

Jing-Zhang · Zhixu — A3 Booklet

Centennial Jing-Zhang AI Innovation Belt International Competition

KellyHeongoing

GitHub: [KellyHeongoing](#)

Qi · Cheng · Chuang · Shang — Four Sequences

Design Manifesto

- Turn the linear heritage of the railway into the public operating system of an AI city
- One spine: the 13km Centennial Timeline Walk
- Three living rooms: Prologue / Innovation Interface / FourQuadrant Lounge
- Four protocols: Sense / Collaborate / Govern / Communicate

Implementation Rules

- Public before industry; pilots before scale; explainability before automation

Qi · Prologue

- AI opens a new prologue for JingZhang
- Beijing North Station origin zone
- First segment of AI infrastructure

Cheng · Heritage

- Zhan Tianyou's innovation gene continues digitally
- 13km Century Timeline Walkway
- AR heritage overlay system

Chuang · Transformation

- Reshaping urban space and industry form
- Zhongzhiyuan AI Accelerator
- Beijing AI Origin Community
- Dazhongsi AI Industry Cluster

Shang · Trend

Dual-Track Order Mark

Bronze time track × electric intelligence track | Concept identity, rights clearance before implementation

People Spectrum

People Spectrum

- Millennials 30–45: innovation management, roadshows, recruitment, transfer
- Gen Z 16–29: development, design, learning, cocreation, night life
- Gen Beta 2025+: children, families, playbased learning, nature sensing
- Silver users 60+: railway memory, health, slow mobility, volunteering
- Research & open source 22–40: compute, testing, contribution, peer review
- Startups & services 25–50: incubation, funding, standards, IP, compliance
- International visitors 25–55: multilingual exchange, cultural translation, roadshows
- Frontline operators 20–60: inspection, emergency, night maintenance, work orders

Design judgment

- One space, multiple readings: child graphics / youth interfaces / elder rest / multilingual signs / operator work orders

Three-Dimensional City

Ground — Public life

- 13km Timeline Walk, three living rooms, youth plazas, Qinghe interface
- Slow priority, heritage narrative, stormwater, adaptable exhibits, allday programs

Below Ground — Resilience

- Utilities, equipment rooms, stormwater storage, loading, edge compute, energy
- Replaceable equipment, energy tiers, separated flows, auditable work orders

Above Ground — Connectivity

- Lightweight bridges, shade, green trellises, wayfinding bands, lowpower interfaces
- Stitch crossings, shelter, birdfriendly lighting, graded night use

Rule

- Public first, intelligent second; maintainable first, automated second. Engineering pending confirmation.

Overall Map

One Belt · Four Sequences

Jingzhang·ZhiXu — Overall Spatial Structure
Qi · Cheng · Chuāng · Shang — Four-Sequence Pattern

