JING-ZHANG HOSTS: A CITY THAT BINDS ITS HOSTS

Every civic-innovation space discloses who is on shift, when it opens, how access decisions work, how to appeal, and who restores the place afterwards.

- 01 COMMON

anonymous, no app
- 02 HOSTED

walk-in, staffed
- 03 BOOKED

capacity + safety briefing
- 04 PARTNERED

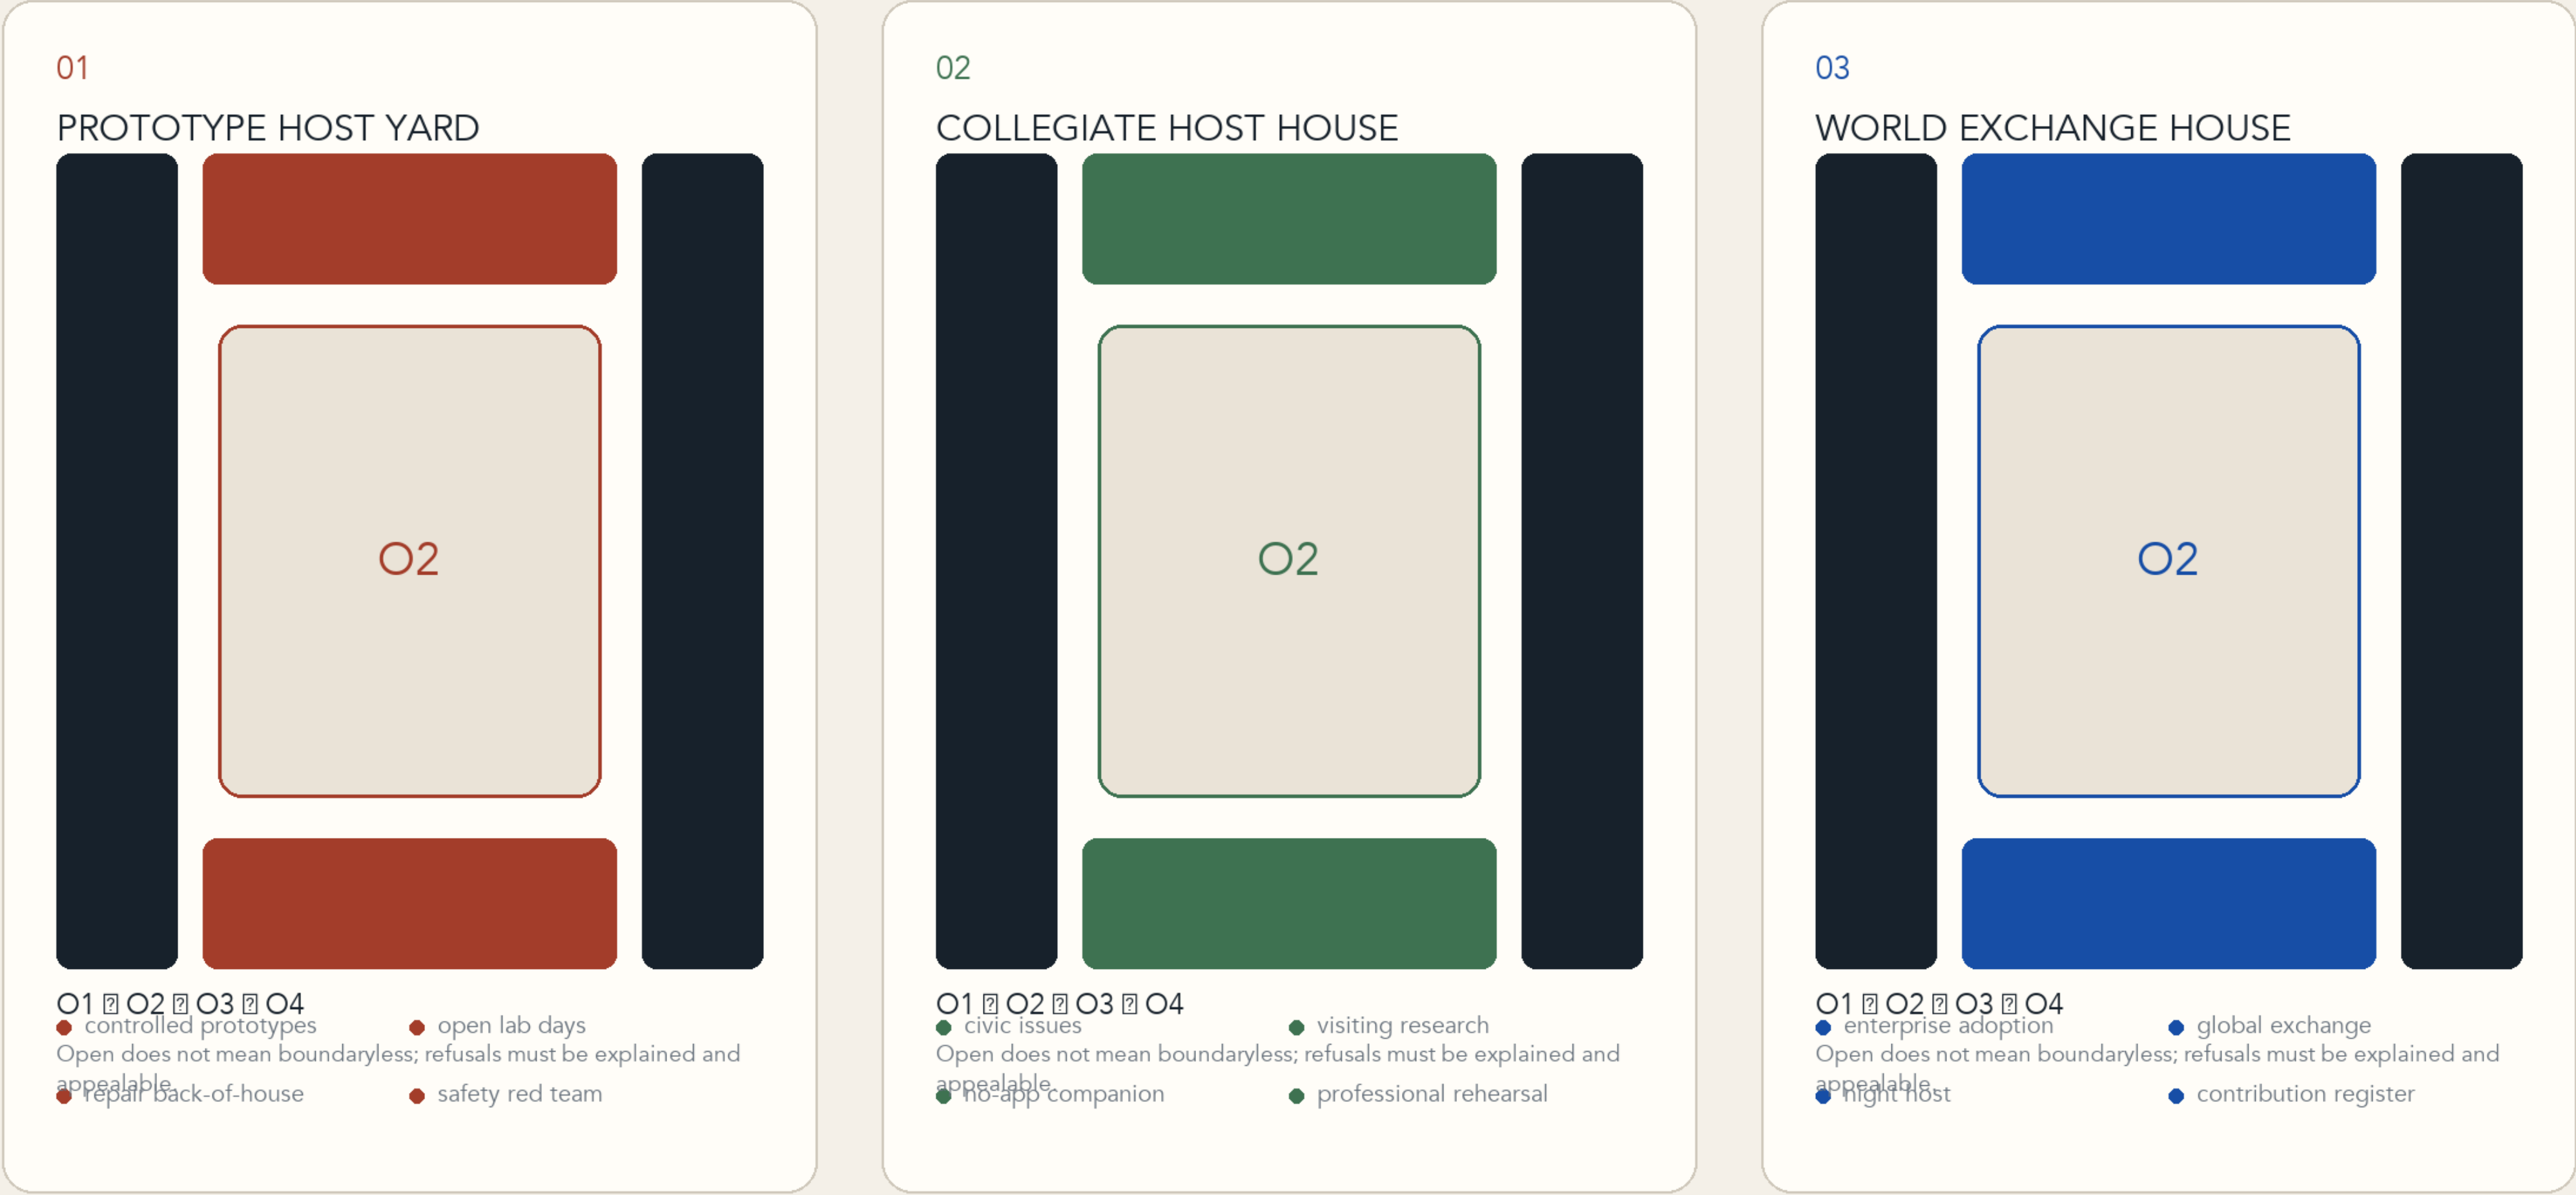

published criteria + appeal

03

THREE HOST YARDS: ONE DUTY, THREE MISSIONS

Each yard composes common ground, a staffed threshold, booked rooms and a secure core as one legible section. Diagrams are typological prototypes, not confirmed buildings.

04

FOUR ACCESS LEVELS + A 24-HOUR HOST SHIFT

Spatial access and operating duty change together. Common ground is identity-free by default; deeper levels require clearer criteria, human responsibility and exit duties.

02

ONE COMMON GROUND · THREE HOST YARDS · TWO WINGS · 12 ROOMS

The official three-areas/two-wings structure is a compliance mapping; the design itself is driven by four access levels and accountable host shifts.

COMMIT ONLY TO WHAT CAN BE RECALCULATED

GeoJSON is the spatial authority and metrics.json the numeric authority; drawings, webpages and renderings explain. Statutory intensity, height and investment remain unknown.
