

JingZhang AI Spine · Concept & Three-Level Scope

One belt, one spine, three cores, a blue-green slow-mobility loop | heritage / urban AI life / AI innovation

Three-level scope framework

Areas & wings

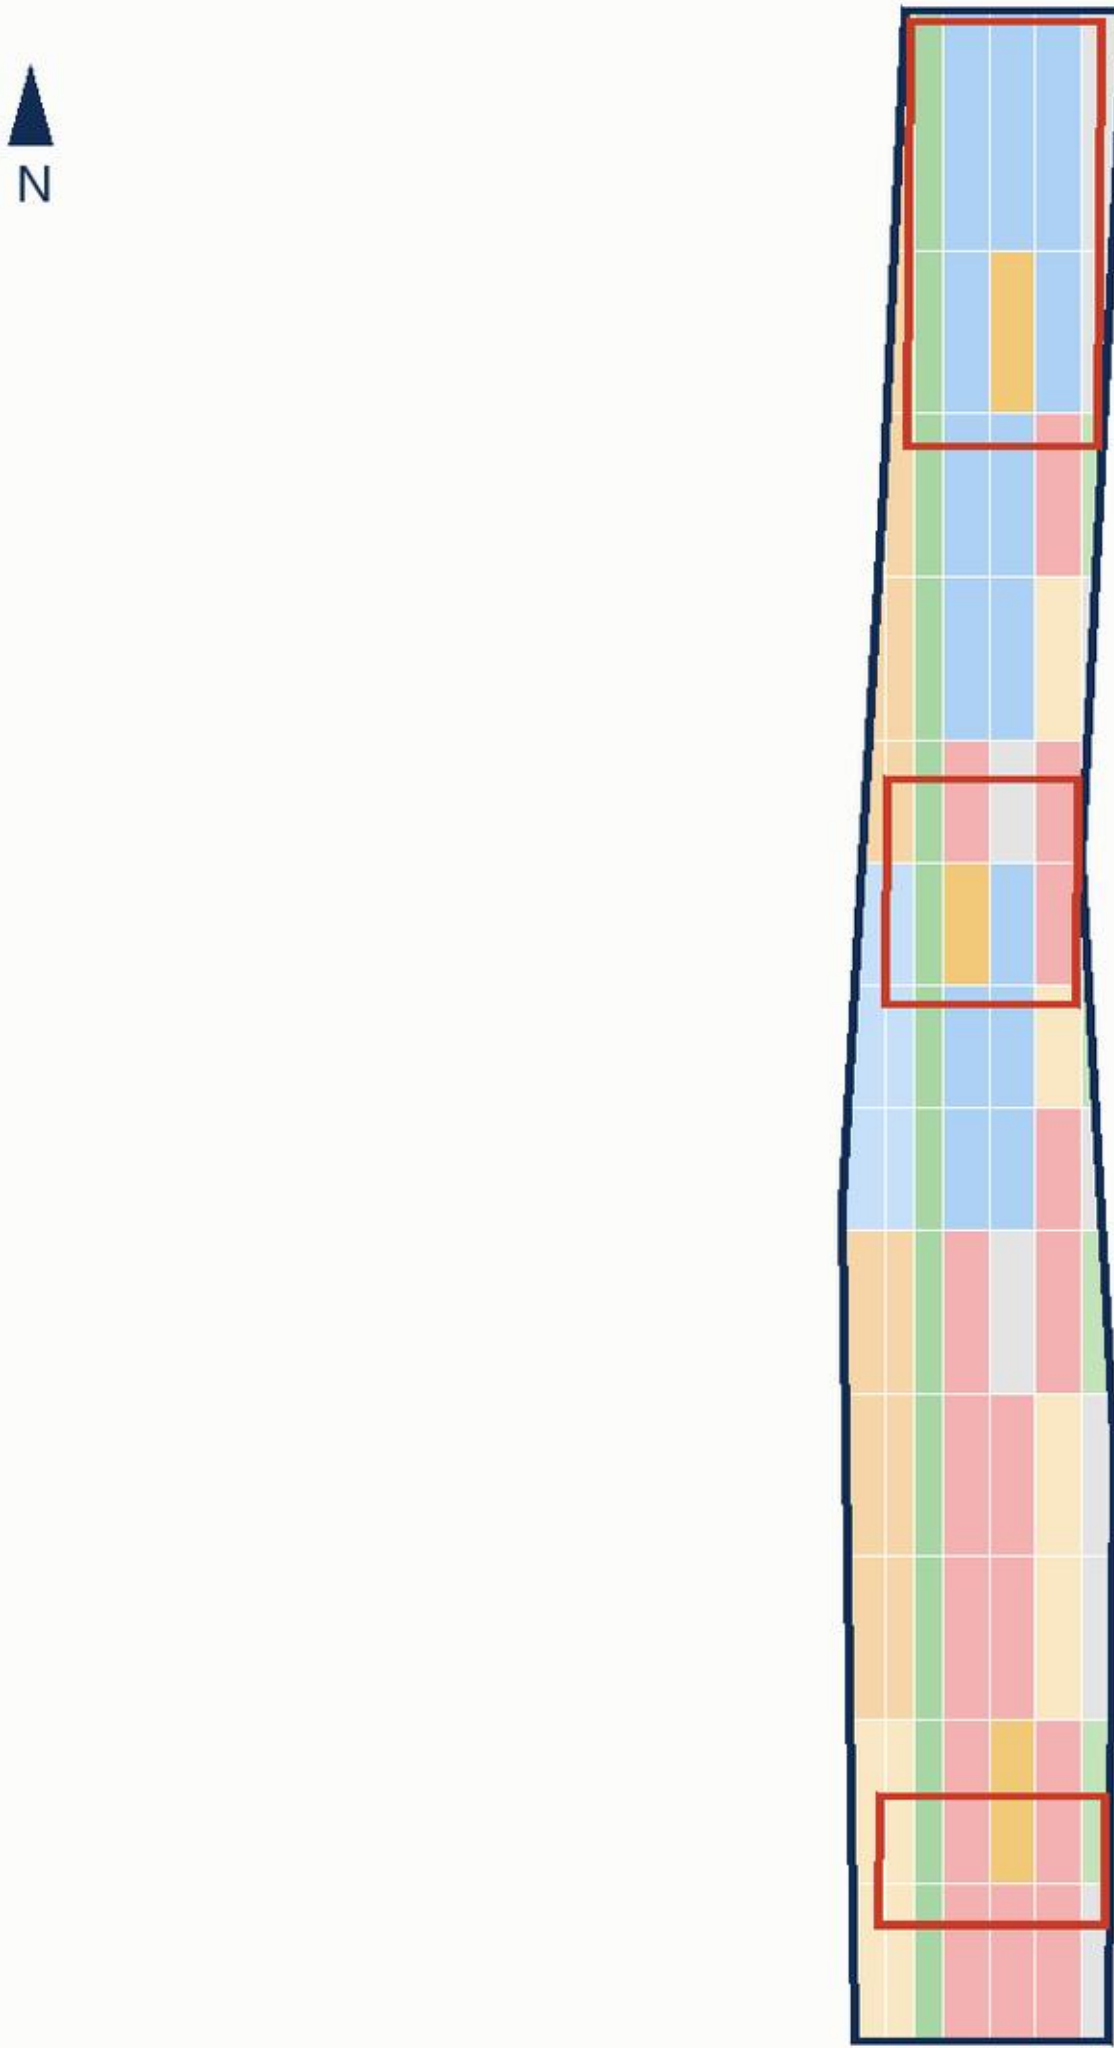

Three areas + two wings: Zhongzhiyuan (full-stack / AI governance)
-> Origin Community (ecosystem) -> Dazhongsi (AI-native business);
Zhongguancun service wing x Xiaoyuehe scenario wing

图例 Legend

- AI Spine greenway
- Key detailed-design areas (provisional)
- Overall design boundary (provisional)

Land-Use Structure (conceptual gapless partition)

MNR land-use codes | consistent with geometry/land_use.geojson

Legend (area/share)

