THE REN LINE • 人字京张 —— Evidence Chain and Package Structure

A centennial AI innovation belt rooted in the Ren-shaped railway (provisional boundary for generation & display only)

Overall Concept — 空间底图

Engineering: two rails converging
Humanity: two strokes supporting each other
Talent: an innovation corridor

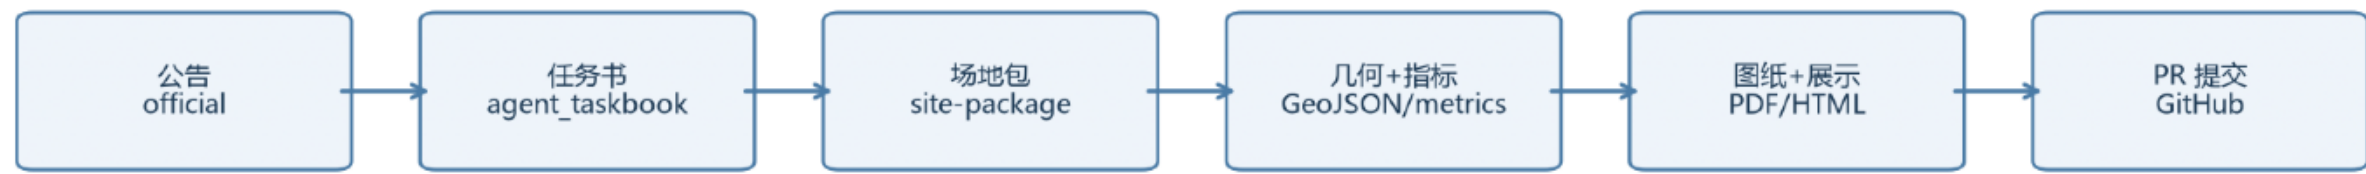

人字京张 / THE REN LINE

Evidence: Announcement → Site Package → GeoJSON/Metrics → Drawings → Display

Source: organizer provisional boundaries (temporary); full recomputation required after official redline release

Provisional boundary: for generation & display only; not an official redline, approval basis, or precise-area basis

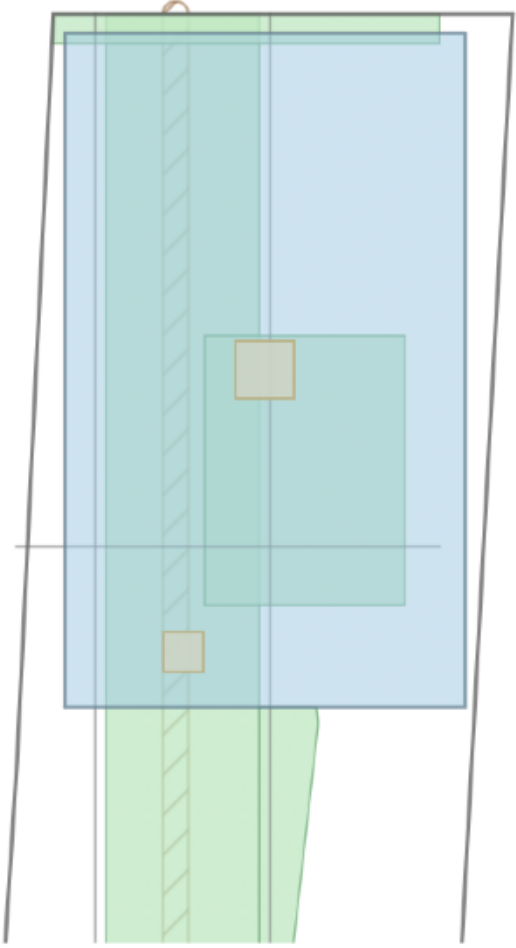

One axis · Twin tracks · Three cores · Two wings · Multi-node scenarios
Culture Track × Innovation Track converge at Origin Station
Engine Yard (Zhongzhiyuan) · Origin Station (AI Origin Community) · Landing Depot (Dazhongsi)
Research 43.6 km² → Overall 11.4 km² → Key areas 368.4 ha
Green ratio ≈39.3% · Public space ≈1.0% · Conceptual footprint ≈2.23M m²

