

JING-ZHANG HANDOVER LINE

Intelligence moves. Responsibility stays visible.

Human takeover is not a fallback feature. It is civic infrastructure.

Full coverage, no statutory fiction

Topological land-use partition + three scopes + three areas, two wings

JZ / 02

FULL COVERAGE, NO STATUTORY FICTION

Topological land-use partition + three scopes + three yards / two wings

LAND USE

- 0802 R&D / validation
- 0804 Learning / open source
- 05 Tech services / business
- 0701 Talent living
- 0702 Community service
- 0803 Culture / civic service
- 1401 Continuous parkland

43.6 km² → **11.4 km²** → **3 YARDS**

RESEARCH Industry + future city OVERALL DESIGN Spatial + delivery system KEY AREAS Detailed validation

Design recommendation: all zones recalculate when official boundaries arrive; no ownership or statutory land-use claim.

Data: land_use.geojson and site_boundary.geojson; codes from the public MNR subset

JING-ZHANG HANDOVER LINE / v1.0

Official positions, real interfaces

Three positions, five functions, three areas and two wings x four levels of synergy

POSITION 01

Centennial Jing-Zhang Culture Belt

Century Logbook, oral-history booth and the Tsinghuayuan Station anchor form one continuous public record.

POSITION 02

Urban AI Life Experience Belt

Twelve reversible scenarios on continuous public ground: enterable, refusable, exitable.

POSITION 03

AI Integrated Innovation Belt

Eight shared stacks interface across the three areas in a build-verify-share-serve-feedback loop.

WITHIN BELT

Three areas and two wings organise the research-validation-service loop; objections and shutdown reasons travel back north.

WITHIN CITY

Connects to the official "two zones and one belt" framework, matching Zhongguancun technology supply to this belt's validation and scenario demand.

MUNICIPAL

Future Science City, Huairou Science City and BDA form an original-research / engineering-validation / scale-delivery division; this belt is the public-validation output end.

REGIONAL

Compute, energy and scenario interfaces reserved toward Zhangjiakou and other Beijing-Tianjin-Hebei nodes; feasibility to be confirmed by authorities.

Mark, colour and brand application

Two rails, a baton and a signal bracket; five fields must always appear together

JZ / 08

Mark, colour and brand application system

Two rails + a baton + a signal bracket; five fields must always appear together

PRIMARY MARK

--	---	---	--

Licence: non-commercial public, academic and community use; commercial use by separate grant; no implied endorsement

Source: identity direction original to this submission; no third-party font, mark or protected layout

JING-ZHANG HANDOVER LINE / v1.0

A reversible city: versioned renewal and agent separation

Reversibility precedes adaptivity; perceivable is not surveillance

JZ / 09

A reversible city: versioned renewal and agent separation

Reversibility precedes adaptivity; three phases are merge gates, not a timetable

Eight shared stacks, handed to the next shift

Land, space, industry, finance, talent, compute, data, scenarios: interface and duty owner visible

JZ / 06

Eight shared stacks, handed to the next shift

Land / space / industry / finance / talent / compute / data / scenarios x three areas, two wings

Source: agent_taskbook.json three-areas-two-wings and eight-element mechanisms; concept advice only

JING-ZHANG HANDOVER LINE / v1.0

Three yards, three shifts of duty

Each key area answers programme, space, scenario, human takeover and delivery gate

JZ / 03

THREE HANDOVER YARDS, THREE SHIFTS OF DUTY

Each key area links programme, space, scenario, human takeover and delivery gates

01

BUILD?VERIFY YARD

- Public validation street
- Model red team / robot sandbox
- Physical stop by safety staff

PROVISIONAL KEY AREA

02

VERIFY?SHARE YARD

- Public handover table
- Research relay / translation
- Licence, withdrawal, human desk

PROVISIONAL KEY AREA

03

SHARE?SERVE YARD

- Century logbook
- Oral history / AI-native service
- Non-commercial access / no-AI service

PROVISIONAL KEY AREA

Key-area geometry is provisional; detailed strategies are directions for professional development

