

JINGZHANG PULSE • Board 1: The Spatial Structure of an Urban Pulse

Overview | The Urban Pulse of One Corridor

SITE OVERVIEW — three scope levels, the Pulse Greenway, three key areas (concept proposal)

JINGZHANG PULSE 京张智脉

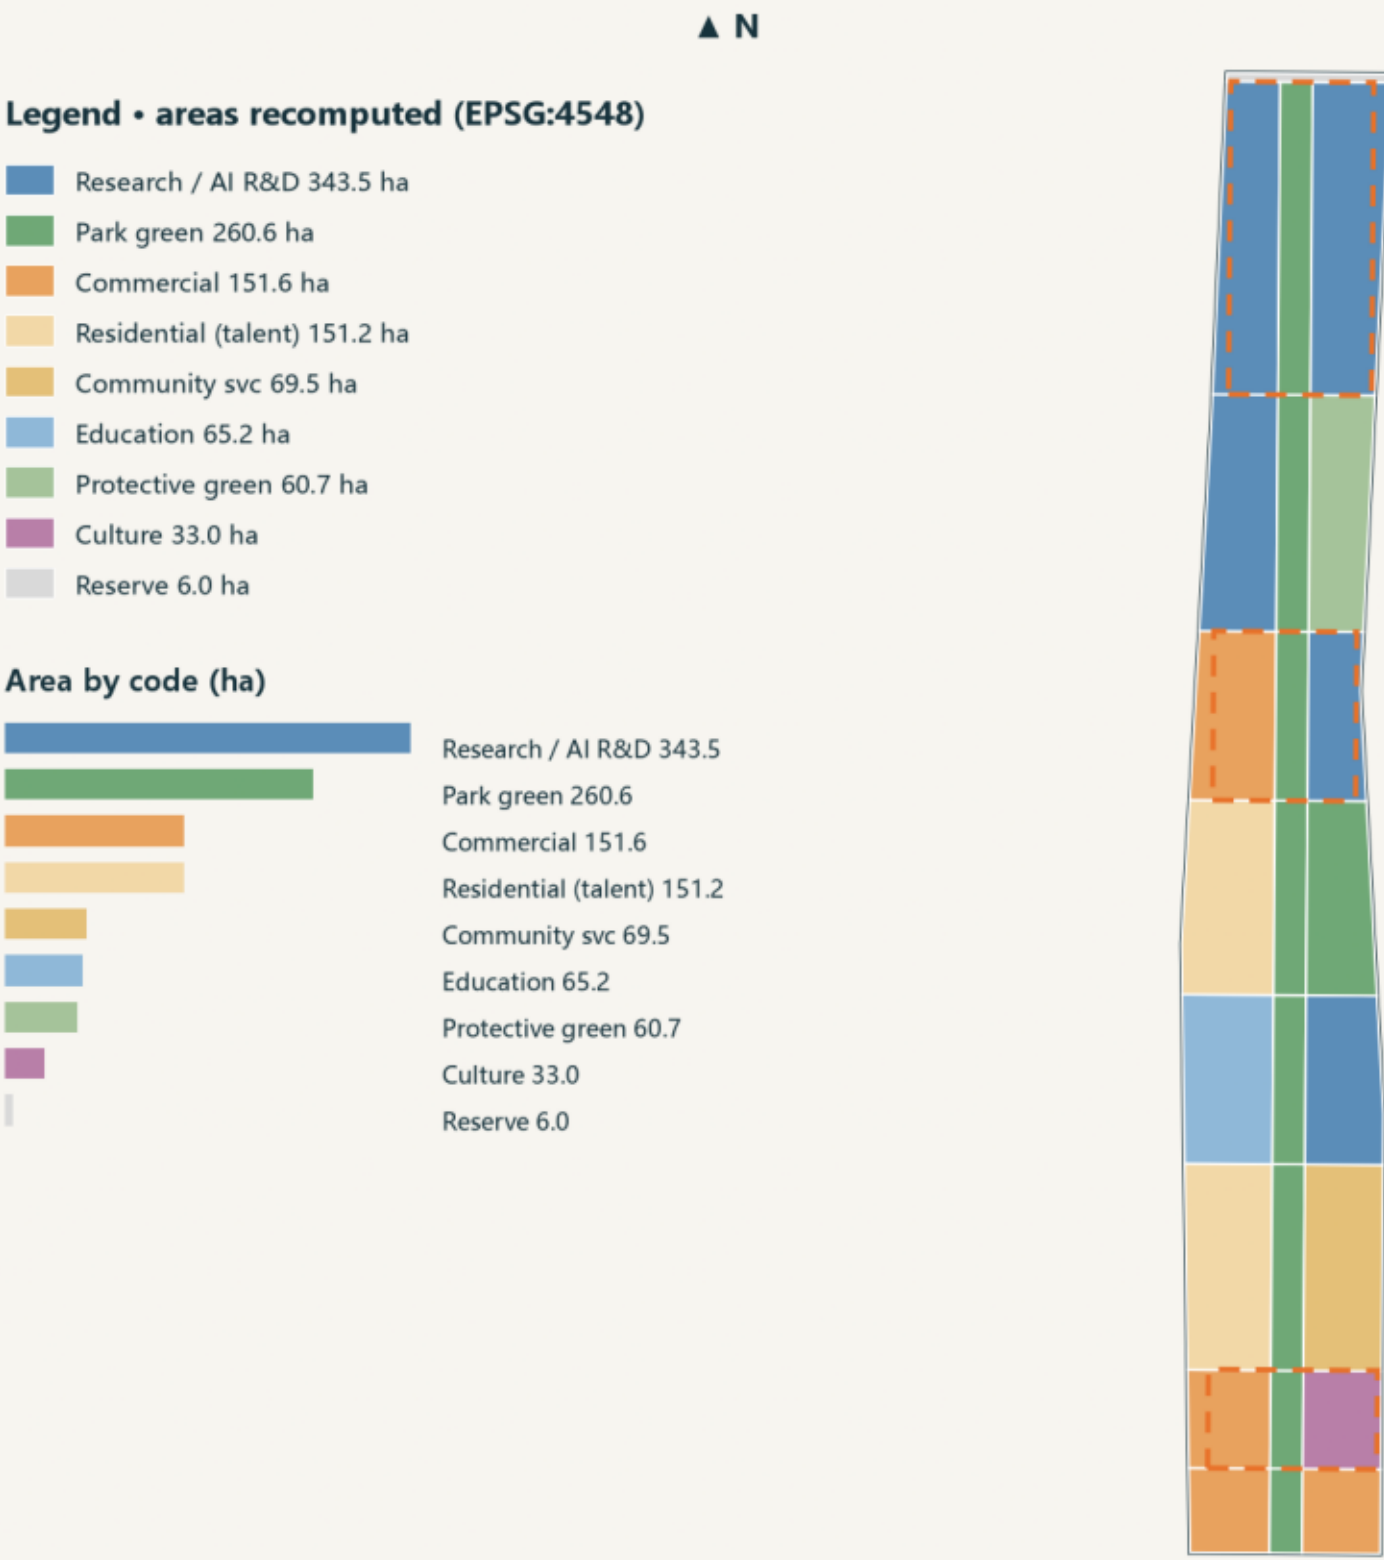

Source: geometry/*,geojson & metrics.json (recomputed in EPSG:4548). Overall boundary is a provisional constraint — for concept discussion only, not an official redline.

