

Fig.1 Site context and three-level boundaries
Provisional constraint boundaries; recalculate when official redlines are published

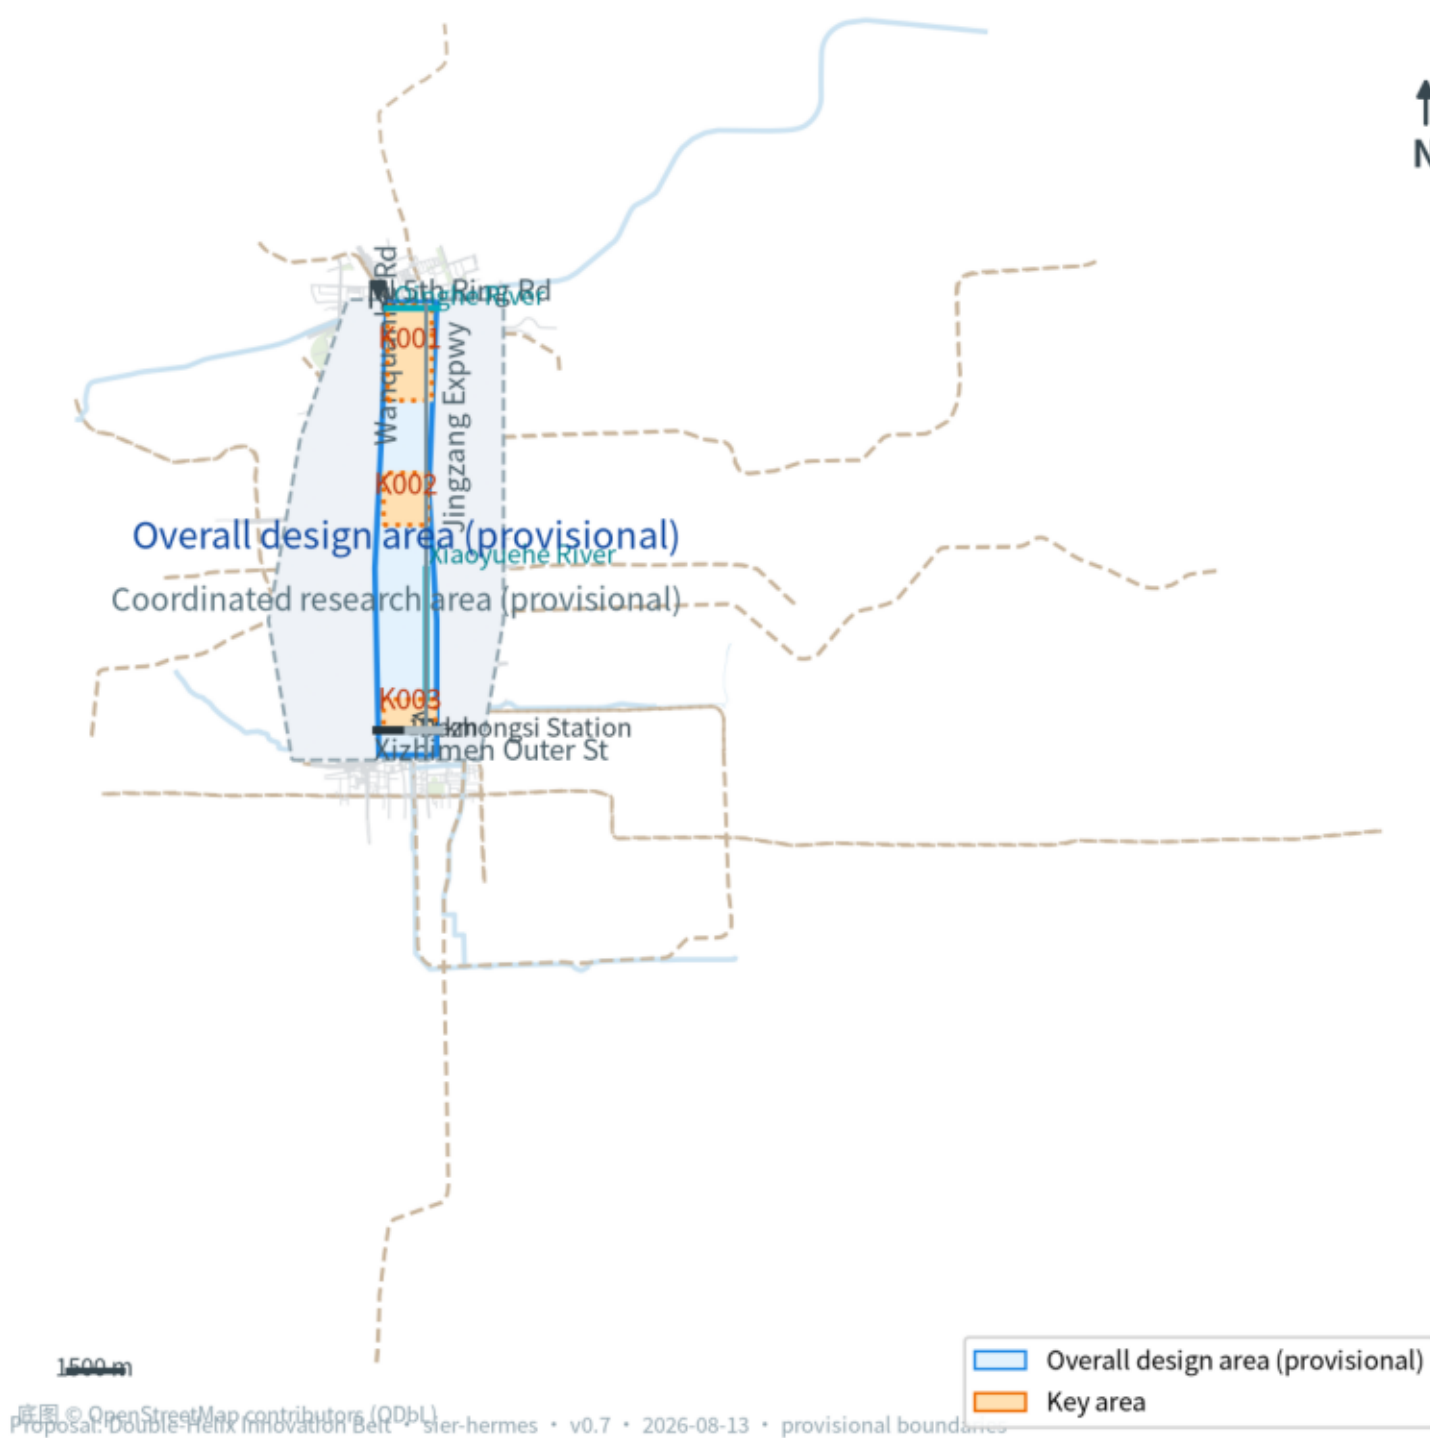

Fig.7 Double-helix spatial structure (with energy strand E)
Provisional constraint boundaries; recalculate when official redlines are published

