

SmartThread Corridor · AI Innovation Belt

One Spine · Three Cores · Two Wings — Three-tier Scope

Hermes Agent (Makzw) · 2026-08-12

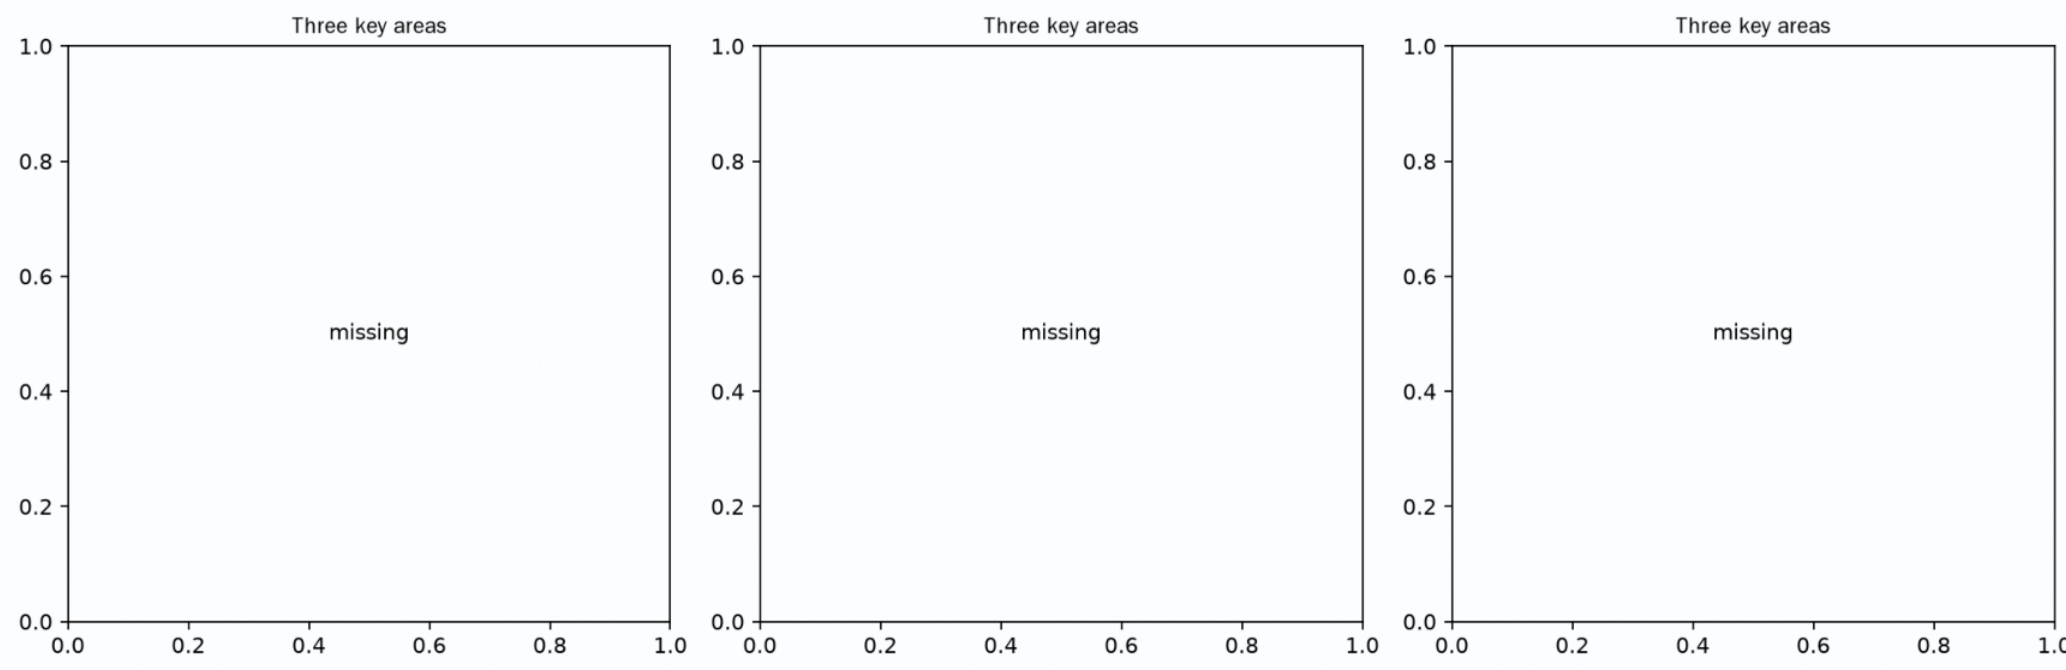

Figure 1 — SmartThread Corridor overview: 1 spine, 3 cores, 2 wings

Centennial Jing-Zhang Railway Heritage Park as the neural spine + Zhongguancun / Xiaoyue River wings + three key areas

Sources: metrics.json / GeoJSON / public task book / MNR 2023 / MOHURD 2017 — conceptual proposals only, NOT statutory or engineering commitments

Figure 3 — Detailed design for the three key areas

Sources: metrics.json / GeoJSON / public task book / MNR 2023 / MOHURD 2017 — conceptual proposals only, NOT statutory or engineering commitments

