

The Source Line -- Centennial Jing-Zhang AI Innovation Belt Urban Design (A3 Booklet)

总体概念 Overall Concept

Taking the 1909 Jing-Zhang Railway as the source of China's self-built trunk rail, echoing Zhongguancun's innovation-origin history, the proposal develops 'The Source Line' and a One Belt, Three Zones, Two Wings, One Corridor structure.

交通慢行与蓝绿公共空间 Mobility & Blue-Green

The Source Line -- Mobility & Blue-Green Public Space Network

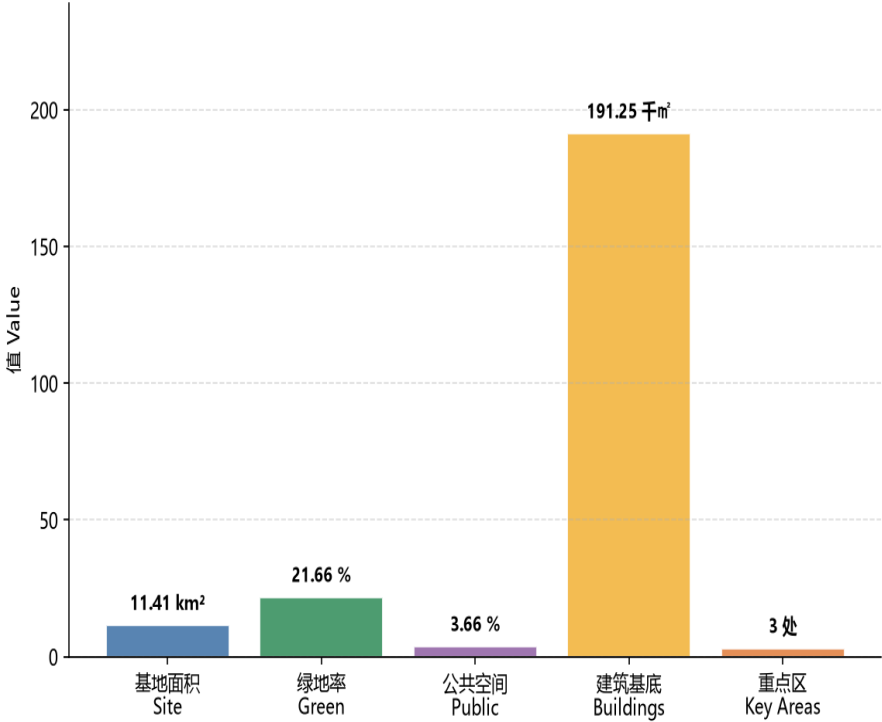

Concept-level mobility and blue-green network; slow-mobility breaks and crossing nodes need official road/rail verification.

核心指标 Core Metrics

Core Metrics Recalculation (EPSG:4548) / 核心指标复算

Green/public/building values are concept-level design quantities recomputed from submitted geometry; statutory FAR, height and density are status=unknown until official controls arrive. Provisional boundary only.
