

JingZhang AI Spine: An AI Innovation Community on a Century-old Rail Corridor

Centennial Jing-Zhang AI Innovation Belt Open Call · A3 Booklet

Name: JingZhang AI Spine

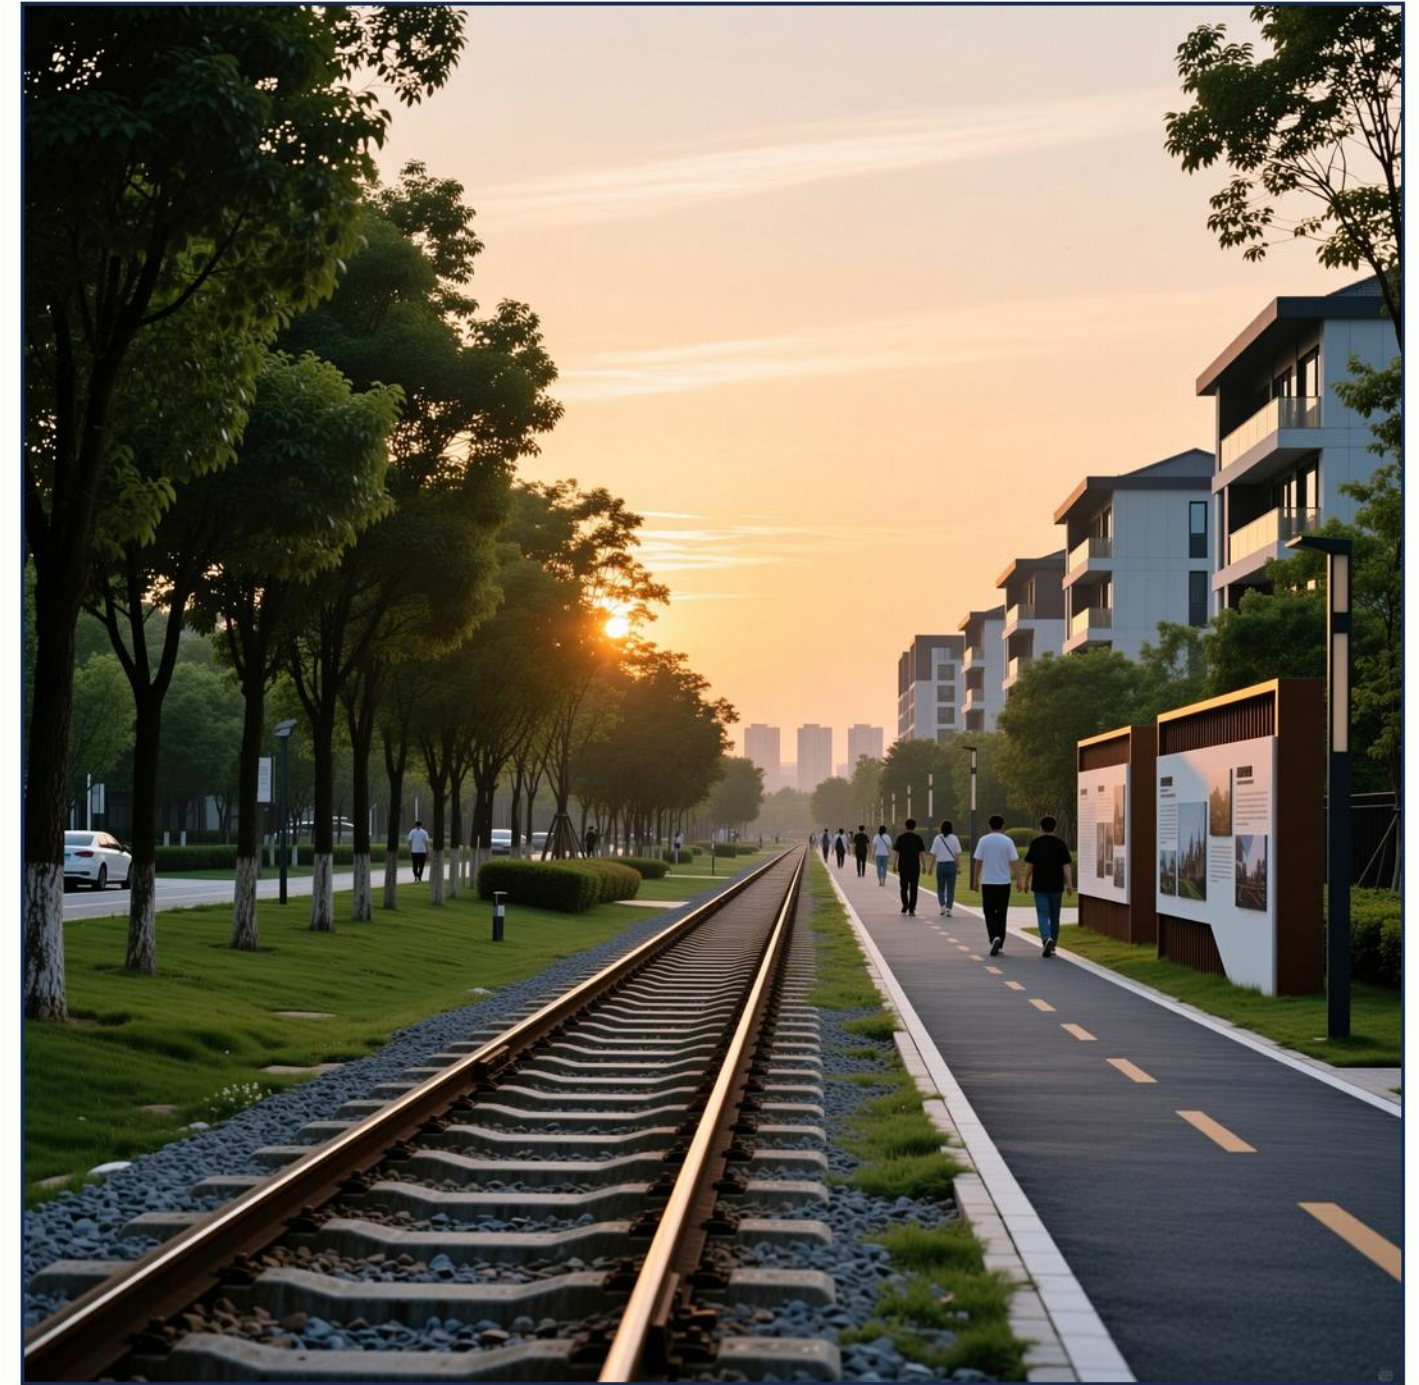

Naming system: Spine (axis) - Cores (three key areas) -

Corridors (two wings) - Arenas (scenario nodes)

Positioning: Centennial Jing-Zhang cultural belt /
urban AI life experience belt / AI-integrated
innovation belt

Five functions: full-stack AI autonomy, world-class
ecosystem, AI+ scenario paradigm, vibrant AI city,
