

JING-ZHANG CIVIC FOUNDRY

A CULTURAL-PRODUCTION BELT FOR CIVIC AI PRODUCTS

Culture turns AI into civic products.

The city is not AI's showroom; it is a co-author.

Jing-Zhang should build the capacity that turns technical results into real civic products, rather than compete to become a fourth AI park.

TASKBOOK ALIGNMENT BEFORE BRANDING

Three positionings / five functions / six tasks

CENTENNIAL JING-ZHANG
CULTURAL BELT

Verifiable history and place evidence

METROPOLITAN AI-LIFE
EXPERIENCE BELT

Refusable daily trial with staffed service

AI-INTEGRATED INNOVATION
BELT

Research -> civic product -> adoption or exit

01 Overall coordination

Evidence index: P02/P04/P05

02 Ecology and factors

Evidence index: P03/P07

03 Scenarios and users

Evidence index: P09-P16

04 Public space and landmarks

Evidence index: P08/P13-P17

05 Cultural integration

Evidence index: P17

06 Events and operation

Evidence index: P18

Single strategic judgement: build conversion capacity, not another generic AI park.

EIGHT GLOBAL CASES - MECHANISMS, NOT BRAND COLLAGE

8/8 public background sources registered

Punggol Digital District / Singapore

Mechanism: Plug-in living lab; simulate before field testing.
Transfer: Link validation, co-making and rollback.
Boundary: No budgets, powers or suppliers.

Mila / Mile-Ex / Montreal

Mechanism: University alliances and responsible-AI community.
Transfer: Add cultural calibration and co-author space.
Boundary: No researcher counts or rankings.

Hazelwood Green Robotics / Pittsburgh

Mechanism: Industrial renewal joins robot tests and learning.
Transfer: Use an isolatable, observable validation yard.
Boundary: No rights, heritage value or building scale.

Zhangjiang AI Island / Shanghai

Mechanism: R&D, applications and daily services form an ecosystem.
Transfer: Bind each factor to space, service and validation.
Boundary: No company counts, subsidies or investment.

Smart Kalasatama / Helsinki

Mechanism: Agile pilots, co-design and resident participation.
Transfer: Start small and reversible; retain normal service.
Boundary: No KPIs, social structure or climate targets.

Vector Institute / MaRS / Toronto

Mechanism: Research, talent, adoption and public capacity.
Transfer: Add translation table and adoption review.
Boundary: No funding, partner or industry figures.

Sangam Mobility Testbed / Seoul

Mechanism: Trials use fixed routes, times and explanation.
Transfer: Require geofence, safety officer and exit.
Boundary: No routes or vehicle conditions.

Hetao Shenzhen-Hong Kong Cooperation Zone

Mechanism: Cross-region research, standards and services.
Transfer: Use a standards-exchange interface.
Boundary: No cross-border tax, finance or data assumptions.

REAL-SITE OVERVIEW: THREE SCOPE TIERS

京张万象工场 | 文化生产驱动的AI公共产品转化带

v7.8中文主版/ P04

真实场地总体主图

十秒看懂：在北京哪里 | 三层范围 | 三区两翼 | 一线三场九室

43.6km²
统筹研究 | 精确边界待官方资料 (unknown)

11.4km²
总体设计 | 临时工作几何 (provisional)

368.4ha
三处重点区合计 | 法定边界待核 (unknown)

来源：官方任务书与公开资料；OSM contributors, ODbL；临时几何仅作概念研究

第04页 | 开放共创建议 | 非正式规划 | 非实施承诺

ENGLISH AUDIT KEY

- 43.6 km2 coordinated research scope: text extent; exact polygon unknown.
- 11.4 km2 overall design scope: provisional working geometry.
- Three key areas total about 368.4 ha; official polygons remain unknown.
- Public anchors: Xuezhuyuan/Zhongzhuyuan, Dongsheng Building, Dazhongsi Station and Juesheng Temple.
- Competition key area, existing project core and influence range are not interchangeable.

PROVISIONAL WORKING GEOMETRY - NOT AN OFFICIAL REDLINE

ONE LINE, THREE GROUNDS, NINE ROOMS

A spatial structure, not nine new buildings

One Line = the real Jing-Zhang corridor. Three Grounds = controlled validation at Zhongzhiyuan, co-production at AI Origin, low-risk public trial at Dazhongsi. Nine Rooms = transverse public interfaces in existing ground floors, courtyards and public space.

Public Trial Room
Purpose: Understand mature low-risk products with staffed explanation.

Neighbourhood Content Room
Purpose: Create reusable content with small merchants and communities.