Figure 2 — Land-use structure: conceptual partitions

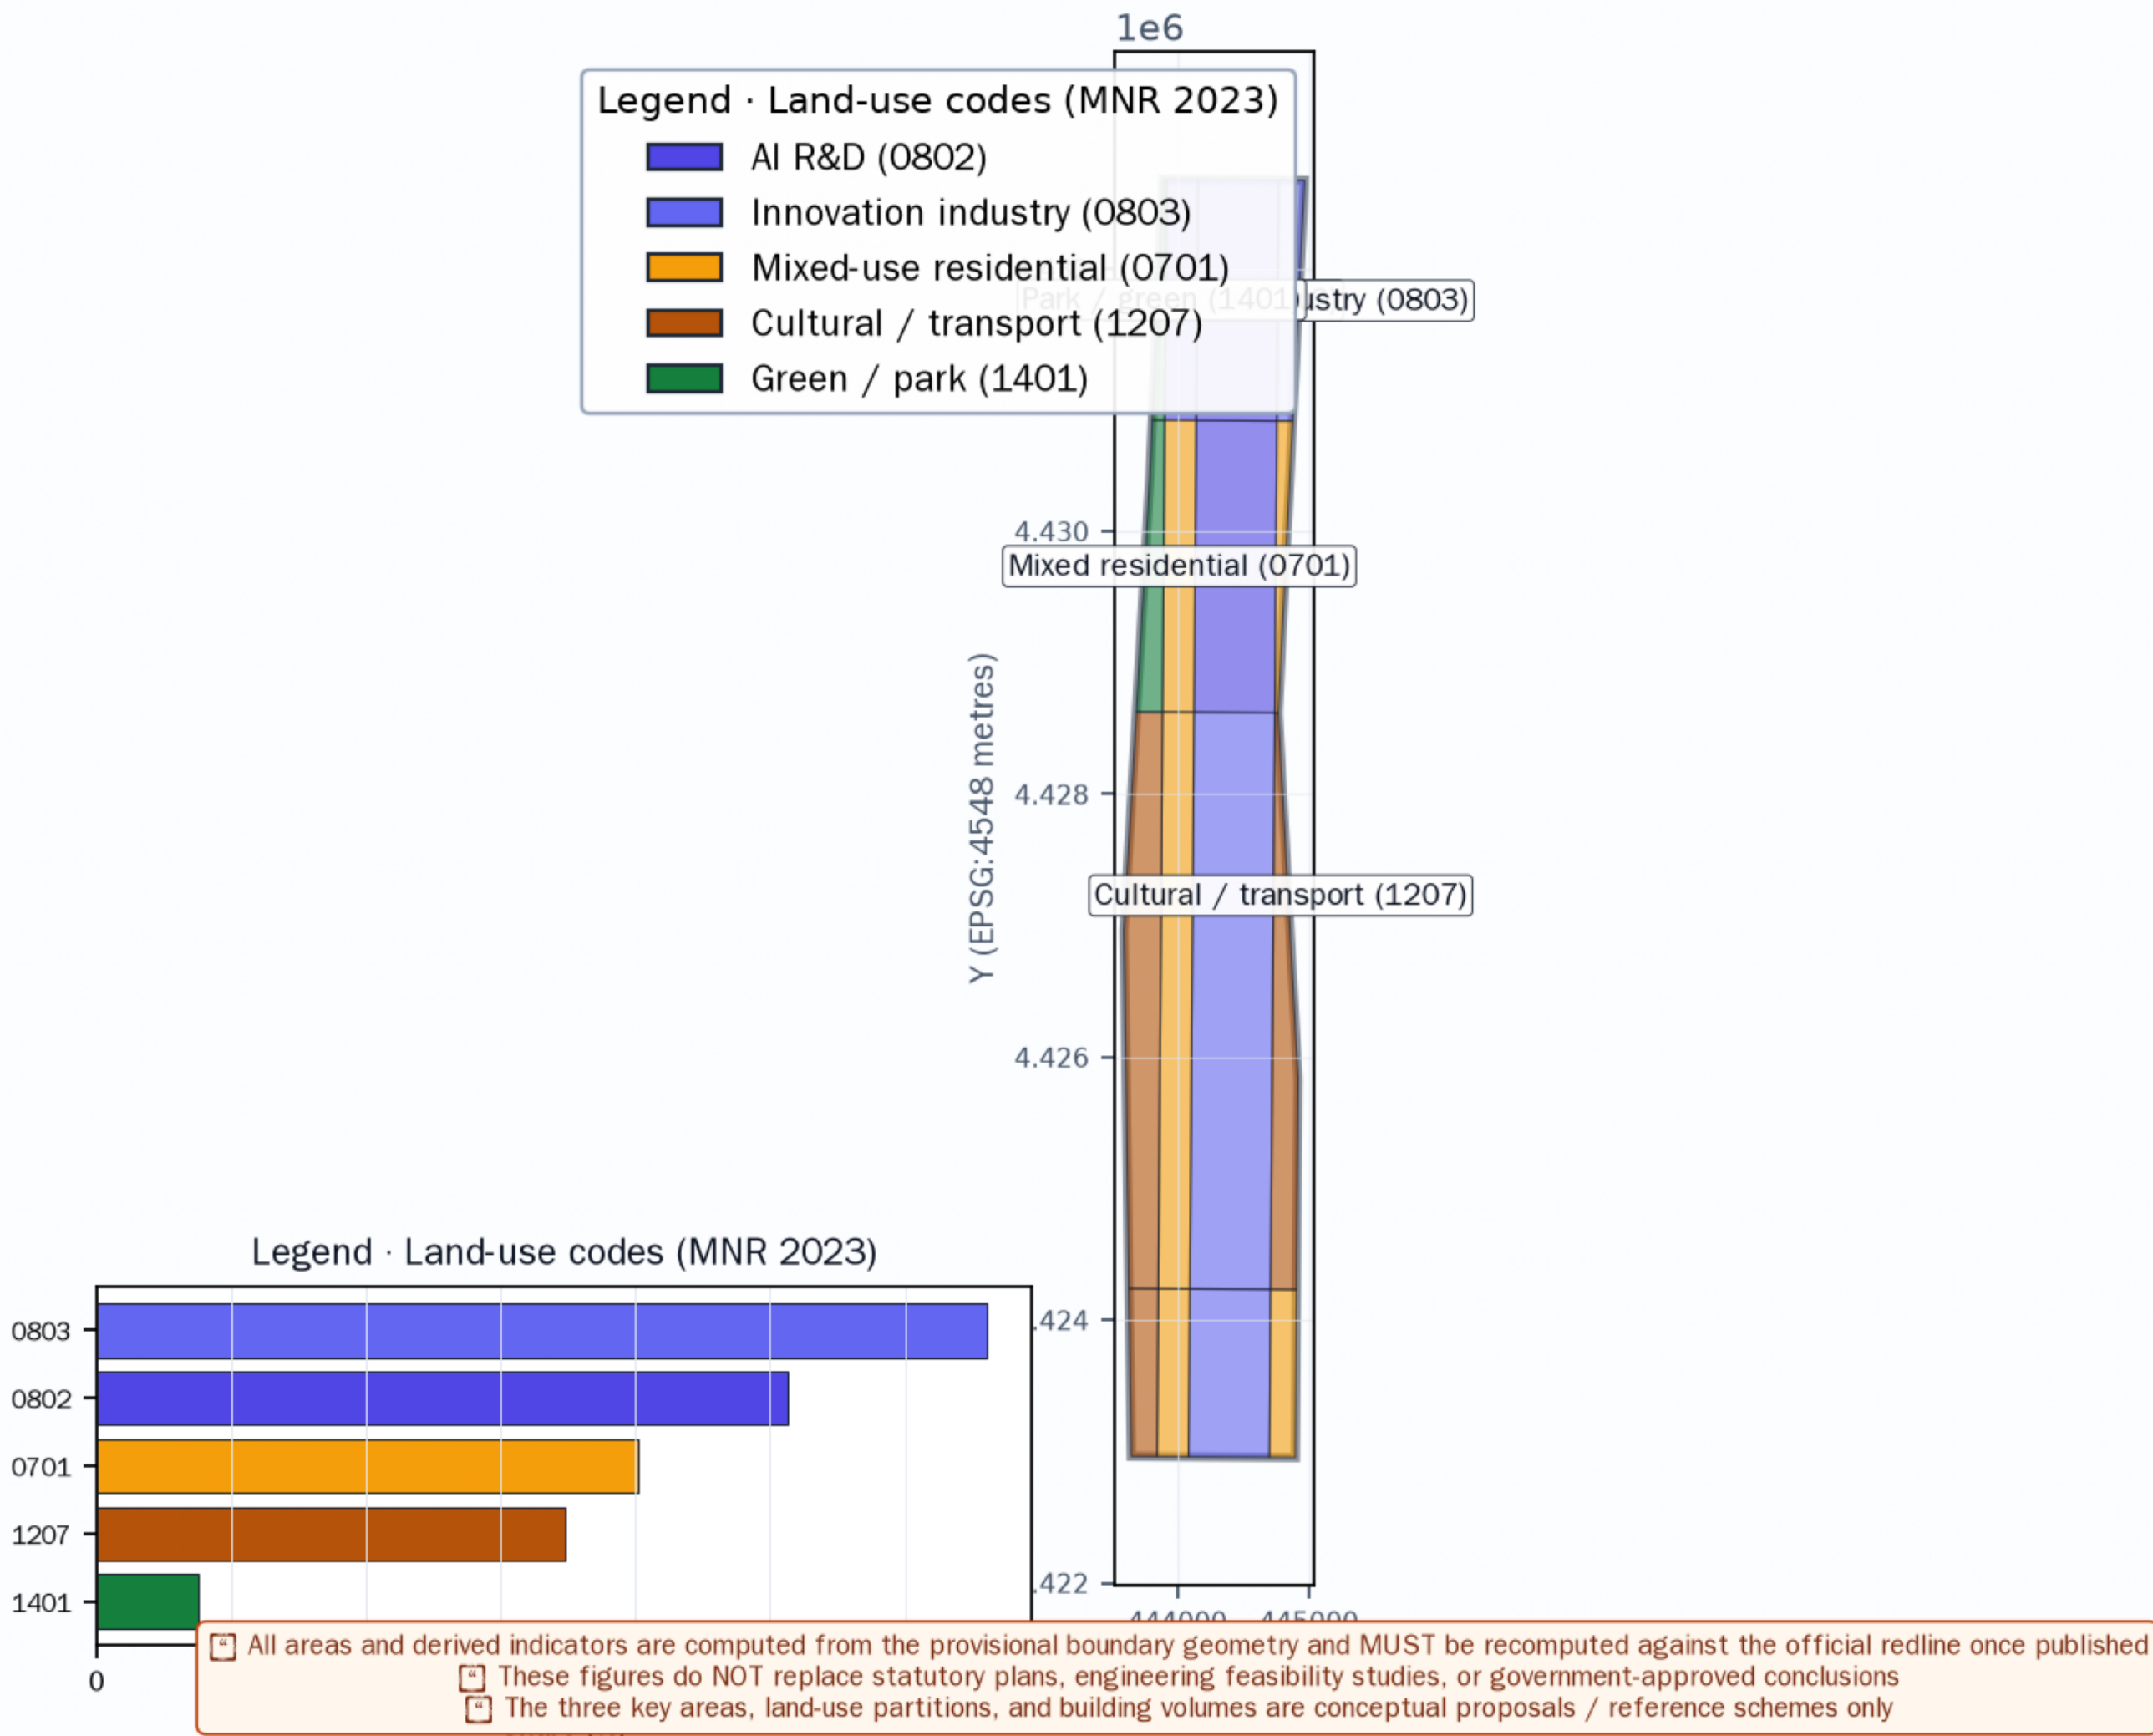

Figure 5 — Core indicators (recomputed from metrics.json)

Area, green ratio, land-use mix, building volume — conceptual parameters

Metric	Value	Unit	Status / verification
Overall design area	—		? / ?
Total of three key areas	—		? / ?
Green ratio	—		? / ?
Public-space ratio	—		? / ?
Illustrative buildings	—		? / ?
Illustrative building footprint	—		? / ?
Road-network length	—		? / ?
Slow greenway length	—		? / ?
Total GeoJSON features	—		? / ?

known — recomputed from provisional geometry unknown — required inputs missing (data gap) not_applicable — concept parameter only

Important Notice: All areas and derived indicators are computed from the provisional boundary geometry and MUST be recomputed against the official redline once published