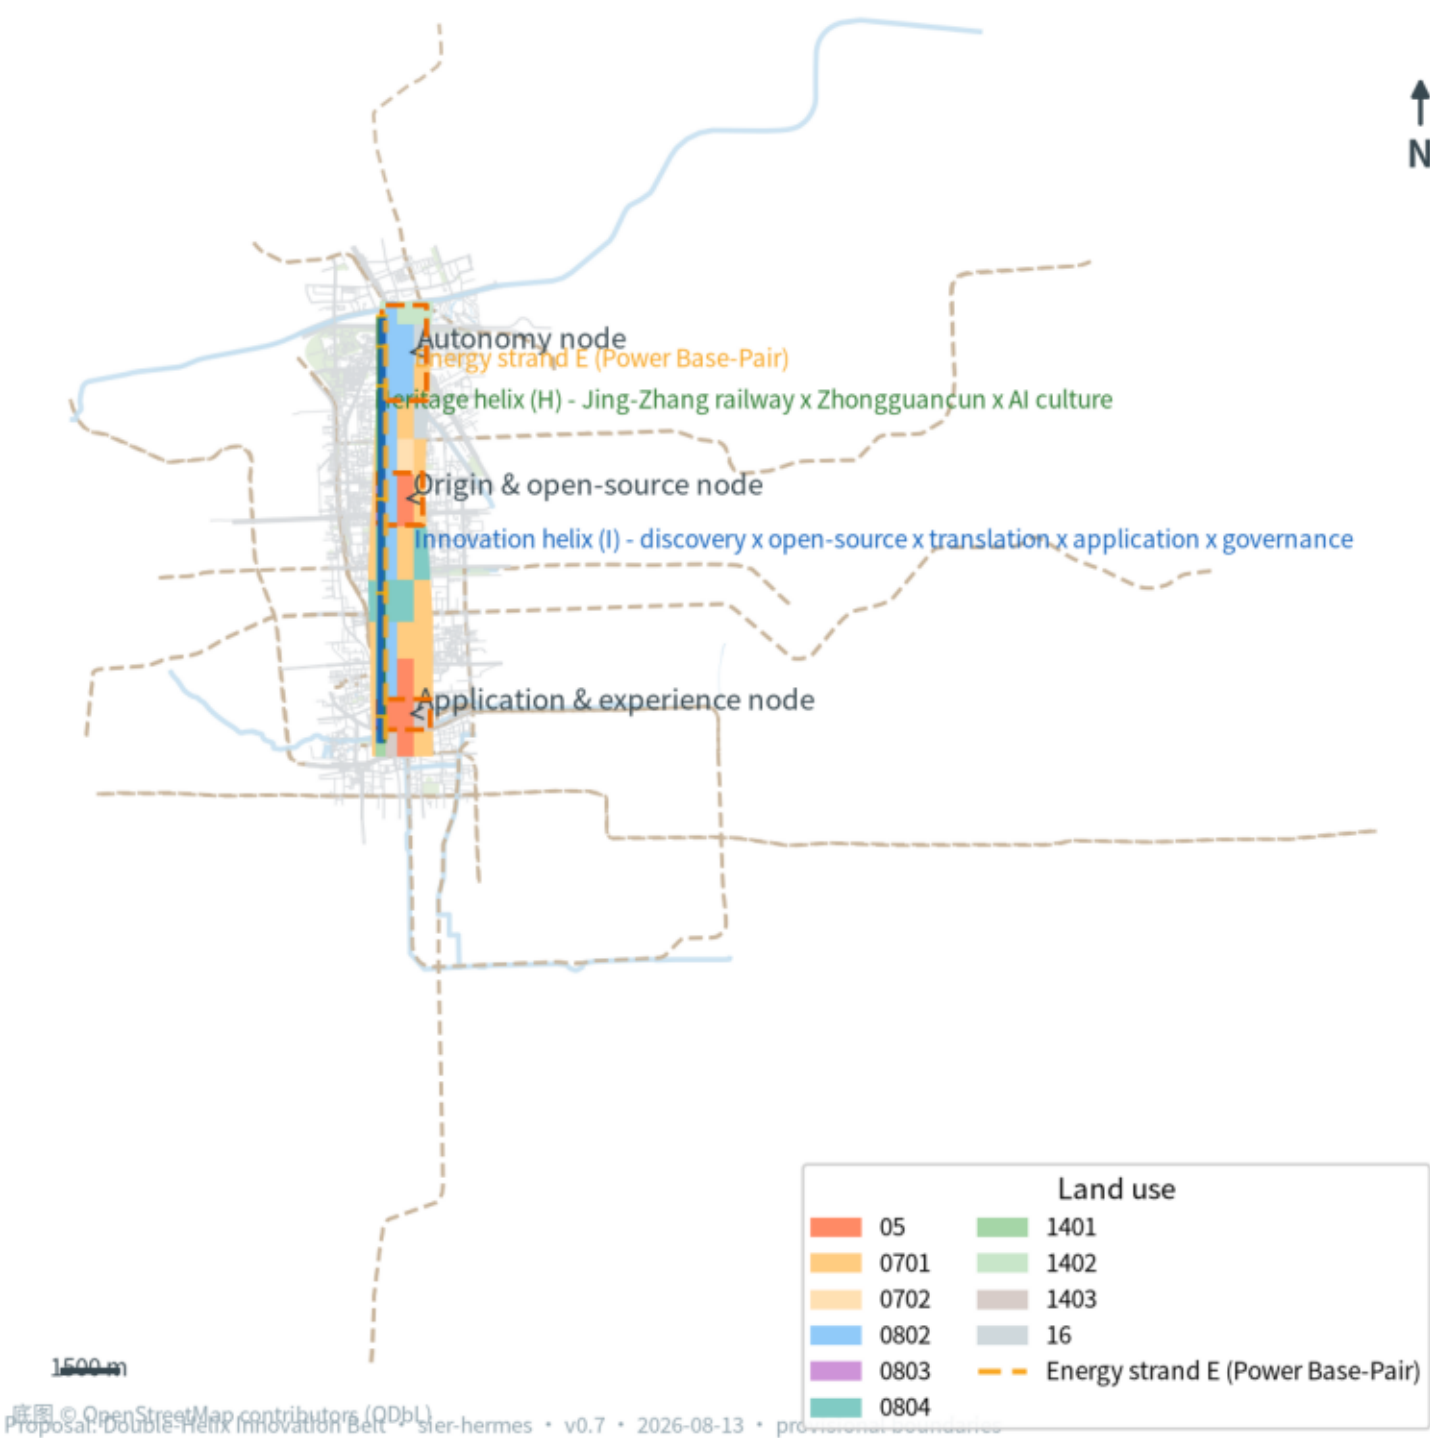

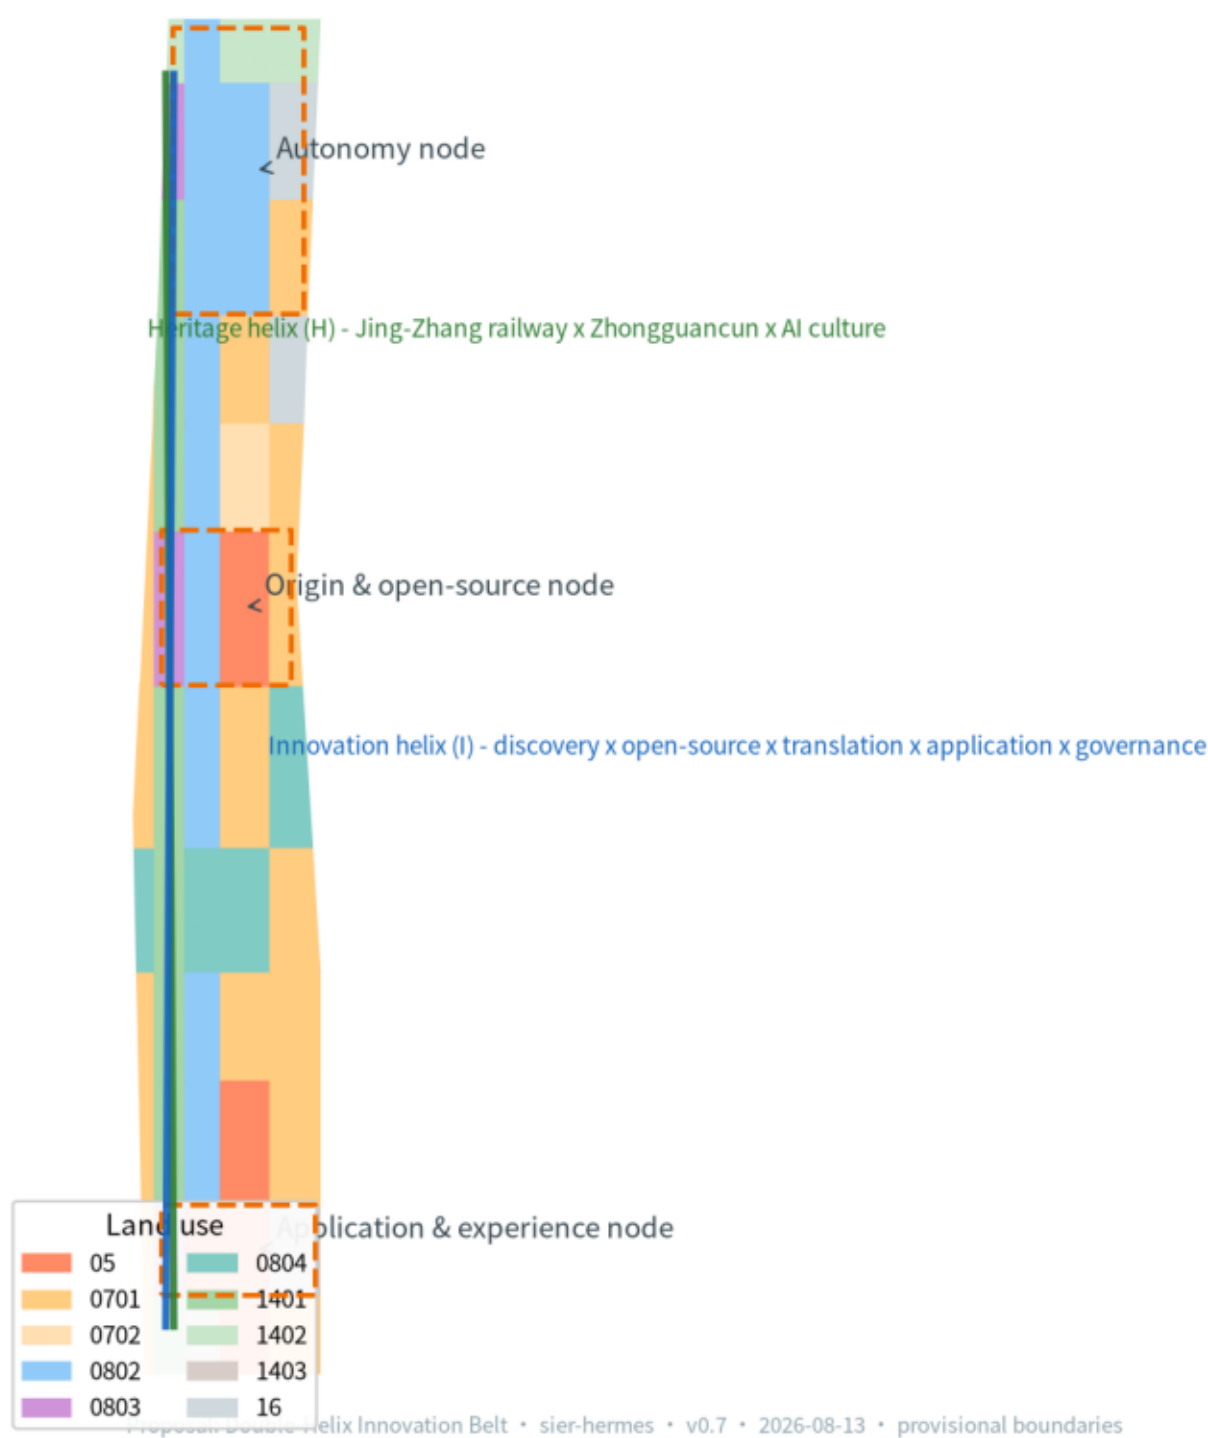

Fig.2 Double-helix land structure
Provisional constraint boundaries; recalculate when official redlines are published

