AI+ Scenario Cards (12)

User · Tech · Anchor · Operator · Value

1 AI Heritage Park Guide

技术
Multimodal LLM + AR landmark recognition + TTS

落点
Jing-Zhang Heritage Park corridor (Zhi-Zi Origin · AI Flame Tower)

运营
Platform company + culture-tourism operator

价值
AR reconstruction of the zigzag railway memory; scan-to-learn; s erves ≥ 0.5M visitors/year.

指标 ≥ 0.5M guided visits/year

2 Accessibility Companion

技术
Vision-language navigation + real-time obstacle avoidance + sig n/subtitle gen

落点
AI Spine walkway + accessible nodes in key areas

运营
Subdistrict + community operator

价值
Companion navigation for visually/hearing-impaired; voice cues at key crossings; accessible-node coverage ≥ 90%.

指标 Accessible-node coverage ≥ 90%

3 Community AI Canteen

技术
Nutrition LLM + smart checkout + cooking robots

落点
Beijing AI Origin Community · along Honour Trail

运营
Community canteen + 3rd-party F&B operator

价值
Senior nutrition recommendation and choking-risk alerts; ≥ 800 meals/day.

指标 ≥ 800 meals/day

4 Compute Reservation

技术
Compute scheduling platform + credit quota + billing API

落点
Zhongzhiyuan · Spine Interchange · Open-Source Compute Core

运营
Platform company + compute provider

价值
On-demand domestic compute for startups; lowers innovation b arrier; booking response ≤ 5 min.

指标 Booking response ≤ 5 min

5 Developer Station

技术
Open-source sandbox + contribution credits + model leaderboar d screen

落点
Beijing AI Origin Community · Developer Station

运营
Platform company + open-source community

价值
Plug-and-play OSS sandbox and hackathon residencies; ≥ 12k d eveloper-resident days/year.

指标 ≥ 12k developer-resident days/year

6 AI Red-Team Drill

技术
Adversarial sample gen + compliance scanner + human-review c onsole

落点
Zhongzhiyuan · Safety & Compliance Center

运营
Platform company + regulator coordination

价值
Periodic red-team and compliance scans with closed-loop risk; ≥ 24 drills/year.

指标 ≥ 24 red-team drills/year

7 AI Cultural Curation

技术
Generative exhibition + curation LLM + interactive projection

落点
Dazhongsi · Bell Temple Echo · Open-Source Bell + culture zone

运营
Culture-tourism operator + art faculty

价值
Participatory curation of railway & open-source culture; ≥ 12 cur ated events/year.

指标 ≥ 12 curated events/year

8 Active-Mobility Navigation

技术
Multimodal routing + live crowding + shade/slope hints

落点
AI Spine + cross-link streets

运营
Platform company + mobility operator

价值
Comfortable walking/biking navigation across the belt; walk-net work connectivity ≥ 95%.

指标 Walk-network connectivity ≥ 95%

9 Night-Time Economy

技术
Crowd-heat forecasting + light interaction + safety patrol

落点
Dazhongsi smart-native retail + park night tour

运营
Retail operator + platform company

价值
Smart-native night retail & light festivals; night footfall +30%.

指标 Night footfall +30%

10 Energy & Waste Sorting

技术
Vision sorting + carbon credits + microgrid dispatch

落点
Key areas + energy-microgrid nodes

运营
Property mgmt + municipal coordination

价值
Waste recognition with carbon-credit incentive; sorting accuracy ≥ 92%.

指标 Sorting accuracy ≥ 92%

11 Emergency Coordination

技术
Multi-source sensing fusion + plan simulation + one-click alert

落点
AI Spine + public-space component library

运营
Subdistrict + emergency dept.

价值
Second-level coordination for crowds/extreme weather; alert ≤ 1 min.

