

One Spine · Three Cores · Two Wings · Two Rings | Conceptual design (provisional)

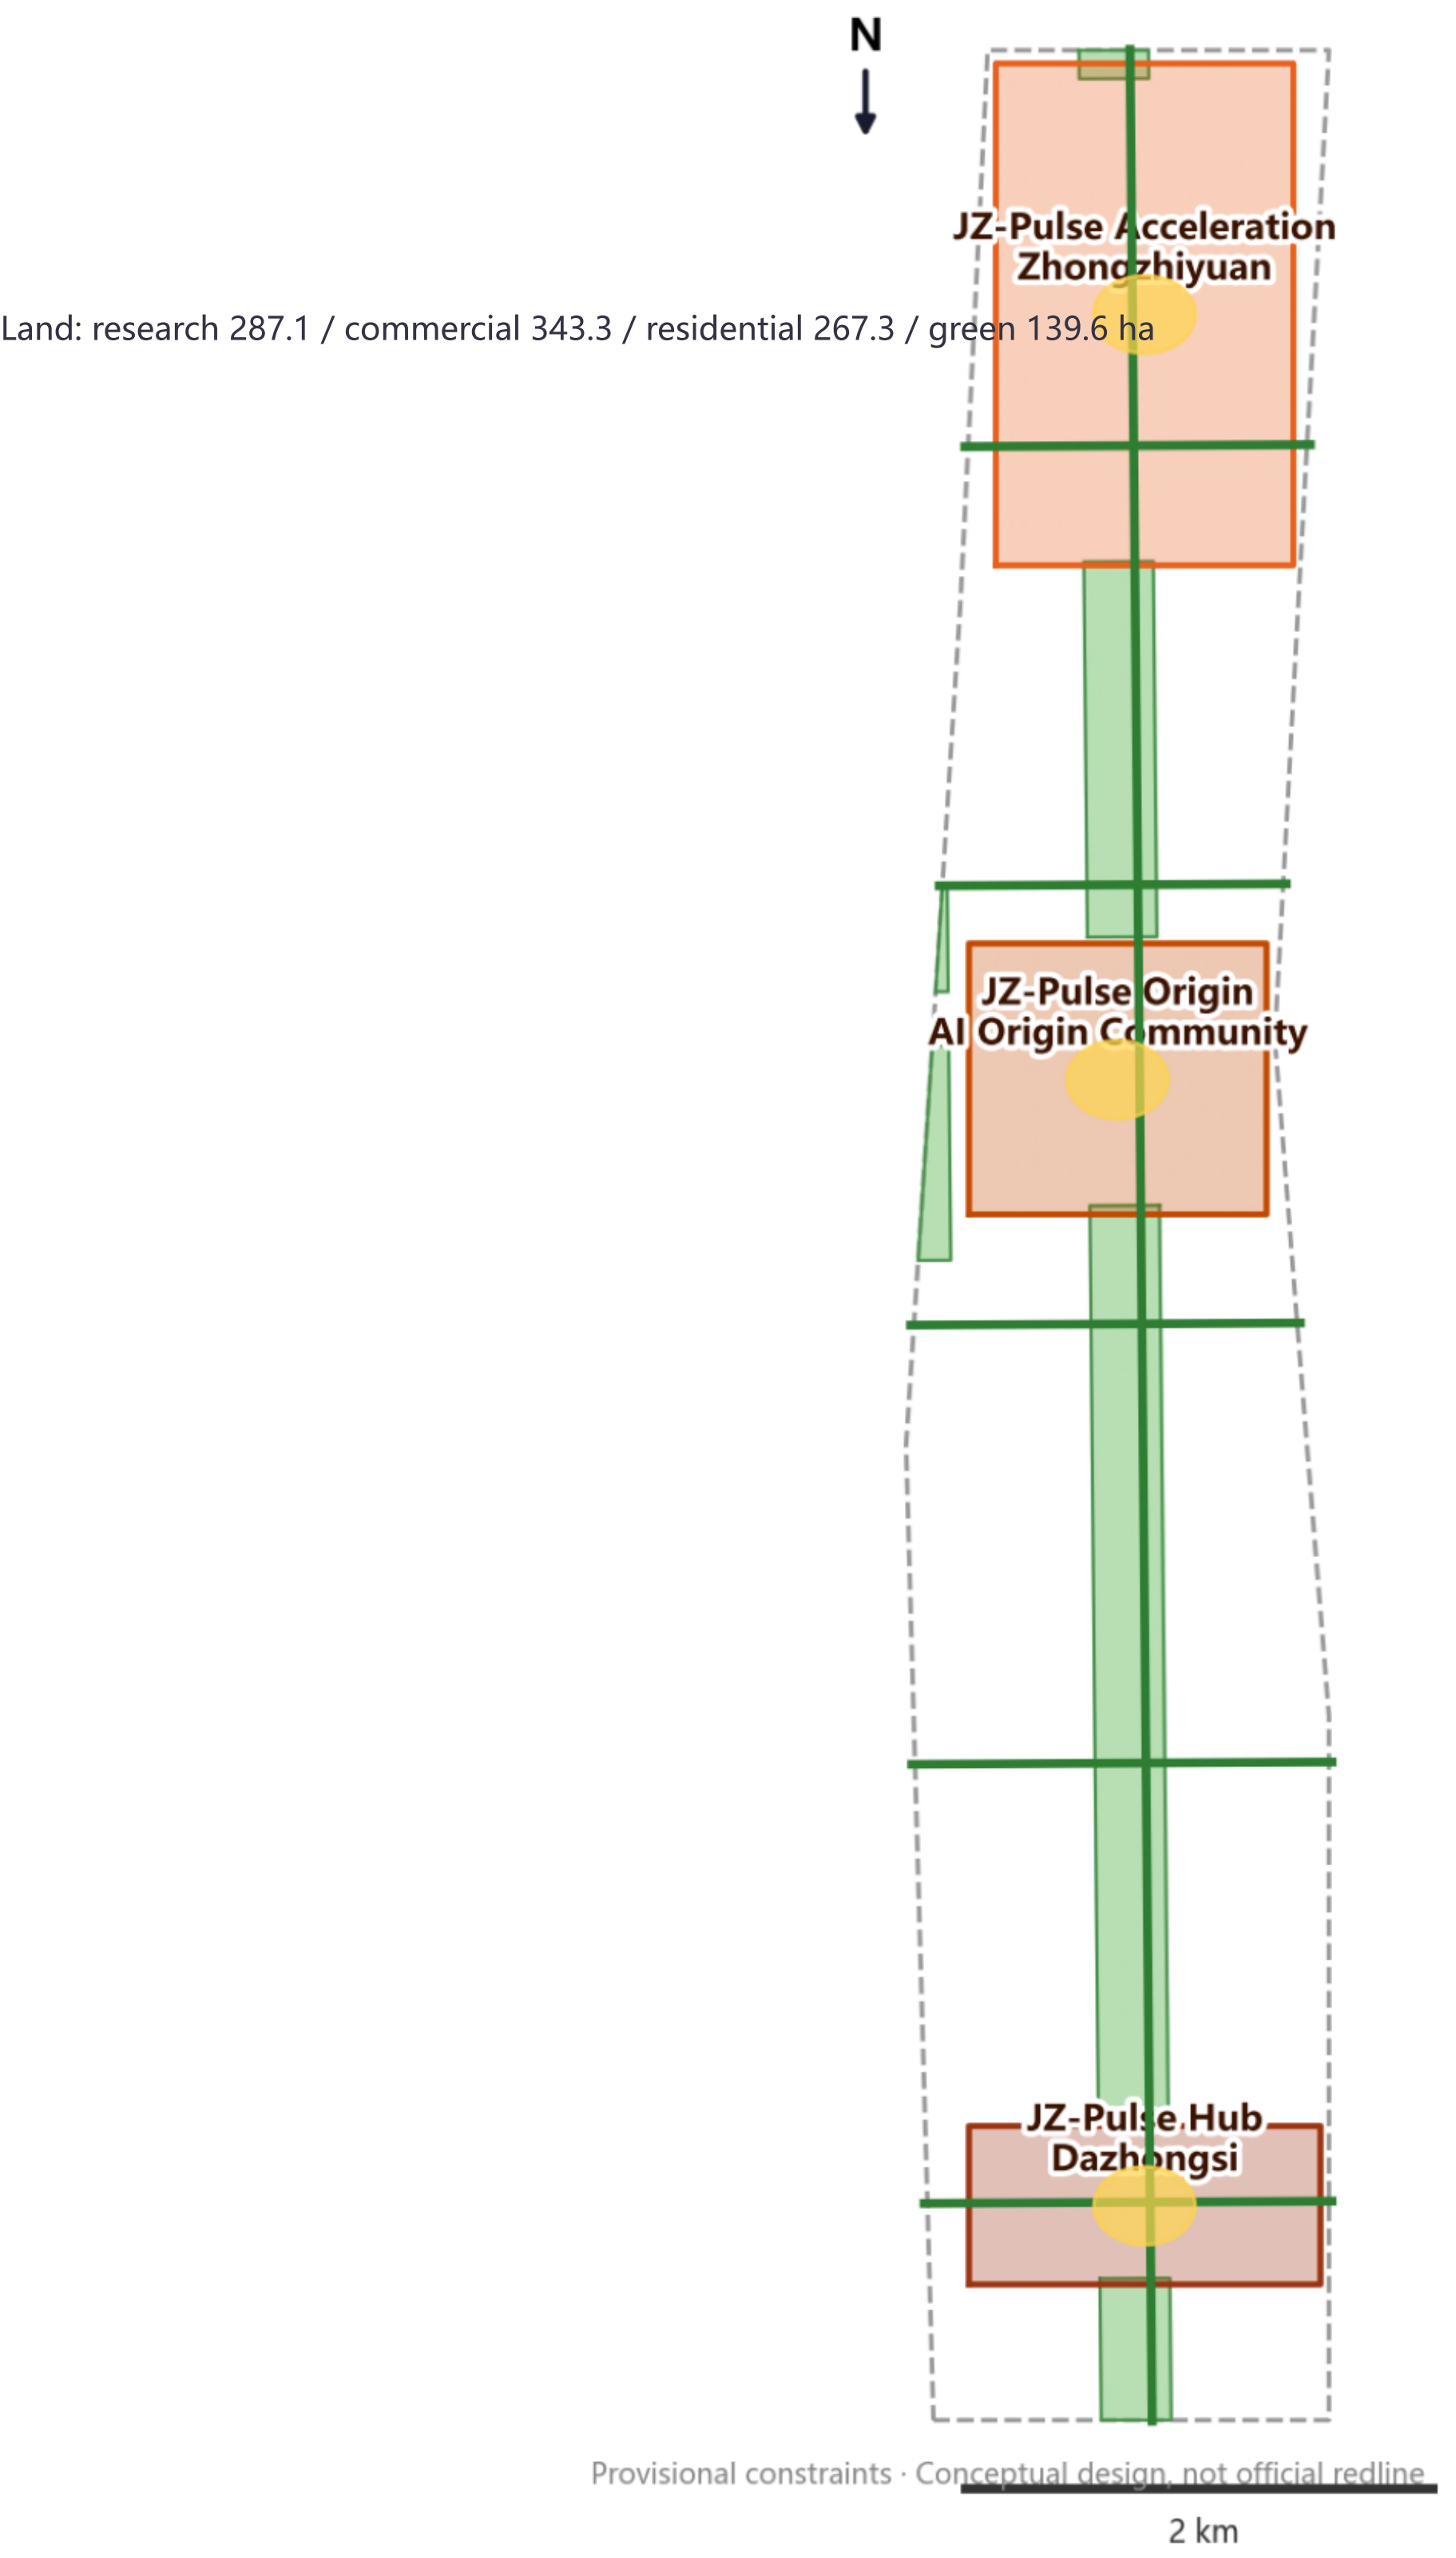

Overall concept: from herringbone track to intelligence pulse (JZ-Pulse)

