

CITY HANDSHAKE

One spine · Three ports · Four gates | Bounded delegation, auditable action, reversible return

1 Red-Line Pavilion

2 Handshake Hall

3 Return Gate

PROVISIONAL geometry: for generation/display/content review only. Recompute after official polygons.

01 Protocol Foundry
Make rules: protocol, audit, red-team validation

02 Mandate Commons
Use rules: mandates, human handoff, revocation

03 Handoff Market
Stress rules: trade, refunds, robots, disputes

Three Civic Handshake Ports

Make the rules · Use the rules · Stress-test them in real transactions

ZHONGZHIYUAN · Protocol Foundry

reversible testing / protocol production

- Protocol lab
- Red-team yard
- Open assurance workshop
- LM-01 Red-Line Pavilion

Provisional geometry: 192.9 ha
NOT official polygon

AI ORIGIN COMMUNITY · Mandate Commons

daily delegation / human fallback

- Community mandate station
- Human service counter
- Permission/data receipt viewer
- LM-02 Handshake Hall

Provisional geometry: 104.3 ha
NOT official polygon

DAZHONGSI · Handoff Market

high-frequency trade / responsibility handoff

- Agent commerce interface
- Refund/dispute handback
- Robot handoff & stop
- LM-03 Return Gate

Provisional geometry: 72.0 ha
NOT official polygon

Three ports share ONE four-gate protocol

FOUR GATES

No silent scope expansion · Human fallback · Portable receipts · Reversible by default

CONTROL PRINCIPLE

No legal personhood for AI. Human and institutional principals remain accountable.

High-risk actions return to humans. Permissions are bounded, portable and revocable.

FAR / height / redlines / municipal capacity: UNKNOWN until official data arrives.
