THE REN LINE • 人字京张 —— Evidence Chain and Package Structure

A centennial AI innovation belt rooted in the Ren-shaped railway | provisional boundary for generation & display only

Overall Concept — 空间底图

Engineering: two rails converging

Humanity: two strokes supporting each other

Talent: an innovation corridor

人字京张 / THE REN LINE

Evidence: Announcement → Site Package → GeoJSON/Metrics → Drawings → Display

Source: organizer provisional boundaries (temporary); full recomputation required after official redline release

Provisional boundary: for generation & display only; not an official redline, approval basis, or precise-area basis

One axis · Twin tracks · Three cores · Two wings · Multi-node scenarios

Culture Track × Innovation Track converge at Origin Station

Engine Yard (Zhongzhiyuan) · Origin Station (AI Origin Community) · Landing Depot (Dazhongsi)

02 • Three-Level Scope and Land-Use Framework

Provisional boundary: for generation & display only; not an official redline, approval basis, or precise-area basis

Research 43.6 km² → Overall 11.4 km² → Key areas 368.4 ha

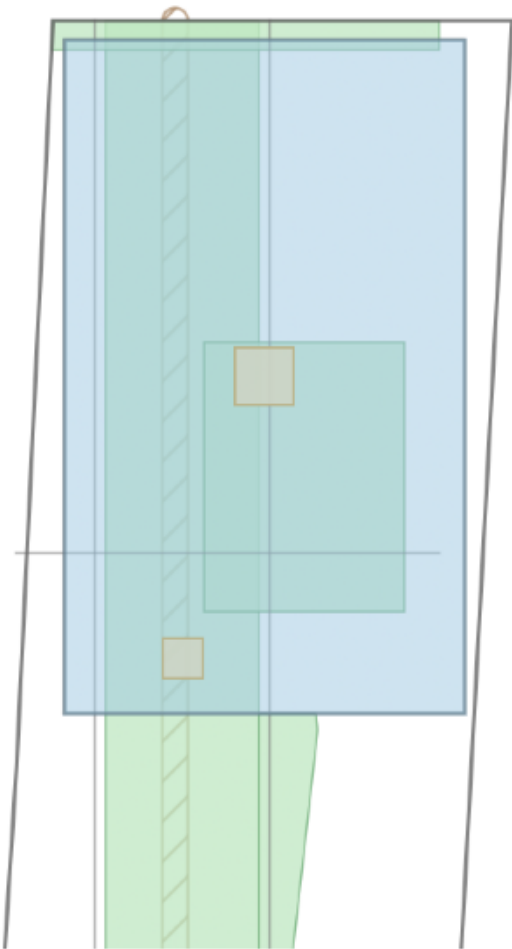

Green ratio ≈39.3% · Public space ≈1.0% · Conceptual footprint ≈2.23M m²

03 • Key Areas: Detailed Design

A centennial AI innovation belt rooted in the Ren-shaped railway

