

人字智轨 REN-RAIL • 总体范围总览
Overall Scope & Twin-Rail Structure

用地结构与建筑基底示意
Land-Use Structure & Indicative Building Footprints

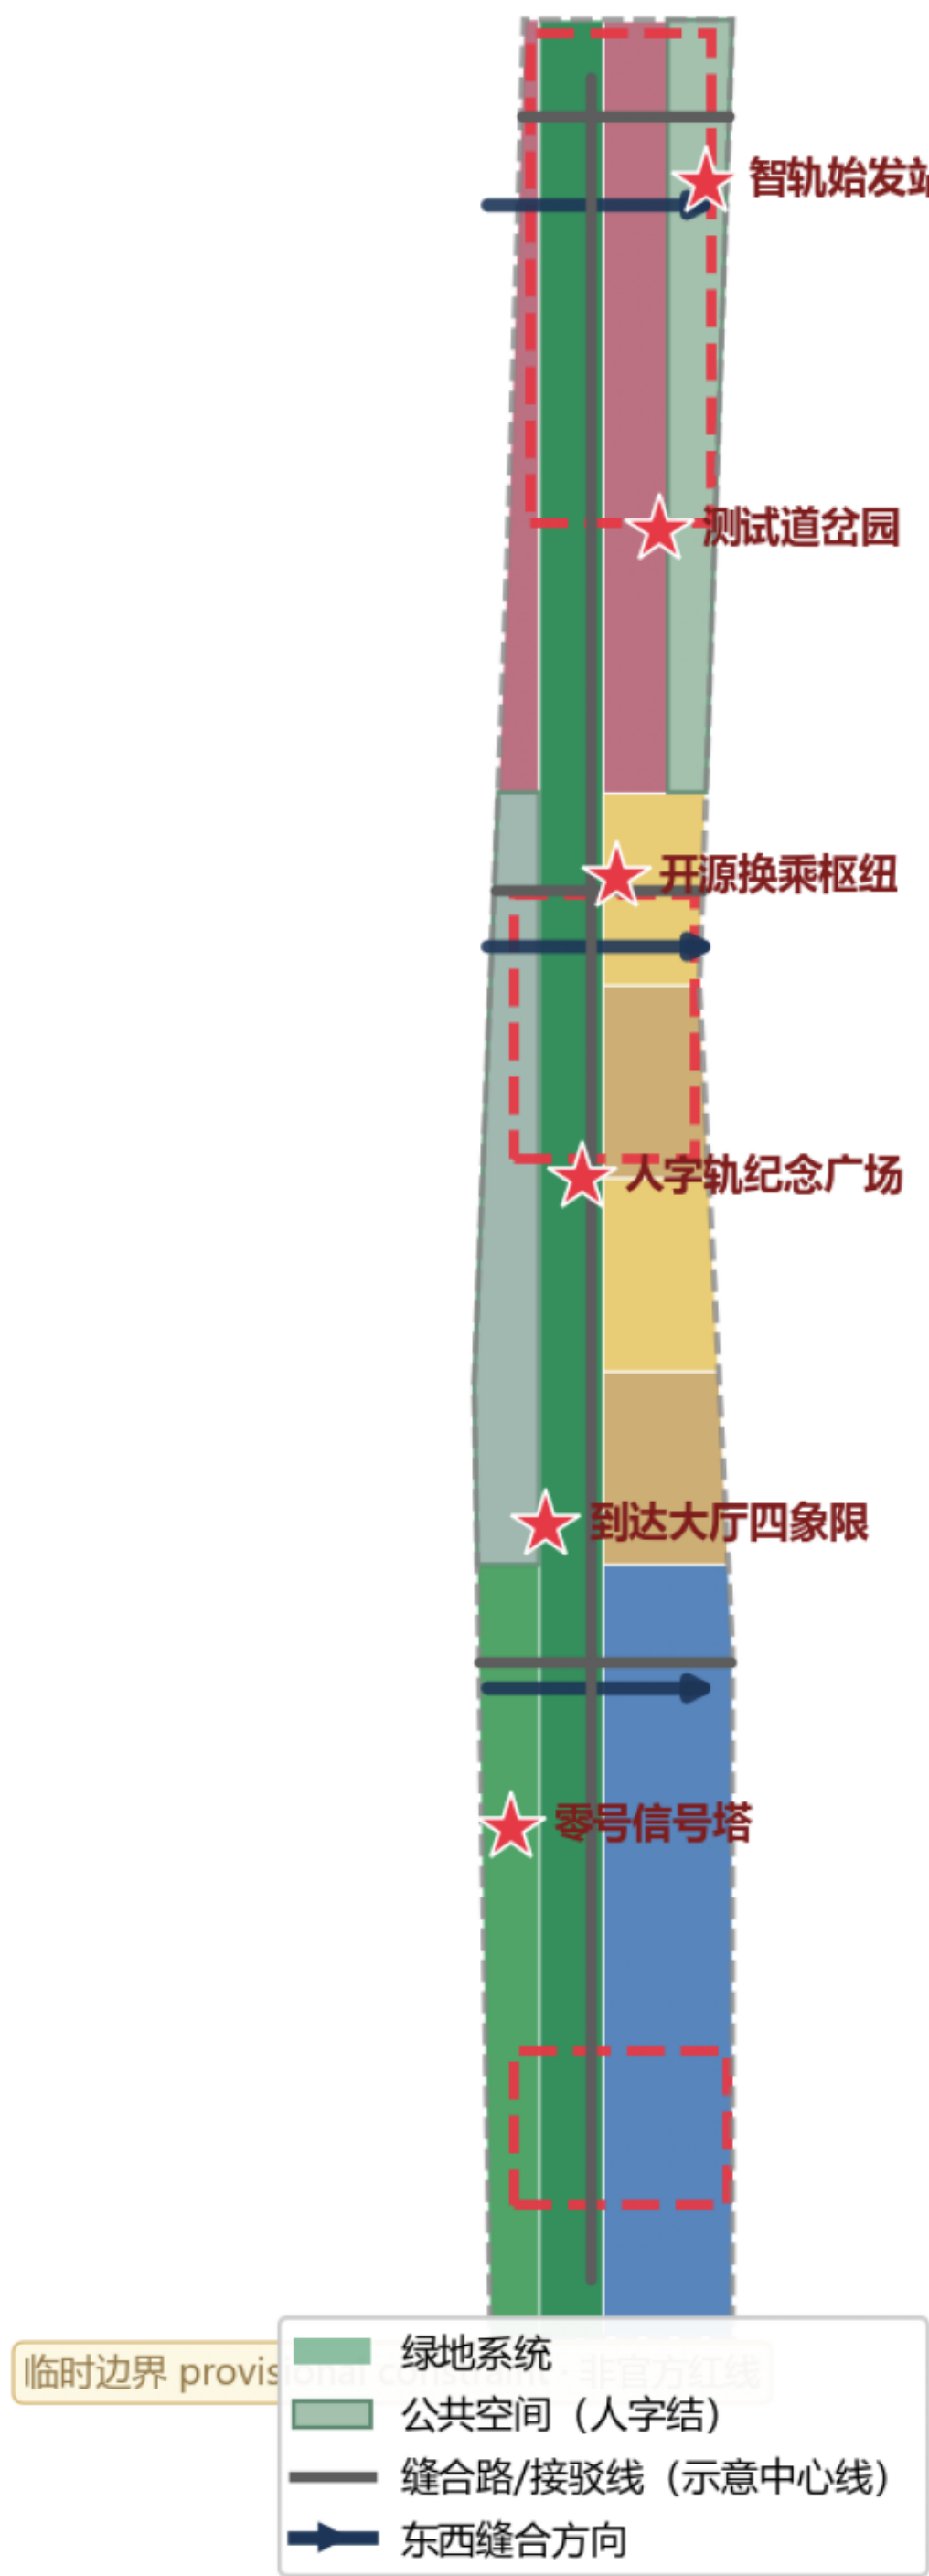

三处重点区域详细设计 (provisional 范围)
Three Key Detailed-Design Areas