Land Use | Functions Stacked on a Green Spine

LAND USE — complete partition, shared edges, recomputable areas (concept; controls pending)

JINGZHANG PULSE 京张智脉

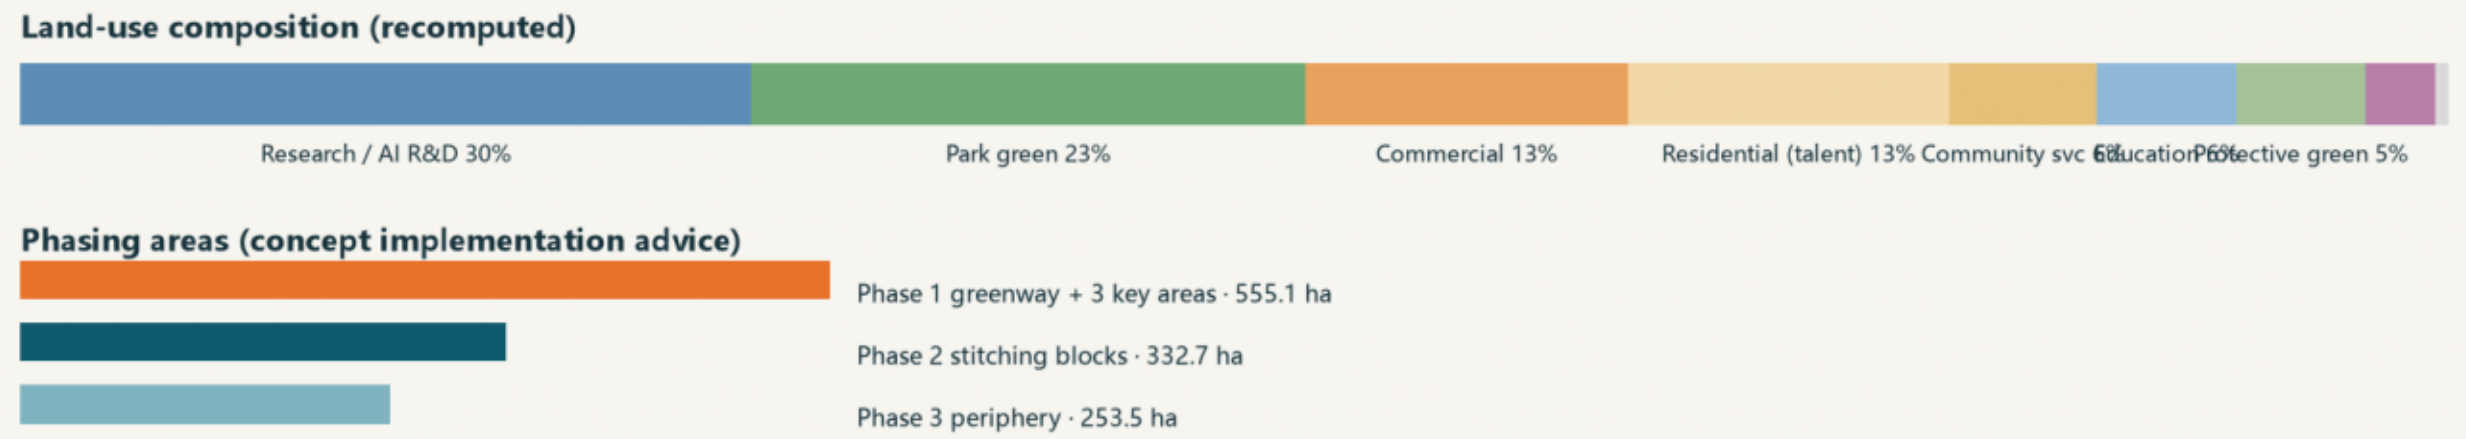

Source: geometry/*,geojson & metrics.json (recomputed in EPSG:4548). Overall boundary is a provisional constraint — for concept discussion only, not an official redline.

Fig 2/5 · land-use-structure.en.png

Metrics | Every Number Is Recomputable

METRICS & EVIDENCE — geometry-based, open formulas, graded confidence, pending items flagged

JINGZHANG PULSE 京张智脉

Pending official data: statutory FAR · height · density controls · road redlines · existing-building records (status=unknown; no statutory conclusions drawn)

Source: metrics.json (recomputed from geometry/*,geojson in EPSG:4548); missing statutory controls marked 'pending official data'.