Naming: 智脉京张 · Acceleration/Origin/Hub · Service/Scenario Wings

Logo direction: herringbone track + pulse waveform; blue + orange

Three bands: green belt (±150m) — innovation band (150-400m) — living band

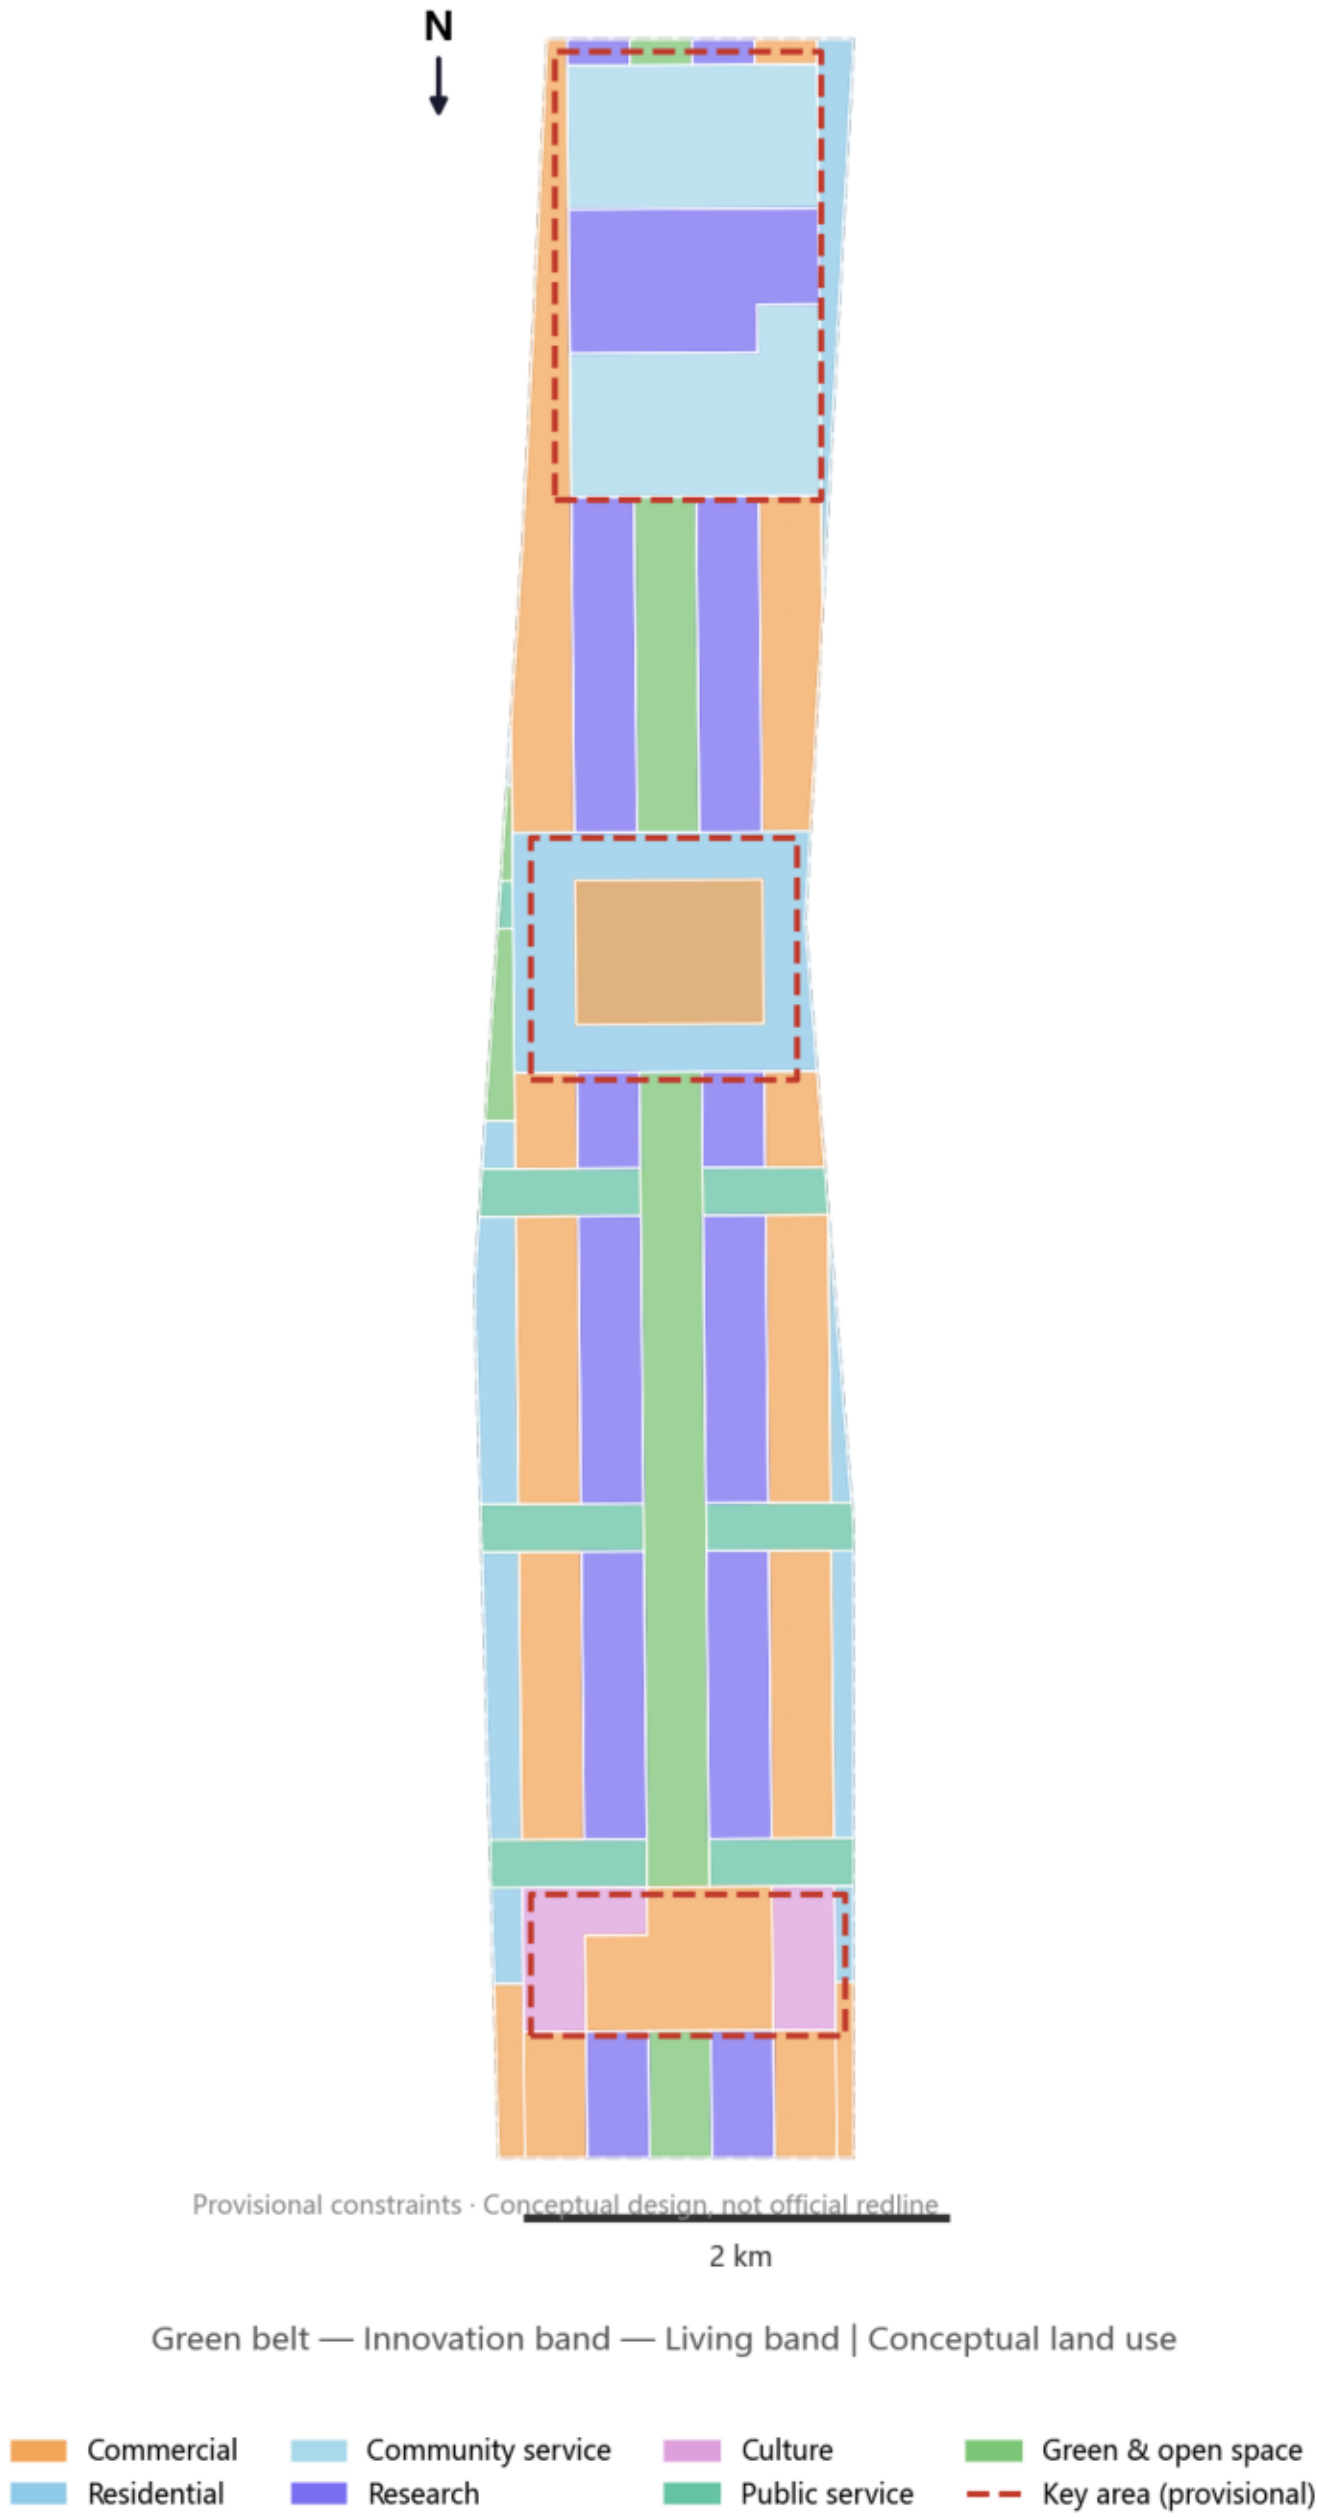

JZ-Pulse • Site Overview

One Spine · Three Cores · Two Wings · Two Rings | Conceptual urban design

- Pulse Green Belt (heritage park spine)
- Pulse Greenway (slow-mobility main line)
- Overall design area (provisional)
- Key core areas (three cores)
- Public-space nodes

