

# After the Event, Public Life Continues

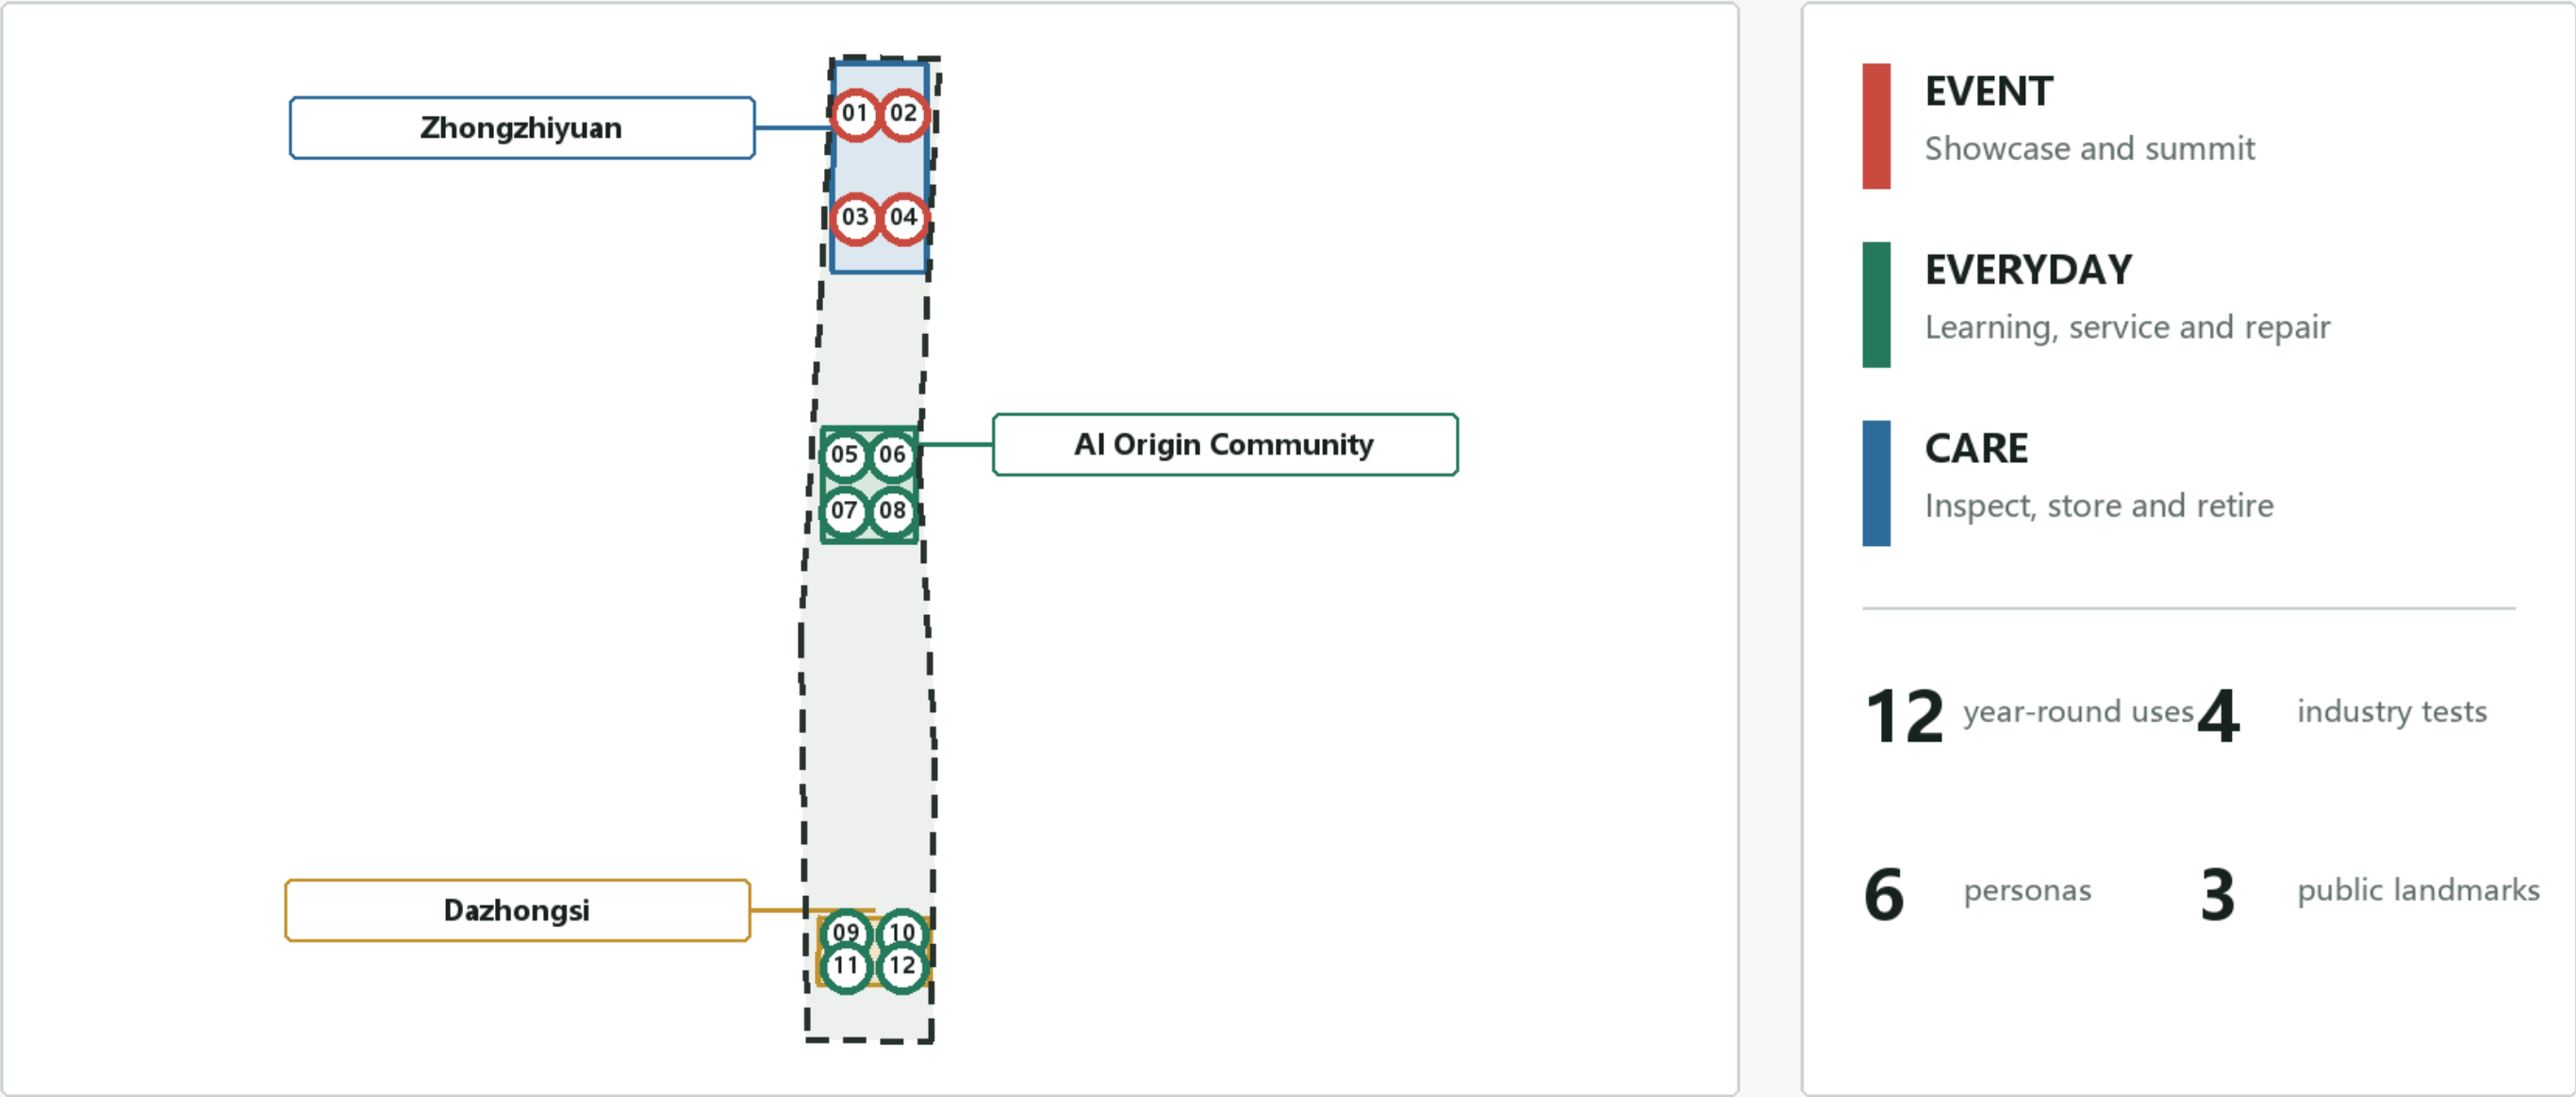

Every event-only AI setup must leave a year-round civic use.

