

JingZhang AI Spine -- A3 Design Booklet

Project Overview

Name: JingZhang Zhi Mai (JingZhang AI Spine) | Tagline: Open Symbiosis
Research Area: 43.6 km2 | Design Area: 11.4 km2 | Key Areas: 368.4 ha (3 zones)
PROVISIONAL BOUNDARY: geometry uses provisional_boundaries.geojson.
All design ideas are conceptual suggestions for professional teams.

agent.1 -- Naming & Visual Identity

Name: JingZhang Zhi Mai | EN: JingZhang AI Spine | Tagline: Open Symbiosis
Logo: Herringbone railway morphs into neural network nodes -- character Ren (human)
Colors: Steel Blue #1A3A5C | Open Green #27AE60 | AI Orange #E67E22 | Rust Red #C0392B
Sub-names: JingZhang AI Summit | Origin Open Lab | AI Spine Contributors Wall | Pilgrimage Route

agent.2 -- 7 Global AI Ecosystem Cases

1. MIT Media Lab + Kendall Square (USA): Univ R&D to deep-tech VC pipeline
2. Station F + Paris AI Cluster (France): World largest startup campus, full-cycle services
3. Singapore One-North: Planned mixed-use science city, walkable human scale
4. Helsinki Maria01 (Finland): Adaptive reuse, open innovation, AI governance lab
5. Shenzhen Bay Sci-Tech City (China): Industry-residence-research integration
6. Zhongguancun Science Park (China): Existing strength reactivation
7. Toronto Waterfront Digital Strategy (Canada): Data governance lessons
Haidian 5-segment chain: Univ Origin->Open Source->Enterprise->Public Exp->Global Comm

agent.3 -- 12 AI+ Scenario Cards

S01 Origin Open Source Hall (AI Origin Community)
S02 Safety Governance Sandbox (Zhongzhiyuan)
S03 Edge Computing Service Point (distributed nodes)
S04 AI Slow-Travel Navigator (Jingzhang Heritage Park)
S05 Dazhongsi International Pitch Salon
S06 Qinghe Low-Carbon Innovation Corridor (Zhongzhiyuan)
S07 Near-Campus Tech Transfer Street (AI Origin Community)
S08 Data Element Meeting Room (Dazhongsi)
S09 AI Life Service Showcase Street (community intersections)
S10 Global AI Week Route (full belt)
S11 AI Medical Companion Station (near hospitals)
S12 AI Education Open Lab (near universities)
3 Industry Tests: Autonomous delivery | Space monitoring | Transit dispatch AI

agent.4 -- Landmarks & Honor System

L01 Zhan Tianyou AI Heritage Wall (Qinghua Garden Station area)
L02 Open Source Achievement Corridor (mid-belt) -- railway milestone style + GitHub IDs
L03 Future Developers Plaza (AI Origin Community) -- neural sculpture + GitHub IDs inscribed
Honor: Annual inscriptions | GitHub ID commemoration | Digital certificates | Annual Report

agent.5 -- Cultural Narrative & Wayfinding

Three layers: 1905 Railway -> 1980s Zhongguancun -> 2020s AI New Culture
Route Century AI Trail ~5.5km: Qinghua Garden->Heritage Wall->Open Source Corridor->AI Origin->Dazhongsi
Signage: Railway kilometer milestone form factor, bilingual CN/EN, weathering steel, QR codes
EN tagline: A century ago, Zhan Tianyou engineered a railway that defied the impossible.
Now it is your turn to leave a mark -- in code.

agent.6 -- Events & Long-term Operations

JingZhang AI Summit (September): Global thousand-person AI summit + awards
Open Sprint Week (April): 48h open-source hackathon on urban AI
AI Night Market (monthly): Rotating venue, demos + talks + community
Quarterly AI Living Lab Open Day: Public AI city service testing
Global Developer Pilgrimage Week (year-round): Curated experience route
Operations: Foundation | Tiered space mgmt | Digital twin | Global network | Sustainability index
All operations require government approval, funding, and professional teams.

Three Key Areas -- Detailed Design

ZHONGZHIYUAN (192.1 ha): Garden-type full-stack AI innovation quarter
Qinghe Low-Carbon Corridor (S06) | Safety Sandbox (S02) | Edge Computing (S03)
AI ORIGIN COMMUNITY (104.3 ha): Near-campus open-source and tech transfer hub
Open Source Hall (S01) | Tech Transfer Street (S07) | Future Developers Plaza (L03)
DAZHONGSI (72.0 ha): Urban intelligent economy and international exchange quarter
4-quadrant station connectivity (JZ-04) | Pitch Salon (S05) | Data Element Room (S08)

Metrics & Compliance Summary

Research area: 43.6 km2 | Design area: 11.4 km2 | Key areas: 368.4 ha (3 zones)
Green ratio: provisional | Public space ratio: provisional | FAR: unknown (pending control)
compliance_matrix.json covers tasks 1.3/1.4/1.5 + agent.1-6
standard_matrix.json covers all mandatory standards