Cultural Evidence Room
Purpose: Verify Jing-Zhang facts, local knowledge and provenance.

Civic Commission Room
Purpose: Turn real problems into auditable briefs.

Co-author Room
Purpose: Bring users into prototyping, not passive testing.

Creator Living Room
Purpose: Support interdisciplinary residence and daily life.

Failure Archive Room
Purpose: Make pauses, failures and exits public knowledge.

Physical-AI Validation Room
Purpose: Separate higher-risk devices from daily public routes.

Standards Exchange Room
Purpose: Turn test experience into reusable rules.

LAND USE AND ACTIVE-GROUND STRUCTURE

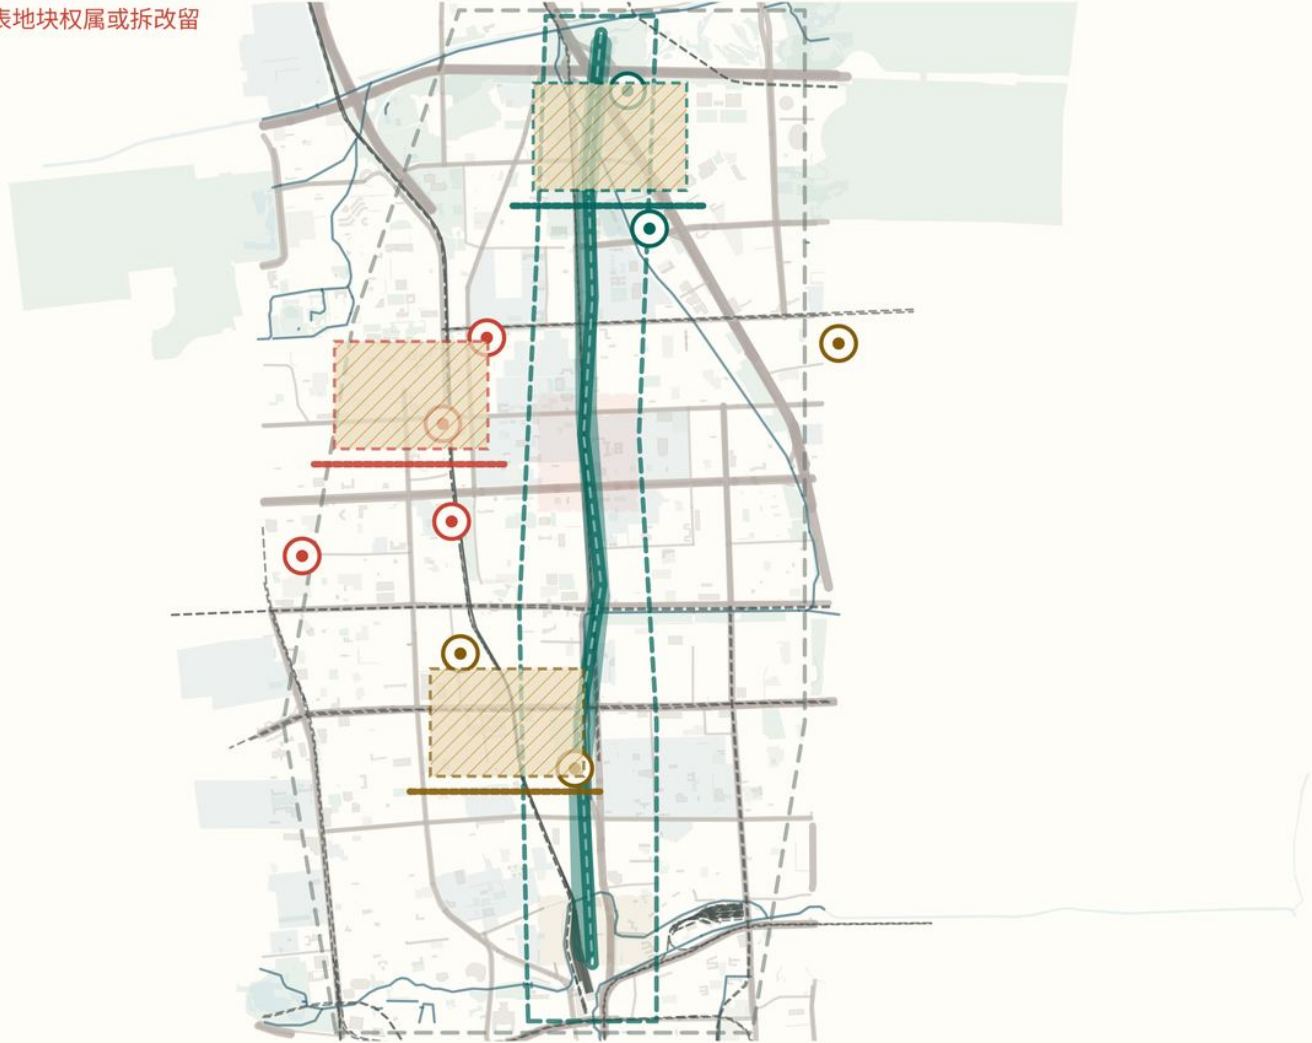

京张万象工场 | 文化生产驱动的AI公共产品转化带

v7.8中文主版/ P06

先守公共底座，再允许可逆介入

现状、保留、修补、再利用和新增分开画；不对具体地块作拆改留或法定强度结论

概念性土地—首层关系 | NTS | 彩色范围不代表地块权属或拆改留

现状 OSM建筑、道路、水绿和校园背景	保留 连续通行、安静休息、日常首层	修补 树池、门槛、遮阴、东西缝合	再利用 既有首层与院落的可见制作	新增 可逆雨棚、人工窗、状态与退出界面
-------------------------------	-----------------------------	----------------------------	----------------------------	-------------------------------

现状来自OSM公共背景；所有彩色介入均为design_proposal / NOT TO SCALE

第06页 | 开放共创建议 | 非正式规划 | 非实施承诺

ENGLISH AUDIT KEY

- Existing fabric, public baseline, adaptive reuse, reversible interface and temporary service are graphically distinct.
- No parcel use, FAR, GFA, ownership or demolition conclusion is asserted without official controls.
- Street, arcade, court and workshop form the public-to-production sequence.
- Continuous no-scan access, staffed window, quiet bypass, fire route and logistics route remain visible.
- Land-use and ground-floor geometry are conceptual until survey and statutory verification.

PROVISIONAL WORKING GEOMETRY - NOT AN OFFICIAL REDLINE

AI ECOSYSTEM AND FACTOR SAFEGUARDS

Supply -> calibration -> validation -> co-making -> public trial -> exit