JZ-Pulse • Land Use Structure

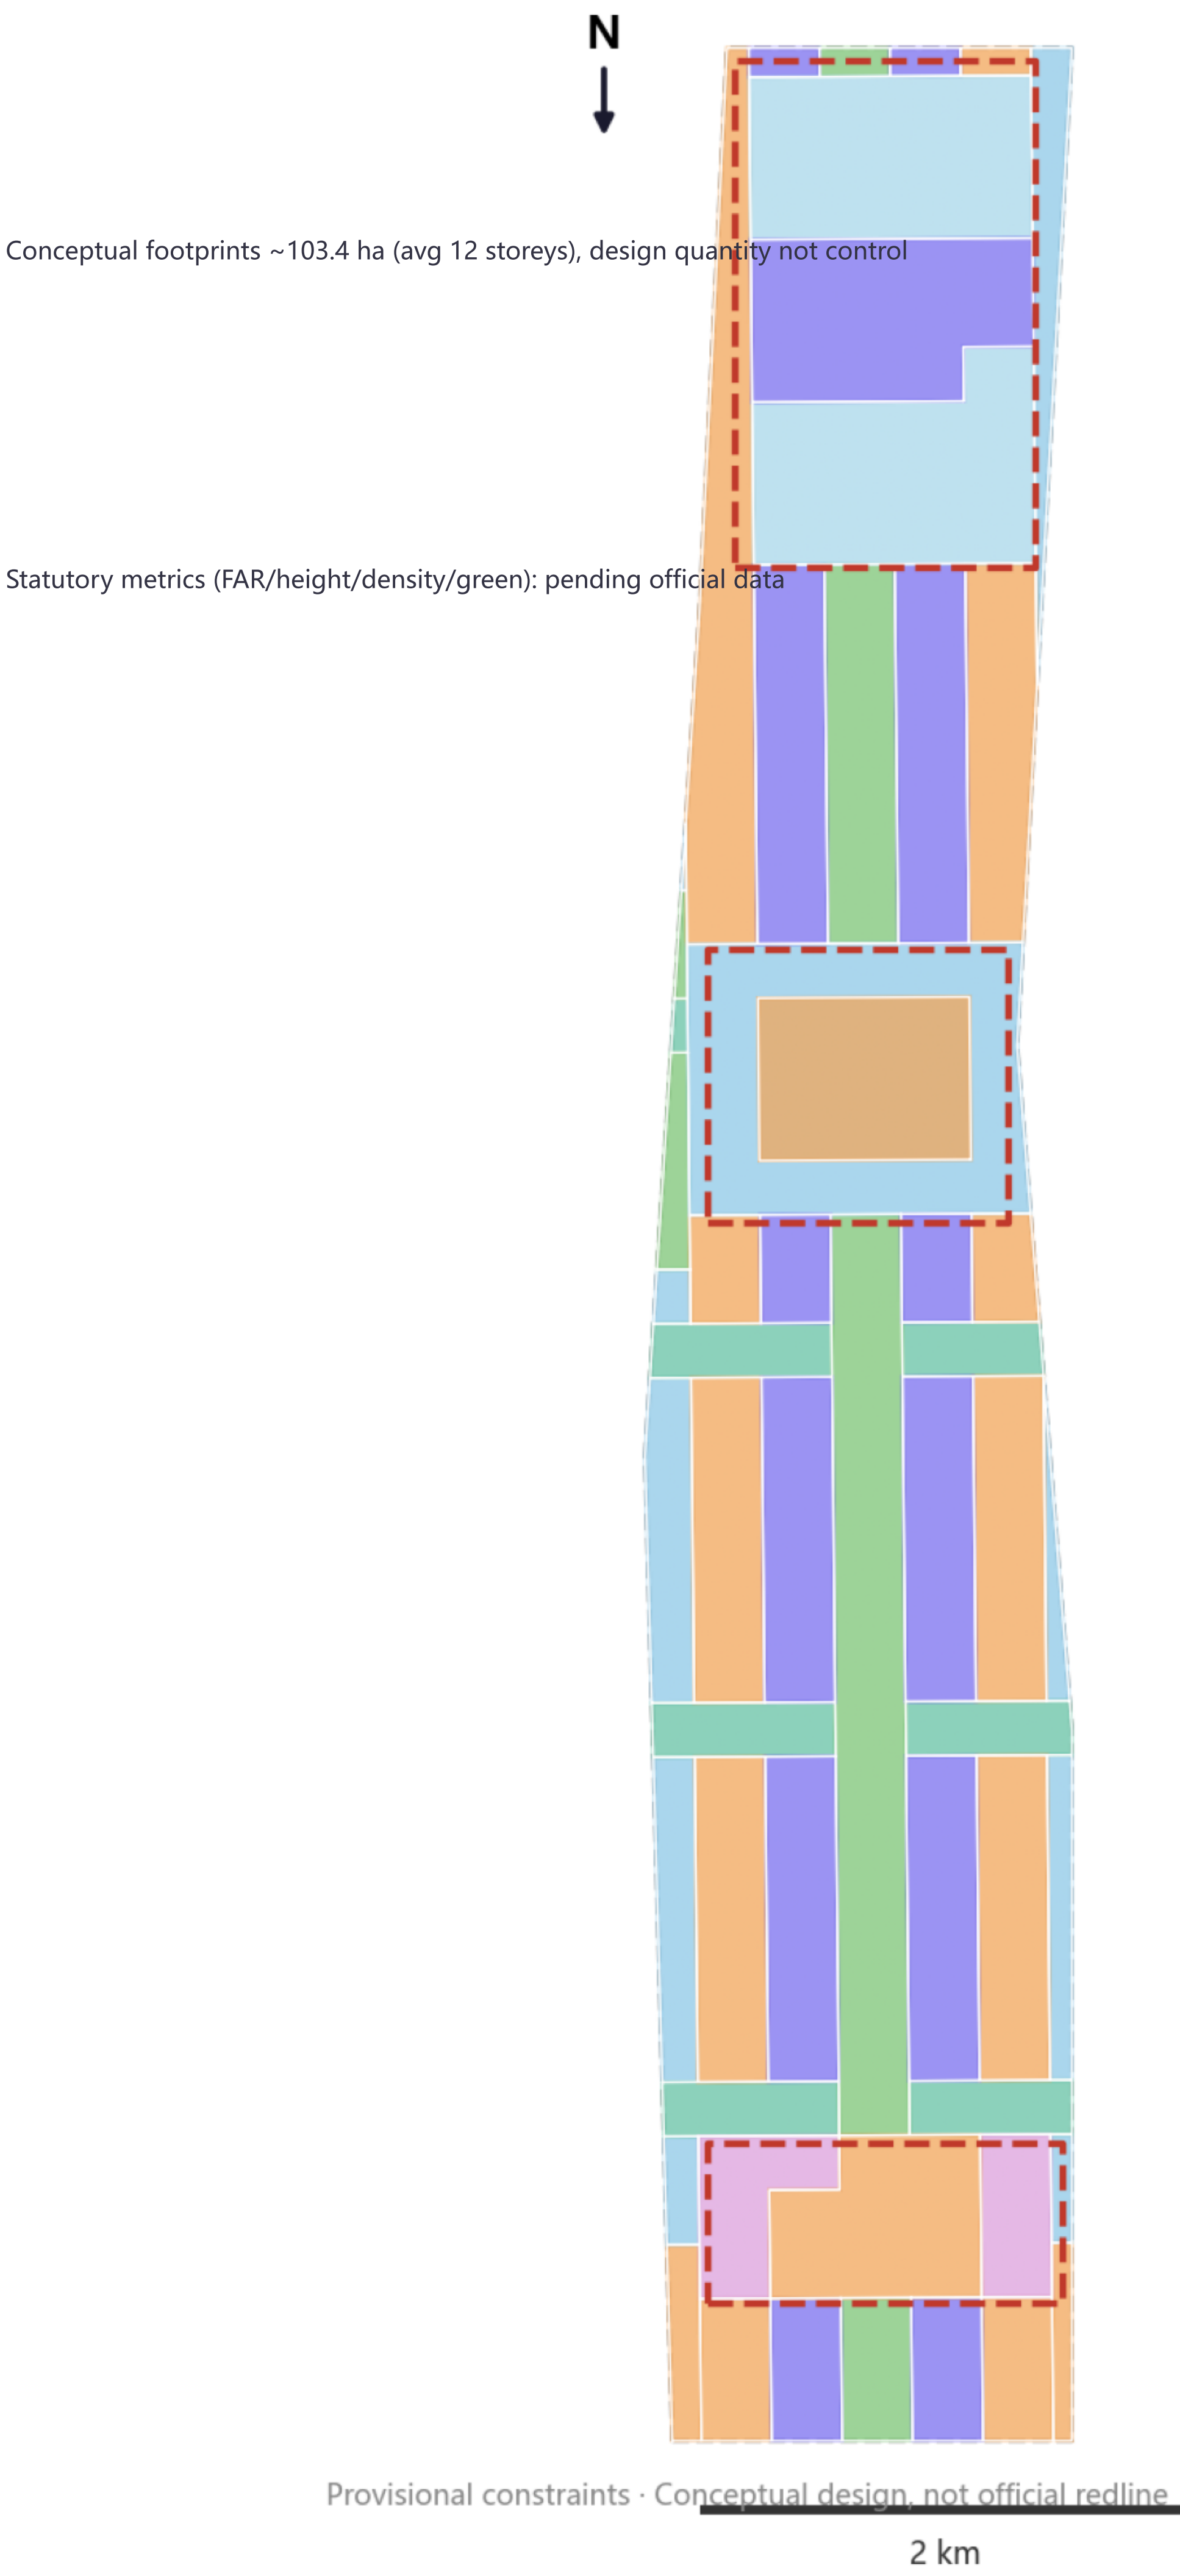

Retain first - Incremental renewal - AI-scenario leverage (conceptual)

55 land-use units fully cover the overall design area, no gaps or overlaps

Four strategies: retain / renovate / renew / new-build (conceptual)

JZ-Pulse • Land Use Structure

Parcel-level retain/renovate/demolish; pending stock survey and ownership data

