

# JINGZHANG INTELLIGENCE RAIL

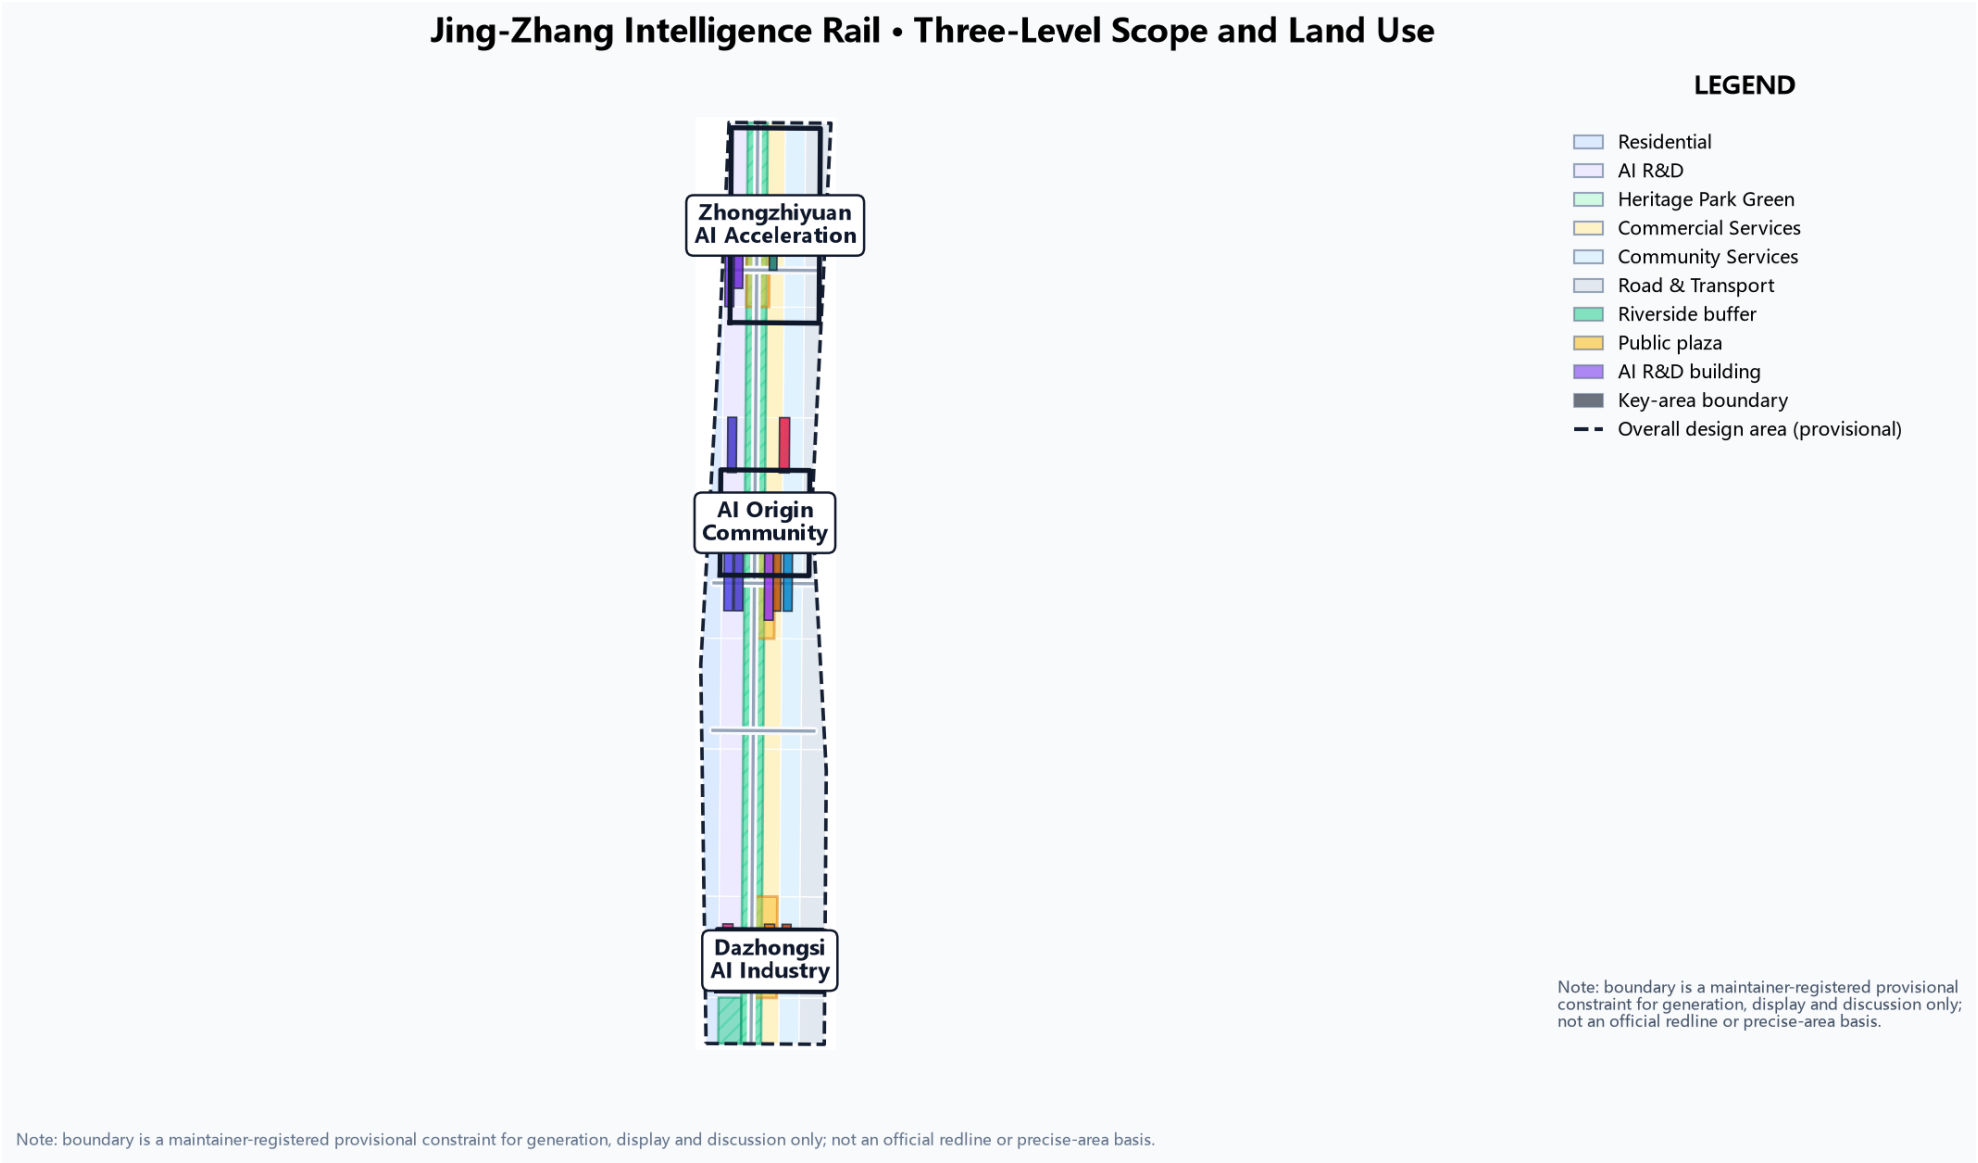

A City Track That Lets a Century-Old Railway Carry AI Innovation · A3 Booklet

Conceptual suggestion · Reference scheme · Open to professional deepening

01 Overall Design Area and Key Areas

02 Three-Level Scope and Land Use

03 Three Intelligent-Rail Stations Index

Jing-Zhang Intelligence Rail • Key-Area Detailed Design Index

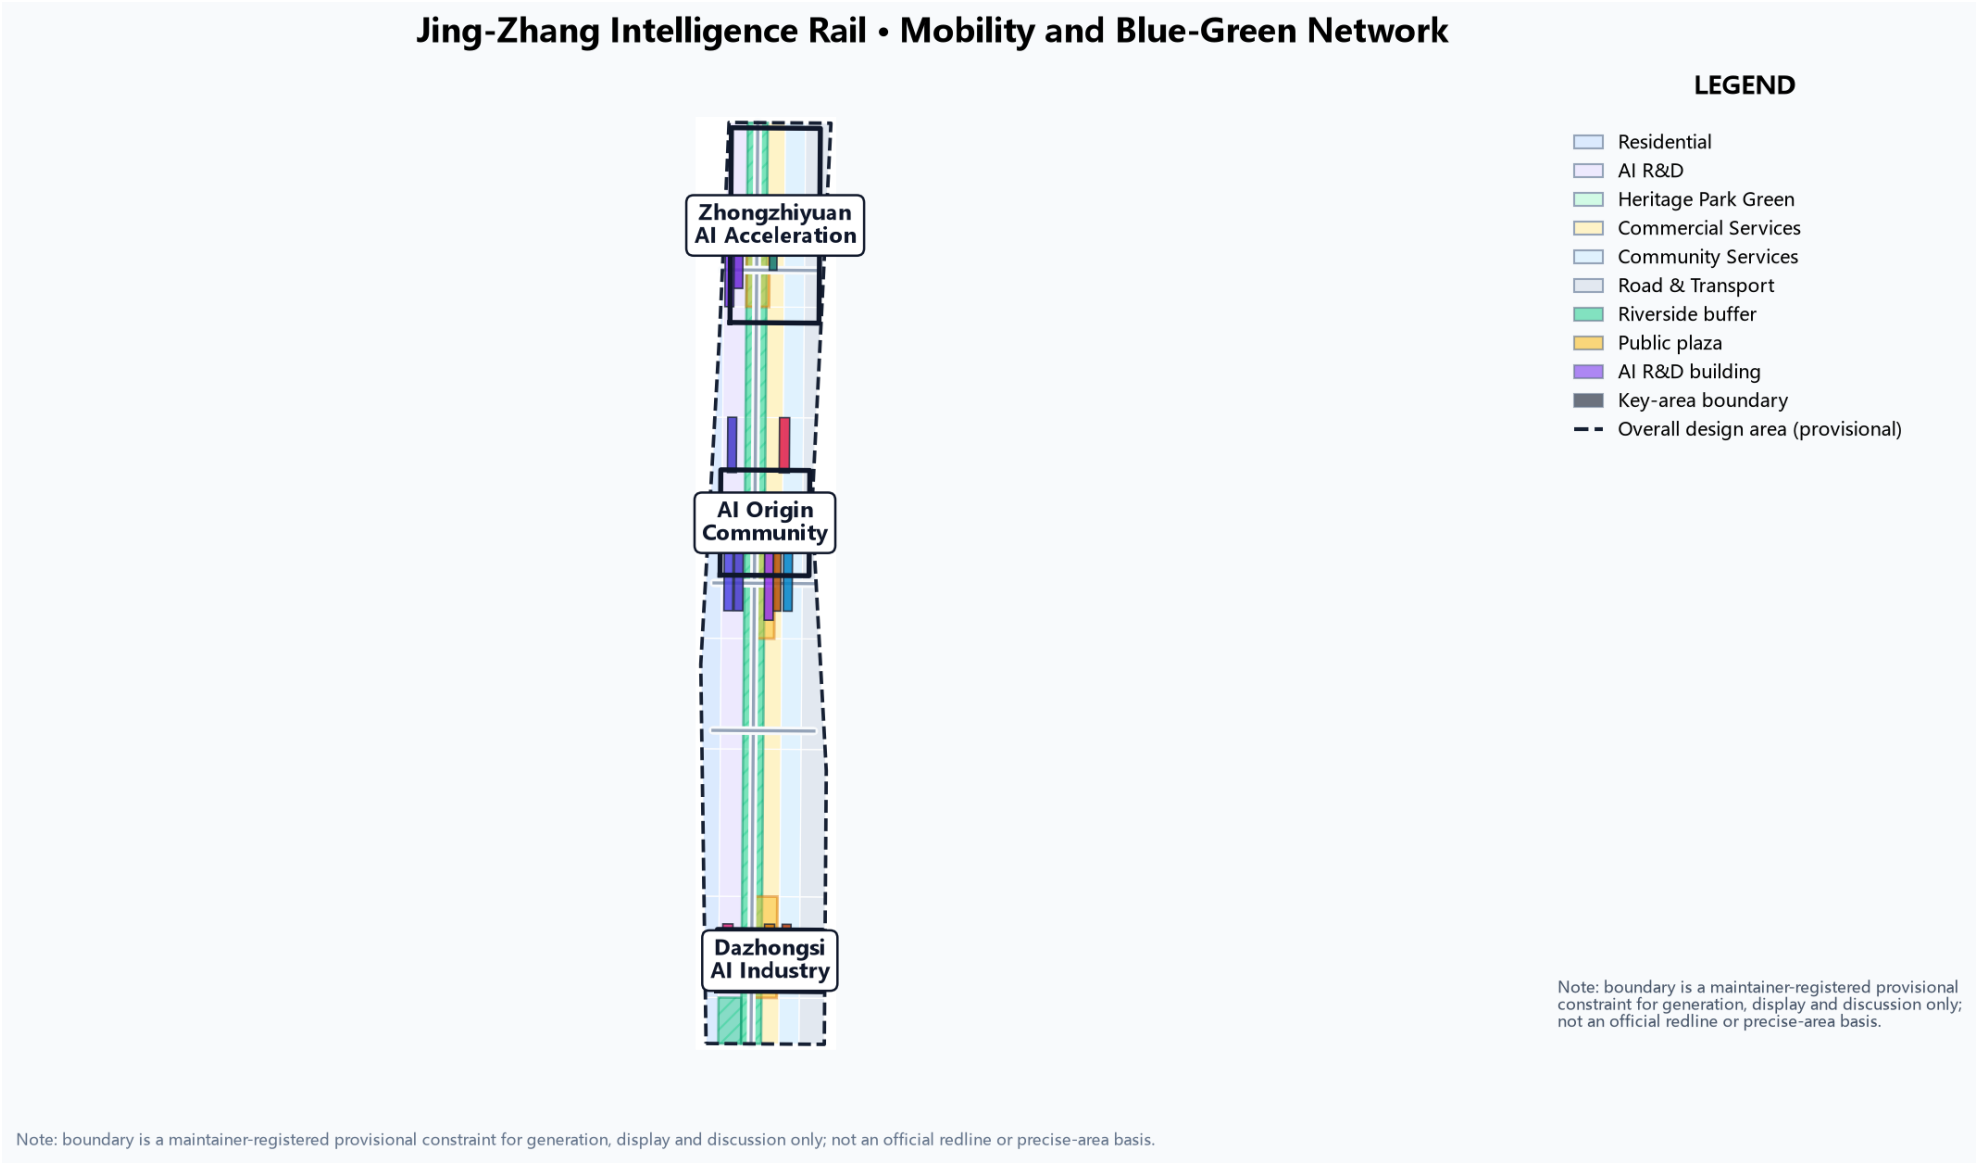

LEGEND

- Residential
- AI R&D
- Heritage Park Green
- Commercial Services
- Community Services
- Road & Transport
- Riverside buffer
- Public plaza
- AI R&D building
- Key-area boundary
- Overall design area (provisional)