- 05 Commercial services · 256.3 ha · 22.5%
- 0701 Residential · 142.6 ha · 12.5%
- 0702 Community service · 112.4 ha · 9.9%
- 0802 Research · 243.4 ha · 21.3%
- 0804 Education · 54.9 ha · 4.8%
- 1401 Park green · 133.5 ha · 11.7%
- 1402 Buffer green · 37.0 ha · 3.2%
- 1403 Civic square · 47.0 ha · 4.1%
- 16 Strategic reserve · 114.0 ha · 10.0%

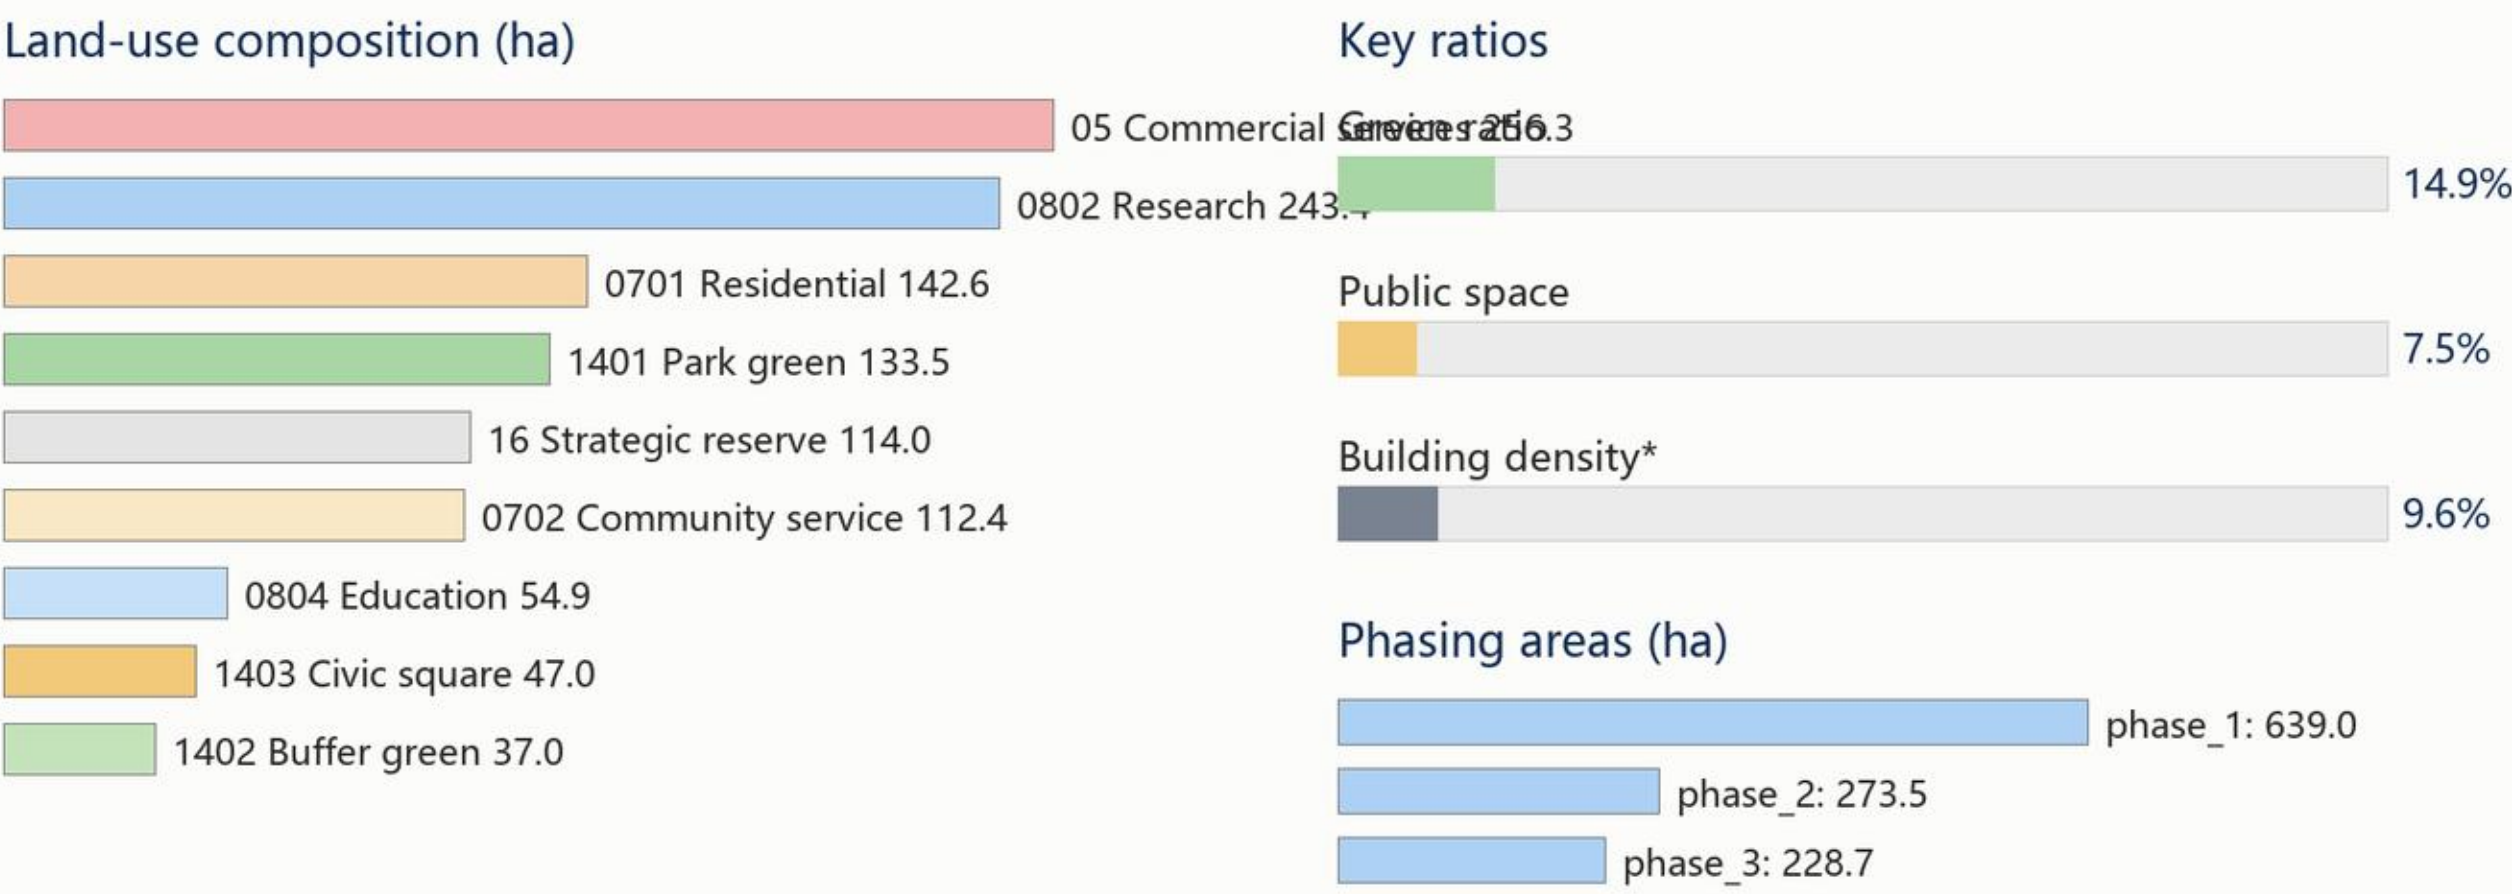

Adjacent cells share cut-line coordinates; union equals the submitted boundary. Conceptual proposal only.

Sources: Haidian announcement (2026-05-09) + maintainer provisional boundary (provisional constraint, not an official redline); drawn from GeoJSON/metrics recomputation, EPSG:4548.