Green belt — Innovation band — Living band | Conceptual land use

- Commercial

Community service

Culture

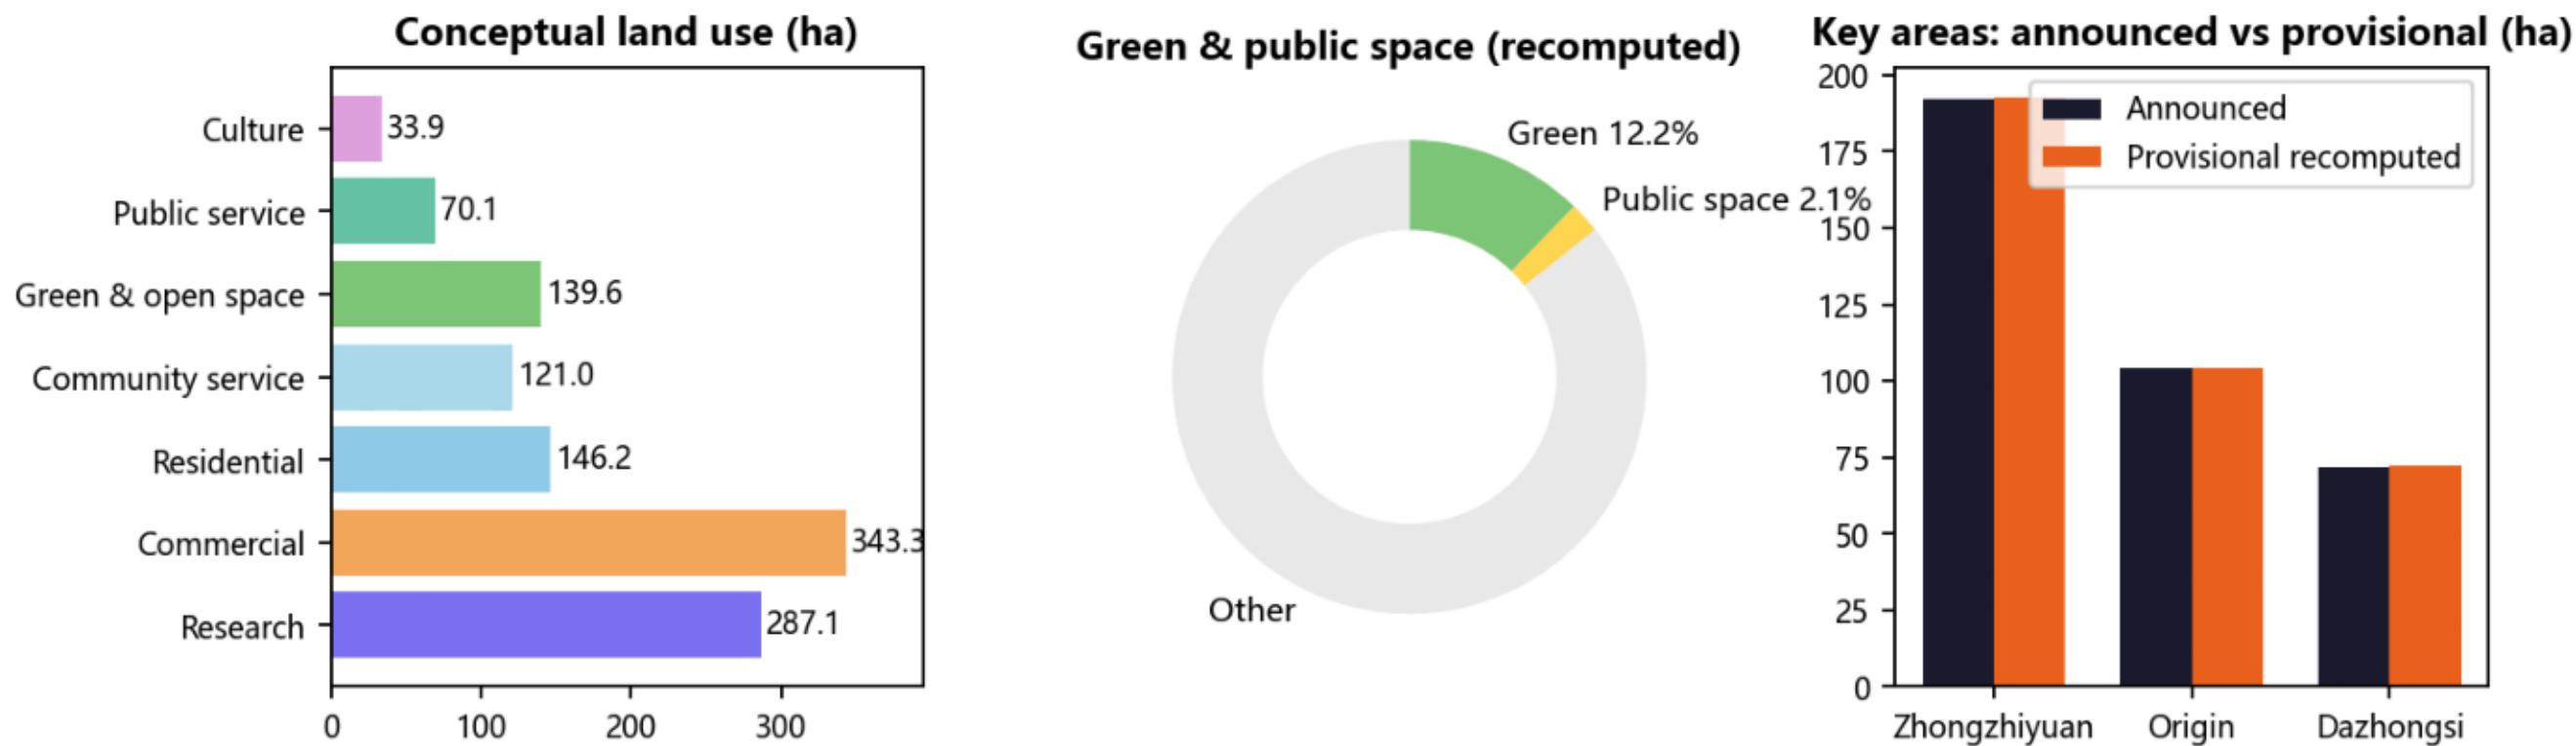

Green & open space
- Residential

Research

Public service

Key area (provisional)

JZ-Pulse • Core Metrics & Evidence Chain

Metric chain: GeoJSON → EPSG:4548 areas → metrics.json → figures & HTML (single source)

