

JINGZHANG OPEN BELT

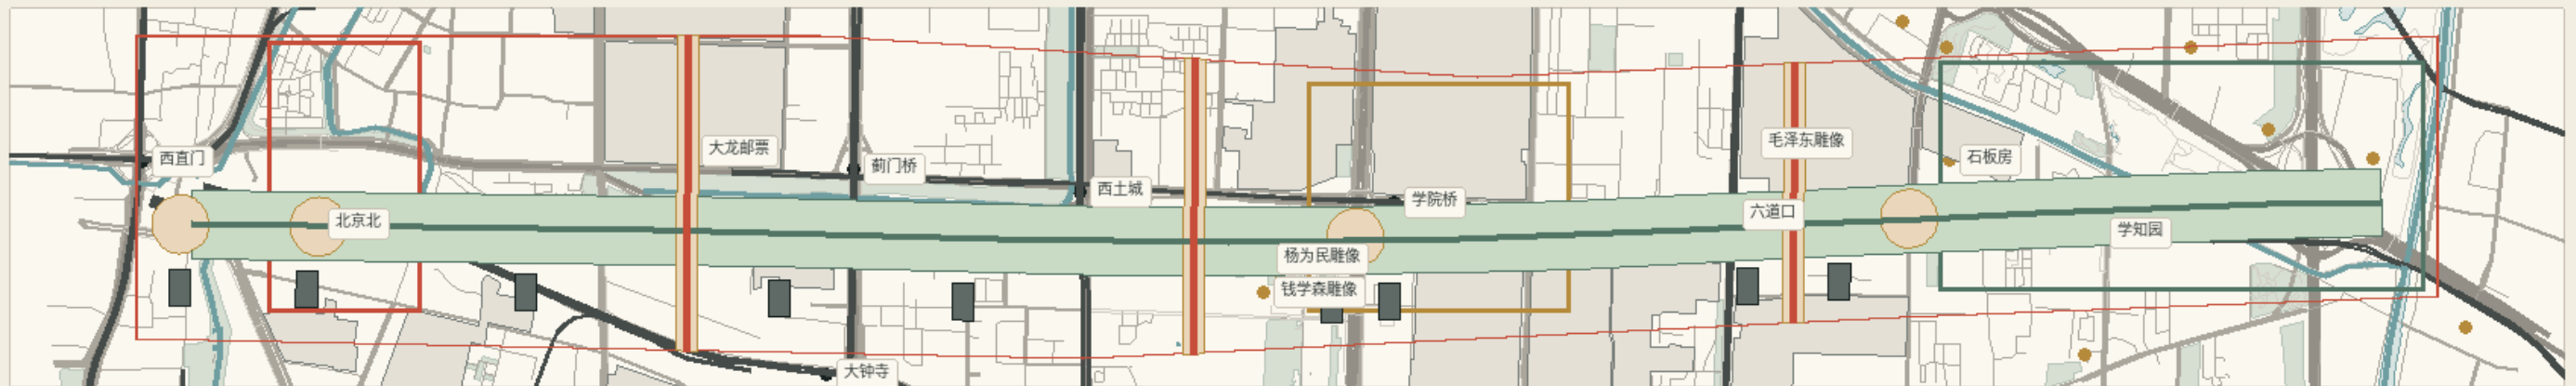

Bring the nine-kilometre park back into daily life

Make the route work first. Give people places to
stop, and keep staff close enough to take over.