Every factor must identify a spatial carrier, entry condition, risk and exit. Company lists and policy slogans do not count as safeguards.

Land
Entry evidence: Official boundary, rights and use

Space
Entry evidence: Survey, fire, access and structure

Industry & technology
Entry evidence: Safety, maturity and accountable owner

Compute
Entry evidence: Load, energy, purchase and data boundary

Data
Entry evidence: Lawful source, minimum need and consent term

Talent
Entry evidence: Real post and service demand

Finance
Entry evidence: Open process, interest disclosure and risk review

Professional services
Entry evidence: Law, IP, standards, ethics and procurement

Scenarios
Entry evidence: Baseline, owner, stop and rollback

Culture & IP
Entry evidence: Source, licence, pay and credit

Standards & governance
Entry evidence: Applicable standards and final human judgement

Operations
Entry evidence: Staffing, funding source and complaint route

WALKING, BLUE-GREEN SPACE AND LOGISTICS

京张万象工场 | 文化生产驱动的AI公共产品转化带

v7.8中文主版/ P08

南北连续、东西缝合，公众与后勤不抢同一条路

公共路径、无障碍、安静旁路、骑行、装卸消防、水绿和文化锚点在同一背景核对

概念性路径网络 | NTS | 轨道站出入口、路口、消防和无障碍待专业复核

公共路径 无需扫码、连续、免费、可人工求助	安静旁路 不扫描、不排队、不被活动占用	骑行与接驳 与步行错位，站点接口待核	后勤与装卸 限时、背面、不得占人行道	消防与无障碍 独立专业核验，不能被AI替代
---------------------------------	-------------------------------	------------------------------	------------------------------	---------------------------------

道路、铁路、水系、建筑与校园来自OSM；全部彩色路径均为概念建议

第08页 | 开放共创建议 | 非正式规划 | 非实施承诺

ENGLISH AUDIT KEY

- The free, continuous and accessible walking baseline precedes all AI deployment.
- Quiet bypass, shade, stormwater, public seating and staffed help operate without a device.
- Logistics, loading and fire access do not cut through the public court.
- Temporary tests use time windows, visible boundaries and a restoration route.
- All widths and interfaces are design recommendations pending survey; no scale is claimed.