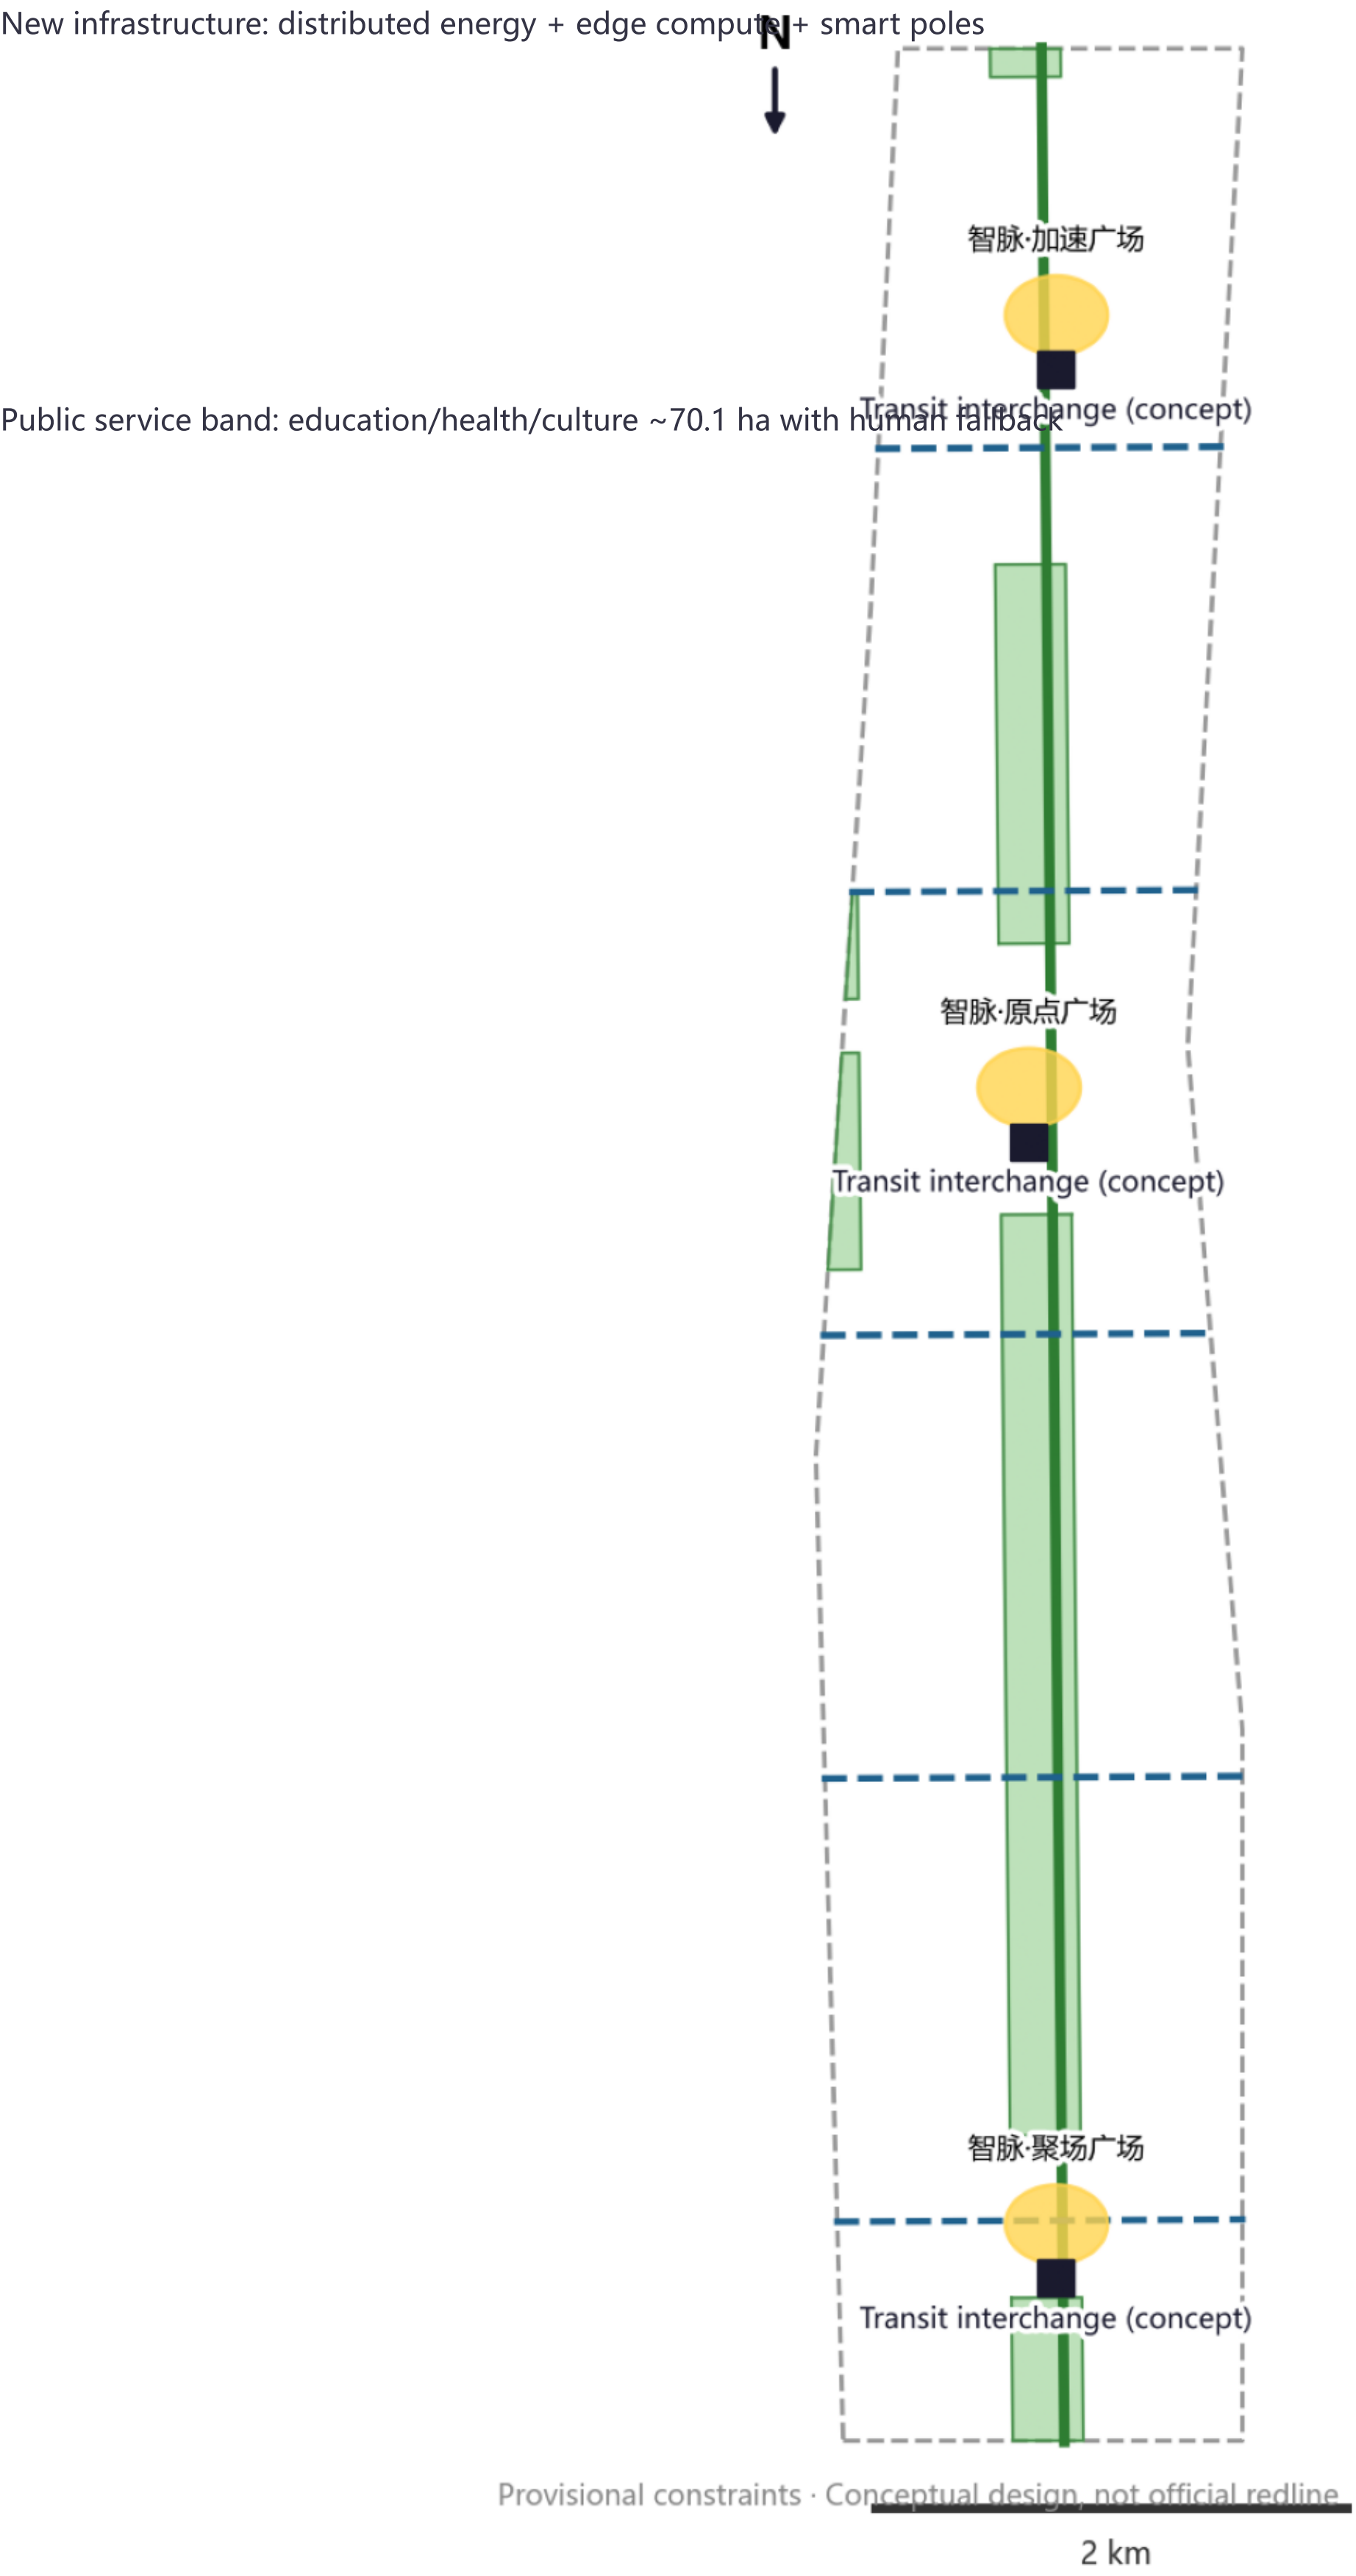

Pulse Greenway + two rings + station interchange + new infrastructure (conceptual)