CONTENT-REVIEW PROPOSAL · PROVISIONAL GEOMETRY · NOT A STATUTORY OR IMPLEMENTATION COMMITMENT

# One Event, Three States, Twelve Year-Round Uses

Provisional locations carry transferable mechanisms: industry, learning and civic operations across three prototypes.

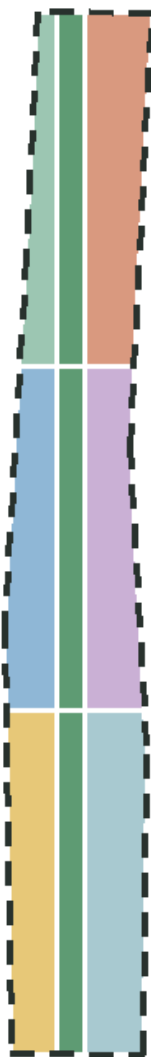

PROVISIONAL GEOMETRY • FOR CONTENT REVIEW • REBUILD WITH OFFICIAL DATA

EPSG:4326 / EPSG:4548

# The Civic-Life Spine Is Not Leftover Space

Nine shared-edge concept zones place continuous open space between research, education, services and daily life.

1401 Continuous open space 22.2%

1403 Civic interface 15.7%

05 Industry services 15.5%

0702 Mixed living support 13.3%

0804 Community service 12.9%

0803 Education and innovation 12.4%

0802 AI research 7.9%

Model coverage 1.000

# Three Key Areas, Three Year-Round Operating Prototypes

Locations can be rebuilt; mechanisms can be inspected: Test Yard, Open School and Commons Market each host four scenarios.

## Zhongzhiyuan

~192.1 ha

### Test Yard

- Event: demos, robot trials and standards launches
- Everyday: controlled validation, repair and safety review
- Care: inventory, risk review and retirement

- 
- S-01 AI showcase / validation
  - S-02 Robot demo / maintenance
  - S-03 Enterprise copilot clinic
  - S-04 Event safety review

## AI Origin Community

~104.3 ha

### Open School

- Event: summits, hackathons and launches
- Everyday: learning, enterprise services and civic advice
- Care: curriculum refresh, data cleanup and access review

- 
- S-05 Accessible wayfinding
  - S-06 Health navigation
  - S-07 Jing-Zhang stories
  - S-08 Youth civic table

## Dazhongsi

~72.0 ha

### Commons Market

- Event: AI expo, international pitches and culture
- Everyday: local trade, repair services and community culture
- Care: storage, noise review and maintenance

- 
- S-09 Maker repair market
  - S-10 Climate refuge
  - S-11 Equipment lending
  - S-12 Civic asset audit

# Movement, Staying and Care Share One Spatial Framework

One spine, two auxiliary lines and six cross-links connect green space, civic rooms and stoppable scenarios.

## SPATIAL ROLES

- 365 spine**  
walk, cycle, shade, inspect
- longitudinal links**  
distribution and alternatives
- cross-links**  
neighbourhoods and prototypes
- civic rooms**  
event, everyday, care
- industry tests**  
isolate, take over, stop

# Public Evidence Decides What Stays or Retires

Six checkpoints turn one event into year-round accountability; geometry is recalculable while controls and impact remain unknown.

**12** three-state  
prototypes

**4** industry tests

**6** personas

**3** public landmarks

**5** verified cases

**6** human  
checkpoints

## STILL UNKNOWN

- Official boundaries and key areas
- FAR, height, density, setbacks
- Existing buildings, ownership, R/R/D
- Rail, roads, utilities and safety
- Operators, budget and resident evidence
- Measured year-round public value