Land Use Structure

AI R&D / Mixed Use / Heritage / Green

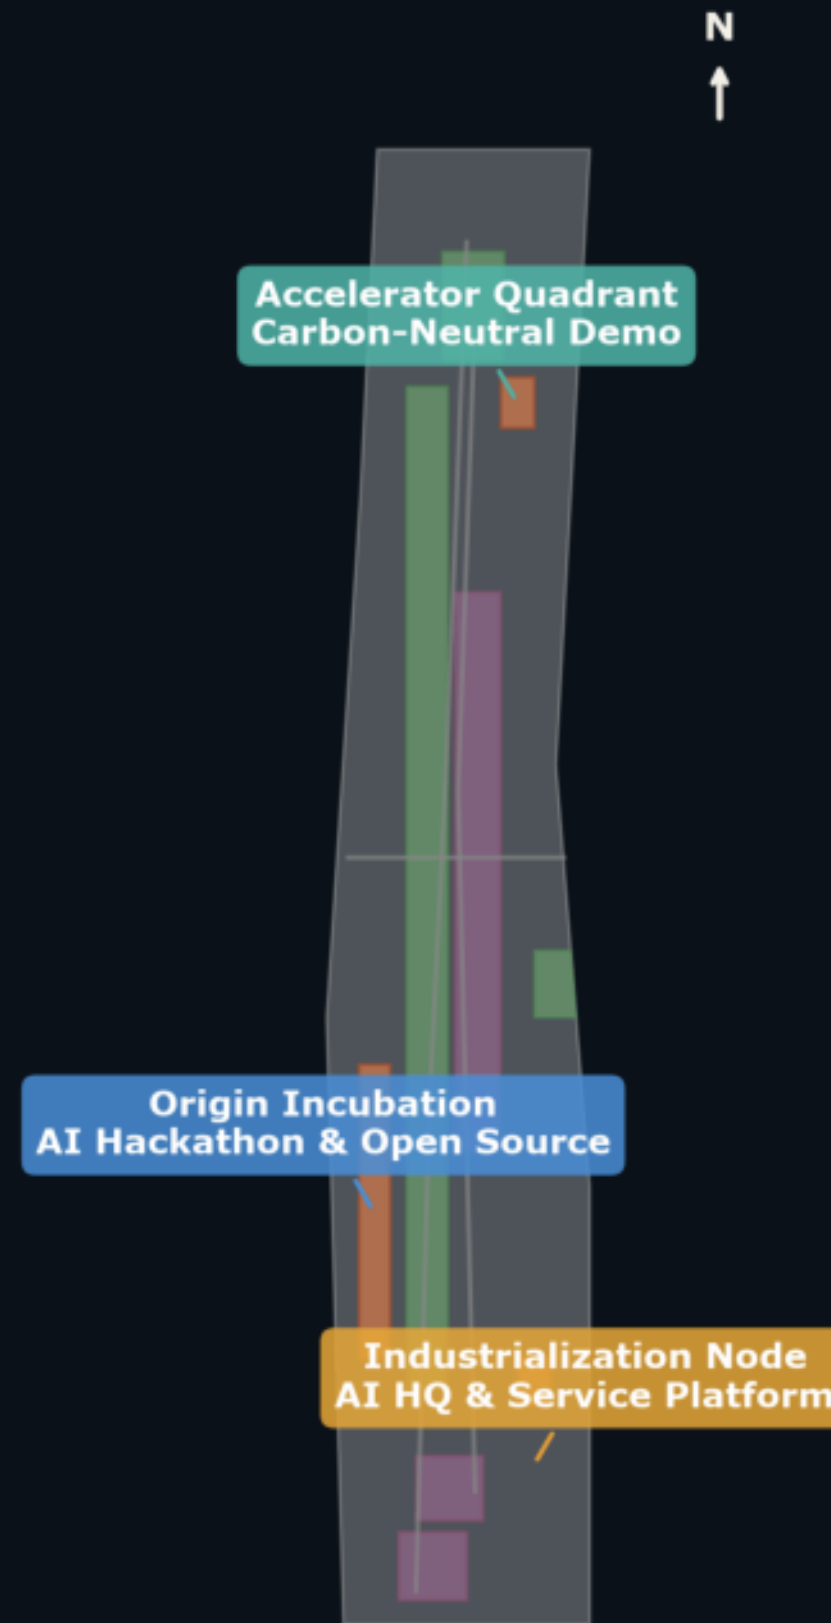

Jingzhang·ZhiXu — Land Use & Functional Zoning

Key Areas

Origin / Accelerator / Industrialization

Jingzhang·ZhiXu — Three Key Areas & Two Wings

Blue-Green Mobility

Centennial Walkway / Transit / Green System

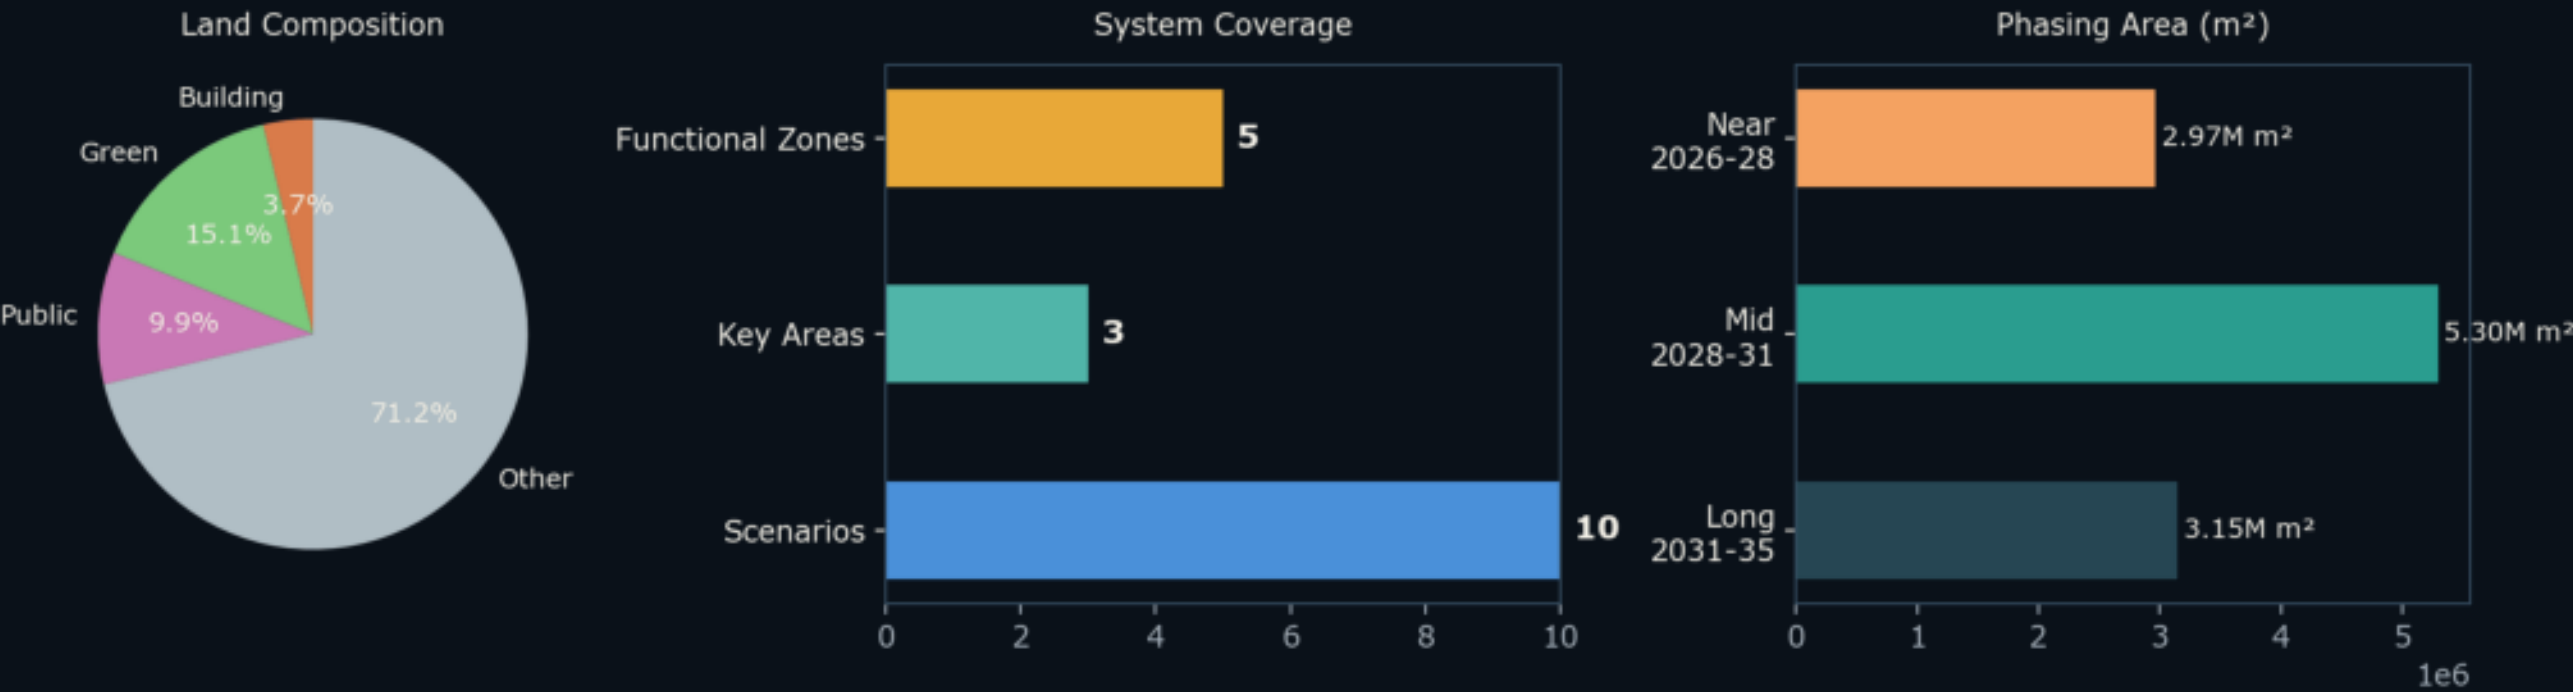

Jingzhang-ZhiXu — Blue-Green Network & Slow Mobility

Metrics Evidence

Composition / Coverage / Phasing / Metrics

Jingzhang·ZhiXu — Key Metrics & Evidence Chain

Core Metrics Evidence Table

Metric	Value	Confidence	Source
Site Area	11.41 M m ²	medium	geometry/site_boundary.geojson
Building Footprint	425 k m ²	medium	geometry/buildings.geojson
Green Ratio	15.1%	medium	geometry/green_space.geojson; geometry/site_boundary.geojson
Public Space Ratio	9.9%	medium	geometry/public_space.geojson; geometry/site_boundary.geojson
Key Areas	3	high	geometry/key_areas.geojson