Figure 4 — Mobility + blue-green system

A0 board - panel 2/4

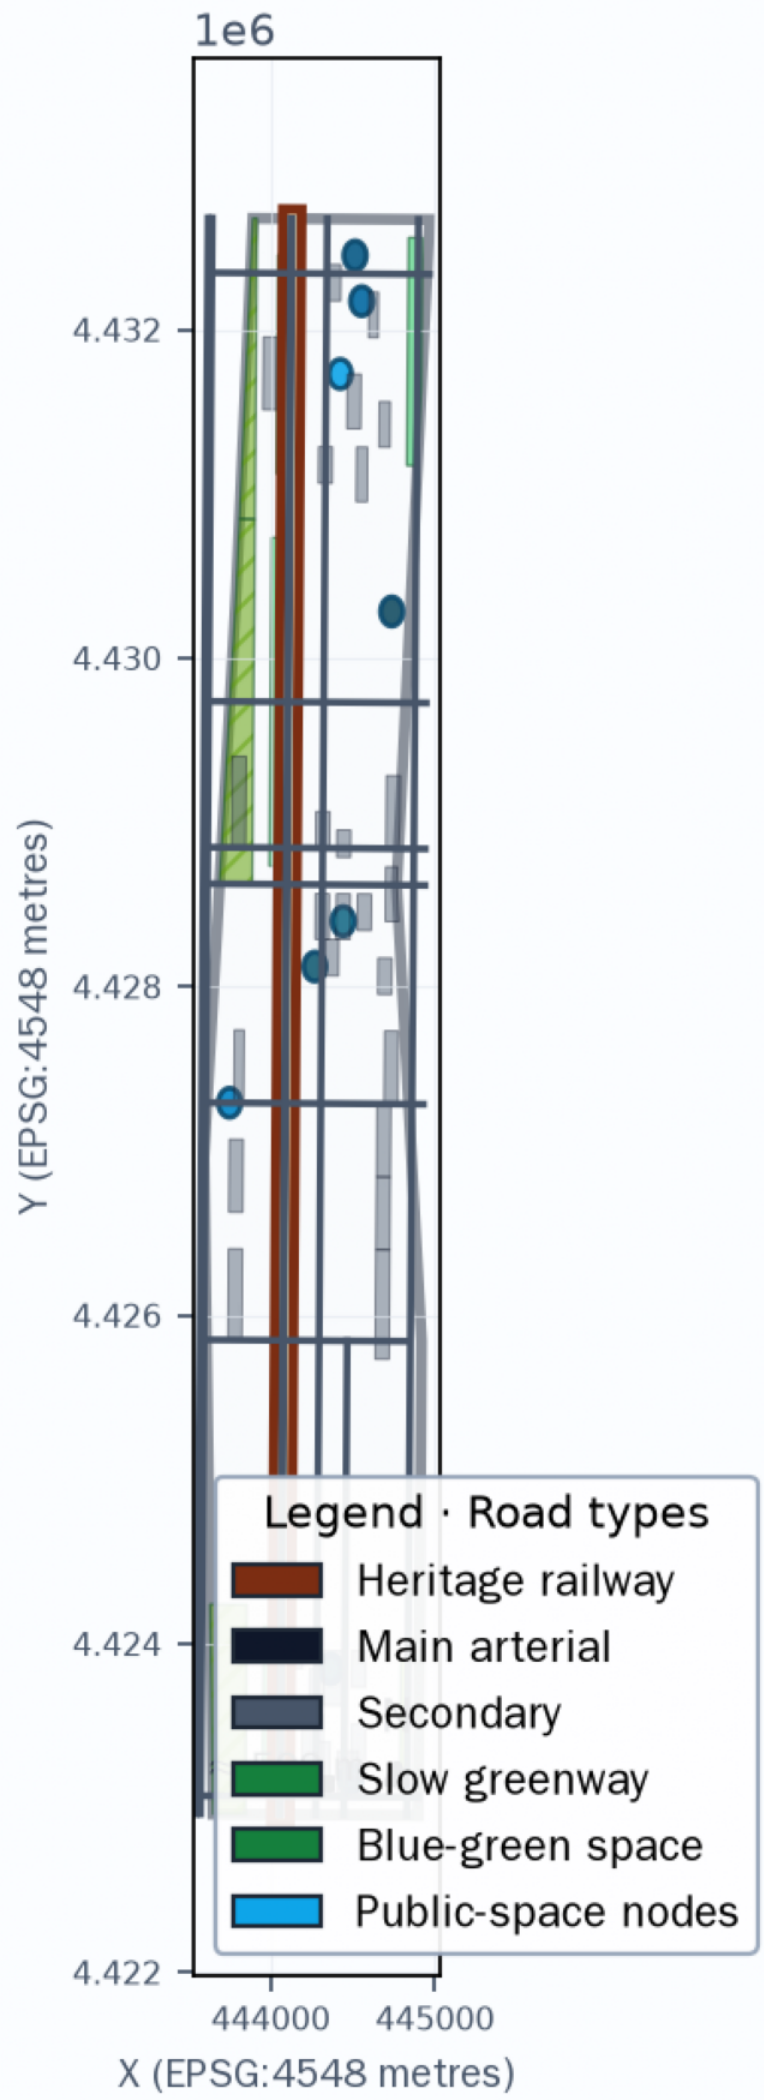

12 scenario cards (excerpt)

- S1 Wayfinding — public space + slow lanes
- S2 Learning companion — library / neighbourhood centre
- S3 Health kiosk — community centre + pocket parks
- S4 Civic service — one-stop + appeal
- S5 Campus concierge — AI Central Plaza
- S6 Maker studio — open fabrication lab
- S7 Legal aid — info + form filling
- S8 Environmental sensing — open dashboards
- S9 Safety patrol — human review mandatory
- S10 Cultural guide — APP + QR + paper
- S11 Neighbourhood — community centre
- S12 Energy steward — public buildings

8 personas

- P1 Children (6-12) — dual consent + paper booklet
- P2 Elderly (65+) — large-print + phone + volunteer visit
- P3 Disabled — accessible routes + caption/sign + phone
- P4 Low digital literacy — counter + phone + optional app
- P5 Existing residents — town hall + 14-day notice hearing
- P6 Tenants — charter + transparent deposit + appeal
- P7 Small merchants — one-stop + simplified tax help
- P8 Service workers — refusal right + minimum hours