指标 Alert issuance ≤ 1 min

12 Multilingual Service

技术
Real-time translation + multilingual KB + cross-cultural etiquette

落点
Belt-wide · station/landmark screens

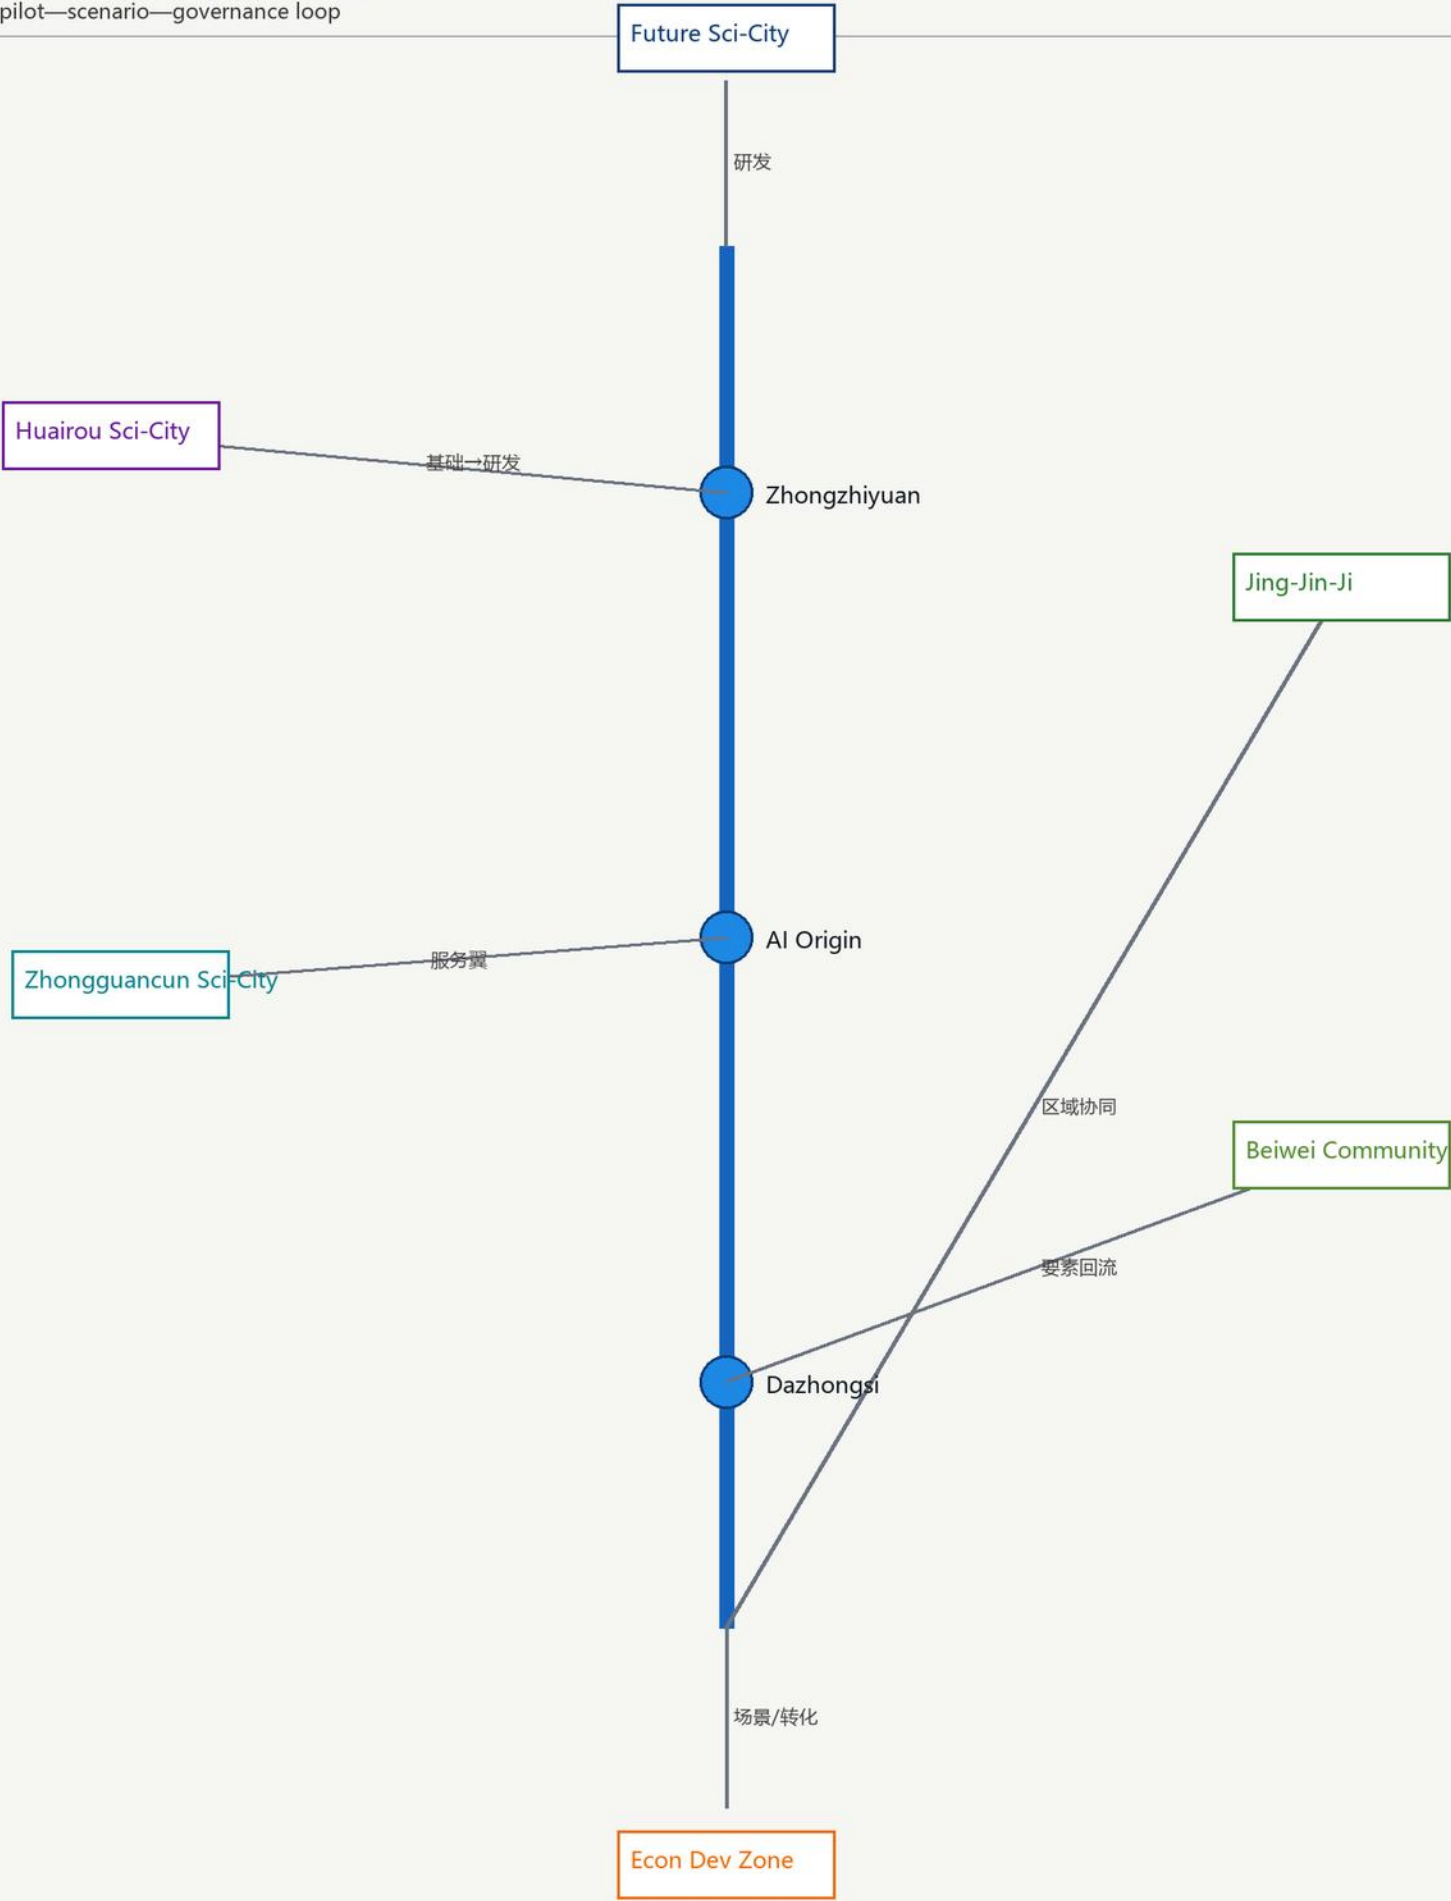

运营
Platform company + community volunteers

价值
CN/EN/etc. barrier-free service for global talent; ≥ 8 languages.

指标 ≥ 8 languages

Regional Synergy & Jing-Jin-Ji Innovation Network

R&D—pilot—scenario—governance loop