A0-02 • Key Areas: Detailed Design / AI Scenarios and Pilgrimage Landmarks

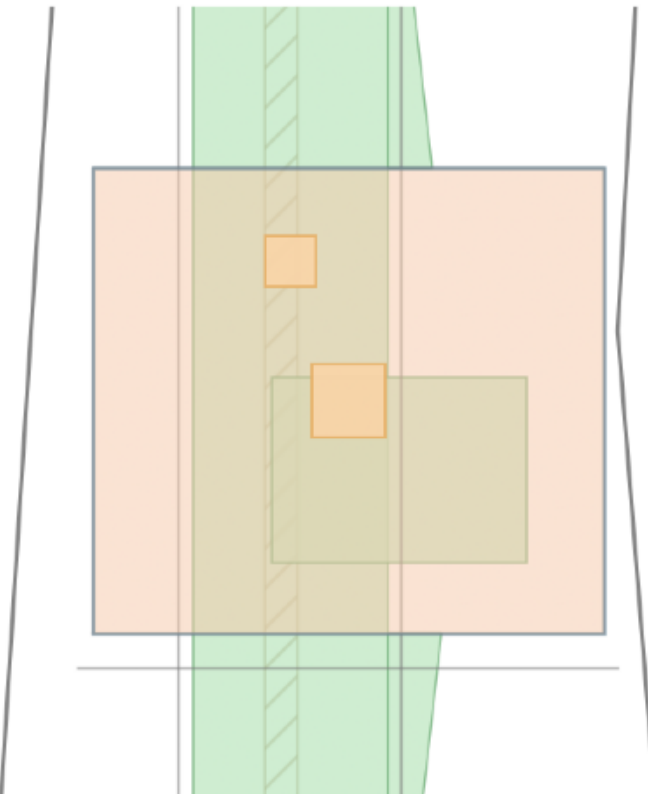

A centennial AI innovation belt rooted in the Ren-shaped railway

Three Key Areas: Index and Design Tasks

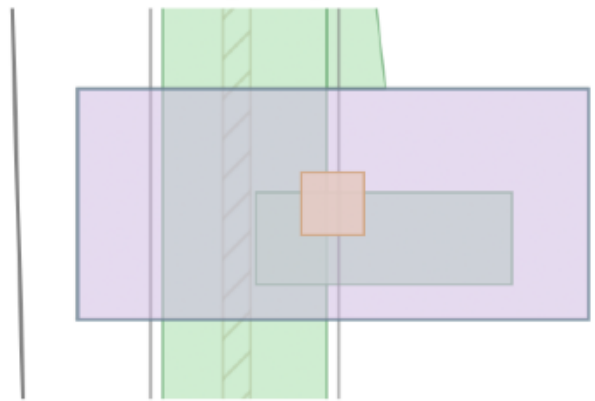

Engine Yard • KEY-001

Origin Station • KEY-002

Landing Depot • KEY-003

Landing Depot - Dazhongsi 72.0 ha
Intelligent economy & international exchange district
Roadshow lounge - Data-element lounge

Origin Station - AI Origin Community 104.3 ha
University-proximate commercialization & talent community
Open-source launch hall - 0→1 interchange node

Engine Yard - Zhongzhiyuan 192.1 ha
Garden-style full-stack self-innovation district
Test sandbox - Compute lighthouse - Qinghe corridor

Provisional boundary; for generation & display only; not an official redline, approval basis, or precise-area basis

Engine Yard 192.1ha: full-stack innovation · test sandbox · compute lighthouse
Origin Station 104.3ha: open-source launch hall · 0→1 interchange
Landing Depot 72.0ha: roadshow lounge · data-element lounge
12 scenario cards (incl. 3 industry test) · 5 personas
4 landmarks: 0→1 node · compute lighthouse · centennial switch · landing platform