Slow main line: Pulse Greenway ~9.7 km, N-S through

Two rings: Qinghe (N) · Xizhimen (S) via cross connectors

Transit interchange: three core stations (conceptual)

JZ-Pulse • Mobility & Blue-Green System

Pulse Greenway + ring connectors + station interchange + blue-green network

- Blue-green space (Pulse Green Belt)
- Pulse Greenway (slow-mobility main line)
- Cross connectors (two rings)
- Public-space nodes
- Transit interchange (concept)

String-of-pearls green network · three core plazas (conceptual)

Green spine: Jing-Zhang Railway Heritage Park vitality belt

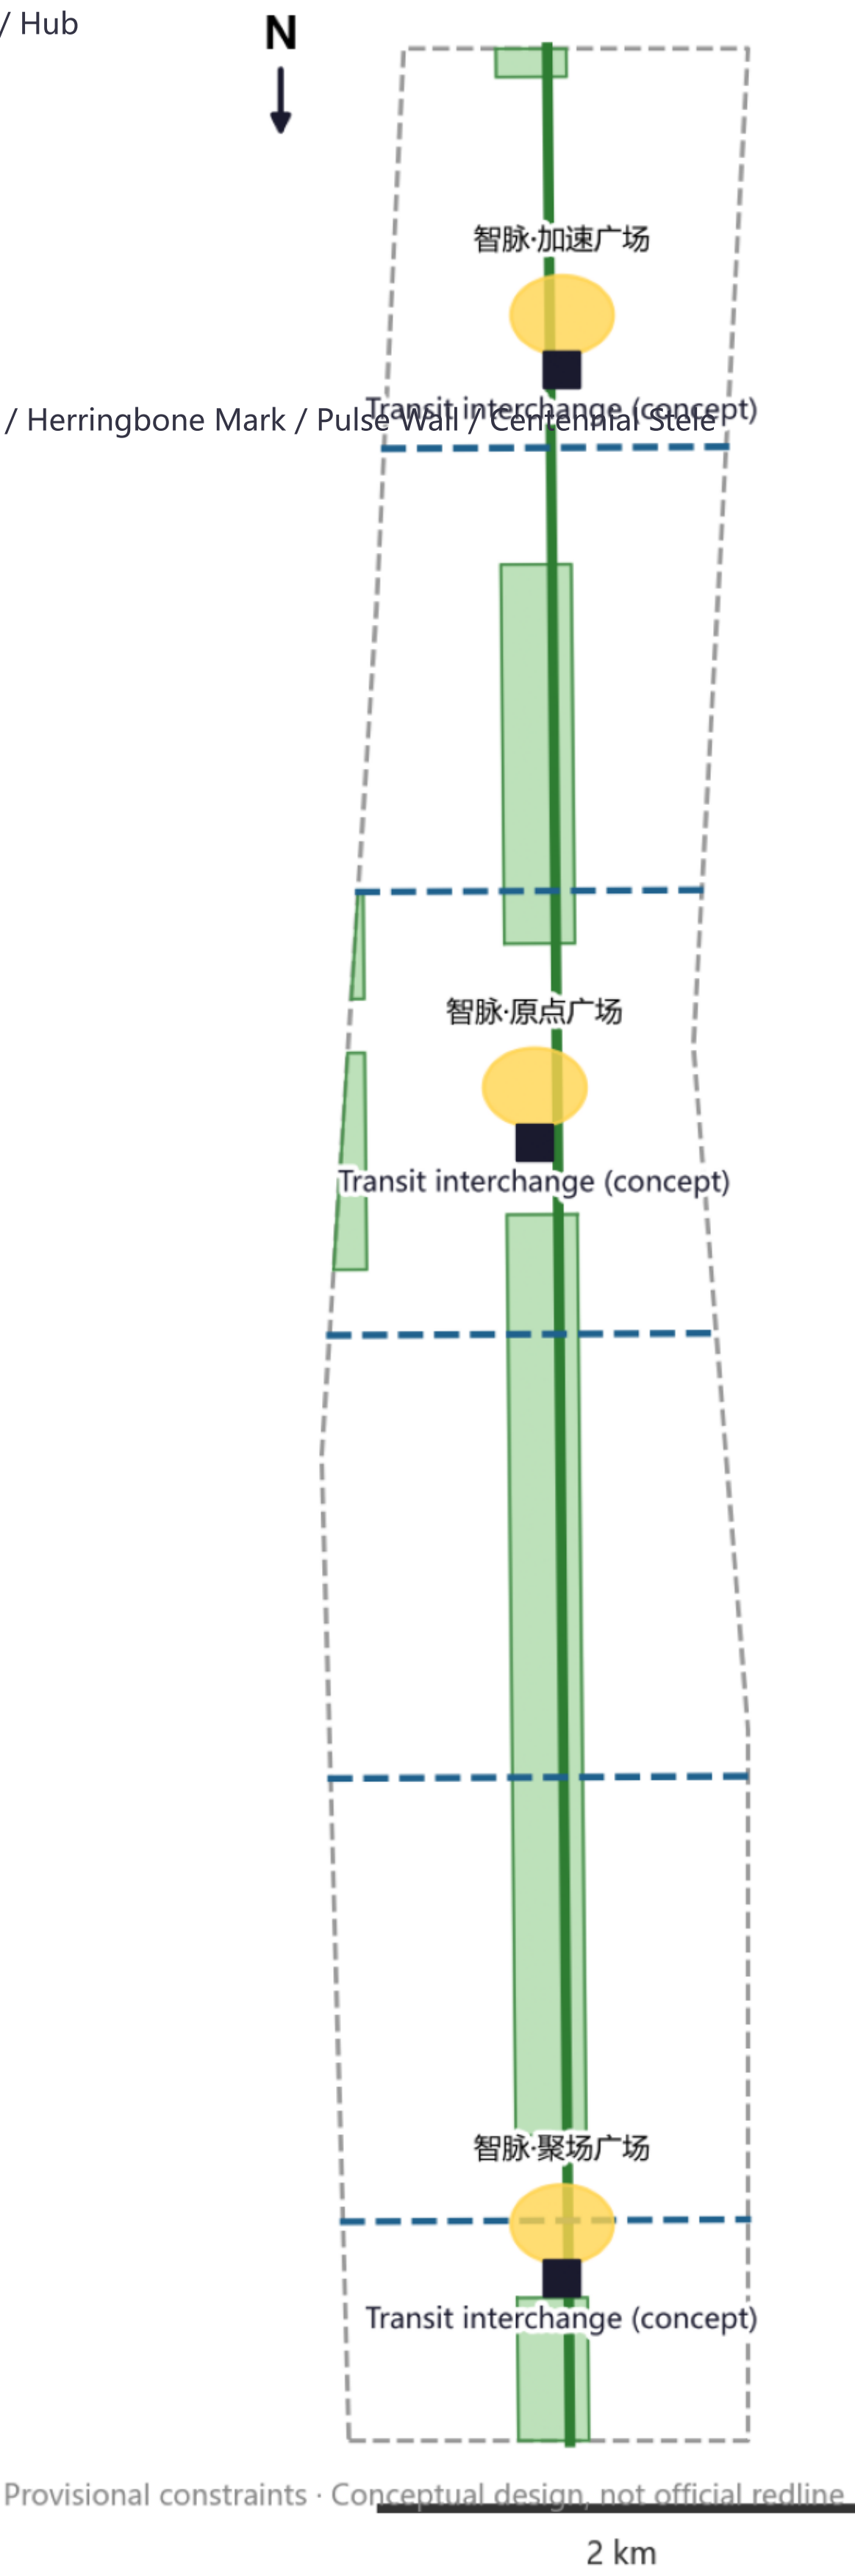

Green ratio ≈ 12.2% (conceptual recompute)

Public-space ratio ≈ 2.1% (conceptual recompute)

JZ-Pulse • Mobility & Blue-Green System

Three plazas: Acceleration / Origin / Hub

Pilgrimage landmarks: Origin Scale / Herringbone Mark / Pulse Wall / Central Hall / Steep

Pulse Greenway + ring connectors + station interchange + blue-green network

- Blue-green space (Pulse Green Belt)
- Pulse Greenway (slow-mobility main line)
- Cross connectors (two rings)
- Public-space nodes
- Transit interchange (concept)

Acceleration 192.1 / Origin 104.3 / Hub 72.0 ha (provisional)

