

The ordinary line stays green

Expert edition: decision first, evidence second

01 / EXPERT READING EDITION

THE ORDINARY LINE STAYS GREEN

One civic rule becomes three places people can understand, use and stop

T1
Tsinghua Yuan | Parallel Heritage Platform

Heritage interpretation and AI trials run in parallel; equipment never cuts the ordinary visit.

T2
Line 15 arrival | Braided Knowledge Crossing

Two agent proposals cross, while the public keeps one continuous and reversible task line.

T3
Dazhongsi | One-Queue Three-Exit Fan

One arrival queue fans to ordinary service, staffed review and optional AI; tasks survive outage.

3
independent sites

5
public release locks

48
synthetic trials

PUBLIC PROMISE
If AI stops, the same public task and ordinary route remain.

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

- 1

Three places, one public promise
- 2

Generated scenes are conceptual
- 3

Ordinary service works without AI
- DECISION

AI is optional; the ordinary public task remains.

Three real anchors

Expert edition: decision first, evidence second

02 / EXPERT READING EDITION

THREE ANCHORS, NOT ONE CEREMONIAL WALK

Amap routing snapshots support three independently useful arrivals

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

- 1 Named Amap anchors
- 2 Independent arrivals, not one forced walk
- 3 POI counts are indicative only

DECISION

Three real anchors work as independent arrivals.