Three Key Areas: Index and Design Tasks

Engine Yard • KEY-001

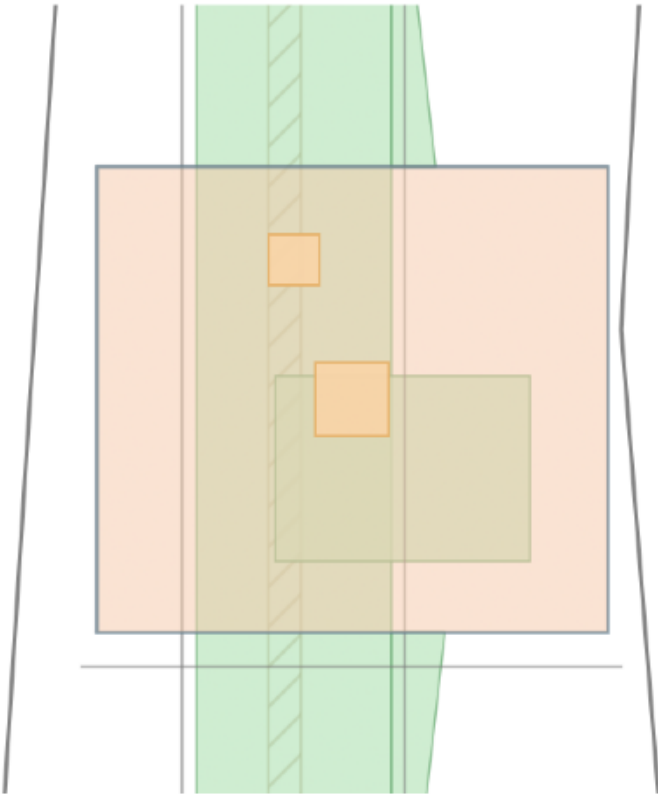

Engine Yard • Zhongzhiyuan 192.1 ha

Engine Yard 192.1ha: full-stack innovation test sandbox · compute lighthouse

Origin Station 104.3ha: open-source launch hall · 0→1 interchange

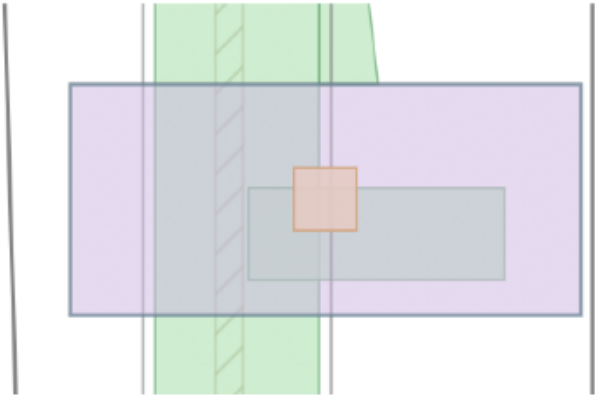

Landing Depot 72.0ha: roadshow lounge · data-element lounge

Origin Station • KEY-002

Origin Station • AI Origin Community 104.3 ha
University-proximate commercialization & talent community
Open-source launch hall · 0→1 interchange node

Landing Depot • KEY-003

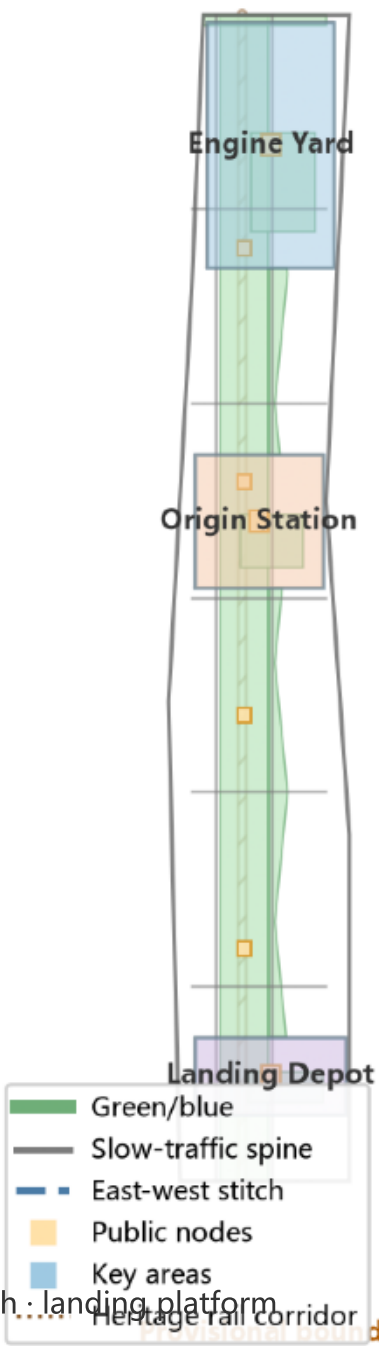

Landing Depot • Dazhongsi 72.0 ha
Intelligent economy & international exchange district
Roadshow lounge · Data-element lounge

Provisional boundary: for generation & display only; not an official redline, approval basis, or precise-area basis

04 • AI Scenarios and Pilgrimage Landmarks

A centennial AI innovation belt rooted in the Ren-shaped railway

Transport, Slow Traffic and Blue-Green Composite System

12 scenario cards (incl. 3 industry test) · 5 personas

4 landmarks: 0→1 node · compute lighthouse · centennial switch · landing platform

Boundary: for generation & display only; not an official redline, approval basis, or precise-area basis

05 • Metrics and Implementation Phasing