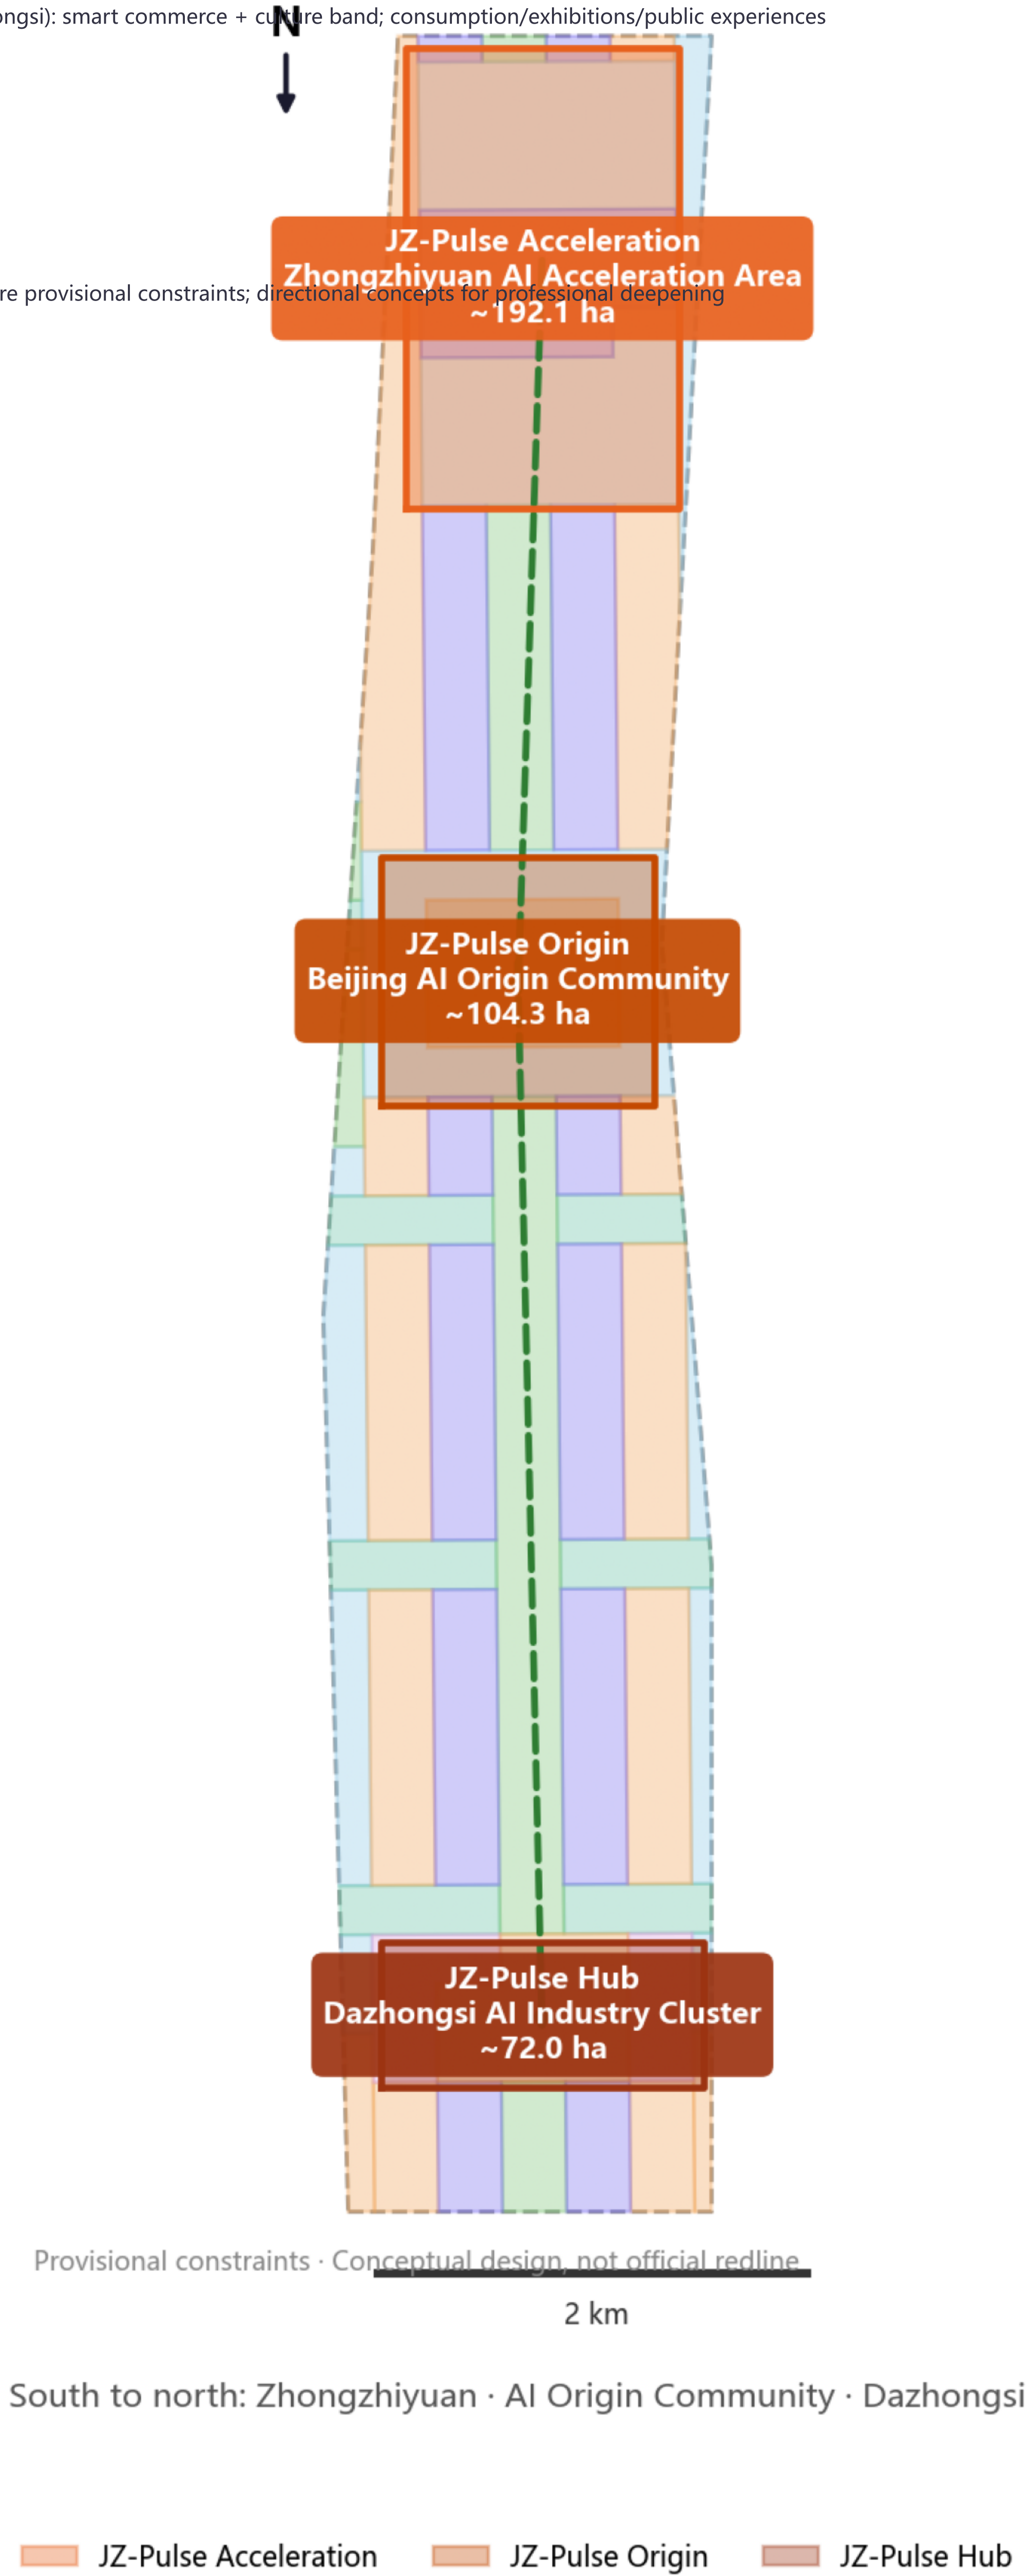

JZ-Pulse Acceleration (Zhongzhiyuan): R&D core + service belt + waterfront; training/evaluation/embodied

JZ-Pulse Origin (Origin Community): mixed blocks + talent ring; incubation/open-source/talent services

JZ-Pulse • Three Key Areas

JZ-Pulse Hub (Dazhongsi): smart commerce + culture band; consumption/exhibitions/public experiences

Key-area polygons are provisional constraints; directional concepts for professional deepening

12 scenario cards (4 test/validate) · 6 personas · 4 landmarks · three phases (conceptual)

Scenarios: promenade / gallery / honor wall / health / classroom / mall / shuttle / delivery / governance lab* /

safety sandbox* / embodied ground* / open data sandbox* (* test/validate)