03 / Key Area Spatial Deepening

Three urban roles: prove / make / exchange

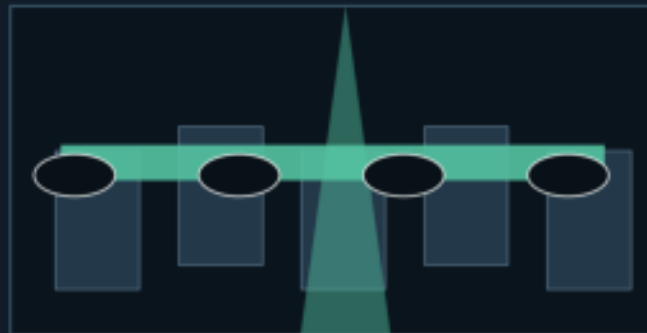

03 / THREE KEY AREAS: FROM CONCEPT TO SPATIAL ACTION

Conceptual deepening: boundaries and engineering conditions subject to official confirmation

A01 / PROVE

ZHONGZHIYUAN / ACCELERATOR

SPATIAL PROTOTYPE / CONCEPT PLAN

Test yard R&D edge Sponge garden Service loop

- Safety governance sandbox
- Qinghe sponge interface
- Edge compute + energy bay

GROUND public life

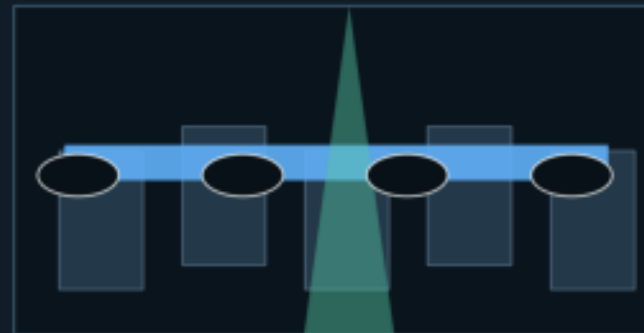

BELOW utilities / water / compute

ABOVE shade / wayfinding / bridge

A02 / MAKE

AI ORIGIN COMMUNITY

SPATIAL PROTOTYPE / CONCEPT PLAN

Campus Forum Maker street Talent hub

- Campus-to-district stitch
- Open-source forum
- Talent service + night co-create

GROUND public life

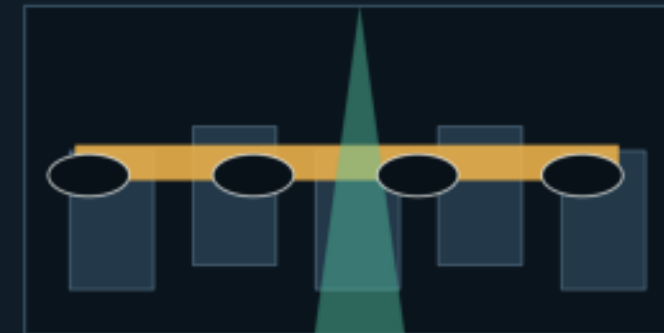

BELOW utilities / water / compute

ABOVE shade / wayfinding / bridge

A03 / EXCHANGE

DAZHONGSI / EXCHANGE

SPATIAL PROTOTYPE / CONCEPT PLAN

Transit Slow loop Civic lounge Industry street

- Four-quadrant civic lounge
- Transit + cycle interchange
- Global roadshow + night economy