global AI-governance voice

Visual identity: rail bronze-green + neural indigo;
node graphics derived from the herringbone rail
switchback

Concept render (AI-generated, illustrative)

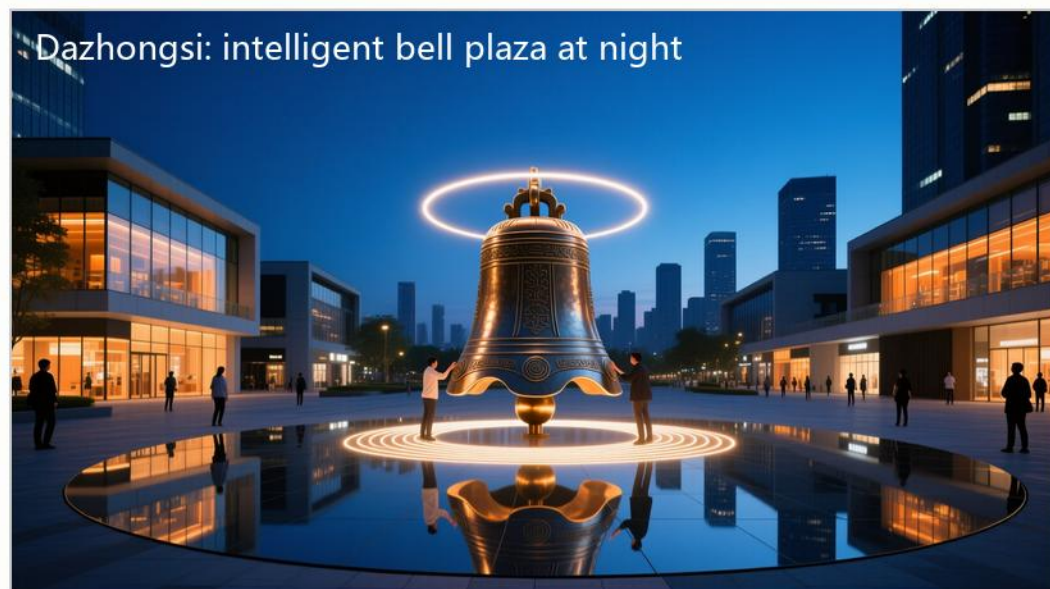

Design area 11.41 km² | Green 14.9% | Public space 7.5% | Slow network 28.2 km

Concept Renders (AI-generated · illustrative)

qwen-image text-to-image · not design evidence

Concept renders generated by Qwen qwen-image text-to-image (AI-generated); atmosphere intent only — not evidence for boundary, area, massing or implementation.