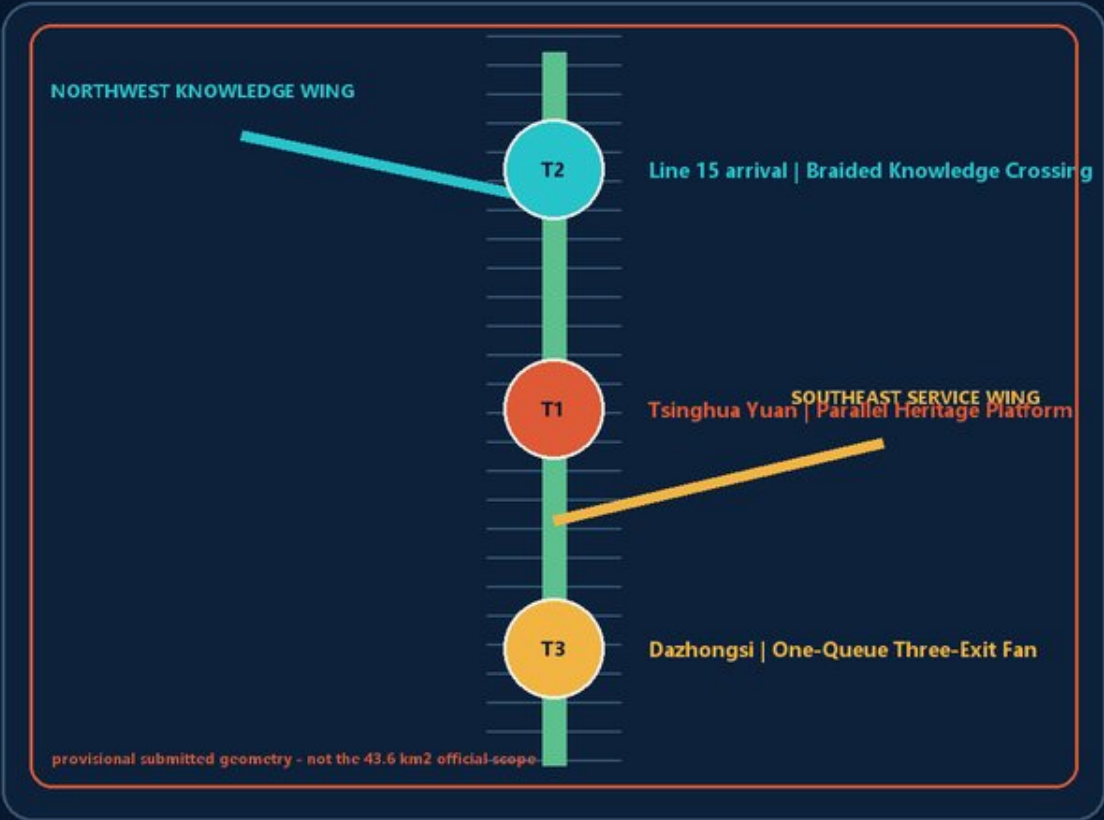

One spine, three nodes, two wings

Expert edition: decision first, evidence second

03 / EXPERT READING EDITION

ONE HERITAGE SPINE, THREE NODES AND TWO OPEN WINGS

Spatial structure is tied to submitted geometry and recomputable area metrics

RECOMPUTABLE SUBMITTED-GEOMETRY METRICS

11.413 km2 submitted site area	1.409 km2 green space
0.836 km2 public space	12.34% green ratio
7.33% public-space ratio	0.311 km2 building footprint

DESIGN RELATION

- ☐ heritage spine = ordinary public continuity
- ☐ three nodes = independent public tasks
- ☐ two wings = open ecosystem interfaces
- ☐ all areas recalculate when official geometry arrives

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

- Submitted geometry is provisional
- Area metrics are recomputable
- One spine, three nodes, two wings

DECISION

Submitted geometry supports one spine, three nodes and two wings.

Three plan relationships

Expert edition: decision first, evidence second

04 / EXPERT READING EDITION

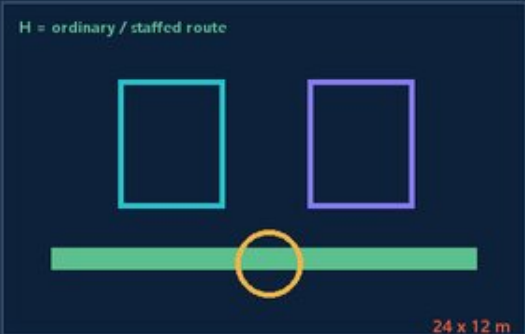

ONE KIT, THREE DIFFERENT PLAN RELATIONSHIPS

The spatial answer changes with heritage, knowledge exchange and daily transfer

T1

Tsinghua Yuan | Parallel Heritage Platform

H = ordinary / staffed route

24 x 12 m

prototype	24 x 12 m
clear route	2.4 m
reversible bays	2 x 3 x 3 m
summer shade proxy	67%
winter unshadowed	81%

G0 field verification required

T2

Line 15 arrival | Braided Knowledge Crossing

H = ordinary / staffed route

30 x 15 m

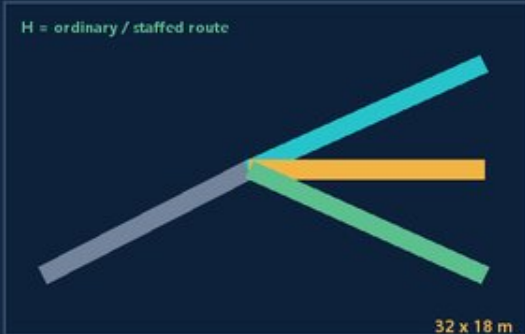

prototype	30 x 15 m
clear route	2.2 m
reversible bays	2 x 3 x 4.5 m
summer shade proxy	73%
winter unshadowed	78%

G0 field verification required

T3

Dazhongsi | One-Queue Three-Exit Fan

H = ordinary / staffed route

32 x 18 m

prototype	32 x 18 m
clear route	2.4 m
reversible bays	2 x 3 x 6 m
summer shade proxy	70%
winter unshadowed	75%

G0 field verification required

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

1

T1/T2/T3 are distinct plan relations

2

Minimum clear width is explicit

3

All dimensions need G0 survey

DECISION

One kit adapts to three different spatial relations.