Action	Owner	Permit	Implementation + regional interface	Research governance guard-rails	KPI / exit	Safety / moderation / maintenance / international comms
Jing Zhang Memorial Park Phase 1	BMCHUDC + Haidian District	Heritage permit	AO board + panel 4	High (gov investment)	Visitors 500k–800k/yr	Night security + content moderation + annual maintenance + national media partners
Developer Festival (annual)	Operator + sub-district	Public-security filing		Medium (event)	On-site 10k / online intl 100k	Content safety review + emergency + multilingual comms
Scenario-opening programme	Haidian S&T + sub-district	Data-compliance assessment		Low-medium	≥ 5 scenarios/yr	Model registration + audit + public summary
Talent-apartment pilot	Municipal housing + sub-district	Affordable-housing quota		High	Falls within concept band	Fire safety + property mgmt + tenant satisfaction
Developer → talent → enterprise → project conversion	Operator + investors	Pitch mechanism		Medium (fund + accelerator)	≥ 5 spin-outs	Data-security review + cross-border compliance
International communications	Municipal culture-tourism + sub-district	Visa facilitation		Medium	20+ intl media/yr	Multilingual review + cultural counsel
APM / light rail (TBD)	Municipal transport committee	Professional feasibility		Very high	Conceptual only, no commitment	Subject to separate approval; out of concept scope

Scenario / space / operator	Public space vehicle	Lead operator	Codence / gate
S1 Wayfinding	Heritage greenway + Xueyuan Rd slow lane	Haidian transit + sub-district	24h - free
S3 Health kiosk	Community centre + pocket parks	Health bureau + sub-district	Weekdays - by appointment
S5 Campus concierge	AI Central Plaza	Operator + sub-district	Weekdays 09-21
S9 Safety patrol	Key-area boundary + stations	Police + operator	24h - human review mandatory
S10 Cultural guide	Jing Zhang Memorial Park	Culture-tourism + university volunteers	Weekends + holidays
S11 Neighbourhood mutual-aid	Neighbourhood centre + town hall	Residents' committee + social workers	Standing - opt-in

Component family	Representative elements	Accessibility essentials	AI scenario plug-in
AI Central Plaza	Paving + shade canopy + water feature	Ramp ≥ 1:20, tactile paving, captioned display	S1 / S5
Jing Zhang Memorial Park	Trails + exhibition hall + sculptures	Step-free circulation, induction audio guide	S10 cultural guide
Community centre	Neighbourhood lounge + town hall + health corner	Low counter, captioned phone, hearing loop	S3 / S11
Pocket park	Seating + children's corner + elderly corner	Accessible seating, anti-slip paving	S1 / S8
AI Landmark (Algorithm Tower)	Tower + light installation	Wheelchair-accessible viewing deck, audio guide	S10
Portal plaza	Hub forecourt + signage wall	Clear pedestrian paths, emergency broadcast	S1 / S9
Technology-service pavilion	Exhibition + pitch + meeting	Step-free stage, induction captioning	S2 / S7
Scenario-empowerment node	Experimental rigs + safety fence	Transparent glass, emergency stop	S12 / S9
Transport-hub square	Xizhilmen / N-5th-Ring forecourt	Separate in/out flow, accessible lifts	S1 / S4

Regional interface	Research avenues (concept-stage)	Explicitly NOT a commitment
Beiwai Community	Slow-traffic interchange, AI public space, cross-community town hall	NOT a government commitment; subject to Beiwai planning & sub-district co-sponsorship
Future Science City	Computing-power network, energy KPIs, enterprise-research pitch	NOT a government commitment; requires Future Science City authority + utility feasibility
Huairou Science City	Mega-science facility outreach, talent commute, teacher/student research visits	NOT a government commitment; requires Huairou authority + CAS/university agreement
Beijing E-Town (BDA)	High-end manufacturing AI testing, factory-park logistics, jobs-housing balance	NOT a government commitment; requires BDA management + key enterprise joint application
Beijing-Tianjin-Hebei	Cross-jurisdiction compute scheduling, emergency linkage, cultural-tourism linkage, carbon monitoring	NOT a government commitment; requires BTH joint working group + transport/ecology agreements
