

Jingzhang Rights Handover | A0-01 Decision Board

Return control when due; hold new use when disputed

RIGHTS HANDOVER / 权利主体转换

Return control when due · Hold new use when disputed

AI

List authorized records · flag missing links · draft plain-language options · check receipts

HUMANS

Support steward · authority verifier · content/rights reviewer · independent appeal reviewer

PUBLIC RESULT

Freeze new use · isolate contested retention · keep ordinary service · remove temporary fixtures

– Seven states convert delegated participation into named verification, personal choice, and downstream synchronization.

– AI handles inventories, gaps, explanations, and receipts; humans decide triggers, rights, and appeals.

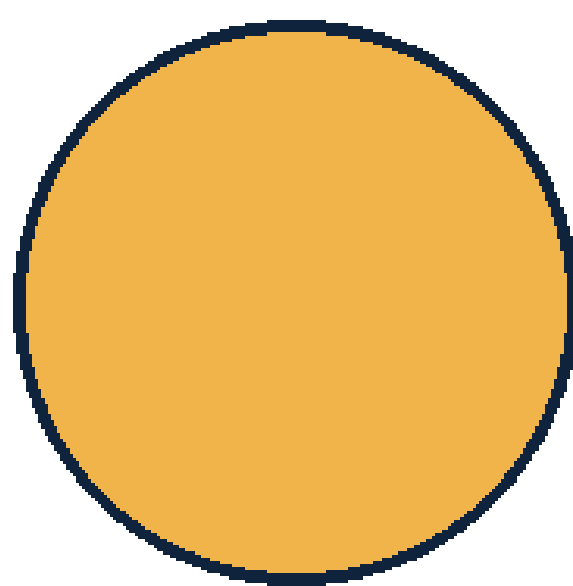

Conceptual workflow — not a legal or official decision

Jingzhang Rights Handover | A0-02 Spatial and Delivery Board

Three distinct tasks · 12 cards · 6 gates · 3 landmarks

THREE KEY AREAS · THREE DISTINCT TASKS

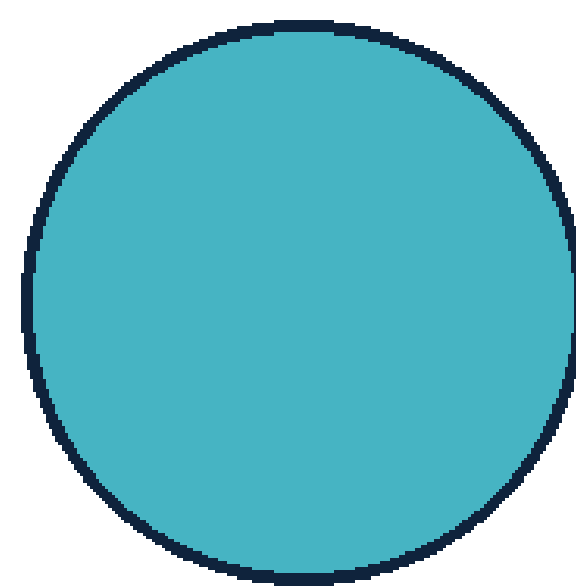

False trigger · Personal choice · Downstream reconciliation

ZHONGZHIYUAN

False-trigger & derivative trace

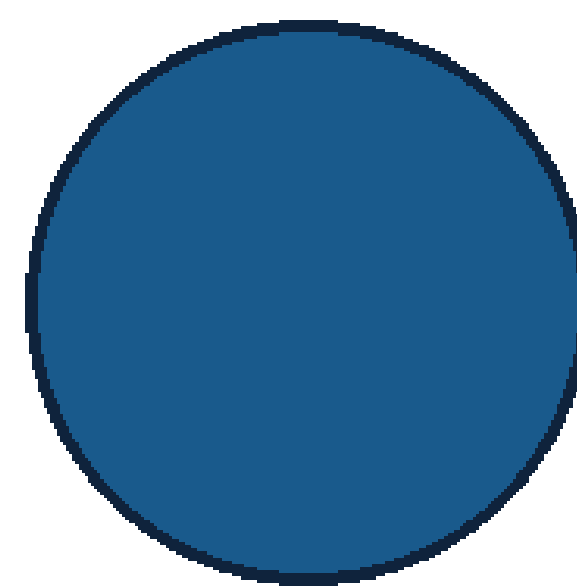

AI cannot infer age or authority

AI ORIGIN

Personal choice & joint-work split

Explain without steering

DAZHONGSI

Account-free receipts & closeout

Ordinary service continues

Three distinct tasks; not three repeated exhibitions

– Ordinary access and paper/staffed routes continue through disputes.

– All landmarks and fixtures are removable and expose no identity, age, or personal content.
