

# Jing-Zhang People's AI City | AI Advances, People First

People are the owners of the city. AI is a tool people use and can control.

## Zhongzhiyuan

innovation people can verify

## AI Origin

AI people can live with

## Dazhongsi

industrial benefits people can share

### Five rights, one duty, one bottom line

Notice | choice | refusal | human review | appeal and correction

Public authorities, operators and vendors share explanation, correction, shutdown and exit duties

AI must remain under meaningful, actionable human control

12/12 scenarios retain human or non-AI equivalents

Target for final automated consequential public decisions: 0

Two red anchors: Civic Engineering Hall + People's AI Service Station

Three landmarks: Civic Engineering Hall + Open-Source Origin Square + Civic Intelligence Arcade

**BASELINE -> AI PILOT -> HUMAN REVIEW -> PUBLIC RECEIPT -> SCALE / REVISE / STOP**
