

THE OPEN GATE LINE

OGP-12 / OPEN GATE PROTOCOL

One heritage line · twelve scheduled, staffed and reversible public gates

Three positions, five functions, three areas plus two wings, and twelve gates form one inspectable response chain.

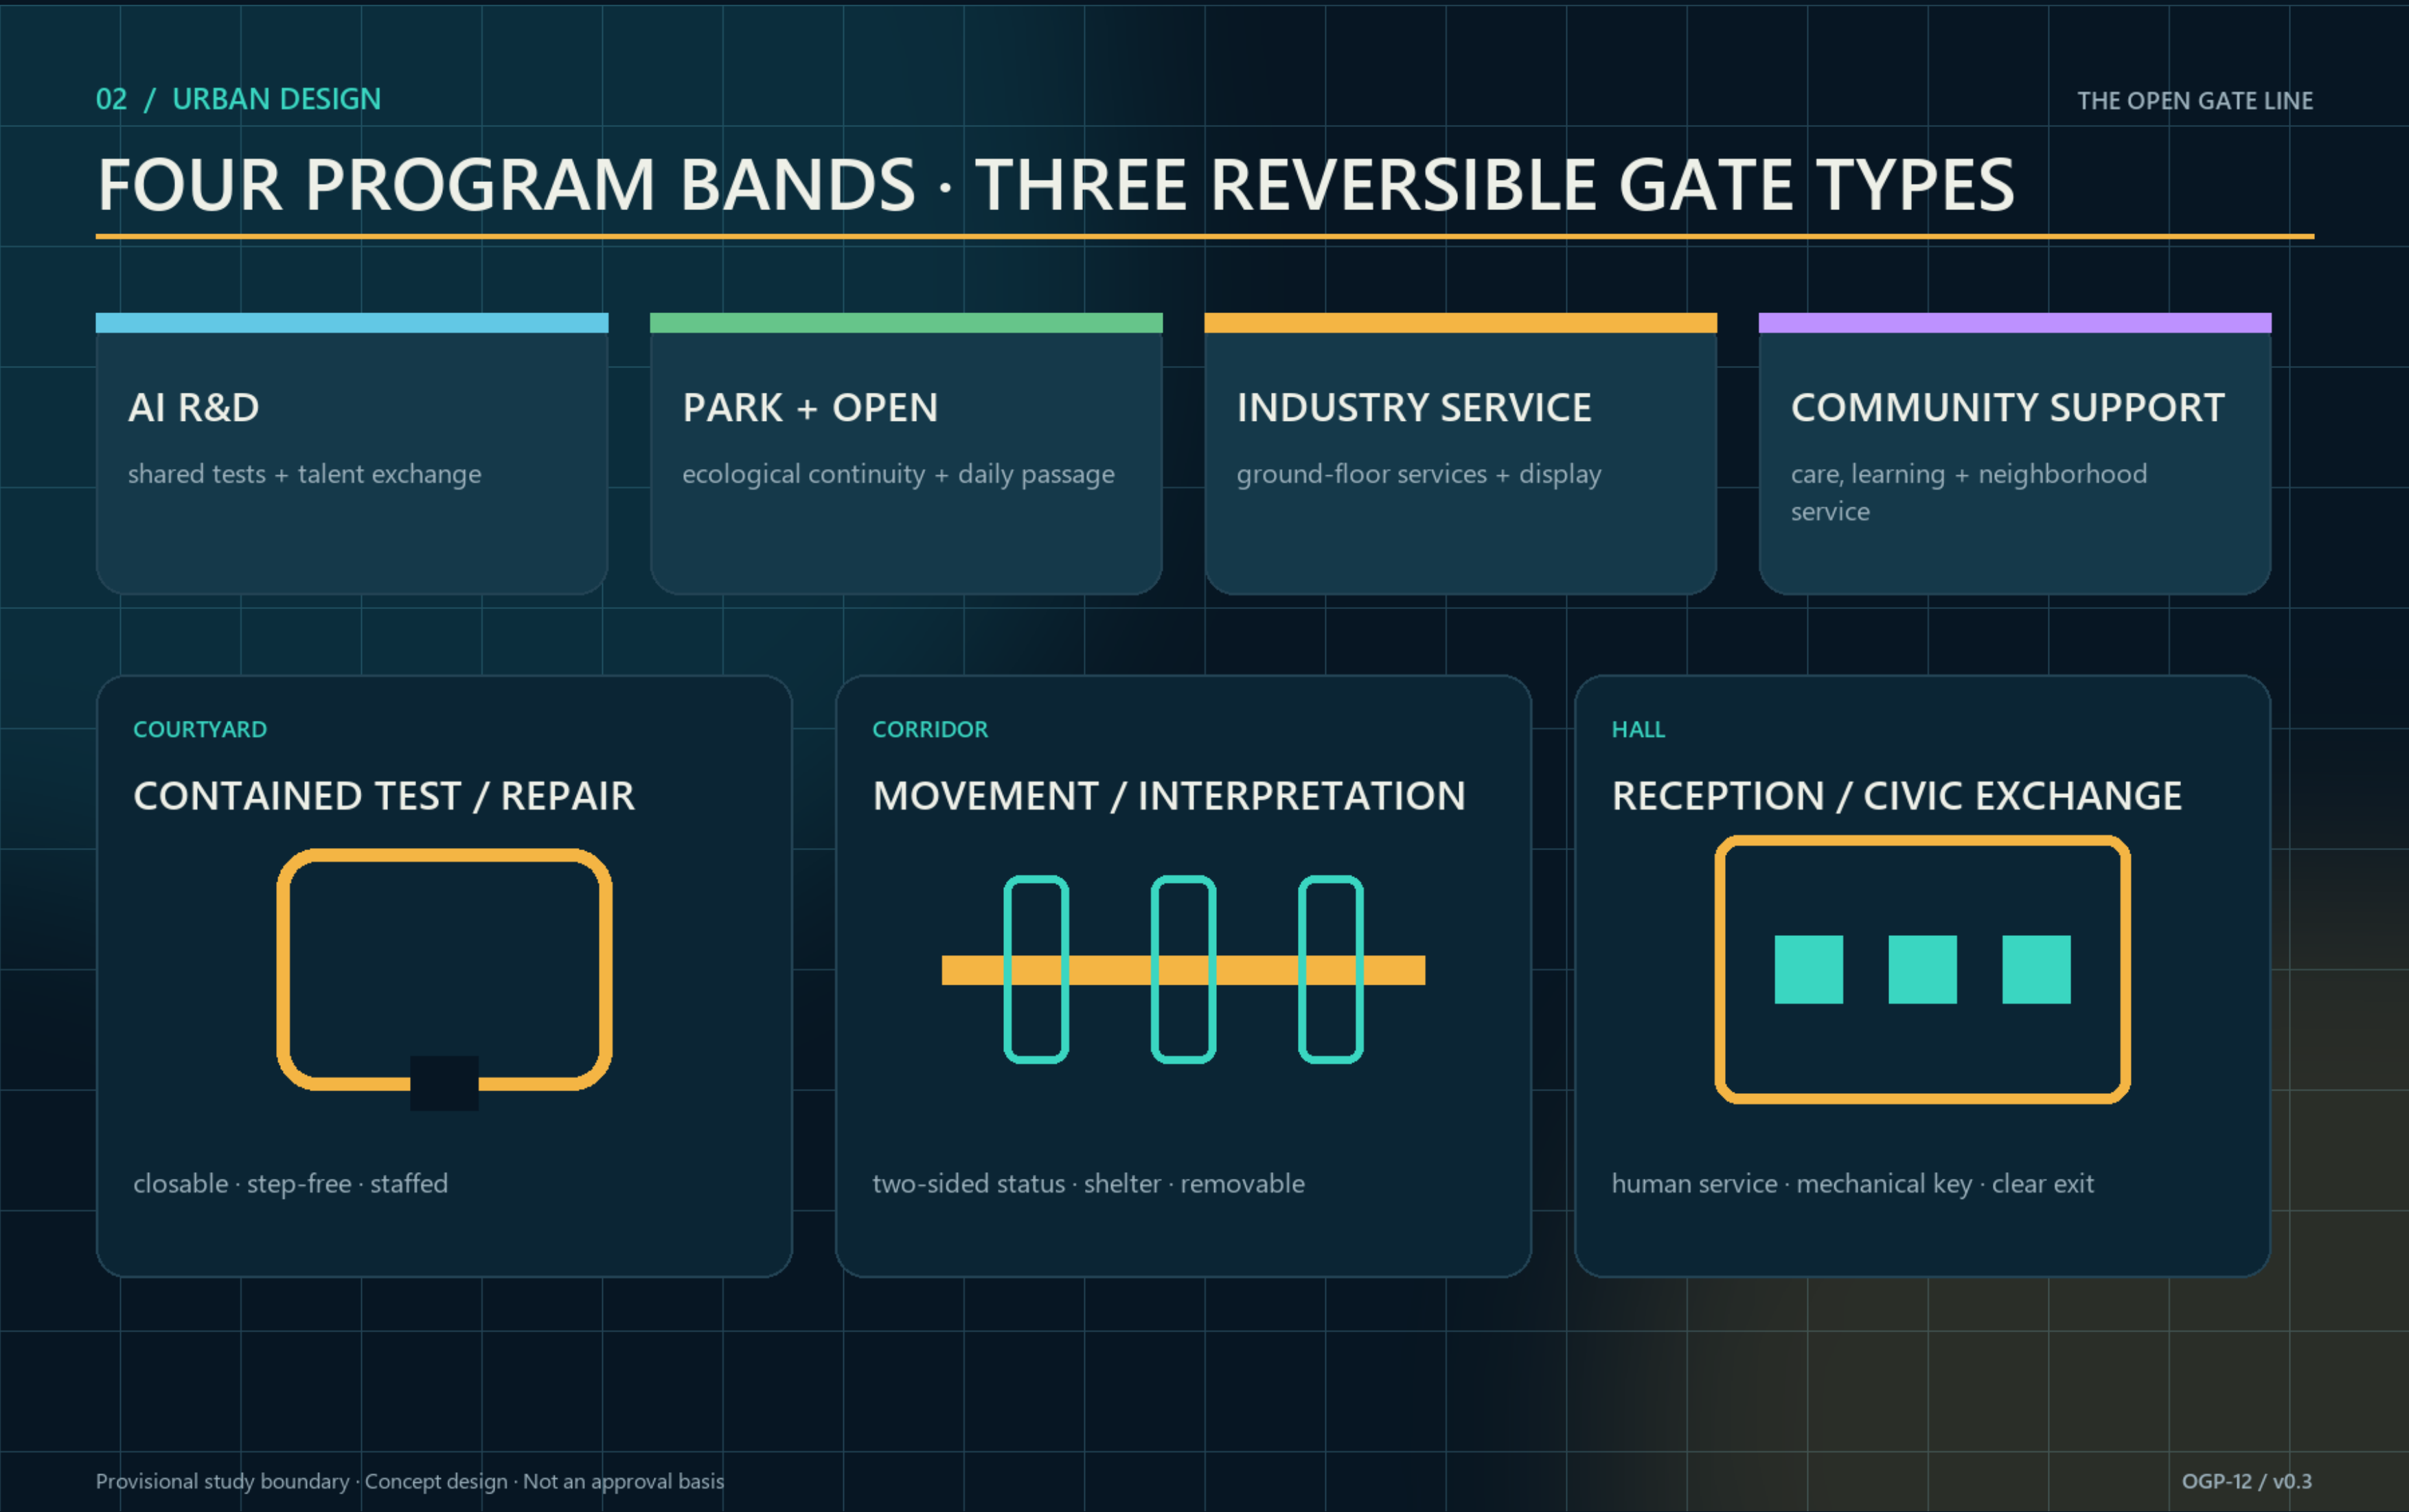

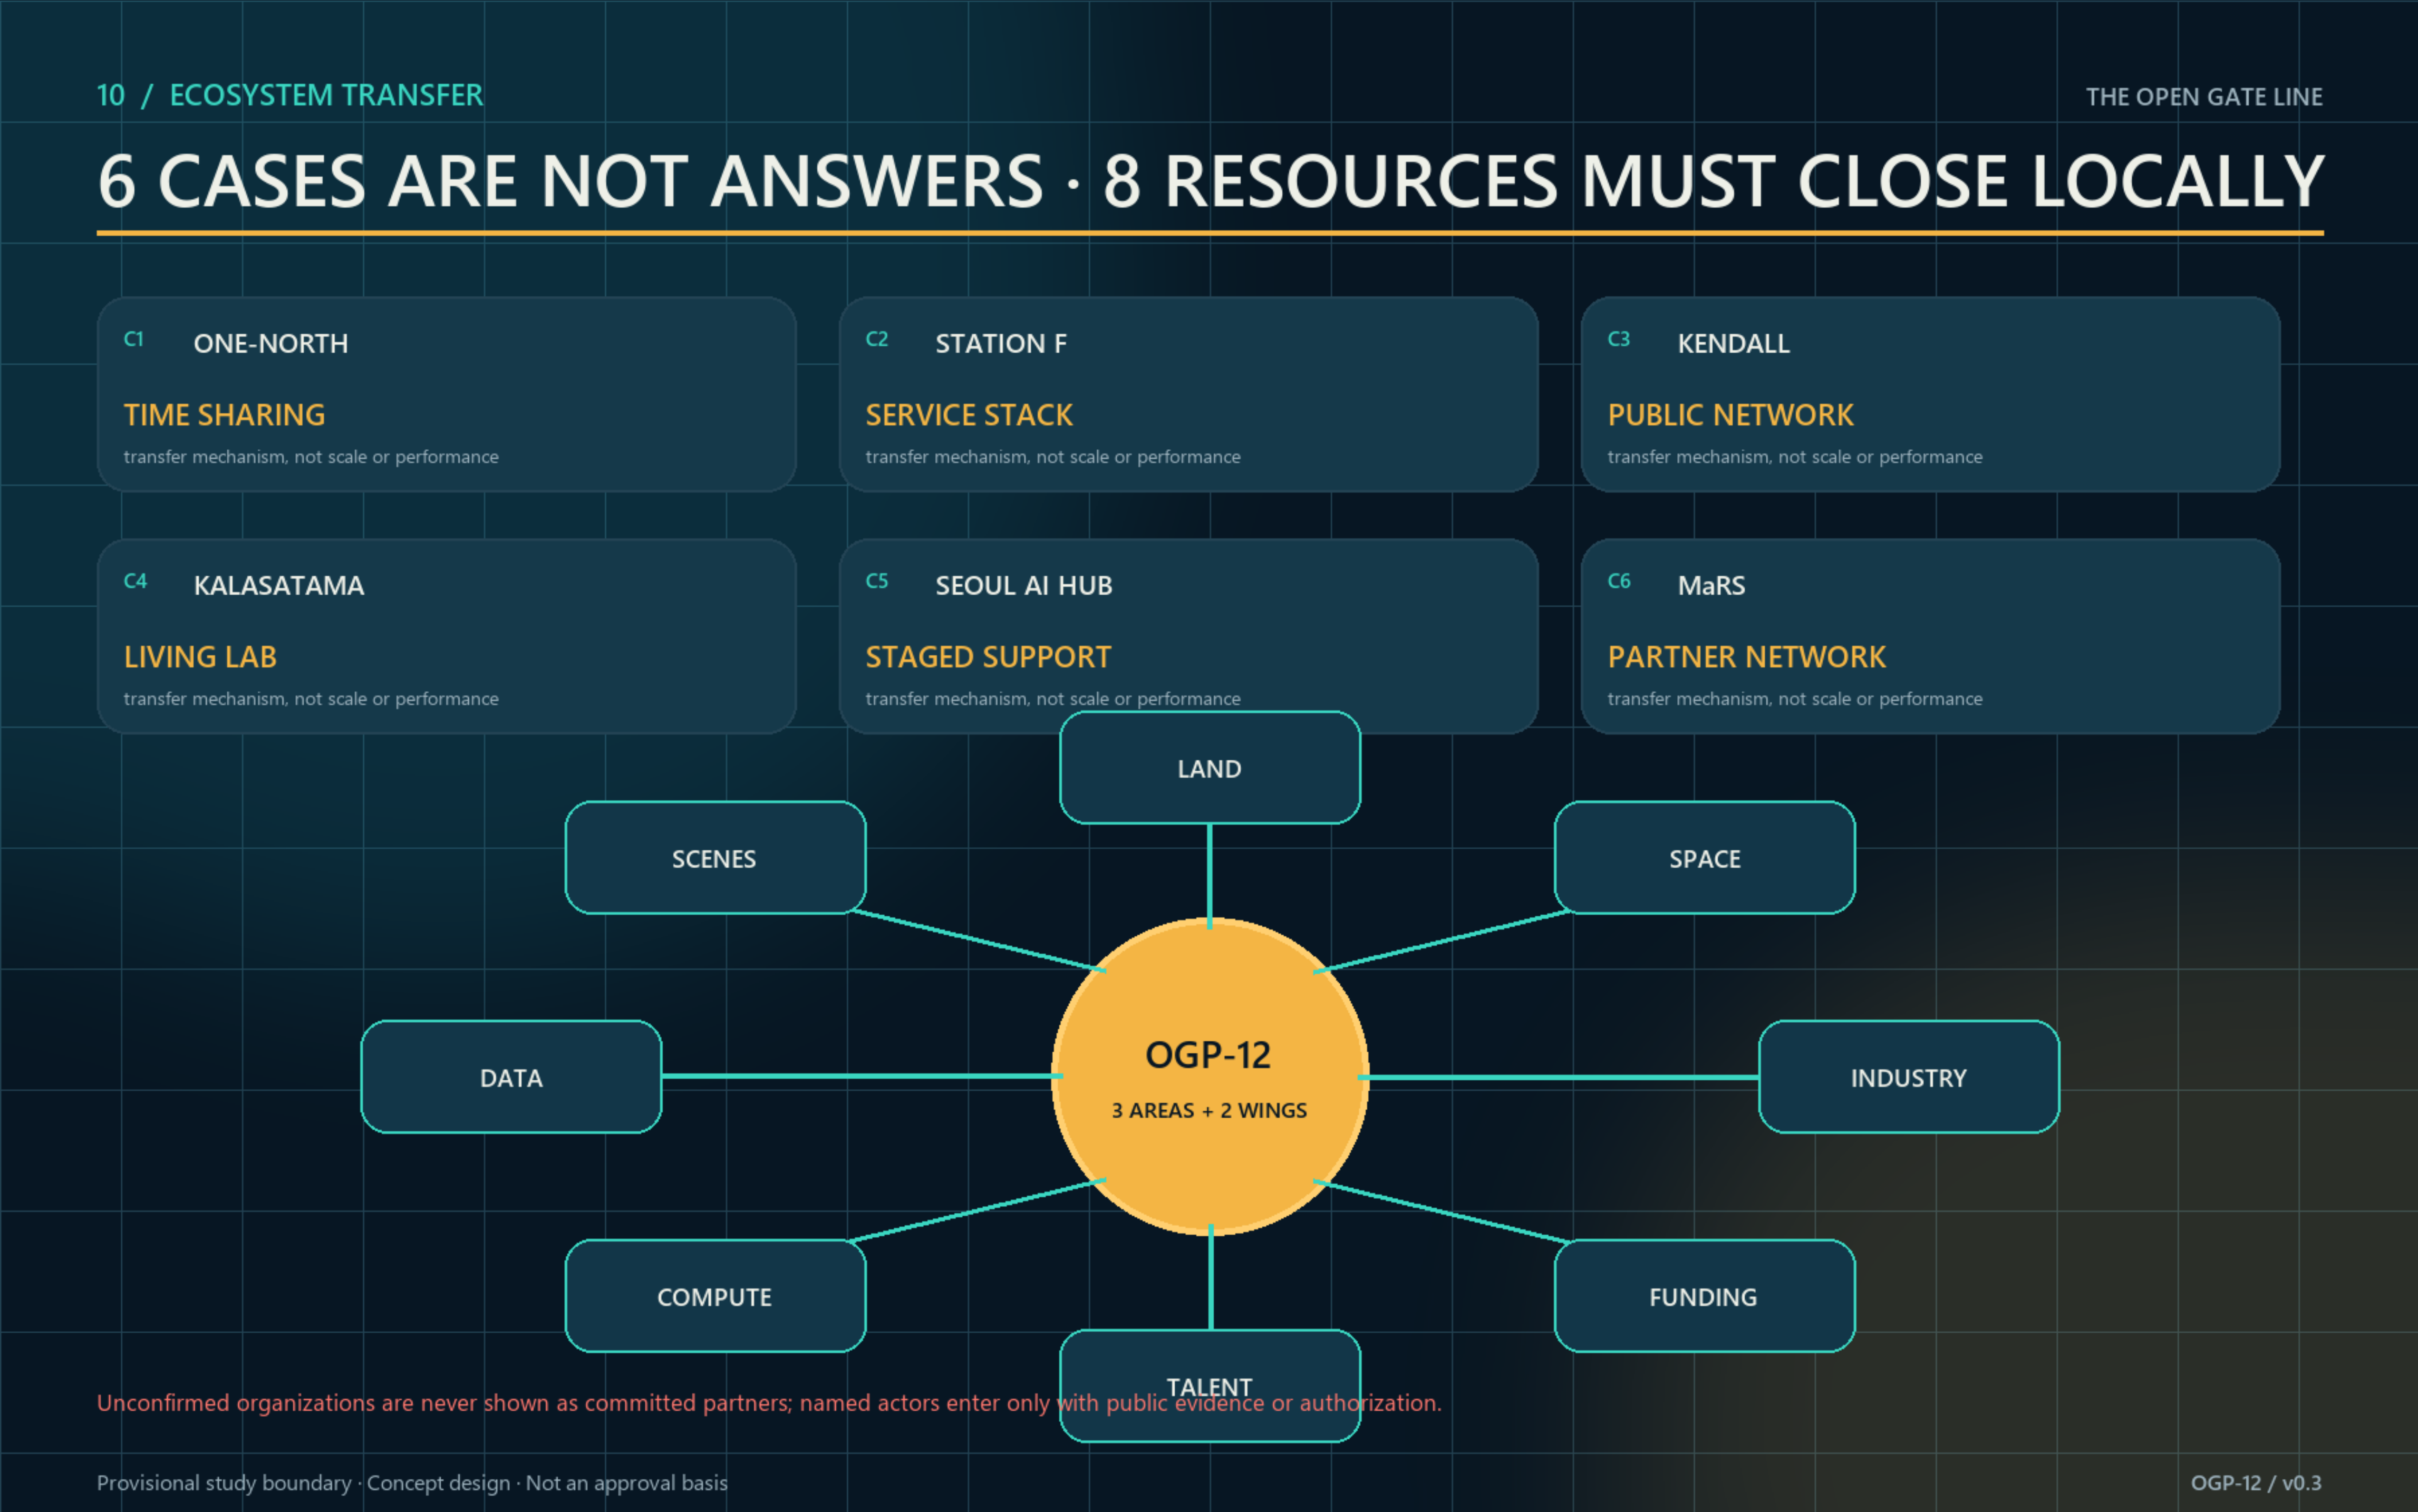

3 positions

5 functions

3 areas + 2 wings

1 original identity