EPSG:4326 / EPSG:4548

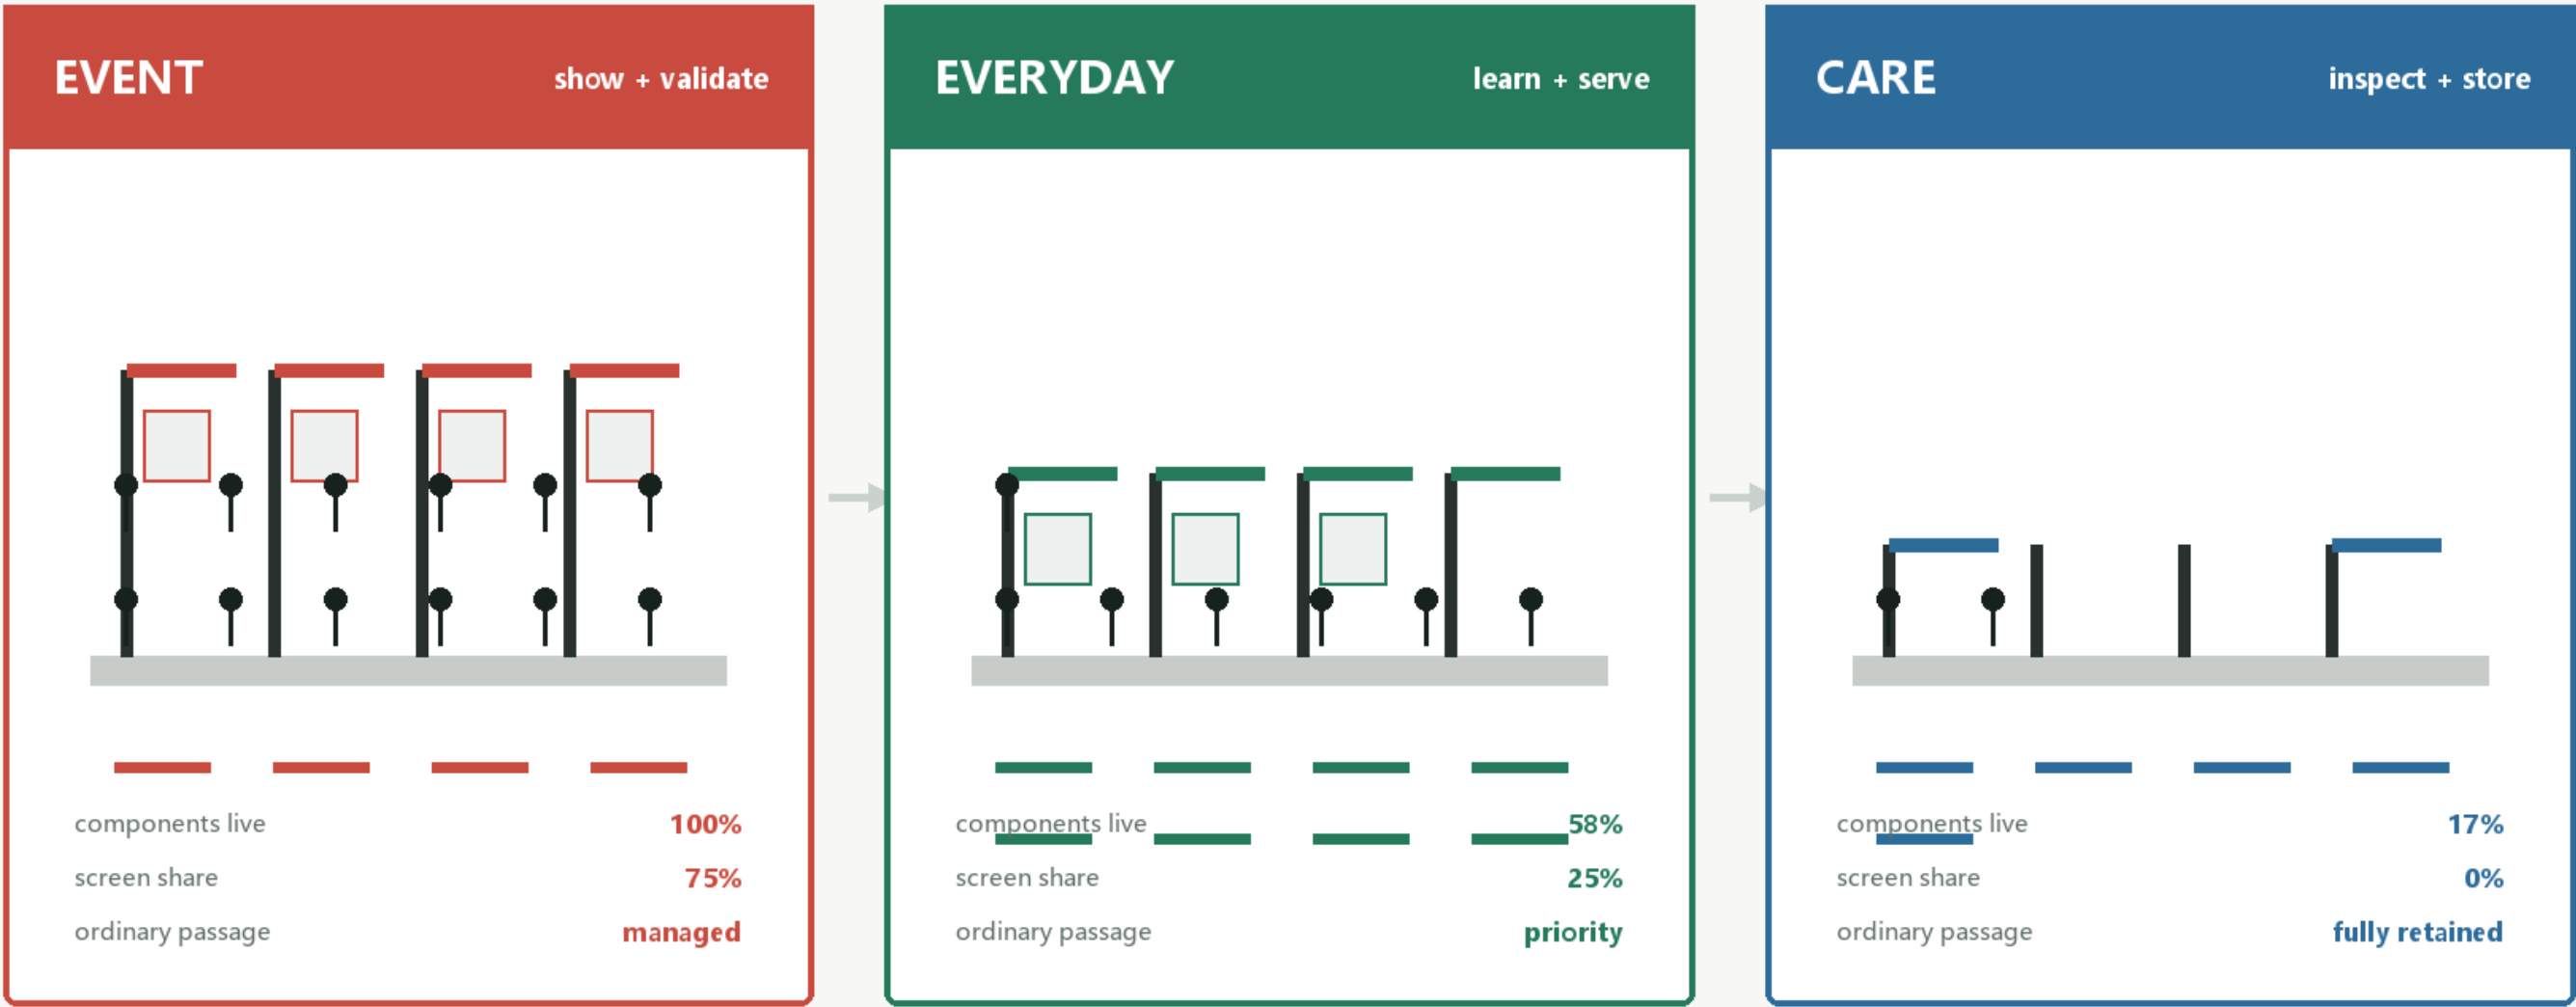

# Three Key Areas Are Not Three Dots: Fifteen Linked Rooms

Each sequence starts with ordinary arrival and ends in exit, replay or public review; machine interfaces sit in the middle, not at the threshold.

# One Asset Kit, Reconfigured Three Times

Event mode is not the default endpoint; everyday mode reduces screens and enclosure, while care mode stores, isolates and keeps ordinary passage.

EPSG:4326 / EPSG:4548

# Eight Component Families Turn Event Build-Out Into Repairable Civic Assets

Nominal modules express compatibility, not engineering dimensions; each family carries event, everyday, care and professional verification duties.