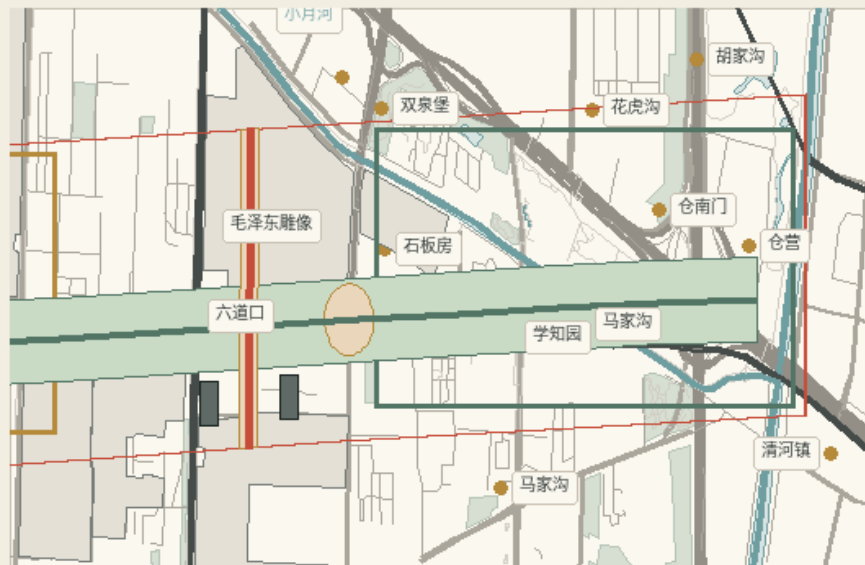

ONE LINE THREE COURTS SIX ROOMS

02 Start with what is already here

The full line turns horizontally and each third is enlarged.