Cases transfer mechanisms only; one heritage spine, three gate yards and eight local resources close the loop.

6 cases

8 resources

3 key areas

12 public gates

Three representative gates draw access, shelter, stewardship, mechanical fallback and visible exits at human scale.

11 / HUMAN-SCALE DEPTH

THE OPEN GATE LINE

3 REPRESENTATIVE GATES · PLAN, SECTION, TAKEOVER

G05 ORIGIN GATE

science commons / global arrival

PLAN

SECTION

step-free rain shelter staffed desk key visible exit

Concept control only; requires survey, fire, heritage and accessibility design

G07 GAUGE GATE

rain learning / manual gauge

PLAN

SECTION

step-free rain shelter staffed desk key visible exit

Concept control only; requires survey, fire, heritage and accessibility design

G09 COMMONS BELL

child discovery / shared honor

PLAN

SECTION

step-free rain shelter staffed desk key visible exit

Concept control only; requires survey, fire, heritage and accessibility design

Provisional study boundary · Concept design · Not an approval basis

OGP-12 / v0.3

04 / PUBLIC REALM

THE OPEN GATE LINE

WALKING FIRST · BLUE-GREEN BASE · HUMAN TAKEOVER

CONTINUOUS ACCESS

12 CROSS-LINKS

AGGREGATED BANDS

01 WALK / CYCLE

slow at gates; no accessible detour

02 LIGHT UTILITIES

metered; separated; mechanical key

03 BLUE-GREEN

hardscape first; visible water; recoverable

04 PUBLIC SERVICE

water, rest, first aid, staffed help

Provisional study boundary · Concept design · Not an approval basis

OGP-12 / v0.3

12 / FAIL-SAFE EXPERIENCE

THE OPEN GATE LINE

5 STATES OF ONE GATE · PUBLIC PASSAGE SURVIVES FAILURE

01 DAY

open passage + staffed help

OGP-12

02 NIGHT

low light + visible help

OGP-12

03 RAIN

shelter + gauge inspection

OGP-12

04 EVENT

capacity cue + walk-in quota

OGP-12

05 FAIL

AI off + key + fixed signs

HUMAN TAKEOVER

Concept simulation · no measured operating result is claimed

OGP-12 / v0.3

3 representative gates

5 operating states

continuous access

human takeover

AI never holds the final key; binary starts, public metrics and annual audits decide scale or exit.
