

JING-ZHANG GUEST MODE

One commons spine, three yards, twelve open gates

JING-ZHANG / GUEST MODE

Enter the city before choosing to connect

one commons spine / three yards / twelve open gates

GUEST MODE CONTRACT

Basic public journeys start without a local account. Enhanced identity is an explicit, minimal step. Every gate keeps a visible human path.

- ZERO FIELD
- EDGE / OFFLINE
- HUMAN HANDOVER

CONCEPT ONLY / PROVISIONAL BOUNDARY / NOT AN APPROVAL BASIS

login256 X Codex

Basic public journeys start in guest mode; enhanced services connect identity only at a genuinely necessary step. Each open gate is a contract across space, service and operations.

Three yards

TEST / COMPOSE / DELIVER

Three yards, three validations

TEST -> COMPOSE -> DELIVER

01

ZHONGZHIYUAN / TEST

Test offline

offline model / edge robot / data budget / handover

02

ORIGIN / COMPOSE

Compose for people

paper navigator / local translation / youth workshop

03

DAZHONGSI / DELIVER

Deliver on day one

orient / wayfind / pay / pitch

12 gates / 6 personas / 12 scenarios / 3 industrial tests

Zhongzhiyuan tests offline operation and minimum data; Origin composes models into usable tasks; Dazhongsi tests first-hour international adoption.