Core Metrics Recomputation & Evidence Chain

All known metrics recomputable from geometry/*_geojson (EPSG:4548); unknown metrics pending official controls

Evidence chain: metric -> formula -> source file

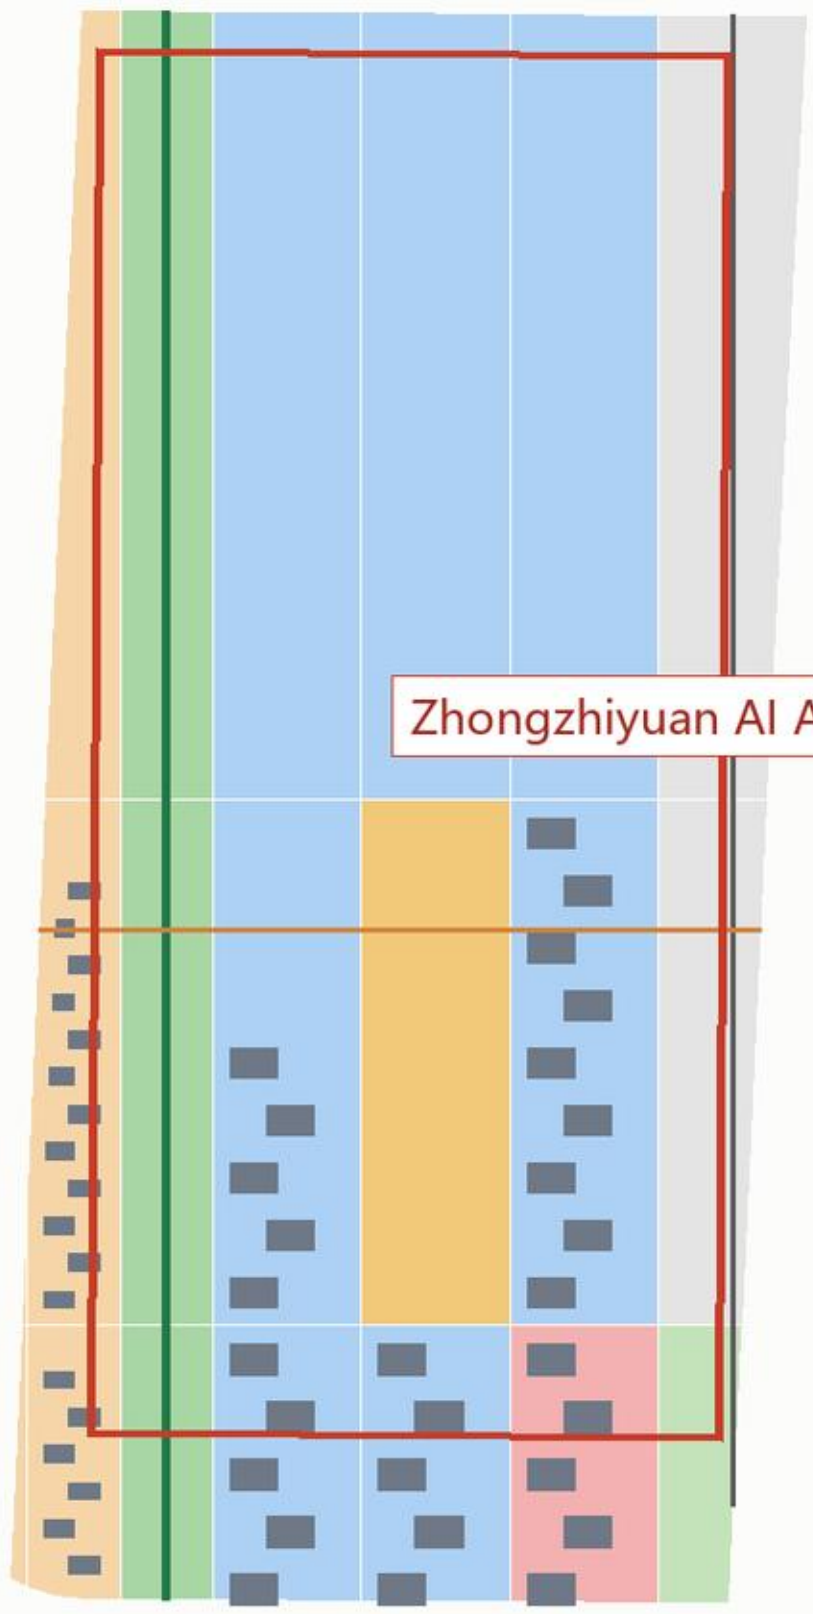

site_area_sqm	<code>polygon_area(site_boundary)</code>	<code>geometry/site_boundary.geojson</code>	known
green_ratio	<code>green_space_area / site_area</code>	<code>geometry/green_space.geojson</code>	known
public_space_ratio	<code>public_space_area / site_area</code>	<code>geometry/public_space.geojson</code>	known
building_footprint_area_sqm	<code>sum(polygon_area(buildings))</code>	<code>geometry/buildings.geojson</code>	known