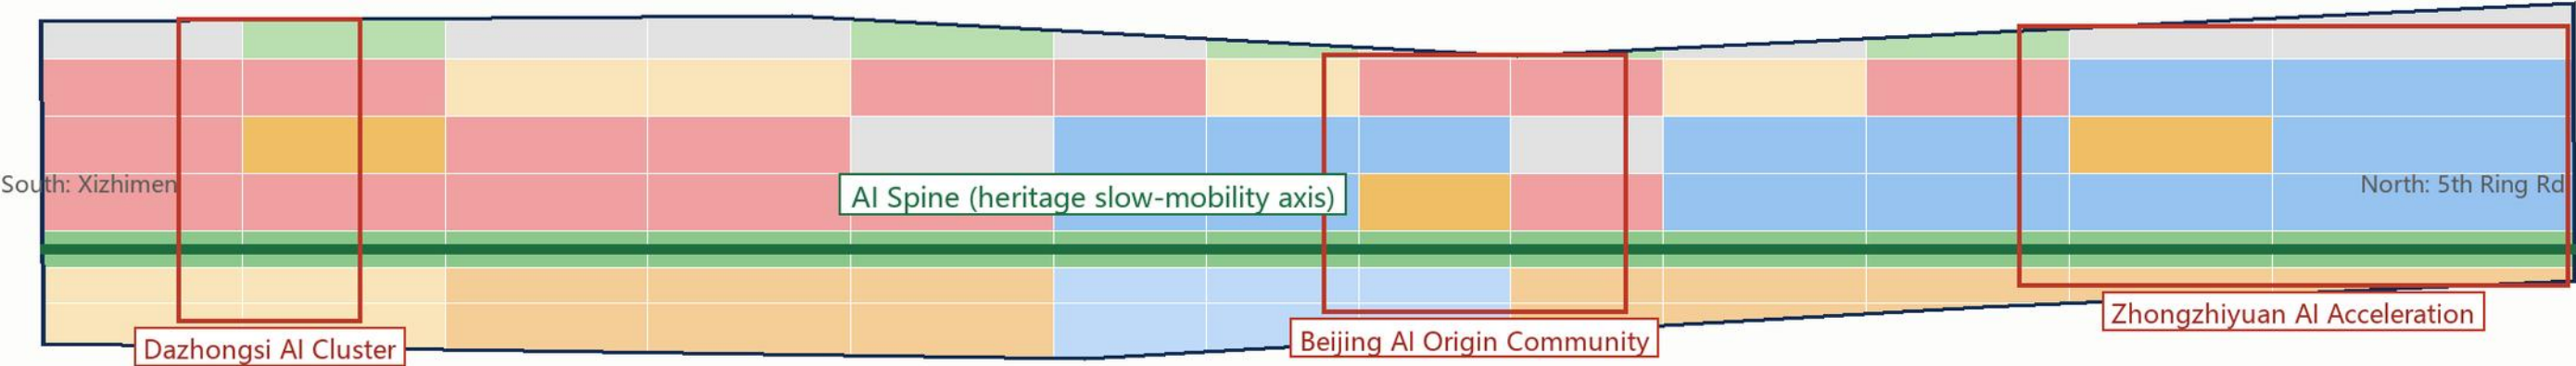

Concept & three-level scope

geometry/*.geojson · metrics.json · EPSG:4548

JingZhang AI Spine · Concept & Three-Level Scope

One spine, three cores, two wings, multiple nodes | heritage / urban AI life / AI innovation

Three-level scope framework

Coordinated research 43.6 km ² AI ecosystem & future-city strategy
Overall design 11.4 km ² Regulatory-depth urban design (mapped)
Key areas 368.4 ha (3) Implementation-depth detailed design

Naming & identity direction

Spine (axis) -> Cores (3 key areas) -> Corridors (two wings) -> Arenas (scenario nodes)
Colors: rail bronze-green x neural indigo; motif: herringbone switchback (homage to Zhan Tianyou)

Two-wing synergy loop: Zhongguancun service wing x Xiaoyuehe scenario wing —
conceptual, no new redlines

