

JING-ZHANG CIVIC FOUNDRY

Cultural production turns AI into civic products

AI ORIGIN PROTOTYPE NODE

V7.4

AI Origin: a drawing-task-signoff interface

1:1000 block plan • 1:500 ground floor • 1:200 section • day × seasons

01 / 1:1000 BLOCK PLAN

02 / 1:500 GROUND FLOOR

03 / 1:200 SECTION

04 / DAY × SEASONS

- 09:00 Residents commission
- 14:00 Co-production
- 18:30 Public retest

SPRING open court

SUMMER 60% shade

AUTUMN maker market

WINTER wind-buffered room

PROVISIONAL GEOMETRY • NOT AN OFFICIAL REDLINE

KINGFLEO × CODEX

Submission v7.4 • fixed title and direction • review-ready package

REAL SITE EVIDENCE

Three scales and four background anchors

V7.0 / 01 SITE EVIDENCE

JING-ZHANG CIVIC FOUNDRY | THE SITE IS NOT A STRAIGHT STRIP

One provisional base model aligns the official text extent, announced areas and four public background anchors—without pretending to be a statutory boundary.

DO NOT MIX SCALES

43.6 km² coordinated research / 11.4 km² overall design / 368.4 ha across three key areas. The 16 ha existing AI Origin core and ~3 km² influence range are background only.

FOUR ANCHORS

Xuezhuyuan–Zhongzhiyuan, Origin Building, Dazhongsi Station and Juesheng Temple. Coordinates support orientation only; statutory polygons remain missing.

ONE SPATIAL PROPOSITION

Embed cultural evidence, civic commissions, public prototypes and one-year adopt-or-exit decisions into actual ground floors and public-space sequences.

RECALCULATION CONTRACT

When official polygons arrive, regenerate all nine GeoJSON layers, metrics, five figures, A3/A0 and offline HTML—not just the basemap.

Provisional geometry only. Official boundaries, parcels and statutory controls remain a mandatory data gate.

AI ORIGIN PROTOTYPE

1:1000 + 1:500 + 1:200 + day × seasons

AI ORIGIN PROTOTYPE NODE

V7.4

AI Origin: a drawing-task-signoff interface

1:1000 block plan • 1:500 ground floor • 1:200 section • day × seasons

01 / 1:1000 BLOCK PLAN

02 / 1:500 GROUND FLOOR

03 / 1:200 SECTION

04 / DAY × SEASONS

PROVISIONAL GEOMETRY • NOT AN OFFICIAL REDLINE

KINGFLEO × CODEX

Commission foyer — co-author court — visible workshop. It is a transferable drawing-task-signoff interface, not a standard building.

AUDITABLE AI-SPATIAL STACK

AI is optional and accountable

AUDITABLE AI-SPATIAL STACK

V7.4

AI must prove incremental public value

evidence ☒ model ☒ five accountable agents ☒ human gates ☒ spatial interface ☒ feedback

PROVISIONAL GEOMETRY • NOT AN OFFICIAL REDLINE

KINGFLEO × CODEX

Evidence, rights, model registration, five accountable agents, human gates, spatial interfaces and rollback are separately auditable.