road_centerline_length_m	<code>sum(line_length(roads))</code>	<code>geometry/roads.geojson</code>	known
floor_area_ratio	unknown — pending official controls	<code>brief/site-package/ranges/planning_limits.json</code>	unknown

Sources: Haidian announcement (2026-05-09) + maintainer provisional boundary (provisional constraint, not an official redline); drawn from GeoJSON/metrics recomputation, EPSG:4548.

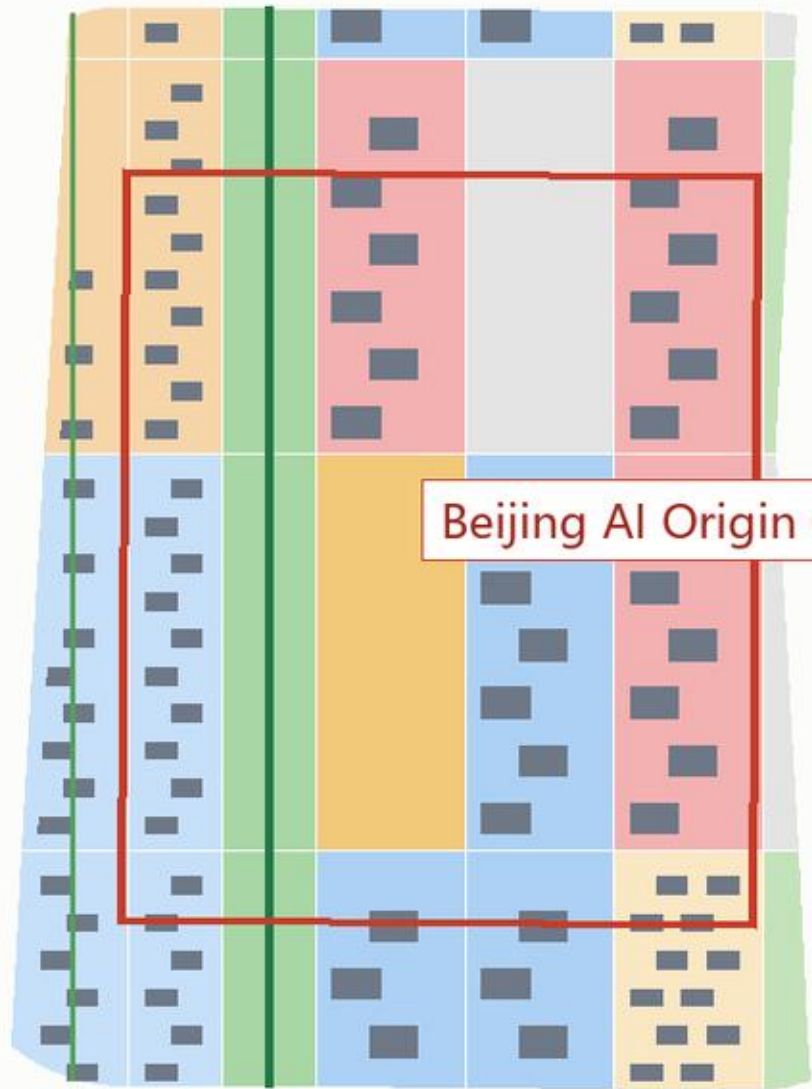

Concept: the heritage park axis links three innovation anchors, forming one spine, three cores, two wings and multiple nodes. Land use is a gapless conceptual partition recomputed from geometry/land_use.geojson (EPSG:4548).