stations and blocks

frontage shade 2m clear walk

80 TO 150 M

entrances and stays

old station ramp staffed service

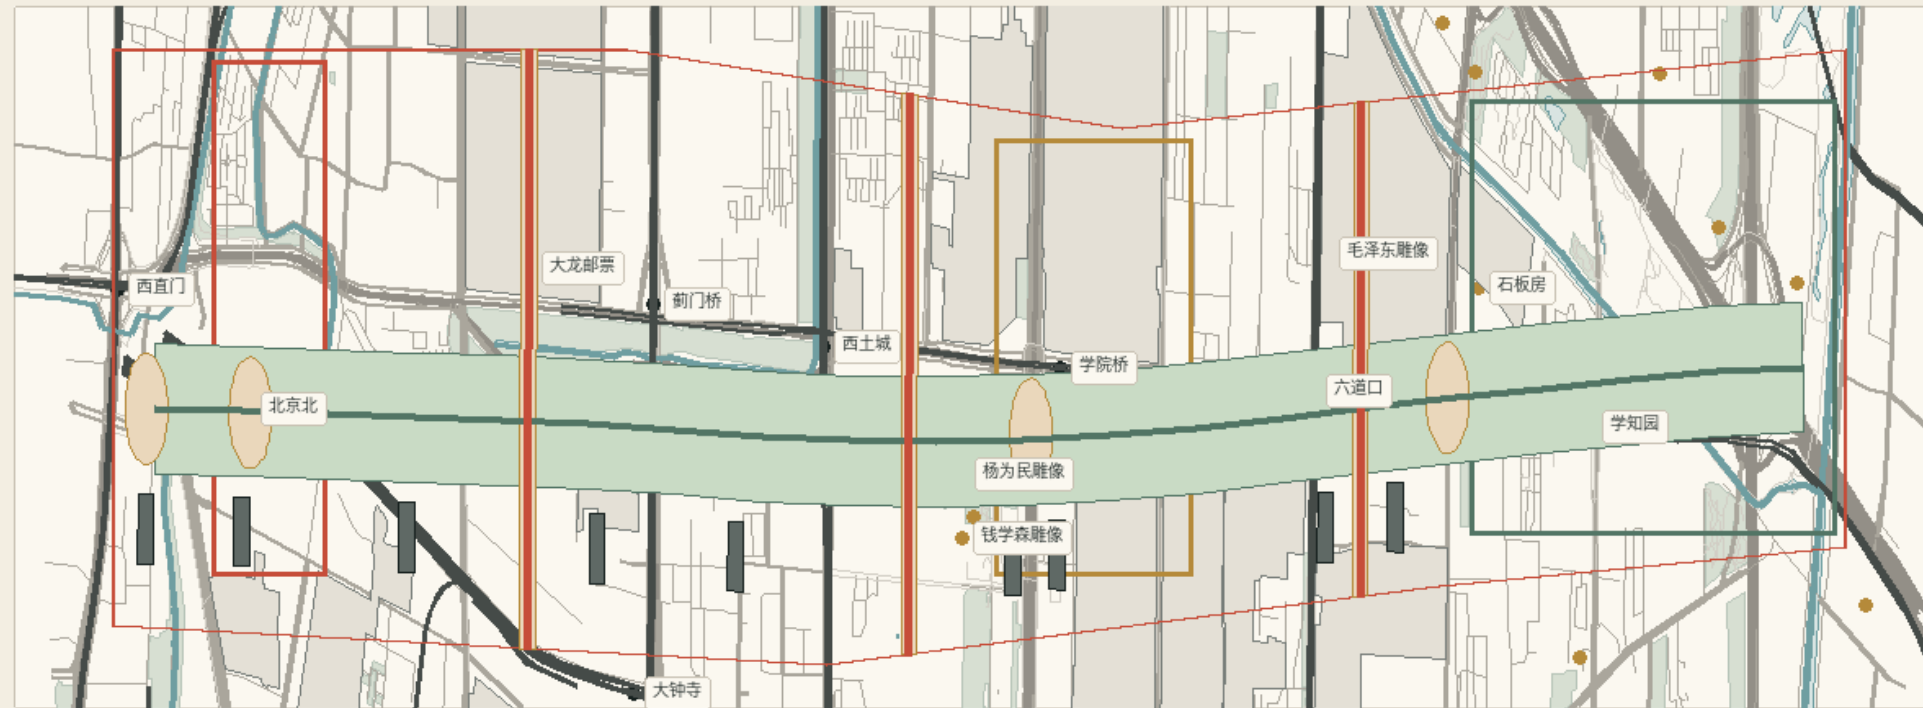

THE CHOICE ALONG THE LINE

- Research areas keep test limits.
- Neighbourhoods gain public service.
- Park space stays continuous.
- Building prototypes wait for surveys.

07 A day in the three courtyards

The concept view illustrates scale and atmosphere. Plans and public records provide evidence.

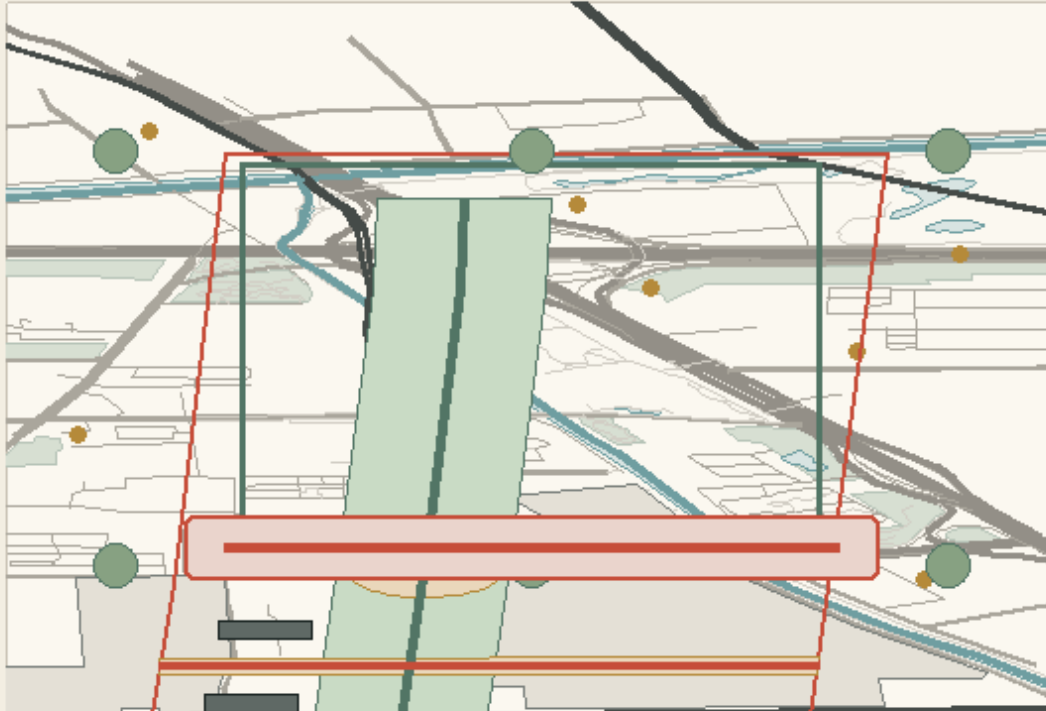

08 Zhongzhiyuan bounded test court

The public walk passes beside the enclosed strip.

