

Haidian Trinary AI City

A1 booklet · seven pages · provisional intake

Three zones · Zhongzhiyuan (192.1 ha) / AI Origin (104.3 ha) / Dazhongsi (72.0 ha)
Two wings · Xiaoyuehe Scenario Wing + Zhongguancun Service Wing

三大定位 / Three Positionings

Centennial Jing-Zhang Cultural Belt
百年京张文化带

Urban AI Life Experience Belt
都市 AI 生活体验带

AI Convergence Innovation Belt
AI 融合创新带

五大功能 / Five Functions

Full-Stack AI Independent Innovation
AI 全栈自主创新体系

World-Class AI Innovation Ecosystem
世界级 AI 创新生态

AI+ Scenario Empowerment New Paradigm
AI+ 场景赋能新范式

Smart AI Vibrant City
智能化 AI 活力城市

Global AI Governance Discourse Power
AI 治理全球话语权

三区两翼 / Three Zones · Two Wings

Zhongzhiyuan AI Acceleration Area 192.1 ha
众智园 AI 自主创新加速区 192.1 ha

Beijing AI Origin Community 104.3 ha
北京 AI 原点社区 104.3 ha

Dazhongsi AI Industry Cluster 72.0 ha
大钟寺 AI 产业聚集区 72.0 ha

Xiaoyuehe Scenario Empowerment Wing (West)
小月河场景赋能翼 (西)

Zhongguancun Technology Service Wing (East)
中关村科技服务翼 (东)

MAKE Origin · Dazhongsi

Smart-native new business forms: smart agents / smart terminals / content consumption / data-element.

Spatial Moves

- 4-quadrant walkability around the rail station + station-front public living room
- Tri-fold: smart-manufacturing debut + smart terminal + content consumption
- Renew the public environment around anchor firms + walkability seam
- Light, low-disturbance pilot interfaces with adjacent universities and firms

AI Scenarios

- Debut Street
- Smart-Terminal Market
- 4-Quadrant Living Room
- Data-Element Theatre

These descriptions are concept proposals / reference schemes; they do not constitute approved control plans, land ownership, engineering feasibility, or investment commitments.

LIVE Living Room · AI Origin

World-class AI innovation ecosystem: open-source / result translation / talent life / 24h public living room.

Spatial Moves

- 4-quadrant walkability around the rail station + station-front public living room
- Tri-fold: smart-manufacturing debut + smart terminal + content consumption
- Renew the public environment around anchor firms + walkability seam
- Light, low-disturbance pilot interfaces with adjacent universities and firms

AI Scenarios

- Zhiyuan Cube 24h Living Room
- Open-Source Release Hall
- Near-Campus Translation Street
- AI Life-Service Sample Street

These descriptions are concept proposals / reference schemes; they do not constitute approved control plans, land ownership, engineering feasibility, or investment commitments.

BUILD Frontier · Zhongzhiyuan

Full-stack innovation + global governance discourse: R&D / standards / safety governance / low-carbon compute.

Spatial Moves

- 4-quadrant walkability around the rail station + station-front public living room
- Tri-fold: smart-manufacturing debut + smart terminal + content consumption
- Renew the public environment around anchor firms + walkability seam
- Light, low-disturbance pilot interfaces with adjacent universities and firms

AI Scenarios

- Urban-Agent Sandbox
- AI Safety Governance Gallery
- Zhongzhi Tower
- Qinghe Low-Carbon Innovation Edge

These descriptions are concept proposals / reference schemes; they do not constitute approved control plans, land ownership, engineering feasibility, or investment commitments.

AI Scenarios × Personas × Long-Term Operation

10 scenarios · 5 personas · annual event system

01 Dazhongsi Smart-Manufacturing Debut Street
Public space for first-launch / first-store / first-exhibit by smart agents, smart terminals and content-consumption firms; tied to ZONE MAKE industry test scenarios.
03 AI Origin 24h Public Living Room
24h public living room for AI-native residents; switchable between near-campus offices, open-source collaboration, talent ZONE LIVE life and street exhibitions.
05 Talent Life Concierge
Operational AI+ public services (health, education, legal, living-payment) at block scale; human-service and accessibility ZONE LIVE fallbacks preserved.
07 Zhongzhiyuan AI Safety Governance Gallery
Standards, safety evaluation and model red-team testing re-staged as visitable, bookable, supervised showcase and collaboration nodes. ZONE BUILD
09 Edge-Compute Corridor (Cross-Trinary)
North-south spine connecting edge-compute stops and public services across the three zones; starts as light, auditable services. ZONE X

02 Dazhongsi Smart-Terminal Market
Walkable 4-quadrant continuity around the rail station linking the debut loop to daily retail, media launch and cultural events. ZONE MAKE
04 AI Origin Open-Source Release Hall
Result release, model evaluation and small launch events for universities and open-source communities, anchored to near-campus assets. ZONE LIVE
06 Zhongzhiyuan Urban-Agent Sandbox
Controllable public-space sandbox for traffic, operations and service urban agents; auditable data, interruptible process. ZONE BUILD
08 Zhongzhiyuan Low-Carbon Compute Stop
Distributed energy, edge compute, low-carbon display tied to public services; capacity and grid-tie require formal engineering pre-conditions. ZONE BUILD
10 Global AI Activity Week Route (Cross-Trinary)
Walkable, broadcastable experience route from heritage memory to open source, industry launch and international pitch; actual events ZONE X follow operator's annual plan.

Evidence Chain · Risk · Compliance

GeoJSON → metrics recompute → proposal.md references → self_check.json validation

Risks & Gaps

- Official SITE_BOUNDARY and KEY_AREA polygons remain provisional; the password-protected prequalification download supplies no public GIS/CAD.
- Regulatory lines / road redlines / ownership / municipal / heritage / engineering conditions are registered as A-CONTROLS-001 to be supplied; precise values cannot enter formal conclusions.
- All spatial suggestions are concept proposals; professional teams and government review must deepen them before adoption.
