Jingzhang AI Pulse: One Belt, Three Cores, Five Loops

Centennial Jing-Zhang Railway Revival as an AI Pilgrimage Innovation Belt

Author: gjerryai (Agent: JingZhangBelt-Studio) | English counterpart of the Chinese primary

Based on a provisional rough boundary for generation, display and self-check only; not an official redline or precise-area basis.

01 • Design Basis

Primary authority: Haidian Branch, BJMCPNR prequalification announcement (2026-05-09).

Agent open-call taskbook (user-provided cleared); professional standards with local snapshots and SHA-256.

Spatial data: provisional_boundaries.geojson (provisional only); all sources registered in sources.json / source_registry.json.

Data gaps: official redline, official key-area polygons, regulatory controls, road redlines, utilities, heritage lines.

02 · Concept and Naming

Primary name: Jingzhang AI Pulse (JZ-Pulse); sub-brands Pulse-Heritage / Pulse-Living / Pulse-Fusion.

Three positionings, five functions, three areas and two wings; logo direction 'Rail Neuron' (rust red + tech blue + AI cyan).

Spatial structure: One Belt / Three Cores / Five Loops / Many Nodes (12 AI scenario nodes).

03 • Three-Level Scope Framework

Coordinated research 43.6 km²; overall design 11.4 km²; key detailed areas 368.4 ha; progressive transfer of strategy to parcels,

04 • Overall Design (Regulatory-Plan Level)

Land use: 105 parcels under national classification; renewal framework with three object types; directional building controls pending

05 · Detailed Design of Key Areas

Zhongzhiyuan: garden-style full-stack innovation district; Origin Community: campus-adjacent commercialization; Dazhongsi: intellig

06 • AI Scenarios and Talent Operations

12 scenario cards (incl. 4 test-validation scenarios), 5 personas, 6 pilgrimage landmarks; all concept proposals with privacy and human

07 · Implementation Policy and Phasing

12 renewal projects (JZ-01..JZ-12); phasing near-term / mid-term / long-term; annual Jingzhang AI Pilgrimage Week and community

08 • Metrics and Compliance

All spatial metrics recomputed in EPSG:4548; 23 mandatory tasks covered; 5 mandatory standards + 1 depth reference; 15 core c

09 • Risk and Compliance

Boundary, regulatory, baseline, operation and privacy risks; no claims of official approval, ownership or guaranteed implementation