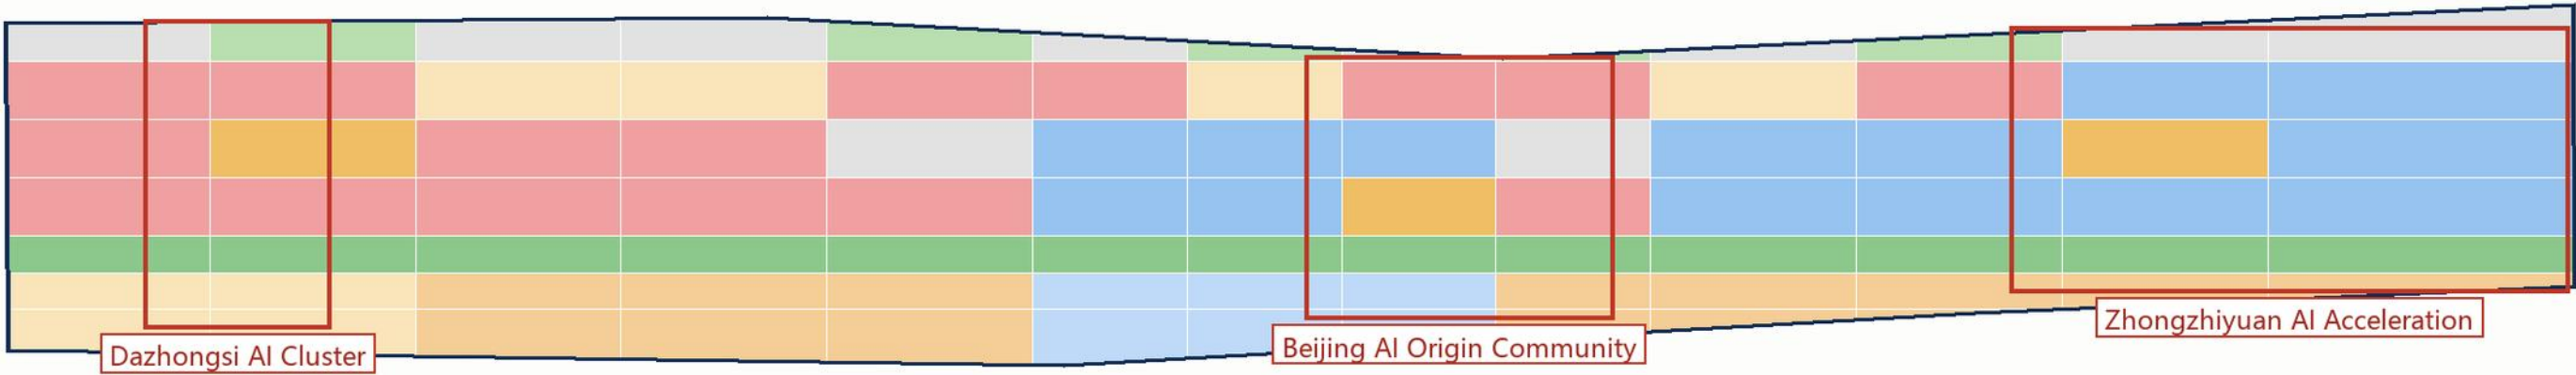

图例 Legend

- Spine greenway
- Key areas (provisional)
- Design boundary (provisional)

Sources: Haidian announcement (2026-05-09) + maintainer provisional boundary (not an official redline); recomputed from GeoJSON/metrics (EPSG:4548).

Land-Use Structure (conceptual gapless partition, 90 cells)

MNR land-use codes | consistent with geometry/land_use.geojson

Legend (area / share)

05 Commercial · 256.3 ha · 22.5%	1401 Park · 133.5 ha · 11.7%	0804 Education · 54.9 ha · 4.8%
0802 Research · 243.4 ha · 21.3%	16 Reserve · 114.0 ha · 10.0%	1403 Square · 47.0 ha · 4.1%
0701 Residential · 142.6 ha · 12.5%	0702 Community · 112.4 ha · 9.9%	1402 Buffer · 37.0 ha · 3.2%

Adjacent cells share cut-line coordinates; union equals the submitted boundary. Conceptual; recomputed once official controls arrive.

Sources: Haidian announcement (2026-05-09) + maintainer provisional boundary (not an official redline); recomputed from GeoJSON/metrics (EPSG:4548).