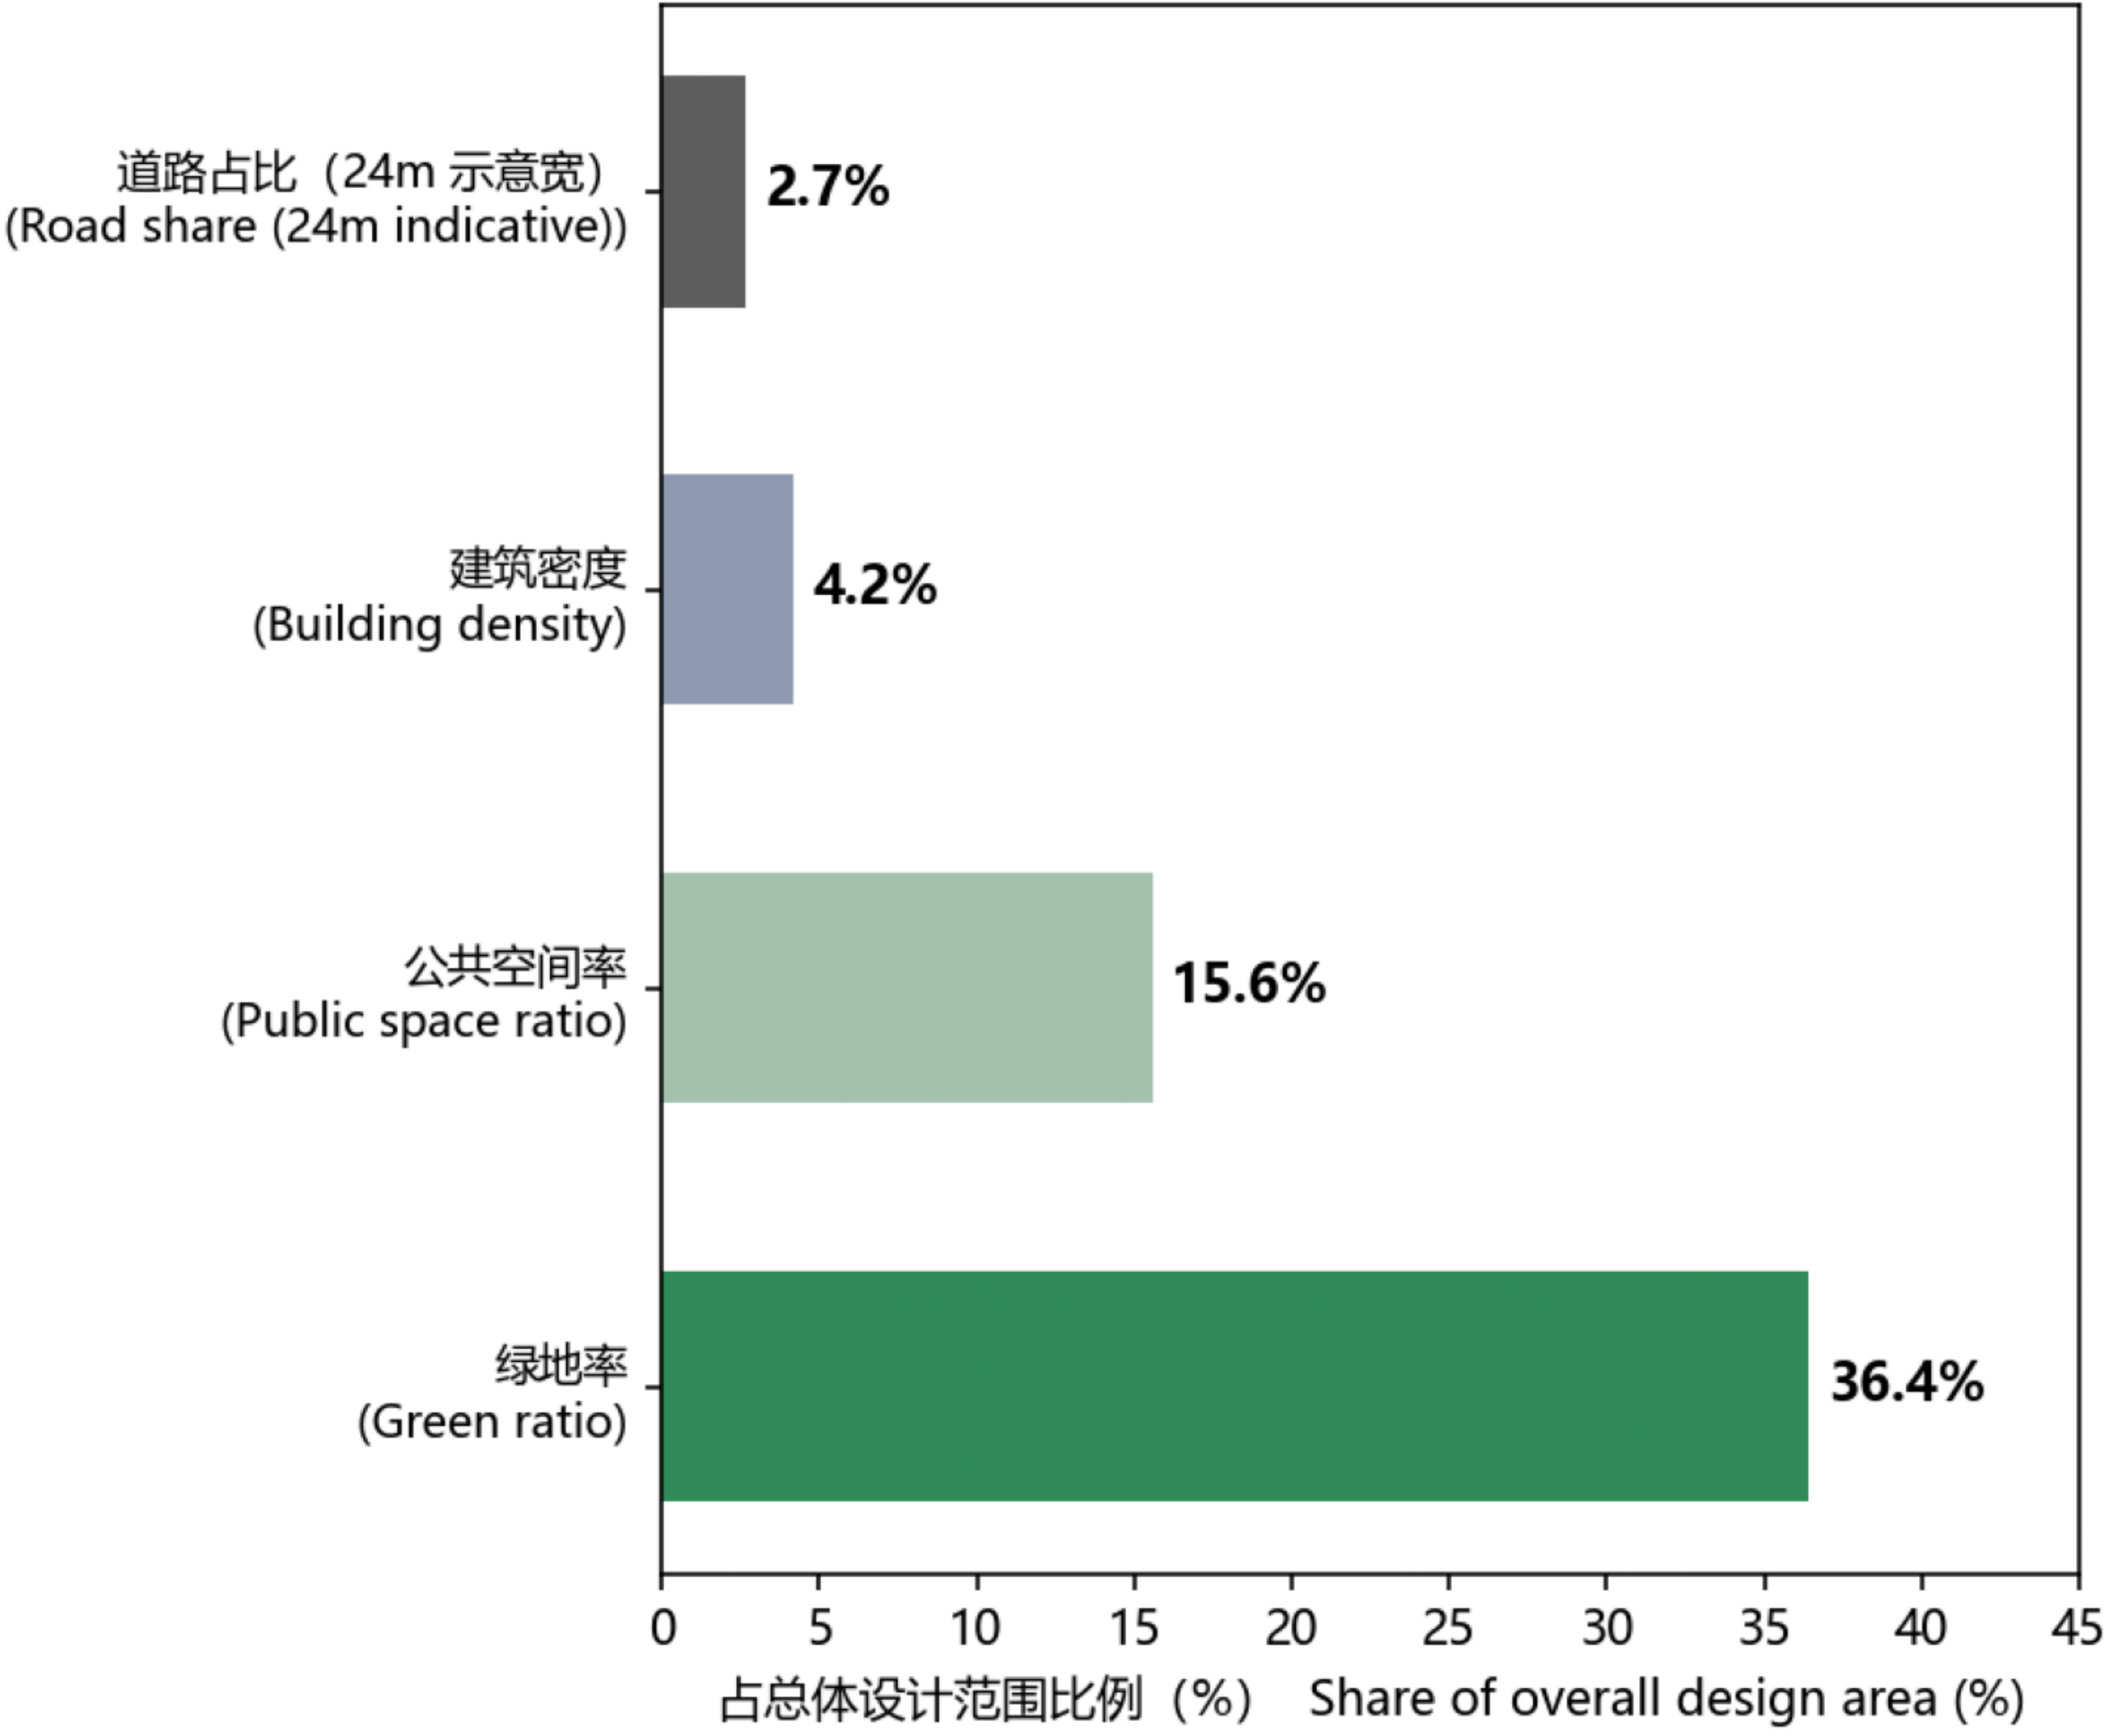

REN-RAIL: twin rails of technology and humanity meet at six Ren-Knots, stitching east-west and connecting north-south — Marshalling Yard (Zhongzhijuan) · Transfer Hub (Origin Community) · Arrival Gate (Dazhongsì) · Signal House (Zhongguancun wing) · Test Track (Xiaoyuehe wing).