## K-01 Reversible rail deck

3.0 x 6.0 m nominal

- E** Display, queue and temporary workbench
- D** Accessible rest, learning and repair deck
- C** Sectional repair with individually replaceable units

## K-02 Civic long table

0.9 x 2.4 m nominal

- E** Developer workshop and public Q&A
- D** Learning, deliberation and enterprise clinic
- C** Panels leave for repair while frames remain as seating

## K-03 Climate gantry

6.0 x 6.0 m nominal

- E** Wayfinding, shade, clearance and equipment points
- D** Shade, low light and wet-weather pause
- C** Works as a screen-free orientation frame when powered down

## K-04 Quiet refuge bay

3.0 x 3.0 m nominal

- E** Sensory relief, staffed help and family waiting
- D** Older-person rest, nursing and quiet reading
- C** Open without screens; ventilation and hygiene inspected

## K-05 Service spine

1.2 x 6.0 m nominal

- E** Isolatable power, low-voltage data and water service
- D** Charging, water, tool lending and staffed service
- C** Zonal shutdown, metering, leak and maintenance checks

## K-06 Return-to-store locker

1.2 x 2.4 m nominal

- E** Check-in for devices, batteries and access aids
- D** Community tool and mobility-aid lending
- C** Inventory, charging isolation, repair and retirement

## K-07 Evidence beacon

0.6 x 0.6 m nominal

- E** Shows steward, data boundary, stop and complaint routes
- D** Publishes schedules, faults and decisions on paper and screen
- C** Keeps paper contacts and asset state when offline

## K-08 Trace-light footing

0.6 x 0.6 m nominal

- E** Ballast, clamps or approved existing fixings support temporary parts
- D** Keeps a level route without abandoned trip hazards
- C** Fully removable with trace record and surface restoration

# Six User Groups Need More Than One Entry Route

Every journey keeps staffed and no-phone routes; high-risk professional judgments are never delegated to AI alone.

|                                          | ARRIVE             | CHOOSE          | USE               | HELP           | EXIT            |
|------------------------------------------|--------------------|-----------------|-------------------|----------------|-----------------|
| P-01 R&D and demo teams                  | Park entry         | Test limits     | Controlled bay    | Safety staff   | Repair/store    |
| P-02 Event operators and maintainers     | Service desk       | Paper + screen  | Enterprise clinic | Human review   | Issue receipt   |
| P-03 Residents, including older and      | Local street       | No registration | Civic table       | Offline advice | Appeal replay   |
| P-04 Students, developers and            | Open porch         | Course menu     | Learn/test        | Mentor on duty | Take work away  |
| P-05 Local merchants and cultural makers | Four-way market    | Fair schedule   | Repair/lend       | Merchant help  | Trade review    |
| P-06 Disabled and international visitors | Accessible arrival | Alternative UI  | Quiet service     | Staff support  | Accessible exit |

# Only Six Human Gates Can Authorize an Asset to Stay

Each gate names a decision owner, evidence and stop condition; a missing item returns the asset to the previous stage.

EPSG:4326 / EPSG:4548

# Design Can Deepen While Six Evidence Locks Still Block Site Claims

Complex expression is not precise fact; professional adoption must clear every lock and rebuild all layers, metrics, figures and publications.

## OFFICIAL GEOMETRY

overall, key areas, station interfaces

AFTER CLEARANCE: replace data -> rebuild package ->  
professional/public review

## EXISTING + OWNERSHIP

buildings, use, title, heritage

AFTER CLEARANCE: replace data -> rebuild package ->  
professional/public review

## MOBILITY + UTILITIES

redlines, demand, fire, energy, drainage

AFTER CLEARANCE: replace data -> rebuild package ->  
professional/public review

## PUBLIC + ACCESS

day/rain/night audit, no-phone path,  
complaints

AFTER CLEARANCE: replace data -> rebuild package ->  
professional/public review

## OPERATIONS + RESOURCES

named steward, annual schedule, budget,  
insurance

AFTER CLEARANCE: replace data -> rebuild package ->  
professional/public review

## RIGHTS + SAFETY

lawful data, liability, stop, retirement

AFTER CLEARANCE: replace data -> rebuild package ->  
professional/public review

# T-90 to T+365: Leave Evidence, Not Burden

## REQUIRED BEFORE ADOPTION

- Official extents, controls, existing fabric and ownership
- Site, resident and accessibility co-review
- Transport, utilities, fire and heritage studies
- Operators, year-round budget and lawful rights

## DECISIONS RETAINED BY PEOPLE

- Planning and construction approval
- Medical, legal and public-safety judgment
- Device shutdown, complaints and disputes
- T+365 keep, change or retirement