Three key areas detailed design

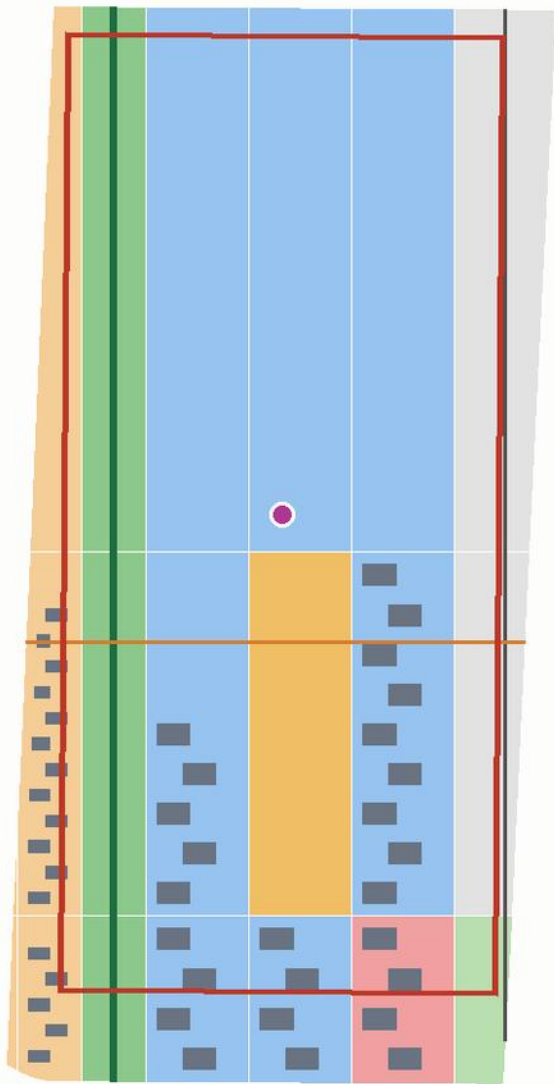

geometry/*.geojson · metrics.json · EPSG:4548

Three Key Areas · Detailed Design Index

Zhongzhiyuan 192.1 ha | Origin Community 104.3 ha | Dazhongsi 72.0 ha (announced)