GROUND public life

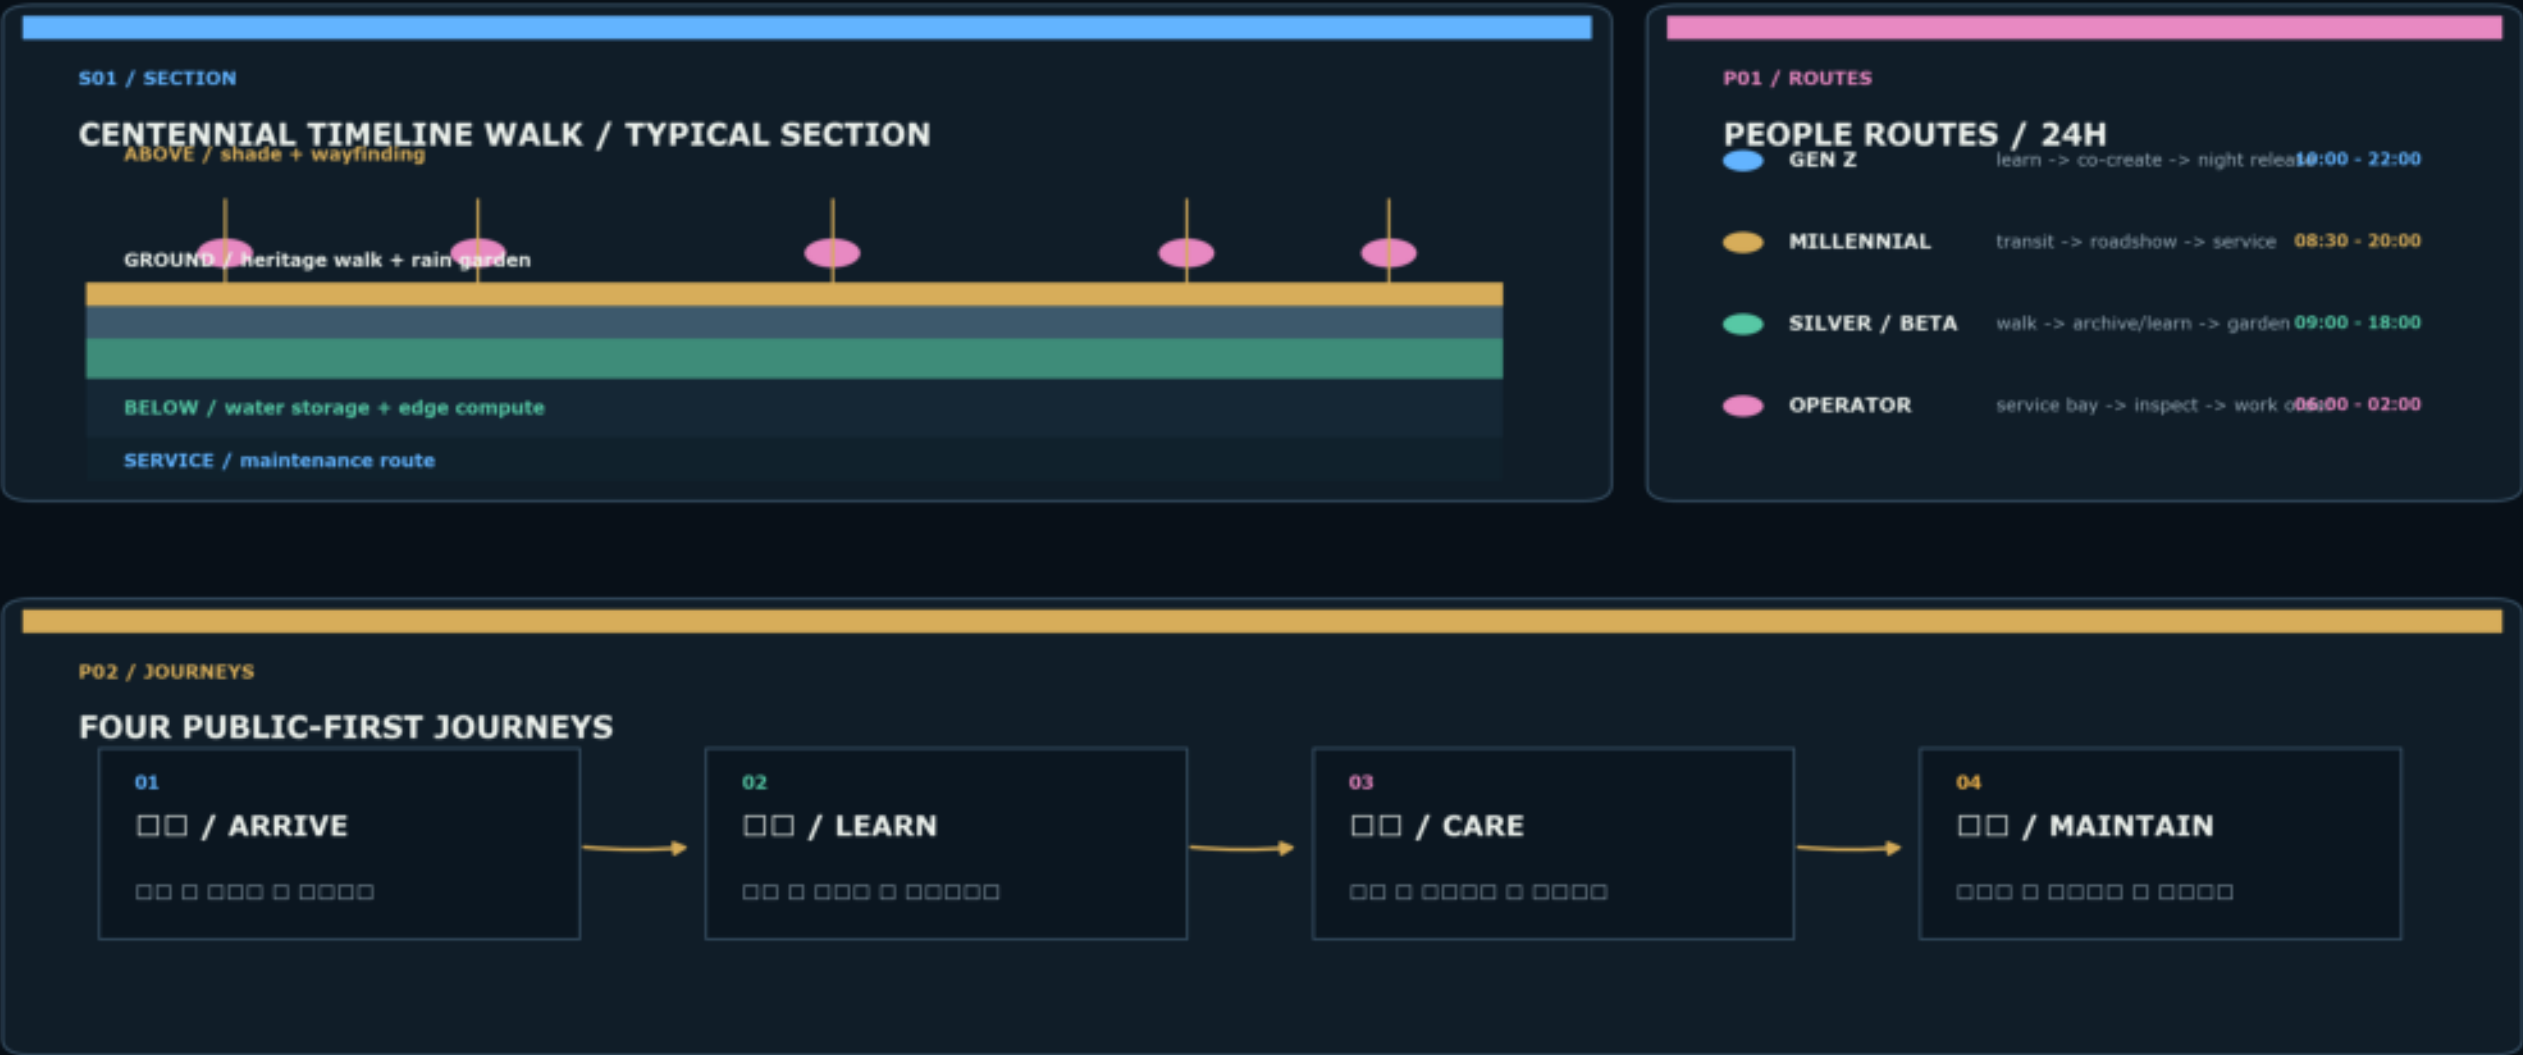

BELOW utilities / water / compute

ABOVE shade / wayfinding / bridge

04 / People Routes & Three-Dimensional Section

24-hour public service and maintenance routes

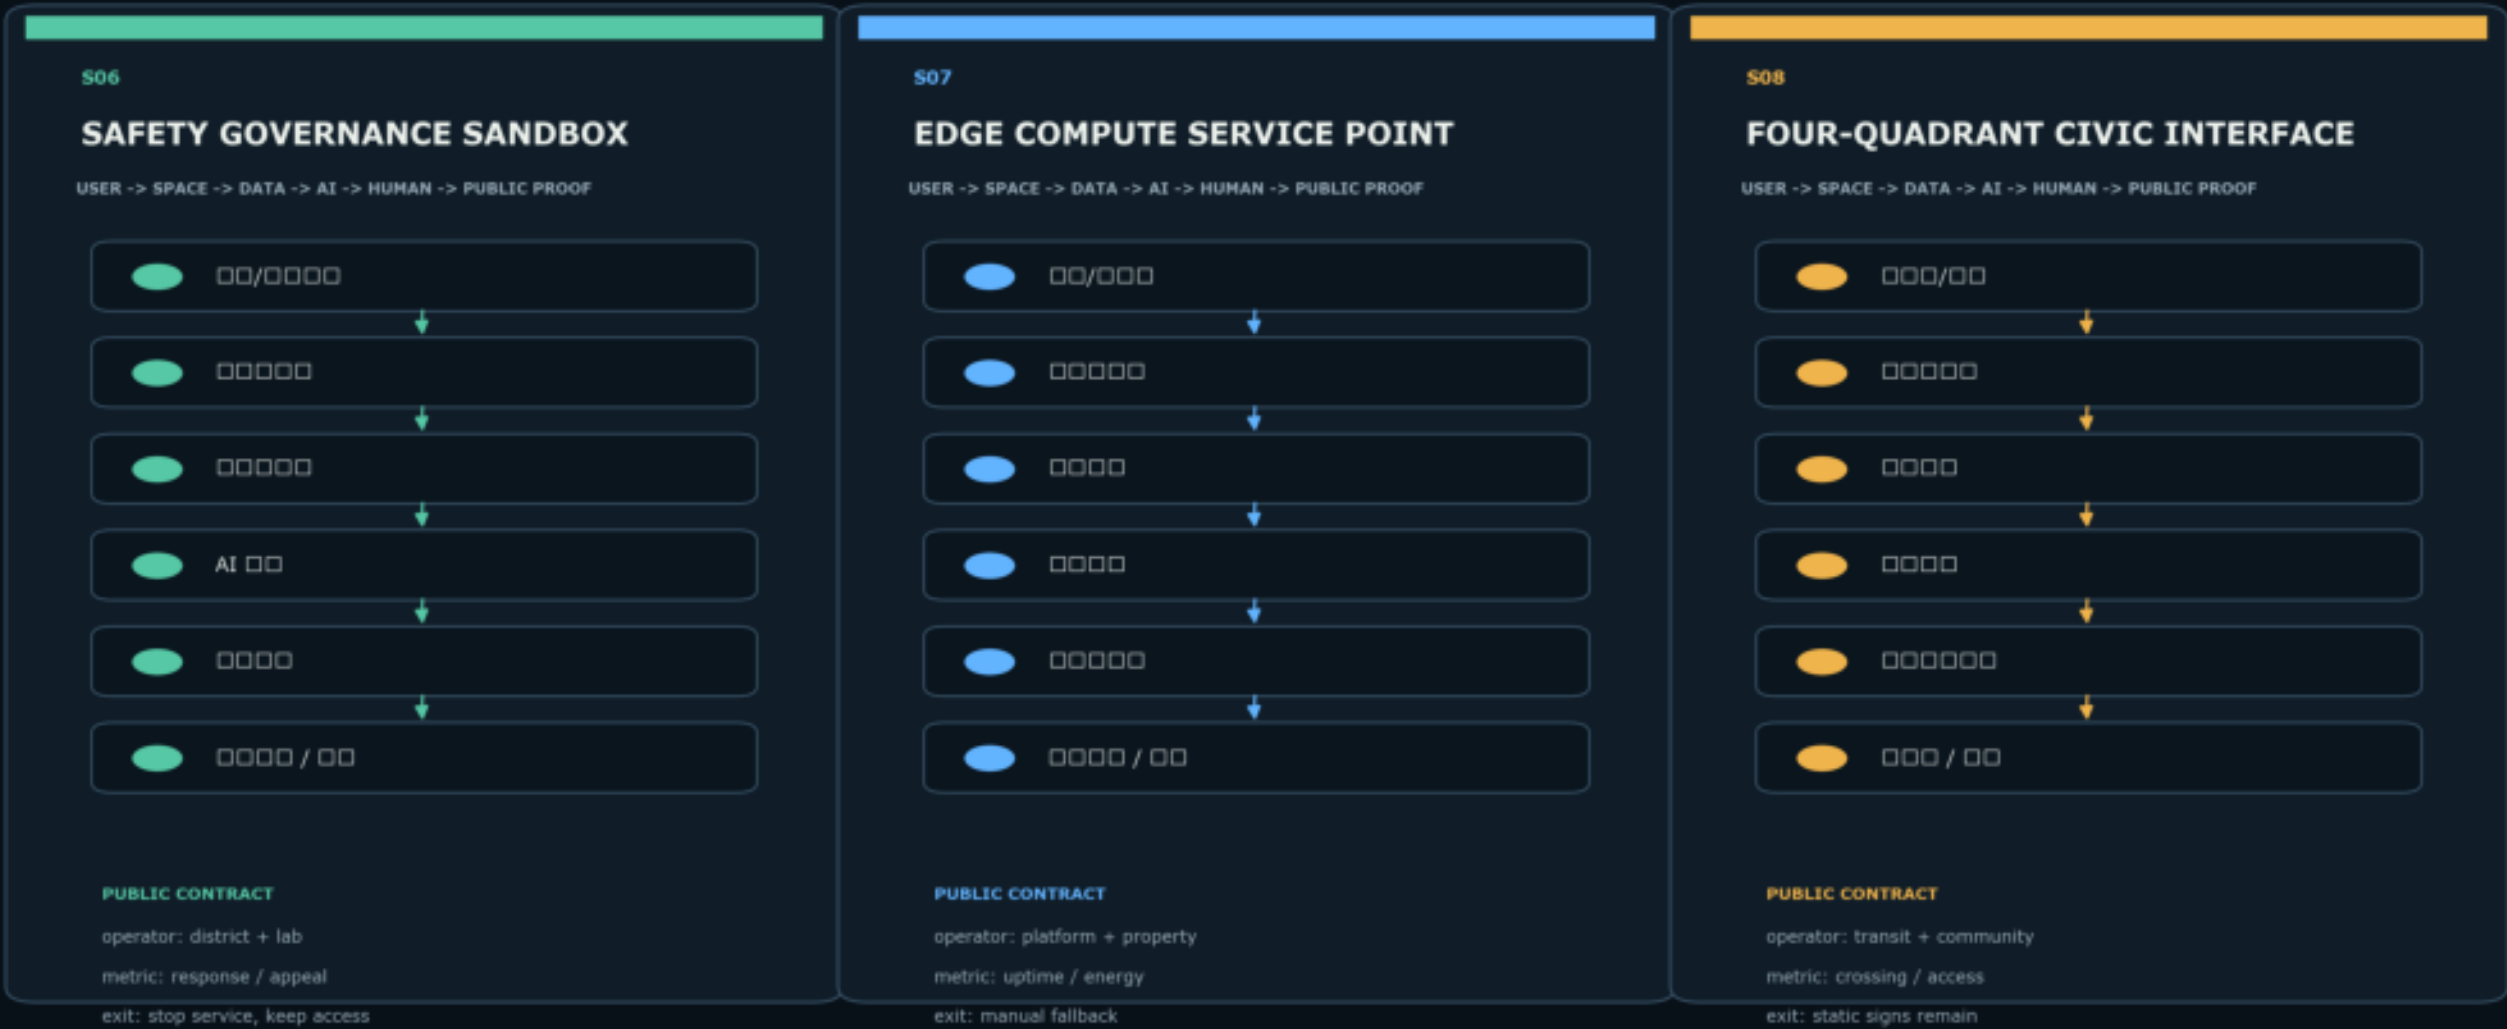

04 / DAILY PEOPLE ROUTES + GROUND-BELOW-ABOVE SECTION

05 / AI Operations Evidence

Verifiable, pausable and retireable public-service loops

05 / AI IS NOT A GADGET: THREE VERIFIABLE, PAUSABLE, RETIRABLE SERVICES

Rule: collect minimum necessary data; no AI output replaces public decision; every pilot retains human service and a visible exit.

Qi · Prologue | Spacetime Prologue Platform

Conceptual visualization | Not an existing condition or approved construction proposal

Chuang · Form | Qinghe Innovation Interface

Conceptual visualization | Not an existing condition or approved construction proposal

Shang · Trend | Four-Quadrant Lounge

Conceptual visualization | Not an existing condition or approved construction proposal

Cheng · Heritage | Centennial Timeline Walk

Conceptual visualization | Not an existing condition or approved construction proposal

Implementation Phasing

Near-Term (2026-2028)

- Spacetime Prologue Platform, first walkway segment
- AI hackathon infrastructure
- Area: 2.97 M m²

Mid-Term (2028-2031)

- Origin Community, Accelerator fourquadrant
- Opensource publishing hall, talent services
- Area: 5.30 M m²

Long-Term (2031-2035)

- North Accelerator, Dazhongsi industrialization
- Full corridor connectivity, AI Shang nodes
- Area: 3.15 M m²