01 ZHONGZHIYUAN

bounded test court

public walk test strip manual stop

90 days for yielding and remote stop

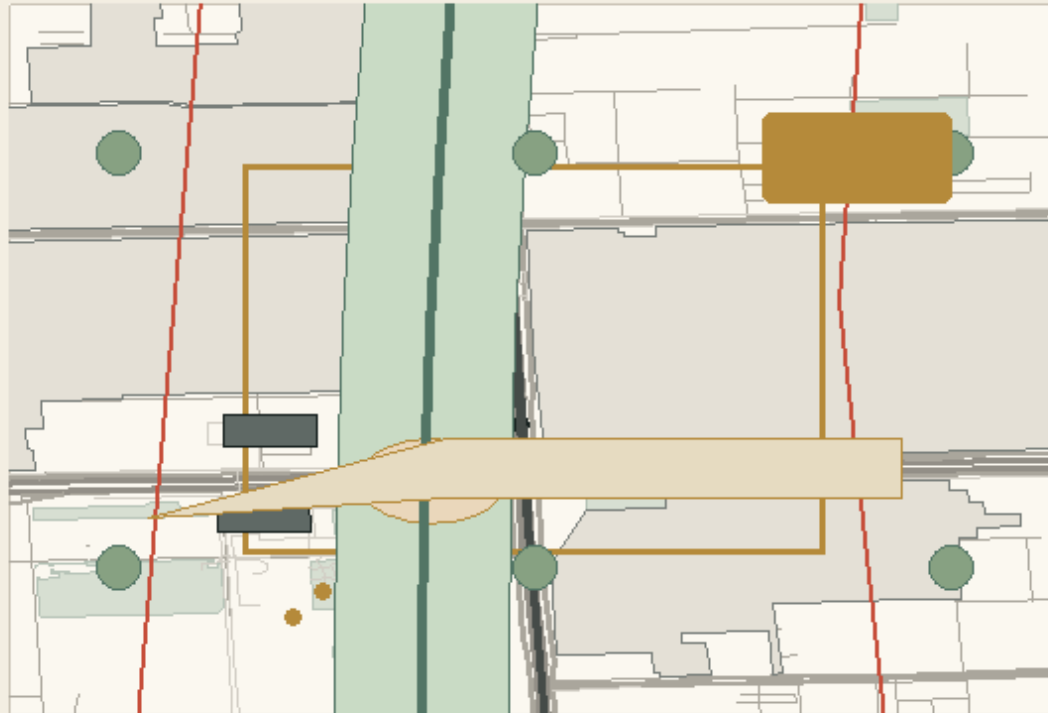

stop on boundary breach

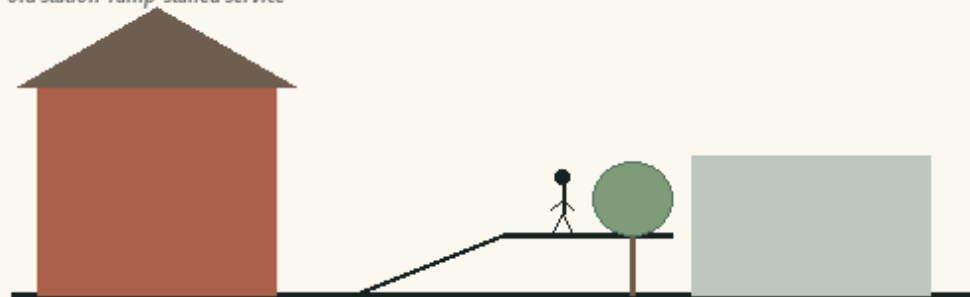

An accessible ramp reaches a staffed desk.