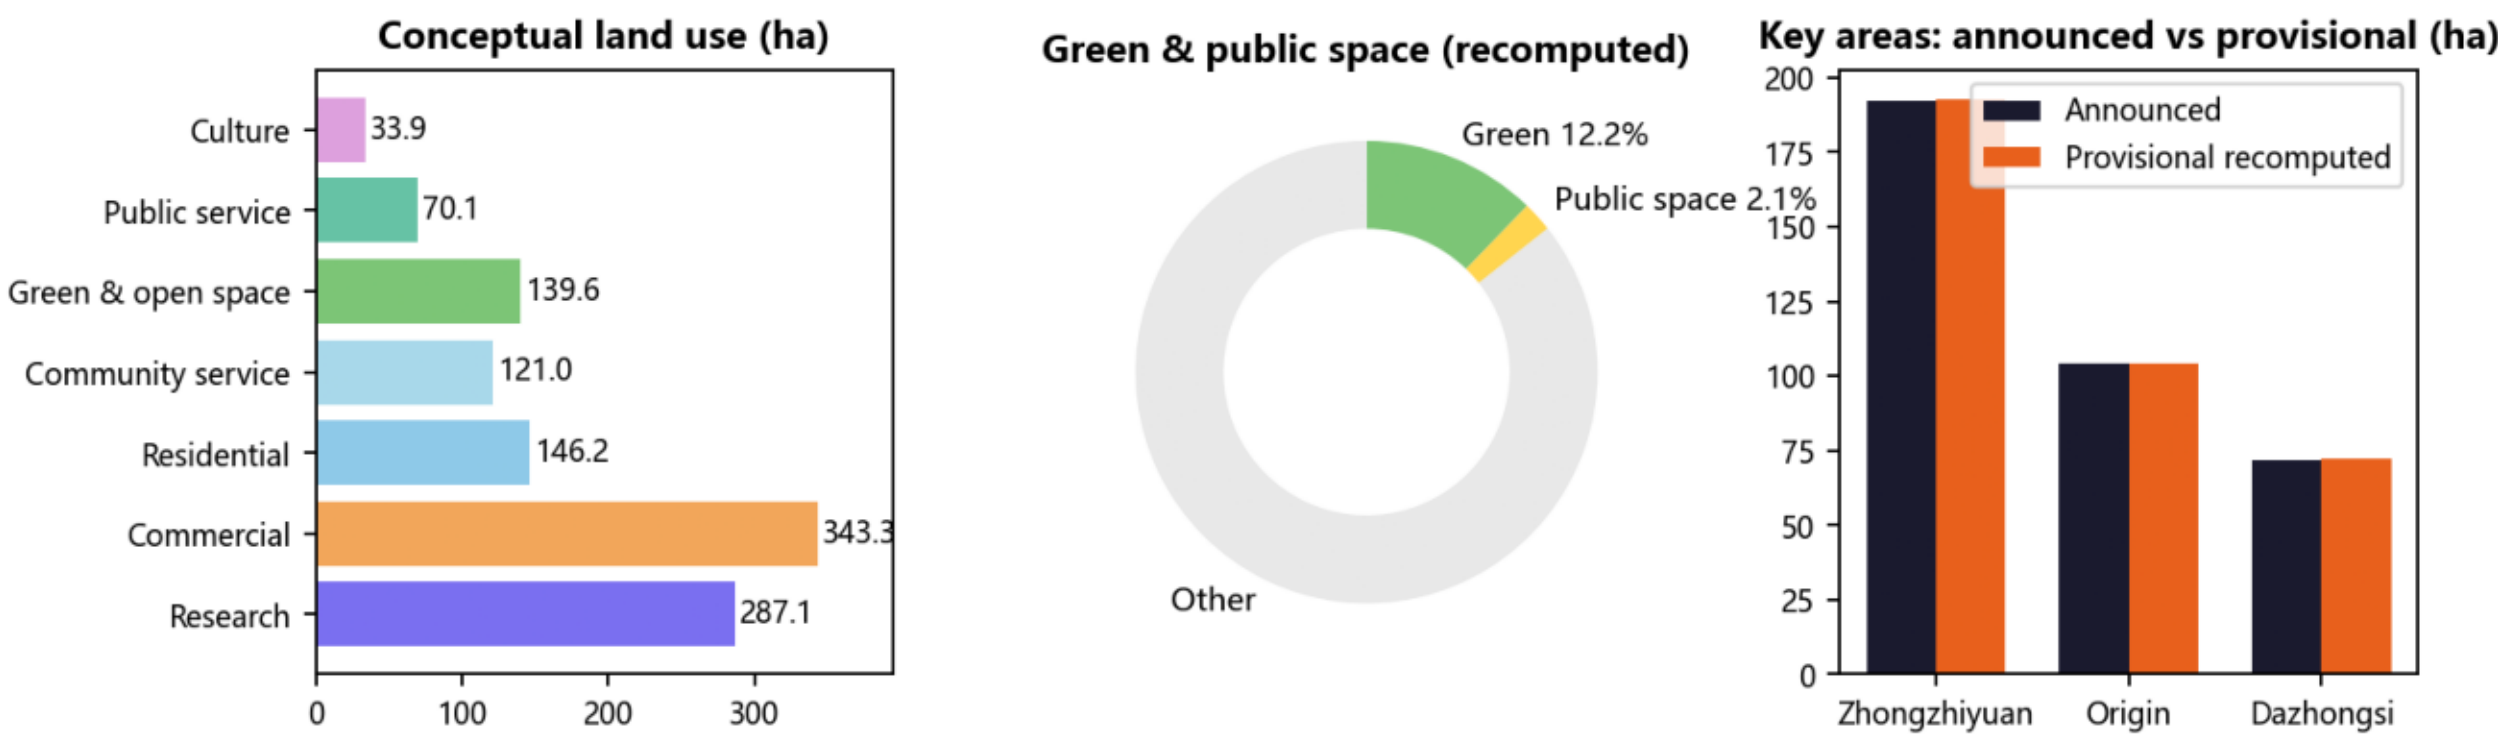

Personas (6): researcher / founder / developer / employee / resident (incl. elderly) / global visitor

Landmarks (4): Origin Scale / Herringbone Mark / Pulse Wall / Centennial Stele

Operation: Summit · Open Source Week · AI Marathon · Pilgrimage Season; Starline honor IP

JZ-Pulse • Core Metrics & Evidence Chain

Phasing: near (2026-28) cores+green ≈501.1ha; mid (2028-31) ≈627.7ha; long (2031-35) ≈72.5ha

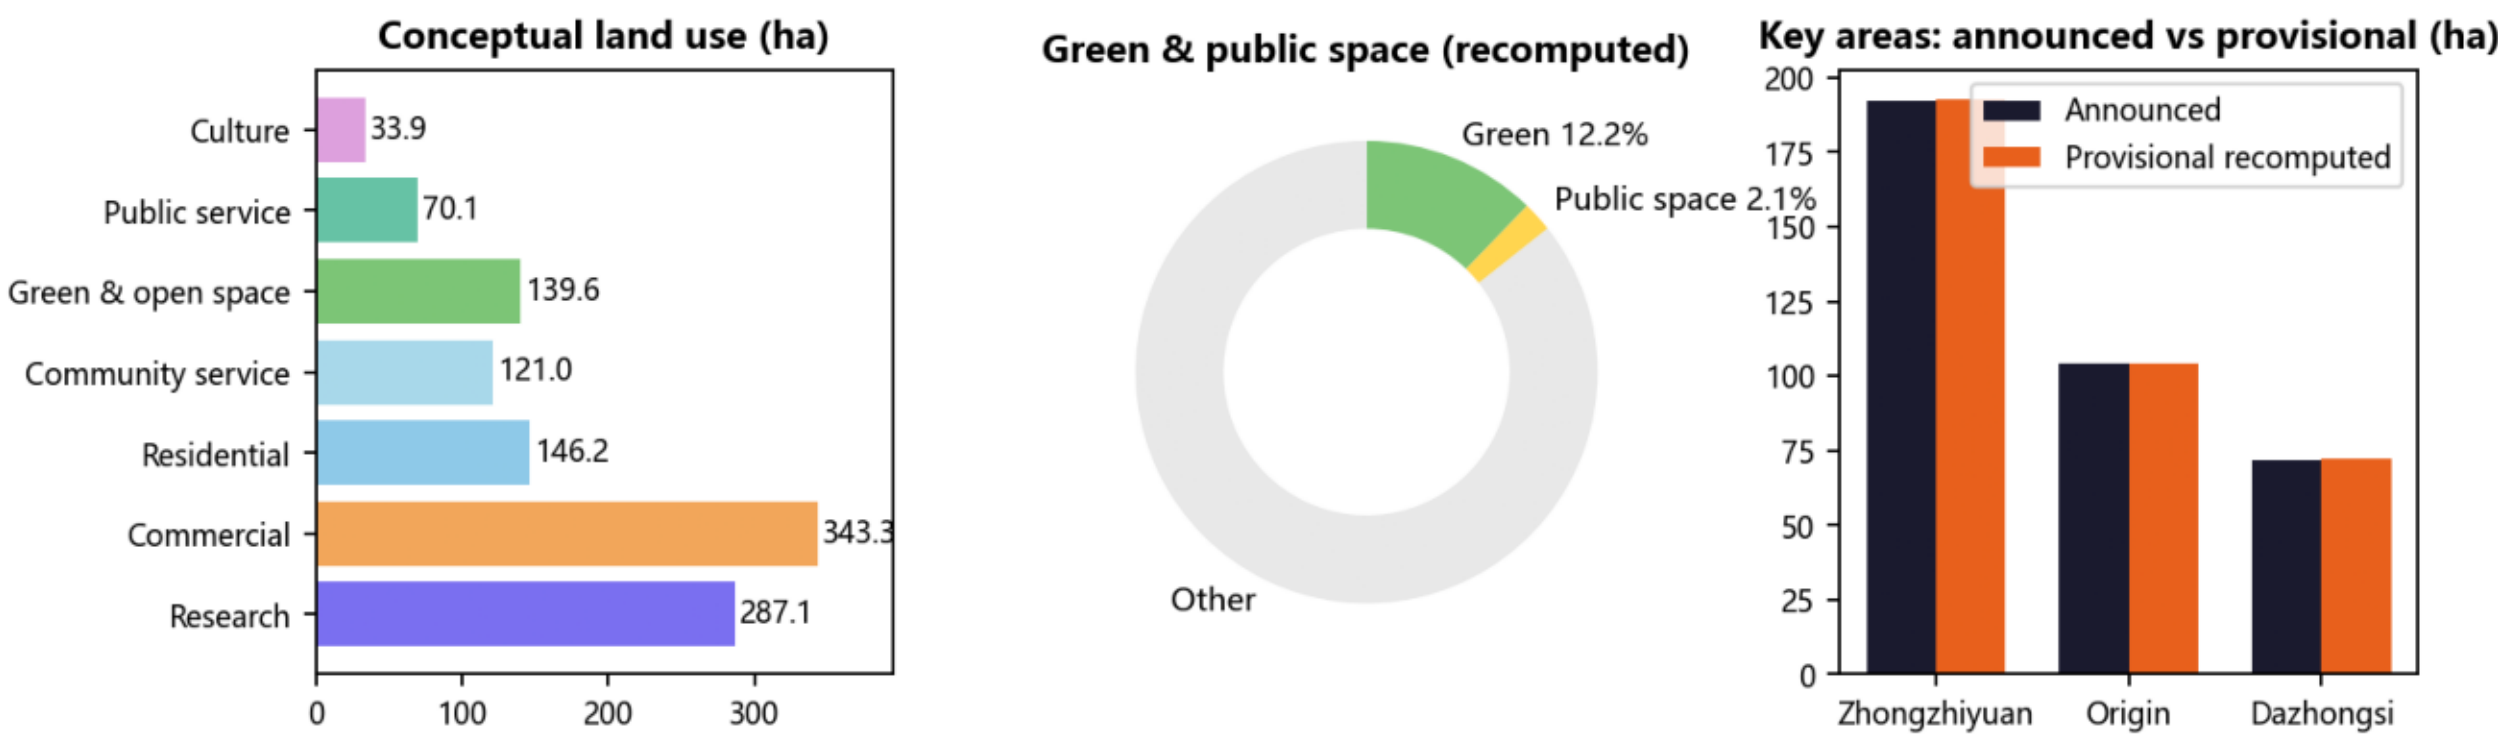

GeoJSON → EPSG:4548 areas → metrics.json → figures (single source)

- compliance_matrix.json: 23 mandatory tasks covered (1.3/1.4/1.5 + agent.1-6)
- standard_matrix.json: 9 responses; design_depth_matrix.json: 16 complete
- Key metrics: overall 11.41 km²; green 12.2%; public space 2.1%; footprints 103.4 ha
- Boundary: provisional constraint, not official redline; full recompute after official polygons
- Regulatory gaps: FAR/height pending official data; all wording conceptual