Concept proposal - verify before implementation

CIVIC INTERLOCKING / V10

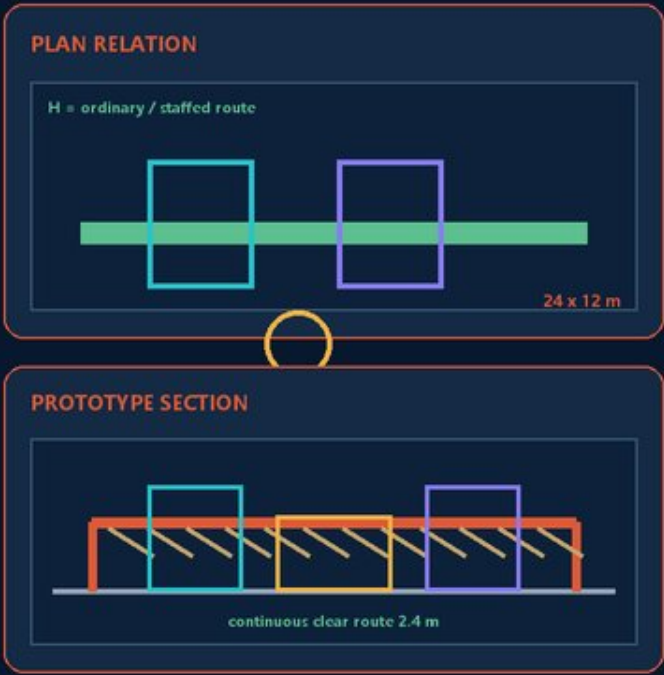

Tsinghua Yuan Parallel Heritage Platform

Expert edition: decision first, evidence second

05 / EXPERT READING EDITION

Tsinghua Yuan | Parallel Heritage Platform

Heritage interpretation and AI trials run in parallel; equipment never cuts the ordinary visit.

PUBLIC TASK	BOX	CLEAR	BAYS	TURN
Paper guide, staffed interpretation and optional two-agent comparison	24 x 12 m	2.4 m	2 x 3 x 3 m	1.5 m

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

- 1 Heritage route stays continuous
- 2 Agent bays sit off the ordinary line
- 3 Demountable canopy and staffed desk

DECISION

Heritage and intelligence run in parallel.

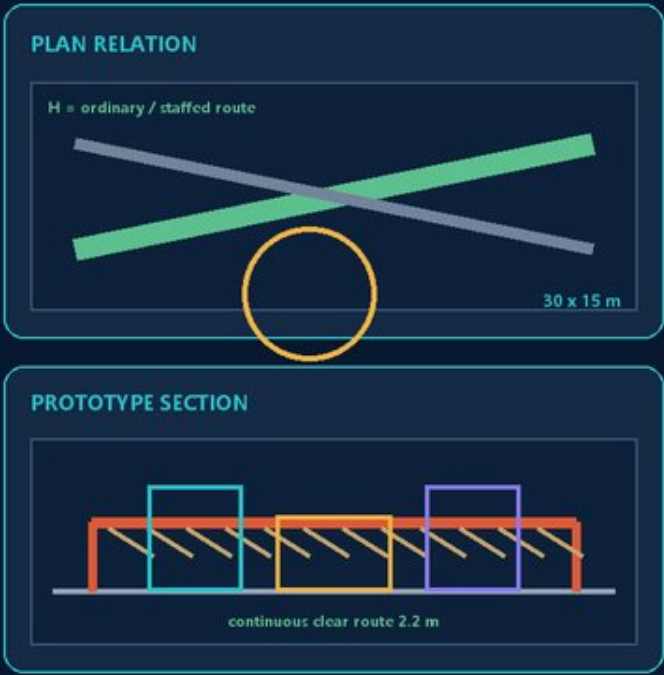

Line 15 Braided Knowledge Crossing

Expert edition: decision first, evidence second

06 / EXPERT READING EDITION

Line 15 arrival | Braided Knowledge Crossing

Two agent proposals cross, while the public keeps one continuous and reversible task line.

PUBLIC TASK	BOX	CLEAR	BAYS	TURN
University-question translation, public comparison and named human decision	30 x 15 m	2.2 m	2 x 3 x 4.5 m	1.5 m

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

- 1 Braided paths expose comparison
- 2 One human owner remains visible
- 3 Ordinary route stays reversible

DECISION

Knowledge comparison keeps one reversible public route.

Dazhongsi One-Queue Three-Exit Fan

Expert edition: decision first, evidence second

07 / EXPERT READING EDITION

Dazhongsi | One-Queue Three-Exit Fan

One arrival queue fans to ordinary service, staffed review and optional AI; tasks survive outage.