Zhongzhiyuan AI Acceleration

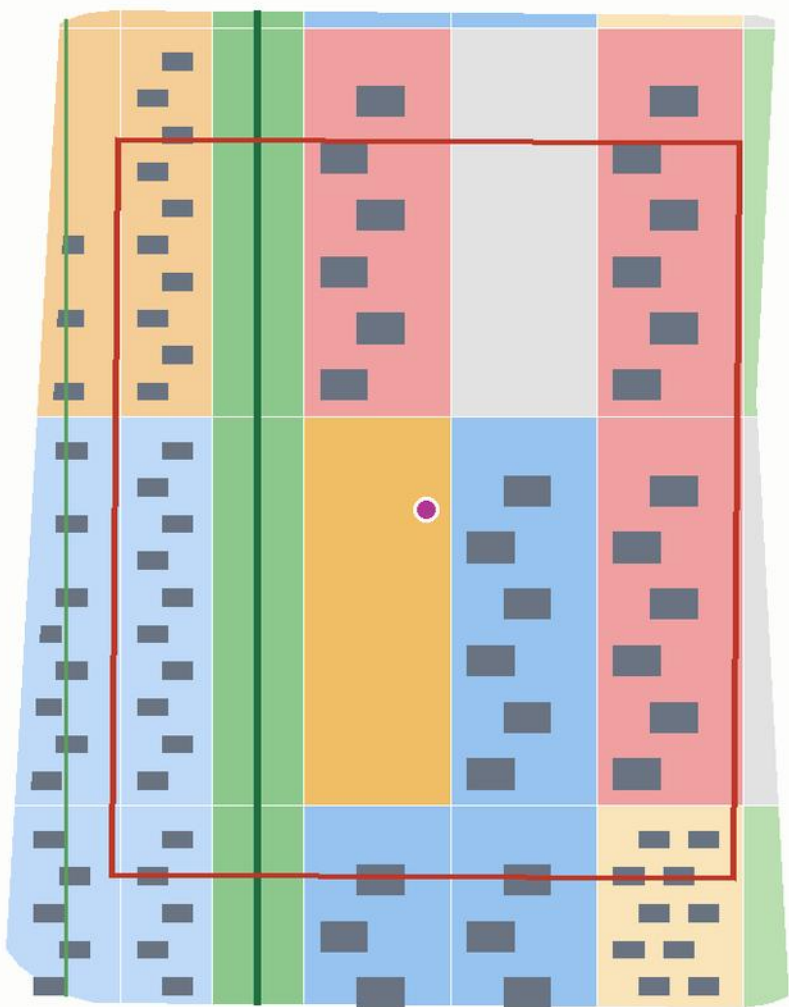

Garden full-stack district

Riverfront · governance square · courtyard
R&D · low-carbon testing

Beijing AI Origin Community

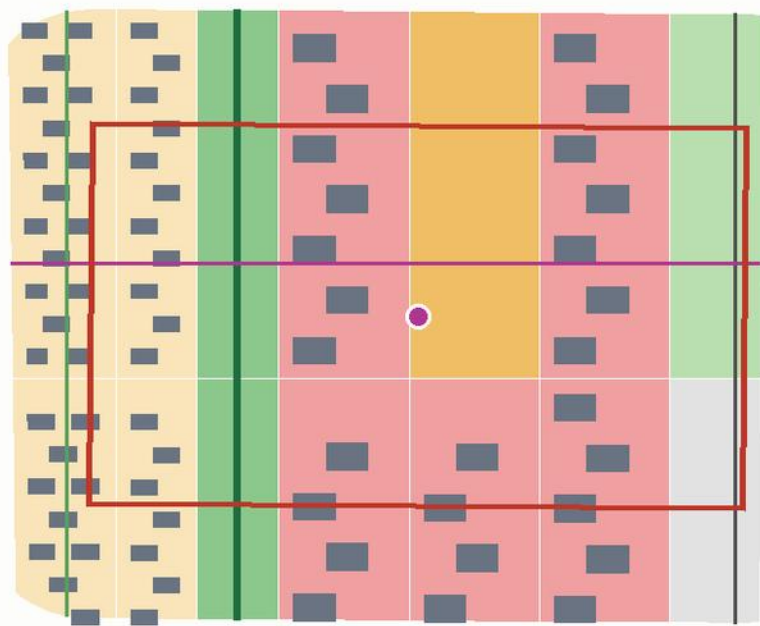

Campus transfer & talent community

Origin Square · slow stitch · transfer
street · talent services

Dazhongsi AI Cluster

Urban AI-economy district

Zhongsi Square · transit integration ·
quadrant links · data salon

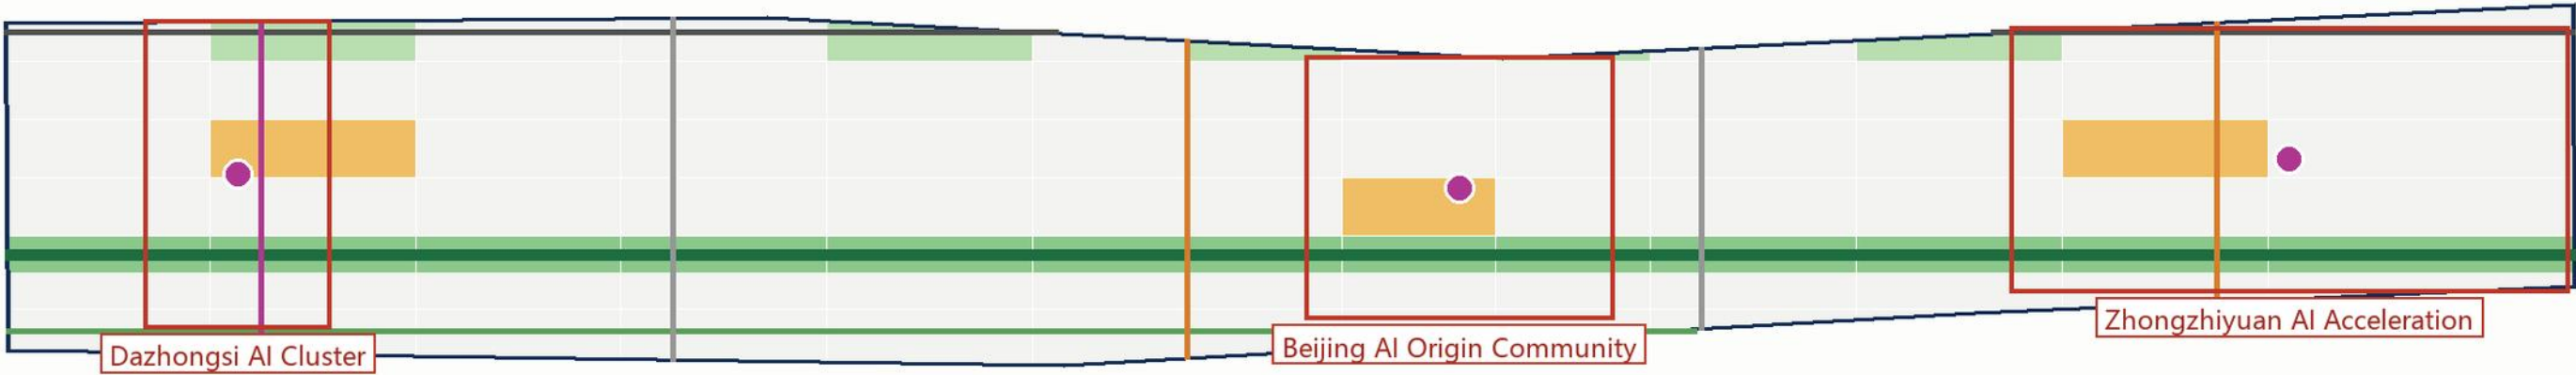

Sources: Haidian announcement (2026-05-09) + maintainer provisional boundary (not an official redline); recomputed from GeoJSON/metrics (EPSG:4548).

