

JING-ZHANG ONE INSTRUCTION

A spatial responsibility chain for conflicting institutional copies · provisional · synthetic

同令链 / ONE INSTRUCTION CHAIN

01

02

03

PROVISIONAL

ordinary service continues / 普通服务连续

Public problem

Seven plausible channels
can shift an
institution's internal
conflict onto a person.

Named human decisions

Continuity first;
publisher reconciles;
matter professional
decides; independent

Minimum AI role

Compare authorised
fields and list open
copies only; paper,
phone, and receipts
complete the task with

6 synthetic conflicts · 7 channels · 4 human roles

not evidence of a real incident or approved service

THREE KEY AREAS, THREE DIFFERENT PUBLIC TASKS

Provisional areas carry relationships, not real institutions or implementation sites

BEFORE PUBLISHING

ZHONGZHIYUAN

Synthetic rule rehearsal

- schema differences
- AI-off rehearsal
- publisher reconciliation

PROVISIONAL

DURING CONFLICT

AI ORIGIN COMMUNITY

Ordinary-entry comparison

- screen-free entry
- protective receipt
- interim human path

PROVISIONAL

AFTER PUBLISHING

DAZHONGSI

Channel closeout receipt hall

- seven-channel closeout
- vendor exit
- independent review

PROVISIONAL

ordinary service continuity / 普通服务连续

AUDITABLE COMPLETENESS, NOT FIELD EFFECT

Spatial evidence · protocol fixtures · falsification conditions

6

synthetic
conflicts

42

channel closeout
fixtures

4

named human roles

100%

AI-off paths

INPUT

two authorised copies

ISOLATE

conflict-dependent
adverse action

DECIDE

named humans only

CLOSE

all known channels +
downstream

REVIEW

no-fault consequence
review

STOP IF

receipt adds burden · forged copy escapes · unsafe release ·
downstream cannot close

provisional public-space ratio: 0.0130
