The diagram illustrates a process flow or data structure involving three main components, each represented by a colored box with a corresponding orange circle below it. The boxes are connected by lines, suggesting a sequence or relationship. The first box is blue, the second is green, and the third is yellow. Below each box is an orange circle containing a small icon. A legend at the bottom left identifies the components: a blue box for 'GeoJSON metrics', a green box for 'official boundary', and a yellow box for 'official boundary'.

Legend:

- GeoJSON metrics
- official boundary
- official boundary

metrics.json provisional boundary EPSG:4548 FAR unknown

metric	value	unit	source