Note: boundary is a maintainer-registered provisional constraint for generation, display and discussion only; not an official redline or precise-area basis.

Note: boundary is a maintainer-registered provisional constraint for generation, display and discussion only; not an official redline or precise-area basis.

04 Mobility and Blue-Green Network

## 05 Core Metrics and Evidence

## LEGEND

-  Residential

-  Commercial Services
-  Community Services
-  Road & Transport
-  Riverside buffer
-  Public plaza
-  AI R&D building
-  Key-area boundary
-  Overall design area (provisional)

Note: boundary is a maintainer-registered provisional constraint for generation, display and discussion only; not an official redline or precise-area basis.

Note: boundary is a maintainer-registered provisional constraint for generation, display and discussion only; not an official redline or precise-area basis

Boundaries are maintainer-registered provisional constraints for generation, display and discussion only; not an official redline or precise-area basis.

## 06 Overall Strategy

One spine, three stations, two wings, multiple signals: the memory track (heritage park greenbelt) runs parallel to the intelligence track (AI innovation factors); the three stations host training-validation, open-source collaboration and scenario application; the two wings provide tech services and scenario empowerment; east-west stitching mouths and scenario signals organise slow-mobility stitching and public experience.

Retain-renovate-demolish: preserve railway heritage memory, renew inefficient industry space, add AI innovation carriers.

Development intensity and height await official regulatory-plan confirmation; no guessed values.

All spatial suggestions use provisional boundaries and are open to professional deepening.

## Package contents

- proposal.md / proposal.en.md (bilingual main report)
- geometry/\*.geojson (boundary, key areas, land use, buildings, roads, green, public space, constraints, phasing)
- metrics.json (EPSG:4548 metric recalculation)
- compliance\_matrix.json / standard\_matrix.json / design\_depth\_matrix.json
- assets/figures/\*.png (five main figures + English copies)
- report/proposal.html · visual/index.html (offline presentation)