02 AI ORIGIN

learning service court

old station ramp staffed service

staff take over when service fails

pause without staffed service

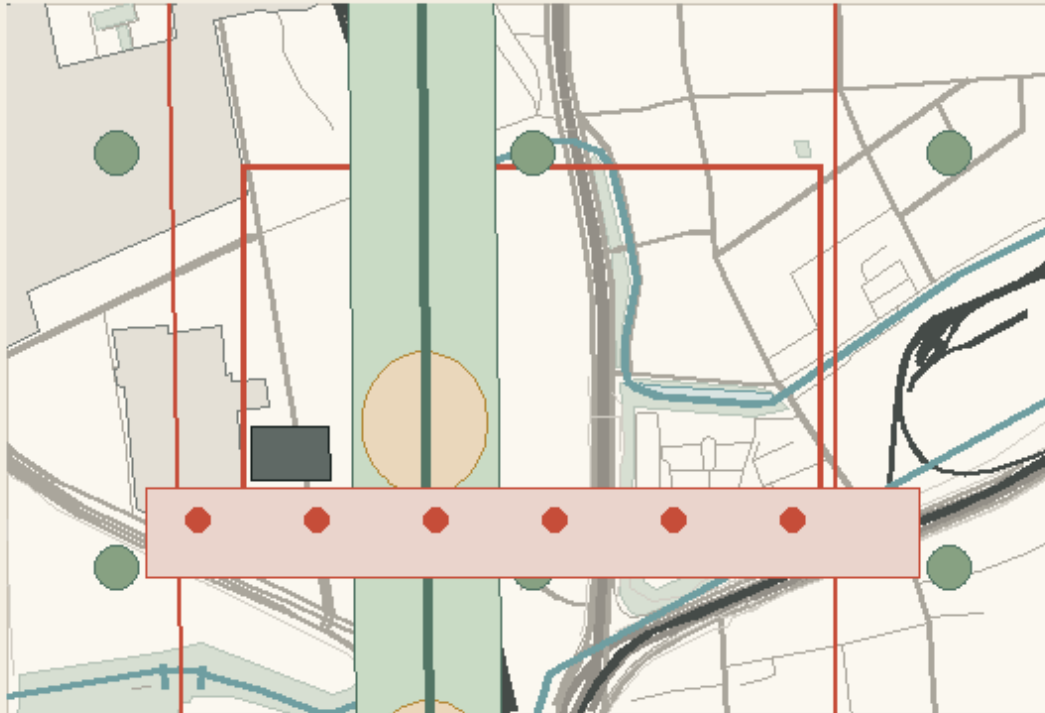

Dazhongsi city exchange court

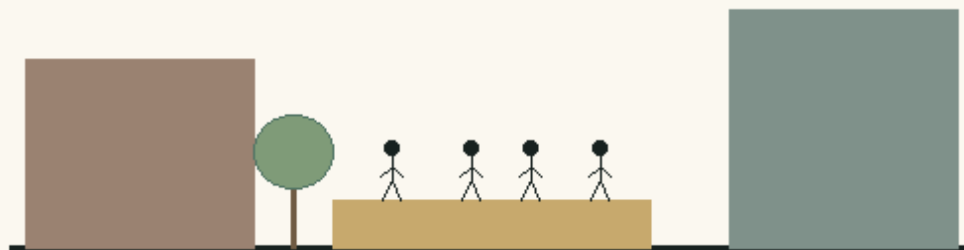

Ordinary passage by day, a small class at night.

03 DAZHONGSI

city exchange court

shopfront movable furniture evening class

evening use adjusts to complaints

shorten hours after repeated disturbance

11

Morning for the route, night for testing

Morning, noon, evening and night each have ordinary uses.

07.30

ARRIVE

fixed wayfinding still works

Image generation Used for concept atmosphere only

12 Research, service and testing meet in three places

Institutions and responsibilities return to real courtyards.

WHO DOES WHAT HERE

- UNIVERSITIES AND LABS**
bring questions and test sets
- COMMUNITIES AND STAFF**
raise daily problems and take over
- OPERATORS AND BUYERS**
record upkeep and adoption terms
- WATER AND HERITAGE TEAMS**
verify river and heritage limits