Three Key Areas · Detailed Design Index

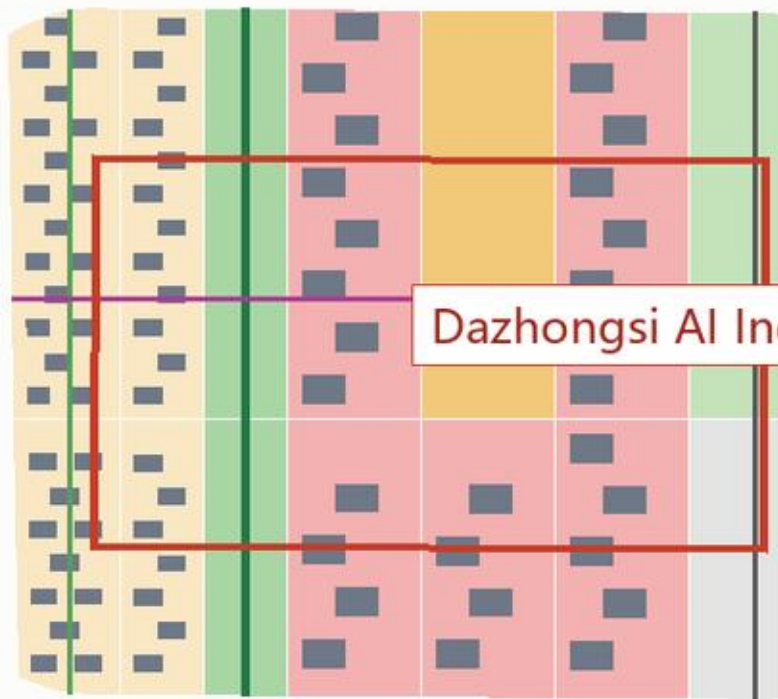

Zhongzhiyuan 192.1 ha | AI Origin Community 104.3 ha | Dazhongsi 72.0 ha (announced; provisional recompute close)

Garden full-stack innovation district

Campus-adjacent transfer & talent community

Urban AI-economy & transit-integrated district

Sources: Haidian announcement (2026-05-09) + maintainer provisional boundary (provisional constraint, not an official redline); drawn from GeoJSON/metrics recomputation, EPSG:4548.

Mobility × Blue-Green Public-Space System

One spine, two loops, multiple links: heritage axis + wings + three stitching corridors

图例 Legend

- Spine greenway
- Cycleway
- Secondary
- Branch
- Pedestrian link
- Transit connection
- Park green
- Buffer green
- Civic square

Centerline length 28.2 km
Green 14.9% | Public space 7.5%

AI 场景卡 Scenario Cards

01 Open-source Release Hall

AI Origin Community | releases & demo days; no personal tracking

02 AI Governance Sandbox

Zhongzhiyuan | standards, safety eval, red-team showcase

03 Edge-compute Post

belt nodes | new-infrastructure prototype with low-carbon energy

04 AI Slow-mobility Guide

heritage park | explainable wayfinding, low-intrusion sensing

05 Global Roadshow Lounge

Dazhongsi | agents/devices/content showcase & exchange

06 Qinghe Low-carbon Gallery

riverfront | green space, stormwater, cycling + AI exhibits

07 Campus Transfer Street

Origin Community | incubation, IP, legal & funding services

08 Data-element Salon

Dazhongsi | compliant, auditable data-element interface

09 AI Life-service Street

community retail | health/education/legal AI+ pilots

10 Global AI Week Route

belt public space | heritage-open source-industry-roadshow walk

11 Heritage Night-light Run

heritage park | night vitality with graded lighting safety

12 Accessible AI Tour

belt-wide | multilingual accessible guide with human fallback