JING-ZHANG HANDOVER LINE / v1.0

Twelve reversible AI scenarios

Four controlled validation sandboxes; every scenario keeps human takeover and a no-AI equivalent

SCN-01

Model red-team desk

Human review + paper risk log

SCN-02

Robot right-of-way sandbox

Safety staff + physical stop

SCN-03

Edge energy test station

Manual shutdown + offline meter

SCN-04

Data-consent rehearsal

Paper consent + deletion desk

SCN-05

Accessible-route copilot

Tactile map + human direction

SCN-06

Public translation desk

Human desk + multilingual paper

SCN-07

Campus research relay

Human curation + open catalogue

SCN-08

Visible maintenance stop

Phone report + human dispatch

SCN-09

Community care roster

Staff telephone roster

SCN-10

Night-shift safety light

Fixed light + human patrol

SCN-11

Jing-Zhang oral-history book

Human guide + paper catalogue

SCN-12

Global Handover Week route

Fixed signs + volunteers

Movement and blue-green public ground

The smart layer is removable; ordinary movement and human service stay online

JZ / 04

ONE SPINE, EIGHT STITCH LINKS, TWELVE TAKEOVER POINTS

The smart layer is removable; basic access and human service stay available

MOVEMENT / SERVICE

- Continuous walk-cycle spine
- East-west connection intent
- Blue-green comfort ground
- Human takeover + AI scenario

A

OFFLINE BY DEFAULT

Static signs, light, tactile maps and human help do not rely on a model.

B

GRADED TAKEOVER

Low confidence, boundary breach, objection or outage calls the duty person.

C

EXIT IS RECORDED

Shutdown cause, deletion and service continuity enter the public logbook.

Conceptual connectivity, not road redlines or engineering feasibility; lengths calculated in EPSG:4548

JING-ZHANG HANDOVER LINE / v1.0

Renewal structure and priority areas

One spine, eight stitches, three yards; priority areas in three tiers

JZ / 07

Renewal structure and priority areas

One spine, eight stitches, three yards; priority areas in three tiers

RENEWAL SPATIAL STRUCTURE

Handover Line / organising spine
East-west stitch links x8
Handover yards x3

PRIORITY RENEWAL AREAS

TIER 1

Three yards and their walkable surroundings
One lead body, owners join by agreement

TIER 2

Stitch-spine junctions and low-efficiency park edges
Packaged renewal units, unified public edge

TIER 3

Remaining frontage along the line
Wayfinding, shade and edge tidying only

Retain-first adaptive reuse 14 - awaiting survey 6

Source: submitted buildings/roads/key_areas/phasing geometry; conceptual, no demolition conclusion

JING-ZHANG HANDOVER LINE / v1.0

Building renewal and condition-triggered phasing

Inventory first, temporary use second, fixed work last

R / RETAIN

Keep in use

Keep in use and complete the condition record.

A / ADAPT

Low-impact repair

Fire safety, energy, accessibility and open ground floor first.

I / INSERT

Removable trial

Removable elements and short-term use only.

D / INVESTIGATE

Not demolition

Awaits survey, structure, ownership, fire and heritage review.

PHASE 01

Return to baseline: official data, inventory, wayfinding and three low-risk human-led pilots.

PHASE 02

Open-source yard: ground floors, research relay and community service after ownership and community review.

PHASE 03

Belt-wide operation: complex validation networks only after transport, utilities, heritage, privacy and safety conditions.

Core metrics and the evidence chain

Known values recompute; FAR, height, AI innovation index, talent density and output scale stay unknown

The planning indicator system gives definitions and data preconditions only; one model assigns them once official data exists.

Risk, copyright and the next shift

Open co-design advice; it does not replace statutory planning or professional approval

DATA	Full recalculation once official boundaries, controls, ownership, roads, utilities, fire and heritage data exist.
PUBLIC	People without a phone, without Chinese, with disabilities, older people and those declining AI keep equivalent service.
COPYRIGHT	Original graphics, text and layout; external cases paraphrased only, no reused image, mark or protected chart.

Intelligence moves. Responsibility stays visible.
