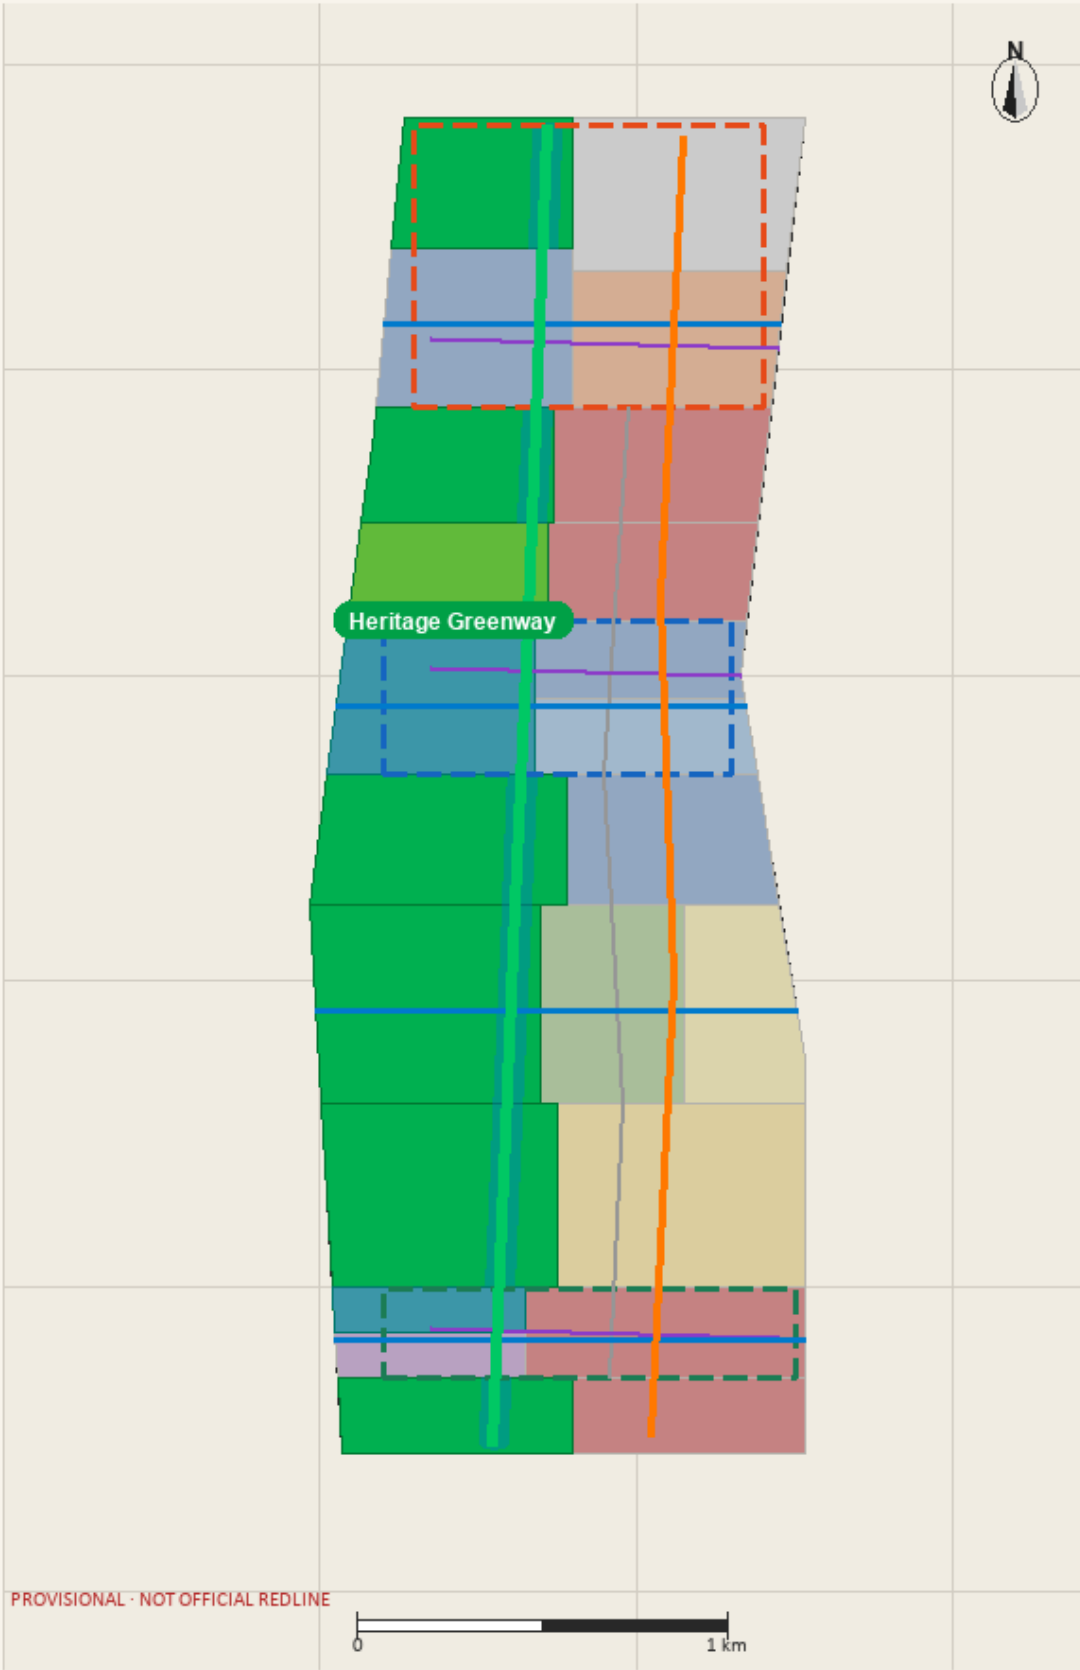

E-W Stitching Links

East Cycleway

Station Connectors

Mobility Network & Blue-Green System

Centennial Jing-Zhang AI Innovation Belt | Concept Proposal

Slow-Mobility Network

- Heritage Greenway
- E-W Stitching Links
- East Cycleway
- Station Connectors
- Secondary Street (Concept)

23.8 km

Blue-Green System

- Park & Open Green
- Buffer Green
- Plaza
- Public Space

355.3 ha (31.1%)

37.6 ha (3.3%)

75.8 ha (6.6%)

121.6 ha (10.7%)

Green Ratio

41.1%

Public Space

10.7%

Slow-mobility

23.8 km

- Heritage spine: N-S continuity throughout
- 4 E-W stitching links: reduce severance
- Blue-green section: Xiaoyuehe experience
- Mandatory accessibility: ramps + tactile paths

AI Scenario Cards (12)

S01 Heritage trail AI guide Public space	S02 Station transfer dispatch Transit node	S03 All-age smart fitness Sports land
S04 Community elder AI service Community facility	S05 Clinical AI validation Healthcare land	S06 Developer open-source studio AI Origin
S07 Edge compute station Reserved land	S08 Campus-adjacent transfer street Education land	S09 AI-native retail block Dazhongsi
S10 Safety governance sandbox Zhongzhiyuan	S11 Blue-green corridor sensing Xiaoyuehe	S12 Global AI week route Belt-wide

Phasing (concept suggestion)