PROVISIONAL WORKING GEOMETRY - NOT AN OFFICIAL REDLINE

AI SCENARIO CARDS 01-03

Problem -> limited AI -> human review -> spatial change -> rollback

CARD 01 / Civic Problem Commission

Space: AI Origin / Civic Commission Room
Limited AI role: Classify de-identified briefs and flag evidence gaps.
Human review: Staff, domain expert and proposer confirm.
Spatial object changed: Commission Arcade display, queue and opening hours.
No-AI / rollback: Paper intake; delete model grouping and restore the human record.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

CARD 02 / Thermal Comfort and Shade Co-design

Space: AI Origin / Co-author Room
Limited AI role: Compare reversible canopy, tree crown and activity-time options.
Human review: Landscape, operations, residents and access adviser review.
Spatial object changed: Canopy points, tree beds, seating, public route and timetable.
No-AI / rollback: Field walk and physical mock-up; remove canopy and restore route.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

CARD 03 / Accessible Quiet Bypass

Space: AI Origin / Neighbourhood Content Room
Limited AI role: Compare route conflicts without collecting personal trajectories.
Human review: Access users, specialist and fire adviser review.
Spatial object changed: Quiet bypass, wayfinding, waiting points and event boundary.
No-AI / rollback: Human guide and tactile/high-contrast signs; remove temporary event kit.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

AI SCENARIO CARDS 04-06

Problem -> limited AI -> human review -> spatial change -> rollback

CARD 04 / Cultural Provenance and Rights Calibration

Space: AI Origin / Cultural Evidence Room
Limited AI role: Retrieve sources, compare versions and flag gaps; never decide rights.
Human review: Curator, historian, legal adviser and rightsholder review.
Spatial object changed: Labels, source table, removable display and public query point.
No-AI / rollback: Printed source book; remove content and retain the empty bay.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

CARD 05 / Controlled Last-mile Robot Validation

Space: Zhongzhiyuan / Physical-AI Validation Room
Limited AI role: Simulate time windows, routes and conflict points.
Human review: Safety, fire, operations and on-site staff review.
Spatial object changed: Test loop, observation buffer, closable gate and loading window.
No-AI / rollback: Manual trolley; close the gate and restore human logistics.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

CARD 06 / Embodied-AI Safety Validation

Space: Zhongzhiyuan / Physical-AI Validation Room
Limited AI role: Generate edge cases and replay failures.
Human review: Robotics, safety, ethics and operations review.
Spatial object changed: Test cells, separation strip, observation window and emergency stop.
No-AI / rollback: Mechanical protection and checklist; return to enclosed testing.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

AI SCENARIO CARDS 07-09

Problem -> limited AI -> human review -> spatial change -> rollback

CARD 07 / Compute and Energy Load Sandbox

Space: Zhongzhiyuan / Standards Exchange Room
Limited AI role: Compare external compute, off-peak, compression and local deployment.
Human review: Energy, IT, procurement and operations review.
Spatial object changed: Reserved interface, opening times and heat separation - no invented plant size.
No-AI / rollback: Manual capacity check; remove temporary equipment.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

CARD 08 / Xiaoyue River Micro-stormwater and Shade Trial

Space: Xiaoyue River Scenario Wing
Limited AI role: Compare reversible planters, permeable samples and diversions.
Human review: Water, landscape, ecology, access and maintenance review.
Spatial object changed: Sample strip, seats, temporary planting and bypass signs.
No-AI / rollback: Manual inspection; remove reversible components.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

CARD 09 / Station-City-Heritage Wayfinding

Space: Dazhongsi / Public Trial Room
Limited AI role: Compare wayfinding, queue, seating and activity boundaries.
Human review: Transport, heritage, access, operations and public review.
Spatial object changed: Wayfinding posts, waiting area, quiet bypass and trial entrance.
No-AI / rollback: Fixed signs, staff and paper map; remove temporary signs and kit.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

AI SCENARIO CARDS 10-12

Problem -> limited AI -> human review -> spatial change -> rollback

CARD 10 / Low-risk Civic Public Trial

Space: Dazhongsi / Public Trial Room
Limited AI role: Assist reviewed multilingual and accessible explanation and feedback grouping.
Human review: Product owner, curator, access adviser and floor staff review.
Spatial object changed: Removable stand, seating direction, trial hours and quiet boundary.
No-AI / rollback: Human explanation and paper feedback; remove kit, restore civic living room.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

CARD 11 / Peripheral Interpretation for Juesheng Temple

Space: Dazhongsi / Cultural Evidence Room
Limited AI role: Draft multilingual text and compare sources; never generate historical facts.
Human review: Museum, heritage, historian and language review.
Spatial object changed: Only reversible peripheral labels, silent guide and stopping point.
No-AI / rollback: Human guide and paper label; remove all new reversible labels.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

CARD 12 / Nine-Room Public-Service Routing

Space: One Line / Nine Rooms
Limited AI role: Suggest the suitable staffed room and always show the human entrance.
Human review: Central service desk and room staff review.
Spatial object changed: Opening hours, wayfinding and temporary staffed desk.
No-AI / rollback: Printed plan and telephone; disable recommendation, keep fixed wayfinding.
Status: Design proposal; baseline and statutory evidence remain pending where stated.