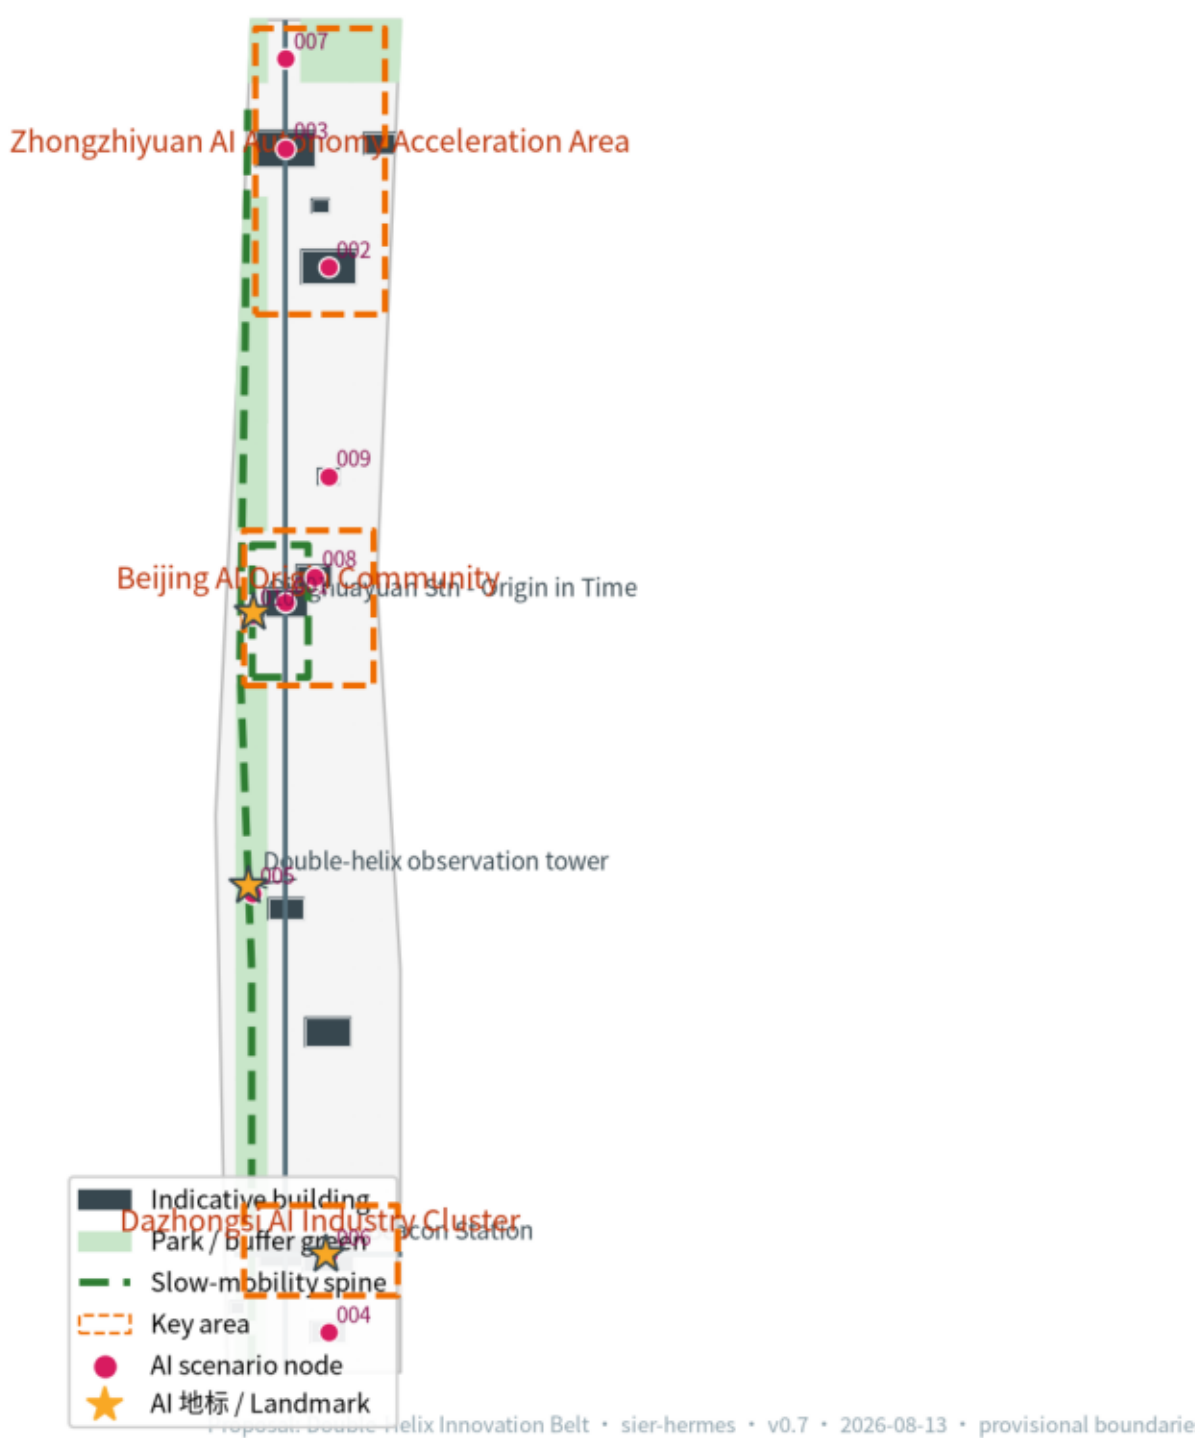

Overview - One belt, two strands, three nodes, two wings

Structure - Double helix + energy strand E

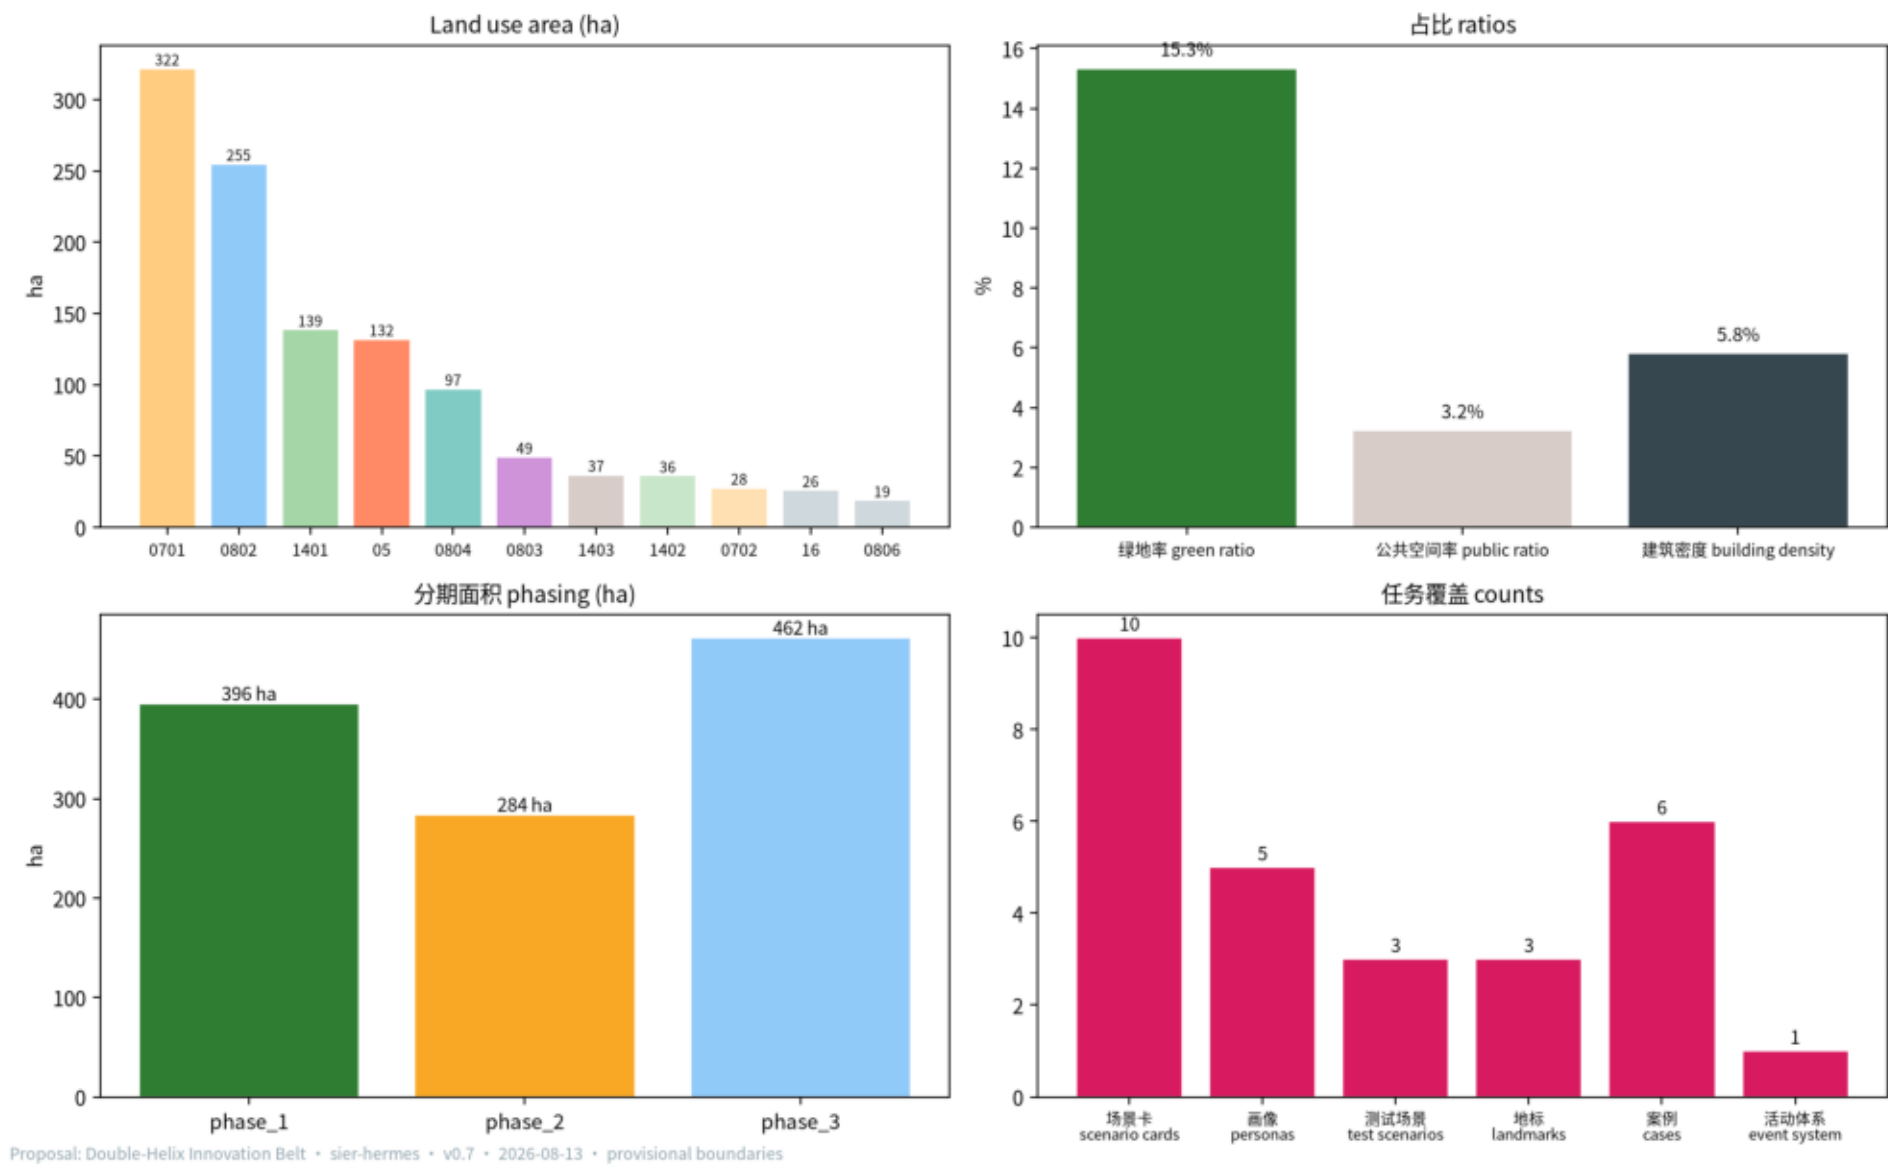

Land Use - Double-helix land structure

Fig.3 Detailed design of three key areas
Provisional constraint boundaries; recalculate when official redlines are published

Key Areas - Three gene nodes

Fig.5 Core metric recalculation evidence
Areas recalculated in EPSG:4548; control metrics pending official regulatory conditions

Metrics - Recalculation evidence

Fig.8 12 AI scenario cards
Provisional constraint boundaries; recalculate when official redlines are published

Scenarios - 12 AI scenario cards