Phase 12027–2029 Origin start-up & station stitching 206 ha	Phase 22030–2032 Corridor continuity & scenario empowerment 551 ha	Phase 32033–2035 Full-stack acceleration & factor allocation 384 ha
--	---	--

Key Metrics & Evidence Chain

Centennial Jing-Zhang AI Innovation Belt | Concept Proposal

Known Metrics (computed from geometry)

Metrics Pending Official Data

Provisional boundary note: The overall design area and three key areas use provisional placeholder polygons (PROV-SITE-001, PROV-KEY-001/002/003) inferred from official announcement text and approximate areas. EPSG:4548 recomputed area deviates +0.11% from announcement. Not for approval or precise area claims.

PROVISIONAL · NOT OFFICIAL REDLINE

Risk & Boundary Statement

- | | |
|---------------------------------|--|
| ● Spatial dispute | Provisional boundary must be replaced and fully recomputed |
| ● Policy uncertainty | Controls not public; no statutory conclusions given |
| ● Data privacy | Public-space scenarios collect no personally identifiable data |
| ● Equity & inclusion | Human channels non-removable; paper and offline retained |

This proposal is an open co-creation concept suggestion. It does not replace statutory planning, does not constitute a government decision, and claims no official approval, approved controls, final land ownership, or guaranteed implementation.