Key metrics: Boundary 11,412,825 m² · Green ratio 36.4% · Public-space ratio 15.6% · Road centerlines 12.7 km

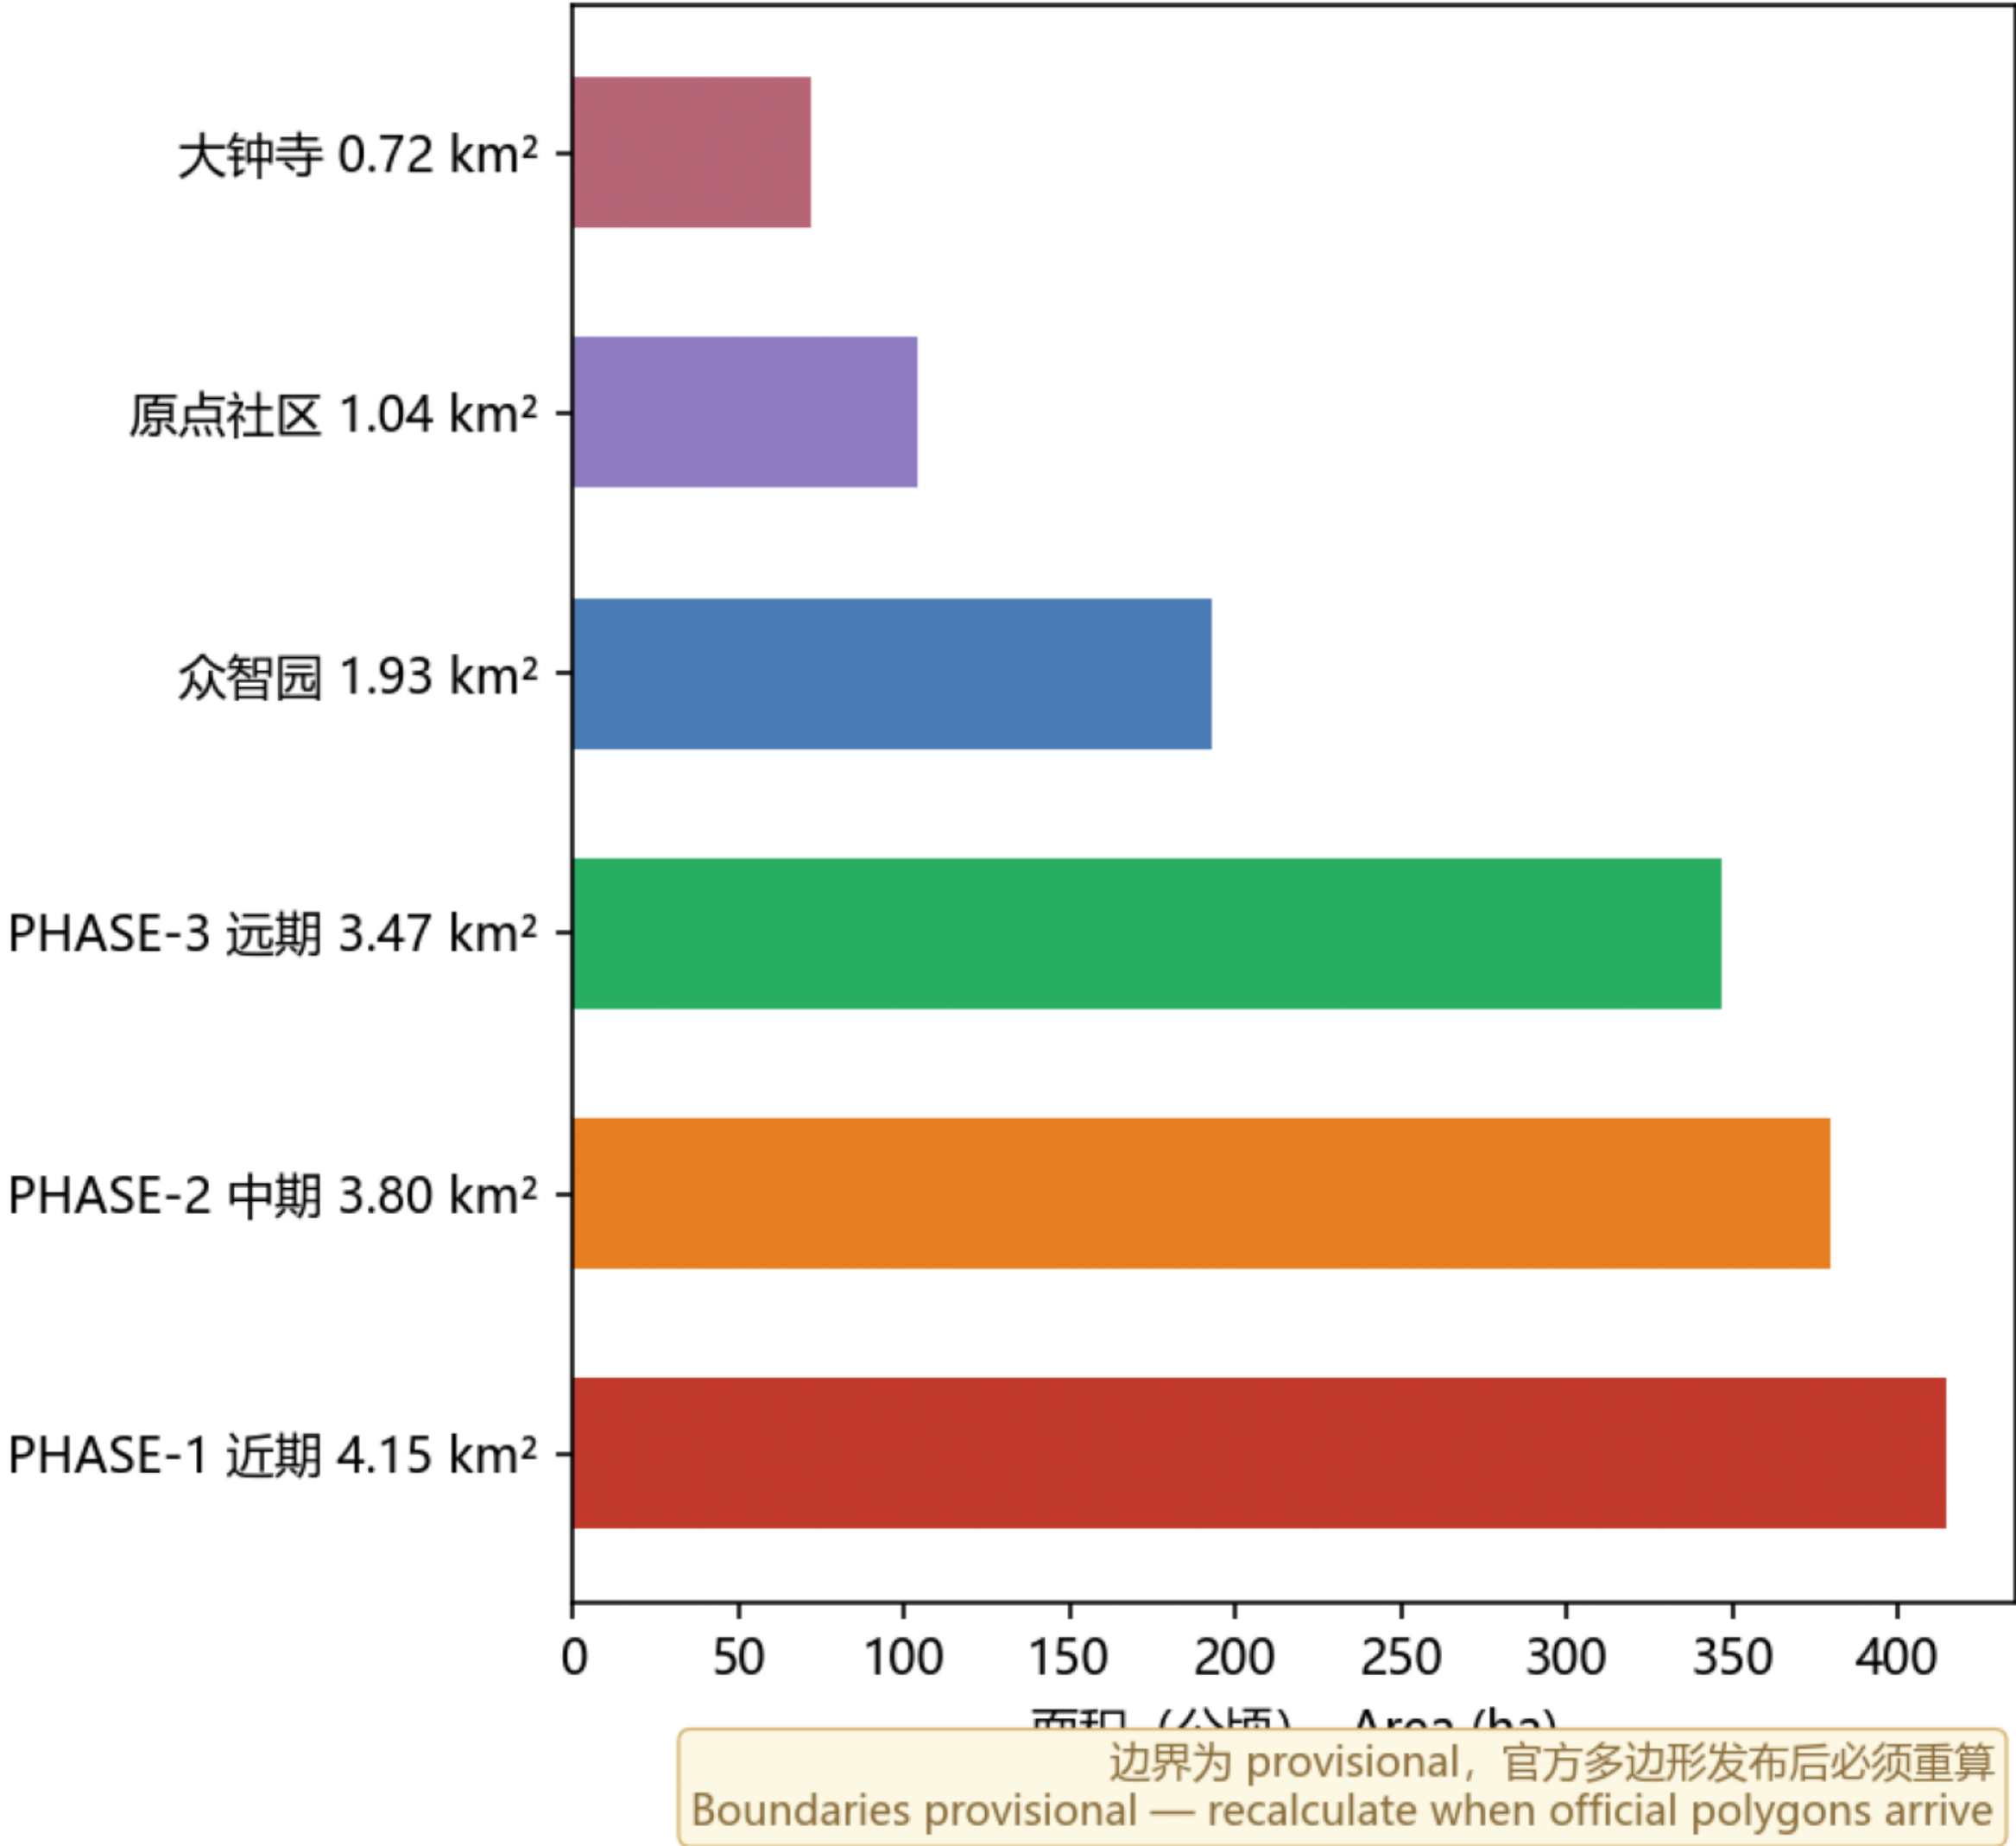

交通缝合与蓝绿公共空间系统
Mobility Stitching & Blue-Green Public Space System

核心比例指标 (EPSG:4548 复算)
Core Ratio Metrics (recalculated in EPSG:4548)

分期与重点区面积复算
Phasing & Key-Area Areas (recalculated)

Four transversals + one longitudinal skeleton stitch east and west; the Ren-Knot component library (display / experience / governance / operation) runs along the heritage-park spine; three AI pilgrimage landmarks: Ren-Rail Memorial Plaza (1:1 recreation of the Badaling switchback + developer honor wall), Signal Zero Tower (public, listenable, stoppable AI status), Open Source Gallery; 12 AI scenario cards with data-minimization and human-review boundaries.

Compliance matrix: all 23 entries covered (Announcement 1.3/1.4/1.5 + agent.1~agent.6); recalculation paths in metrics.json; evidence chains in compliance_matrix.json / standard_matrix.json / design_depth_matrix.json.
