

BOARD 01 Overall Overview

Three-tier scope and land-use structure (provisional)

SCOPE

- Comprehensive Study 43.6 km2
- Overall Design 11.4 km2
- Key Areas 368.4 ha (3 sites)
- Provisional polygons - replace when official

TRUCTUR

- One Belt: JINGZHANG relic-park vitality belt
- Three Cores: Zhongzhiyuan / AI Origin / Dazhongsi
- Multi-Scenario Points + blue-green loop

LAND USE

- 0802 R&D / 0804 ed-research / 05 commercial
- 0701 residential / 1401 park-green / 1207 roads
- Gap-free MNR coverage, parcels tagged

NOTE

- buildings.geojson = concept footprint only
- FAR/height = pending_control, no fabrication

BOARD 02 Key Areas Detail

Zhongzhiyuan / AI Origin / Dazhongsi

Zhongzhiyuan

- Autonomous innovation acceleration
- Open-source launch hall + campus transfer
- Waterfront renewal along Qinghe

AI Origin

- AI Origin Community
- Near-campus result transfer street
- Talent zone, co-design mechanism

Dazhongsi

- AI industry agglomeration
- Station plaza launch podium (4 quadrants)
- Global AI-week route node

FABRIC

- Keep / renovate / renew / rebuild / TBD
- Station integration, slow corridor stitching

BOARD 03 AI Scenarios, Ecology and Brand

Scenario cards - ecology map - brand & events

ARIOS

- open-source launch hall
- safety sandbox
- edge-compute stations
- AI slow-mobility guide
- data-factor parlor
- low-carbon corridor / model street

& VERIFY

- launch hall: launch-test-remove
- edge station: onboard-verify-exit
- plaza podium: recruit-roadshow-exit

OLOGY M

- land-use -> allowed + transition chain
- Qinghe / Xiaoyuehe blue-green loop

ND & EVE

- JingZhang - AI Life Corridor
- quarterly open-source + annual AI release
- bilingual boards for overseas review

BOARD 04 Phasing, Implementation & Compliance

PHASE-001/002/003 - risk & review flow

PHASING

- PHASE-001 north: near-term pilot
- PHASE-002 mid: segment renewal
- PHASE-003 south: long-term governance

MATRIX

- JZ-01..06 projects w/ owner, dep, risk
- performance + exit criteria per scenario

INDICATOR

- spatial (provisional) + regulatory (TBD)
- performance: usage/accessibility/satisfaction

COMPLIANCE

- assets in sources.json, rights disclosed
- no claim of approval / operator / guarantee
- official boundary + issue #807 check pending