PLAN RELATION

H = ordinary / staffed route

PROTOTYPE SECTION

PUBLIC TASK

Daily transfer service, staffed counter and bounded AI consultation

BOX

32 x 18 m

CLEAR

2.4 m

BAYS

2 x 3 x 6 m

TURN

1.5 m

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

1 One queue fans to three choices

2 Outage does not stop the task

3 Daily civic use, not a tech showroom

DECISION

Daily transfer survives outage and agent withdrawal.

Three arrivals and the right to refuse

Expert edition: decision first, evidence second

08 / EXPERT READING EDITION

THREE ARRIVALS, ONE RIGHT TO REFUSE

Every journey works through the ordinary or staffed line before AI is offered

FIVE RELEASE LOCKS + ACCESSIBILITY PROXIES

min clear 2.2 m | turning circle 1.5 m | summer shade proxy min 67% | field accessibility audit required

Concept design | provisional geometry | field and professional verification required

L2 named human

L3 rights + scope

L4 legible evidence

L5 recovery ready

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

- 1 Three user journeys remain ordinary-first
- 2 No phone, registration or face scan required
- 3 Five locks precede release
- DECISION**

Every user may refuse AI without losing service.

Build ordinary service first

Expert edition: decision first, evidence second

09 / EXPERT READING EDITION

BUILD THE ORDINARY SERVICE FIRST

Three phases bind scope, owner, cost band, permit and stop condition

P0 / 0-100 DAYS

one removable bay + staffed desk

cost band	0.8-1.5M CNY
owner	district coordinator + site operator
permit	heritage / land / fire / accessibility
operate	staffed hours + weekly inspection
stop	blocked route / absent owner / failed appeal

planning allowance, not procurement quote

P1 / 4-12 MONTHS

three independent site pilots

cost band	4-8M CNY total
owner	district coordinator + site operator
permit	heritage / land / fire / accessibility
operate	staffed hours + weekly inspection
stop	blocked route / absent owner / failed appeal

planning allowance, not procurement quote

P2 / 13-36 MONTHS

only verified components scale

cost band	project-based
owner	district coordinator + site operator
permit	heritage / land / fire / accessibility
operate	staffed hours + weekly inspection
stop	blocked route / absent owner / failed appeal

planning allowance, not procurement quote

GO / NO-GO CONTRACT

☒ ordinary route remains open

☒ named owner present

☒ appeal answered on time

☒ site restored after removal

Any failure returns the agent bay to HOLD; ordinary and staffed services continue.

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

- 1 Each phase has scope and owner
- 2 Cost bands are planning allowances
- 3 Failure returns the bay to HOLD
- DECISION**

Cost, owner, permit and stop condition travel together.

Evidence boundaries

Expert edition: decision first, evidence second

10 / EXPERT READING EDITION

EVIDENCE SUPPORTS A DECISION; IT DOES NOT REPLACE ONE

What is measured, what is provisional, and what experts still decide

KNOWN

66 metrics; 48 trials; 24/24 injected breaches caught

3 sites

5 locks

12 scenarios

48 trials

PROVISIONAL

three rough key areas; shade proxies; planning cost bands

- not an official redline
- not field performance
- not safety certification

PROFESSIONAL FOLLOW-UP

survey, ownership, heritage, fire, accessibility, procurement

- confirm dimensions
- confirm permits
- confirm operating budget

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

1 Known, provisional and pending are separated

2 Synthetic tests are not field outcomes

3 Experts retain the final judgment

DECISION

Evidence is separated from assumptions and professional follow-up.

Operation creates a civic institution

Expert edition: decision first, evidence second

11 / EXPERT READING EDITION

A PLACE BECOMES A CIVIC INSTITUTION THROUGH OPERATION

Annual events, public memory and review keep the corridor alive after construction

SIX AGENT TASKS BECOME ONE PUBLIC STORY

The monument records verified contribution, not promotional presence.

Concept design | provisional geometry | field and professional verification required

JING-ZHANG CIVIC INTERLOCKING / V10

WHAT TO VERIFY ON THIS PAGE

- 1 Four seasonal operating cycles
- 2 Six Agent tasks share one public story
- 3 Verified contribution enters public memory
- DECISION
Annual operation turns a project into a civic institution.
