

THE INTERLOCKING BELT

Jing-Zhang Interlocking Belt

ing the century-old Jing-Zhang Railway interlocking safety mechanism into an open governance protocol for AI c

Centennial Jing-Zhang AI Innovation Belt · Open Urban Design Solicitation · Formal Proposal

Kyle Zhang / OpenAtom Foundation

Provisional concept · not an official redline

02 Concept & Naming

One spine, three stations, two wings · interlocking governance

THE INTERLOCKING BELT · Master Map (provisional concept)

Overall scope ≈ 11.41 km² · One spine, three stations, two wings

Zhongzhiyuan AI Innovation Accelerator

Beijing AI Origin Community

Dazhongsi AI Industry Cluster

- Legend
- R&D
 - Commercial
 - Residential
 - Education
 - Park
 - Buffer Green
 - Interlocking spine
 - Key area
 - Heritage spine

Note: provisional rough boundary, not an official redline; recompute after official data release.

Overall scope ≈ 11.41 km² (provisional). Spine = Heritage Park vitality belt; stations = Zhongzhiyuan / Origin / Dazhongsi; wings = Zhongguancun service

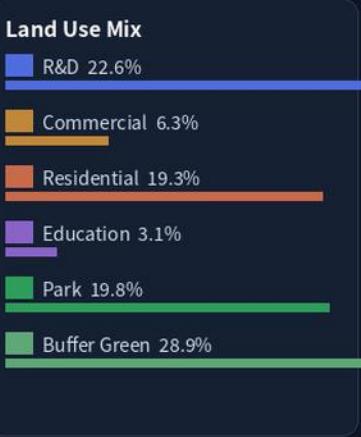

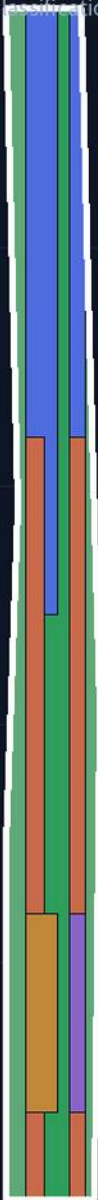

THE INTERLOCKING BELT · Jing-Zhang

03 Land Use & Key Areas

Topology-safe partition · three stations

THE INTERLOCKING BELT · Land-Use Structure (topology-safe, gapless, overlap-free)

Following MNR national land classification · for professional deepening

Note: proposal partition within provisional boundary; calibrate after official land use confirmation.

Land use fully covers, no overlap, no gaps; follows MNR classification. Three key areas are provisional concept ranges.

THE INTERLOCKING BELT · Jing-Zhang

04 Three Key Areas

Interlocking stations · detailed design

THE INTERLOCKING BELT · Three Key Areas (Interlocking Stations)

Provisional concent ranges · total ≈ 369.3 ha

Zhongzhiyuan · Full-Stack Innovation

AI Origin Community · Open-Source

Full-Stack Innovation

Model testing · standards workshops · safety governance
Zhongzhiyuan: garden-type full-stack innovation block

Open-Source Conversion

Publishing hall · honor wall · campus incubation
Origin Community: campus-adjacent conversion & talent

Intelligent-Native

Agents/terminals · data elements · roadshows
Dazhongsi: intelligent economy & international exchange

Note: key-area boundaries reuse provisional data; replace and recompute after official redlines.

Zhongzhiyuan = full-stack station; Origin = open-source station; Dazhongsi = intelligent-native station.

THE INTERLOCKING BELT · Jing-Zhang

05 Mobility & Blue-Green

Signal trunk · heritage belt · hub plazas

THE INTERLOCKING BELT · Mobility & Blue-Green System

Interlocking spine (signal trunk) + connectors + heritage belt + hub plazas

Interlocking Spine · Jing-Zhang Smart Road

Interlocking Connector 3

Interlocking Connector 2

Interlocking Connector 1

- Legend
- 联锁主轴/横连 Spine & connectors
 - 遗址活力带 Heritage spine
 - 联锁枢纽广场 Hub plaza
 - 总体范围边界 Site boundary

Note: conceptual road lines, not official redlines; pending transport studies.

Interlocking spine (signal trunk) + connectors + heritage belt + hub plazas; conceptual road lines.