ZHONGZHIYUAN: CONTROLLED VALIDATION PROTOTYPE

京张万象工场 | 文化生产驱动的AI公共产品转化带

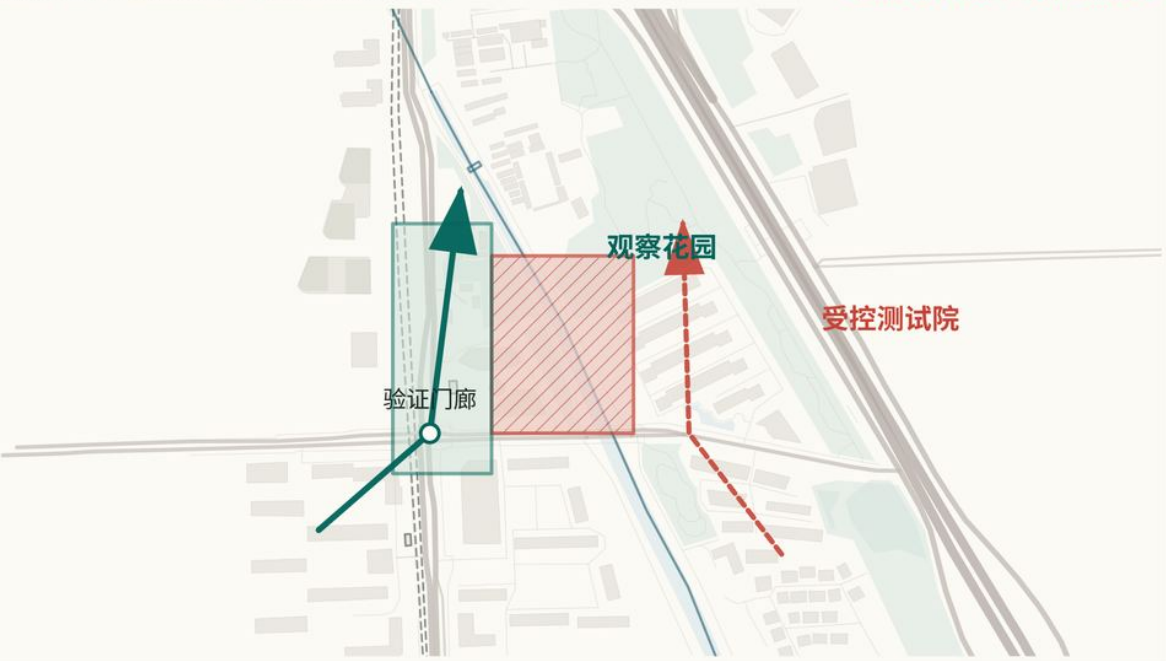

v7.8中文主版/ P13

众智园 | 概念性空间原型/ NOT TO SCALE

验证门廊—观察花园—受控测试院；高风险技术只在可隔离、可观察、可暂停的边界内验证

概念平面 | 公共观察与受控验证分流

OSM公共背景 | 设计叠加NTS

末端物流机器人受控测试

基线/样本人工推车基线；三类冲突点分时封闭演练

A/B方法 全日共享道路对限定时窗与地理围栏

AI边界 仅模拟冲突盲区与时段，不替代安全判断

人审/停止 安全消防运维复核；现场安全负责人停止

改图/阈值 改环线门急停观察廊；发生越界即停止

回滚/留存 关门恢复人工后勤；只留去标识事件

概念剖面 | 众智园 | 建议尺寸非实测

全部空间关系为concept_only / NTS；设备、围界、消防、权属和运营基线待专业核验

第13页 | 开放共创建议 | 非正式规划 | 非实施承诺

ENGLISH AUDIT KEY

- Garden-style innovation superblock: validation porch -> observation garden -> controlled test yard.
- Public route, observation buffer, closable gate, emergency stop, logistics and fire access are separate.
- Robot baseline: manual trolley; Option B uses time window, geofence, safety officer and buffer.
- Human sign-off: robot safety, fire, operations and user representatives.
- Any breach, signal loss, stop failure or buffer intrusion closes the gate and restores manual logistics.

CONCEPTUAL SPATIAL PROTOTYPE / NOT TO SCALE; DIMENSIONS ARE DESIGN RECOMMENDATIONS, NOT FIELD MEASUREMENTS.