Mobility & blue-green system

geometry/*.geojson · metrics.json · EPSG:4548

Mobility × Blue-Green Public-Space System

One spine, two loops, multiple links: heritage axis + wings + three stitching corridors

图例 Legend

- Spine greenway
- West cycleway
- East secondary
- Branch

- Pedestrian link
- Transit link
- Park green
- Buffer

- Civic square
- Station/area node

Centerline length 28.2 km
Green ratio 14.9%
Public space 7.5%
All roads are concept centerlines; no redline claims

Sources: Haidian announcement (2026-05-09) + maintainer provisional boundary (not an official redline); recomputed from GeoJSON/metrics (EPSG:4548).

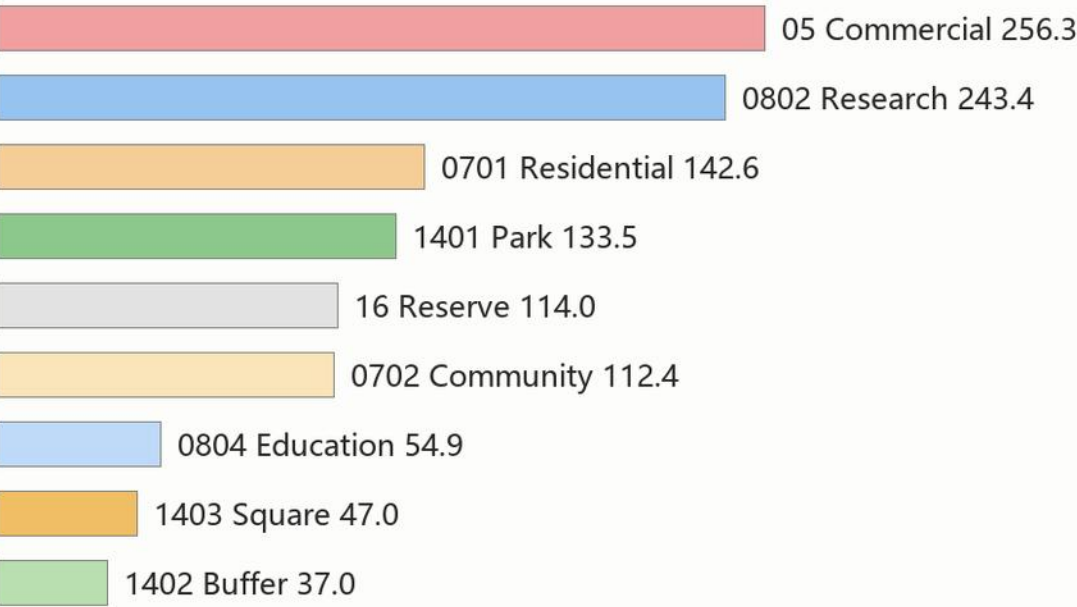

Metrics recomputation & evidence

geometry/*.geojson · metrics.json · EPSG:4548

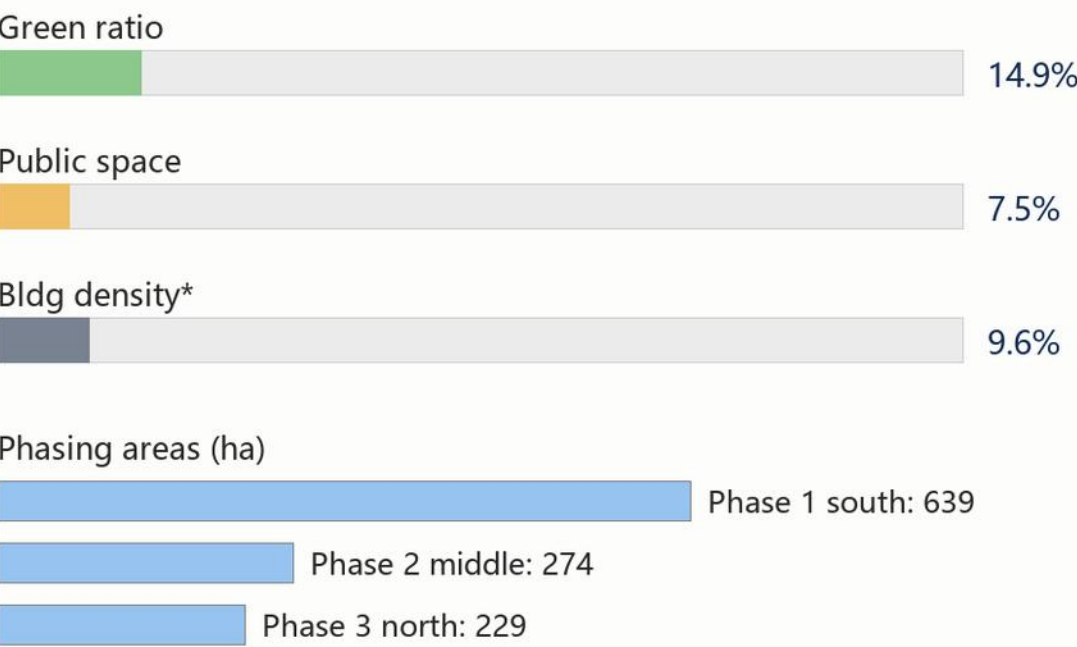

Core Metrics Recomputation & Evidence Chain

Known metrics recomputable from geometry (EPSG:4548); unknown metrics pending official controls

Land-use composition (ha)

Ratios & phasing

Evidence chain: metric -> formula -> source -> status

site_area_sqm	$\text{polygon_area}(\text{site_boundary})$	geometry/site_boundary.geojson	known
green_ratio	$\text{green_space_area} / \text{site_area}$	geometry/green_space.geojson	known
public_space_ratio	$\text{public_space_area} / \text{site_area}$	geometry/public_space.geojson	known
building_footprint_area_sqm	$\text{sum}(\text{polygon_area}(\text{buildings}))$	geometry/buildings.geojson	known
road_centerline_length_m	$\text{sum}(\text{line_length}(\text{roads}))$	geometry/roads.geojson	known
key_area_count	$\text{count}(\text{key_areas})$	geometry/key_areas.geojson	known
floor_area_ratio	unknown — pending controls	brief/site-package/ranges/planning_limits.json	unknown

Sources: Haidian announcement (2026-05-09) + maintainer provisional boundary (not an official redline); recomputed from GeoJSON/metrics (EPSG:4548).

12 AI Scenario Cards + 3 Test-validation Scenarios

data minimization · human review · concept

01 Open-source Release Hall

AI Origin Community | releases & demo days; no personal tracking

