

Jingzhang 100 · AI Artery

Centennial Railway Narrative × Agent New Infrastructure — Master Board

The Jingzhang 100 · AI Artery proposal uses the Jingzhang Railway Heritage Park as the historical and public-space main axis, with Zhongzhiyuan, Beijing AI Origin Community, and Dazhongsi as innovation anchors, forming a 'one-belt three-core, multi-node scenario, blue-green slow-traffic composite ring' spatial organization. This board is a conceptual overview; see proposal.md for details.

Key Numbers

~11.4 km²	~3.69 km²	12 cards	4 landmarks	14 projects	unknown
Overall design area (provisional)	Key areas total (provisional)	AI scenario cards	AI landmarks	Renewal projects	Concept FAR (deprecated)

Three Key Areas

Zhongzhiyuan AI Acceleration Area	~192 ha (provisional)	AI full-stack innovation + global governance voice National AI Platform · Foundation Models · Chip Design · Safety Governance · Standardization
Beijing AI Origin Community	~104 ha (provisional)	World-class AI innovation ecosystem + campus-adjacent incubation Open-source · Talent housing · Campus synergy · AI Origin Plaza · Slow mobility
Dazhongsi AI Industry Cluster	~72 ha (provisional)	Intelligent native new business + data elements / smart terminals HQ · Smart terminal showcase · Digital asset trading · Station plaza · 4-quadrant