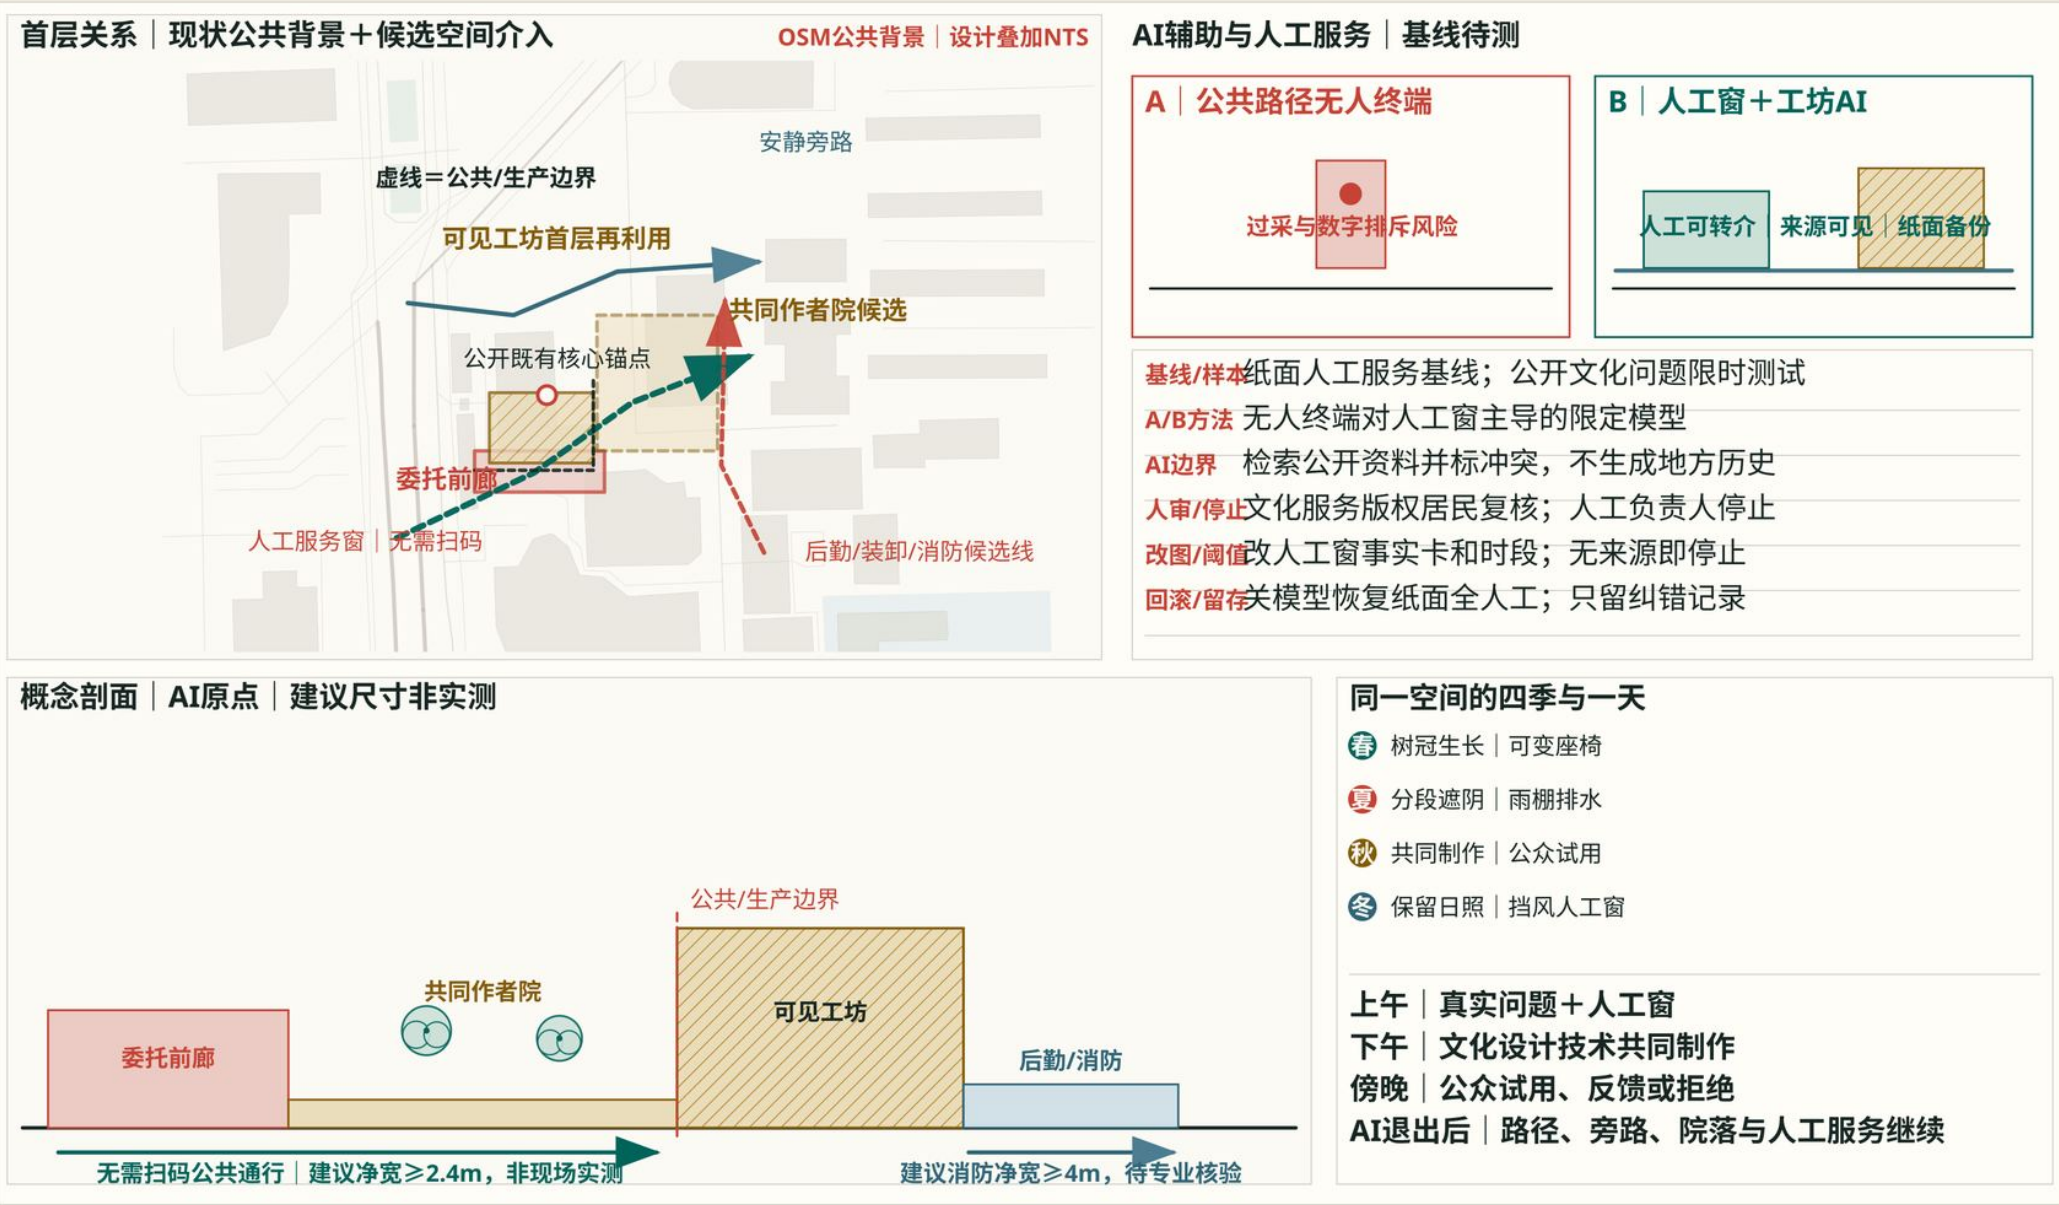

AI ORIGIN: CO-AUTHOR COURTYARD PROTOTYPE

京张万象工场 | 文化生产驱动的AI公共产品转化带

v7.8中文主版/ P14

AI原点 | 概念性空间原型/ NOT TO SCALE

委托前廊—共同作者院—可见工坊；把问题、制作、试用、拒绝、后勤和消防落实到首层

DAZHONGSI: LOW-RISK PUBLIC-TRIAL PROTOTYPE

京张万象工场 | 文化生产驱动的AI公共产品转化带

v7.8中文主版/ P15

大钟寺 | 概念性空间原型/ NOT TO SCALE

站—街—场—庭—静；先解决日常接驳、安静公共客厅和低风险智能原生消费商务

站点出入口、交通组织、文保范围、产权、声光和消防均待正式资料与专业复核

第15页 | 开放共创建议 | 非正式规划 | 非实施承诺

ENGLISH AUDIT KEY

- Station-city-heritage composite block: station -> street -> square -> Civic Echo Court -> quiet edge.
- Small removable stand, edge device, paper backup, seating, wayfinding and limited hours protect ordinary movement.
- AI only assists reviewed multilingual/accessibility wording and offline-state checks.
- Heritage, transport, curation, access, operations and public representatives review.
- Untraceable mistranslation, offline failure or movement/quiet conflict removes all equipment and restores the daily civic living room.