03 Edge-compute Post

belt nodes | new-infrastructure prototype with low-carbon energy

05 Global Roadshow Lounge

Dazhongsi | agents/devices/content showcase & exchange

07 Campus Transfer Street

Origin Community | incubation, IP, legal & funding services

09 AI Life-service Street

community retail | health/education/legal AI+ pilots

11 Heritage Night-light Run

heritage park | night vitality with graded lighting safety

02 AI Governance Sandbox

Zhongzhiyuan | standards, safety eval, red-team showcase

04 AI Slow-mobility Guide

heritage park | explainable wayfinding, low-intrusion sensing

06 Qinghe Low-carbon Gallery

riverfront | green space, stormwater, cycling + AI exhibits

08 Data-element Salon

Dazhongsi | compliant, auditable data-element interface

10 Global AI Week Route

belt public space | heritage-open source-industry-roadshow walk

12 Accessible AI Tour

belt-wide | multilingual accessible guide with human fallback

Test-validation: (1) open model testing (Zhongzhiyuan) (2) smart-device pilot street (Dazhongsi) (3) compliant data-element sandbox (Dazhongsi) - concept only.

Renewal Projects, Phasing & Risk Boundaries

Phase 1 south · Phase 2 middle · Phase 3 north

JZ-01 Heritage park slow-link stitching

Phase 1 | depends on: redlines, underpass space, traffic review

JZ-02 Zhongzhiyuan Qinghe innovation interface

Phase 3 | depends on: river blueline, ecology, flood control

JZ-03 Origin Community campus transfer street

Phase 1 | depends on: campus boundary, ownership, ground-floor uses

JZ-04 Dazhongsi station quadrant walk links

Phase 1 | depends on: station, junctions, utilities

JZ-05 AI public-service & edge-compute nodes

Phase 2 | depends on: energy, compute, safety, operator

JZ-06 Global AI week public route

ongoing | depends on: permits, event safety, cleared IP

Risks & compliance: official boundary/key-area polygons are not public (provisional labeled); FAR/height/setback pending; no guessed values posed as approved controls; all spatial advice is conceptual, for professional deepening.