CONCEPTUAL SPATIAL PROTOTYPE / NOT TO SCALE; HERITAGE BOUNDARIES, TRAFFIC BASELINE AND NETWORK CONDITIONS ARE PENDING.

SEVEN USER JOURNEYS TEST COMPLETE SERVICE

Refusal and an equivalent no-AI route are mandatory

Resident / frontline institution

Goal: Turn a daily problem into an accountable task.
Space: Commission Arcade, staffed window, quiet bypass.
No-AI route: Paper intake, phone follow-up, withdrawal.

Research / engineering / venture team

Goal: Convert research into a safe, verifiable civic product.
Space: Standards table, test yard, gallery, professional advice.
No-AI route: Expert review and physical test.

Older / disabled / digitally excluded user

Goal: Move, understand and receive service without a device.
Space: Continuous bypass, seats, low counter, tactile/high-contrast signs.
No-AI route: Complete staffed and paper service; no account.

International visitor / collaborator

Goal: Understand the proposition, rules and entry point quickly.
Space: Bilingual evidence wall, international desk, meeting place.
No-AI route: Bilingual paper map and human guide.

Student / young developer

Goal: Find real problems, mentors, tests and failure review.
Space: Open desk, controlled test gate, failure wall.
No-AI route: Workshop, paper checklist, human mentor.

Cultural practitioner / IP holder

Goal: Secure correct source, credit, licence and fair return.
Space: Provenance desk, removable bay and rights advice.
No-AI route: Human curation and printed source book.

Operator / maintainer / safety staff

Goal: Read status, supervise, stop and restore.
Space: Logistics line, control point, plant/repair space.
No-AI route: Human inspection and mechanical stop.

CULTURE, WAYFINDING AND PUBLIC COMPONENTS

Fact -> allowed inference -> spatial translation -> overreach control

Ten site-culture evidence records separate verified fact, public background and contemporary design language. Unknown heritage boundaries, rights and partnerships are never filled by false precision.

VALIDATION PORCH / Zhongzhiyuan

Public function: Shows what may be tested, who is on duty and when testing stops.
Value after AI exits: Daily porch and public passage.

CO-AUTHOR COURT / AI Origin

Public function: Hosts real briefs, co-making and public review.
Value after AI exits: Courtyard, workshop and neighbourhood service.

CIVIC ECHO COURT / Dazhongsi

Public function: Hosts low-risk public trial, feedback and cultural evidence.
Value after AI exits: Quiet civic living room and wayfinding node.

- FACT labels point to source and reviewer; unknown stays unknown.
- CO-PRODUCED labels show author, licence, version and next maintainer.
- AI STATUS labels show purpose, data, risk, accountability, refusal and exit.
- Branding never buys public naming rights, personal data or decision authority.

17 STATUTORY FIELDS AND THE ONLY G0-G4 HOLD POINTS No self-awarded total score

G0 DATA FREEZE

Pass: Official scope, CRS, parcels, rights and version agree.

If not: No parcel claim.

G1 STATUTORY CONTROL

Pass: Applicable fields have official values, sources and dates.

If not: No statutory issue.

G2 SPATIAL DELIVERY

Pass: Plan, section, ground floor, paths and change evidence agree.

If not: Return to coordination.

G3 SPECIALIST TECHNICAL

Pass: Transport, heritage, fire, structure and access pass.

If not: No public trial.

G4 BUILT AND IN USE

Pass: As-built match, handover, use review and exit drill pass.

If not: Correct, reduce or remove.

17 FACT-PROPOSAL-ACCEPTANCE FIELDS

Scope/CRS; parcels; land use; GFA/FAR; height/form; buildings and retain/repair/remove; roads/transport; rail interfaces; heritage; fire; municipal utilities; public facilities; blue-green; public space; accessibility; environment/resilience; phasing/delivery.

Core metrics: site area 11,400,000 sqm; concept green ratio 0.113664; concept public-space ratio 0.011601.

Stop escalation when source, human review, rollback or statutory compatibility is missing. After AI exits, public paths, staffed windows, quiet bypasses, courtyards and daily civic space continue.