JINGZHANG PULSE • Board 2: Key Areas and Public Systems

Key Areas | Three Pulses, Three Urban Interfaces

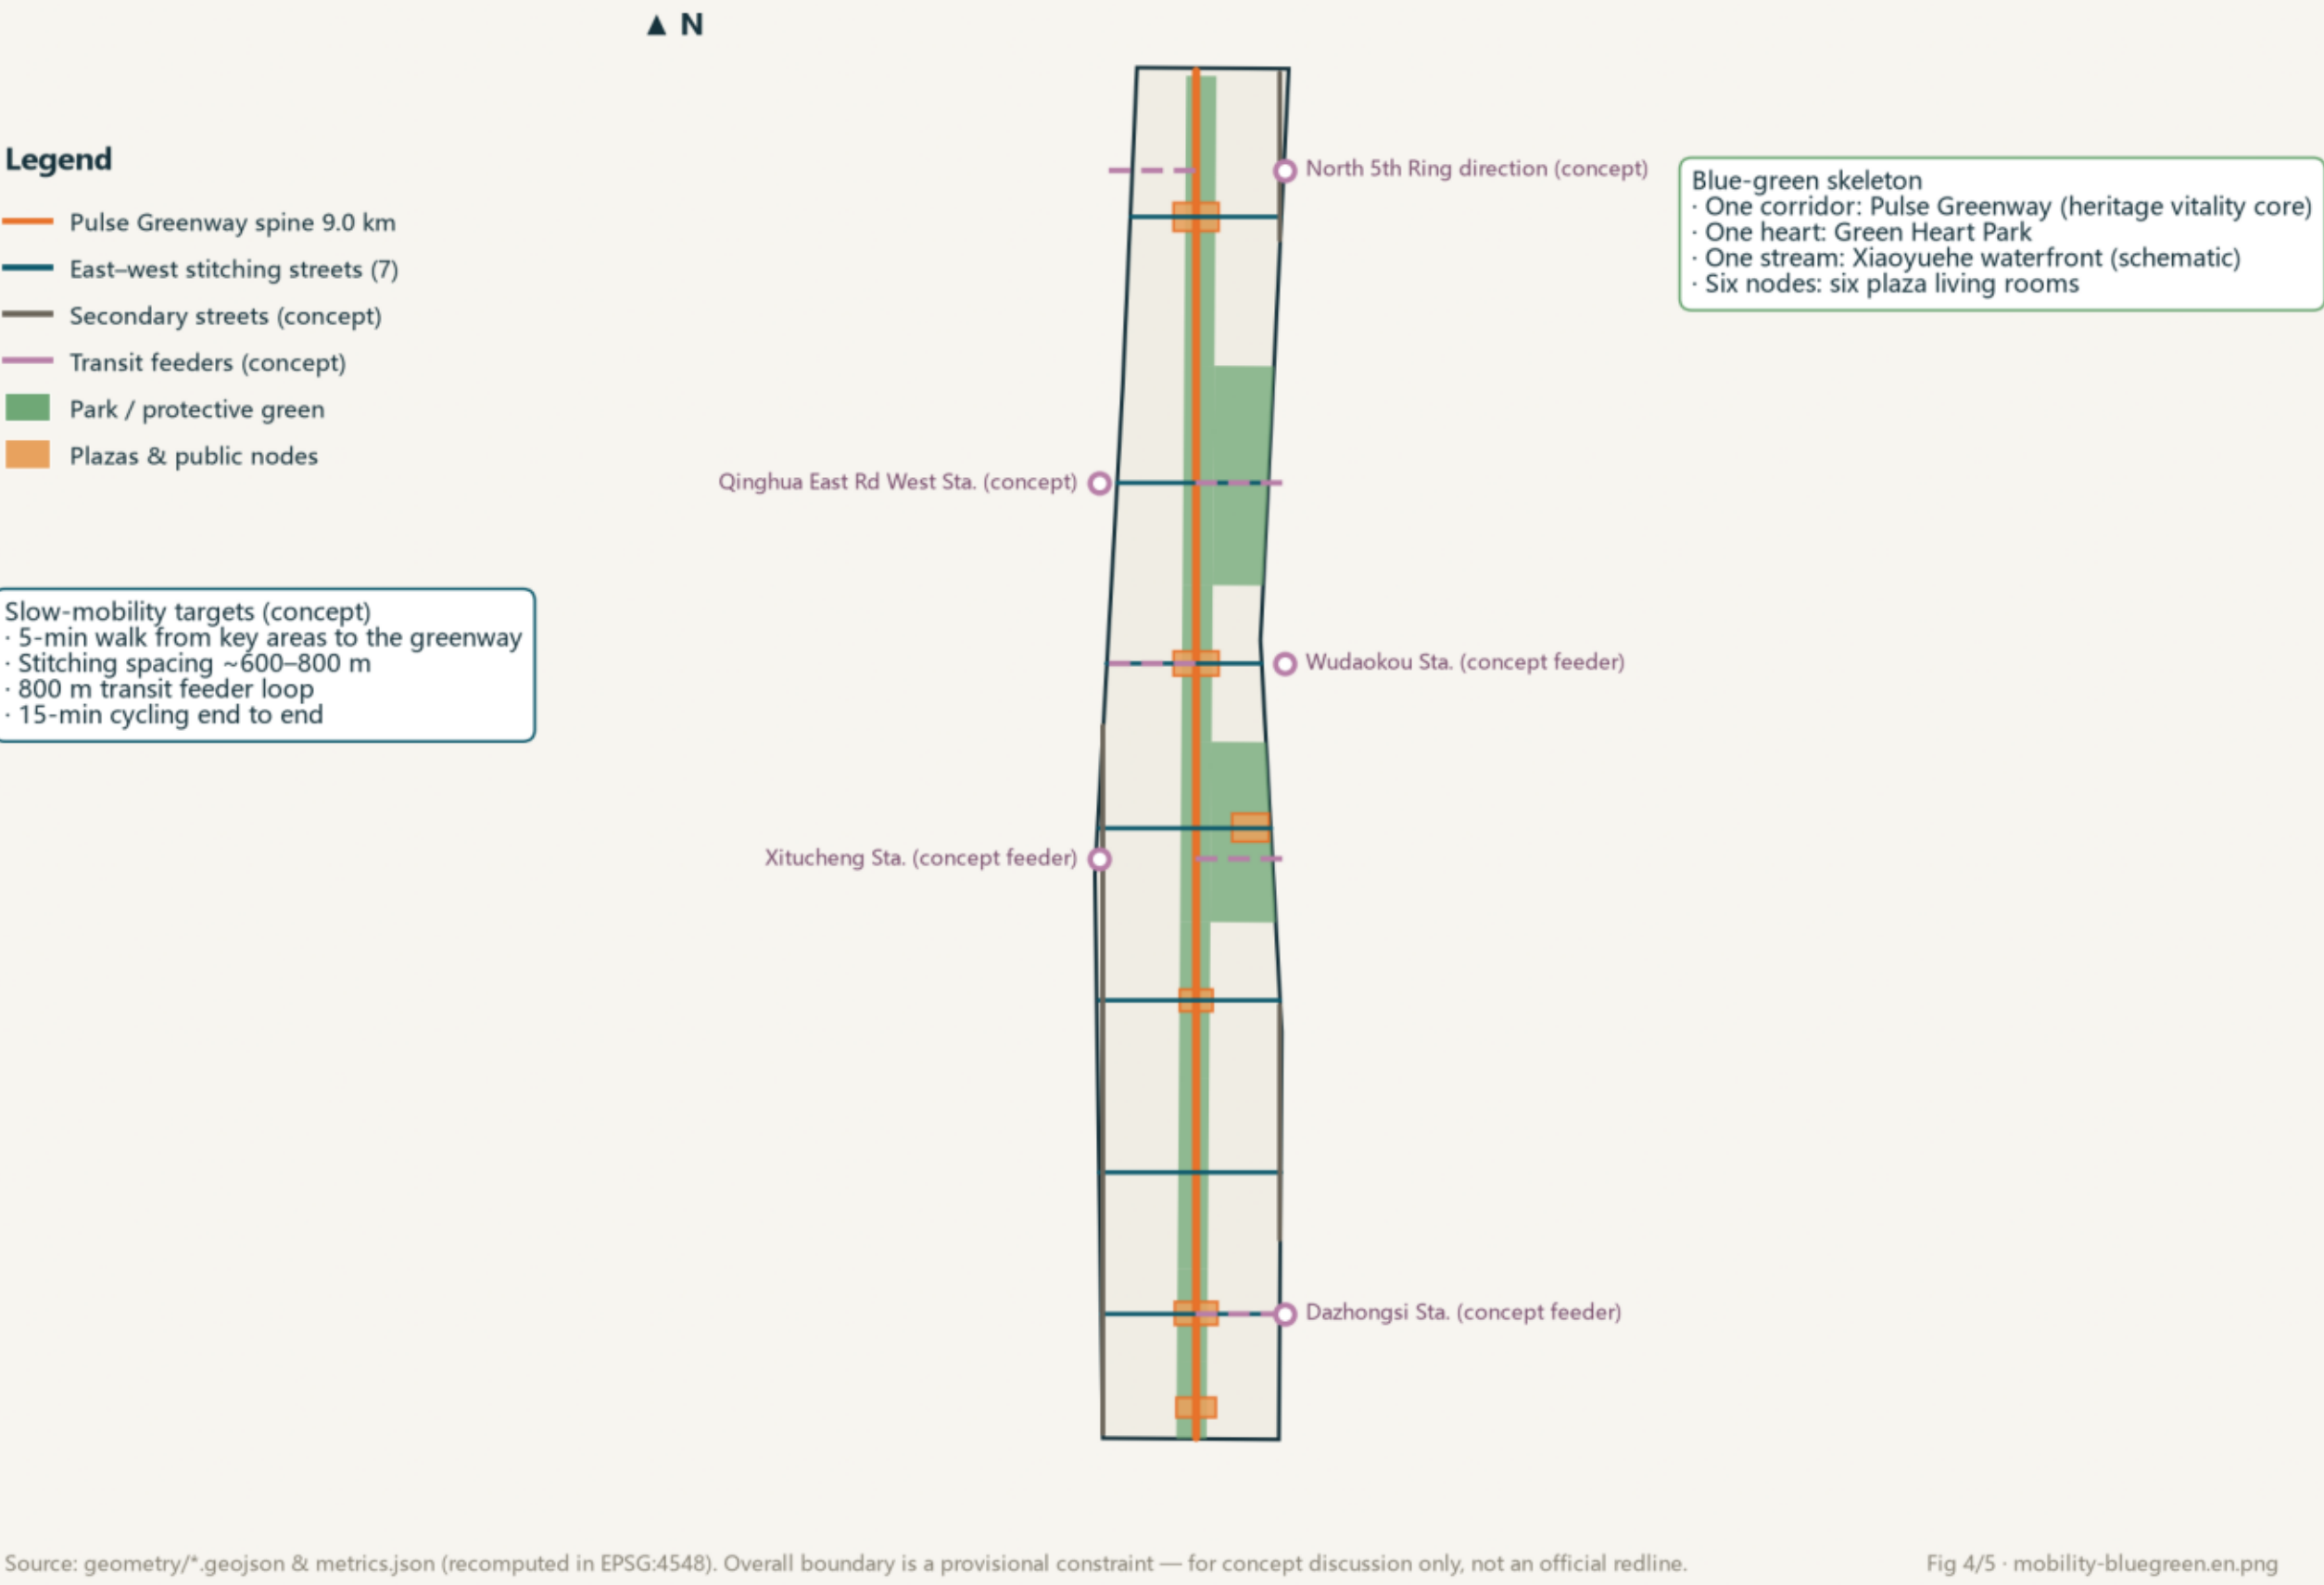

KEY AREAS — Zhongzhiyuan · Origin Community · Dazhongsi (provisional polygons; concept proposal)

JINGZHANG PULSE 京张智脉

Mobility & Blue-Green | Stitching the Severed City

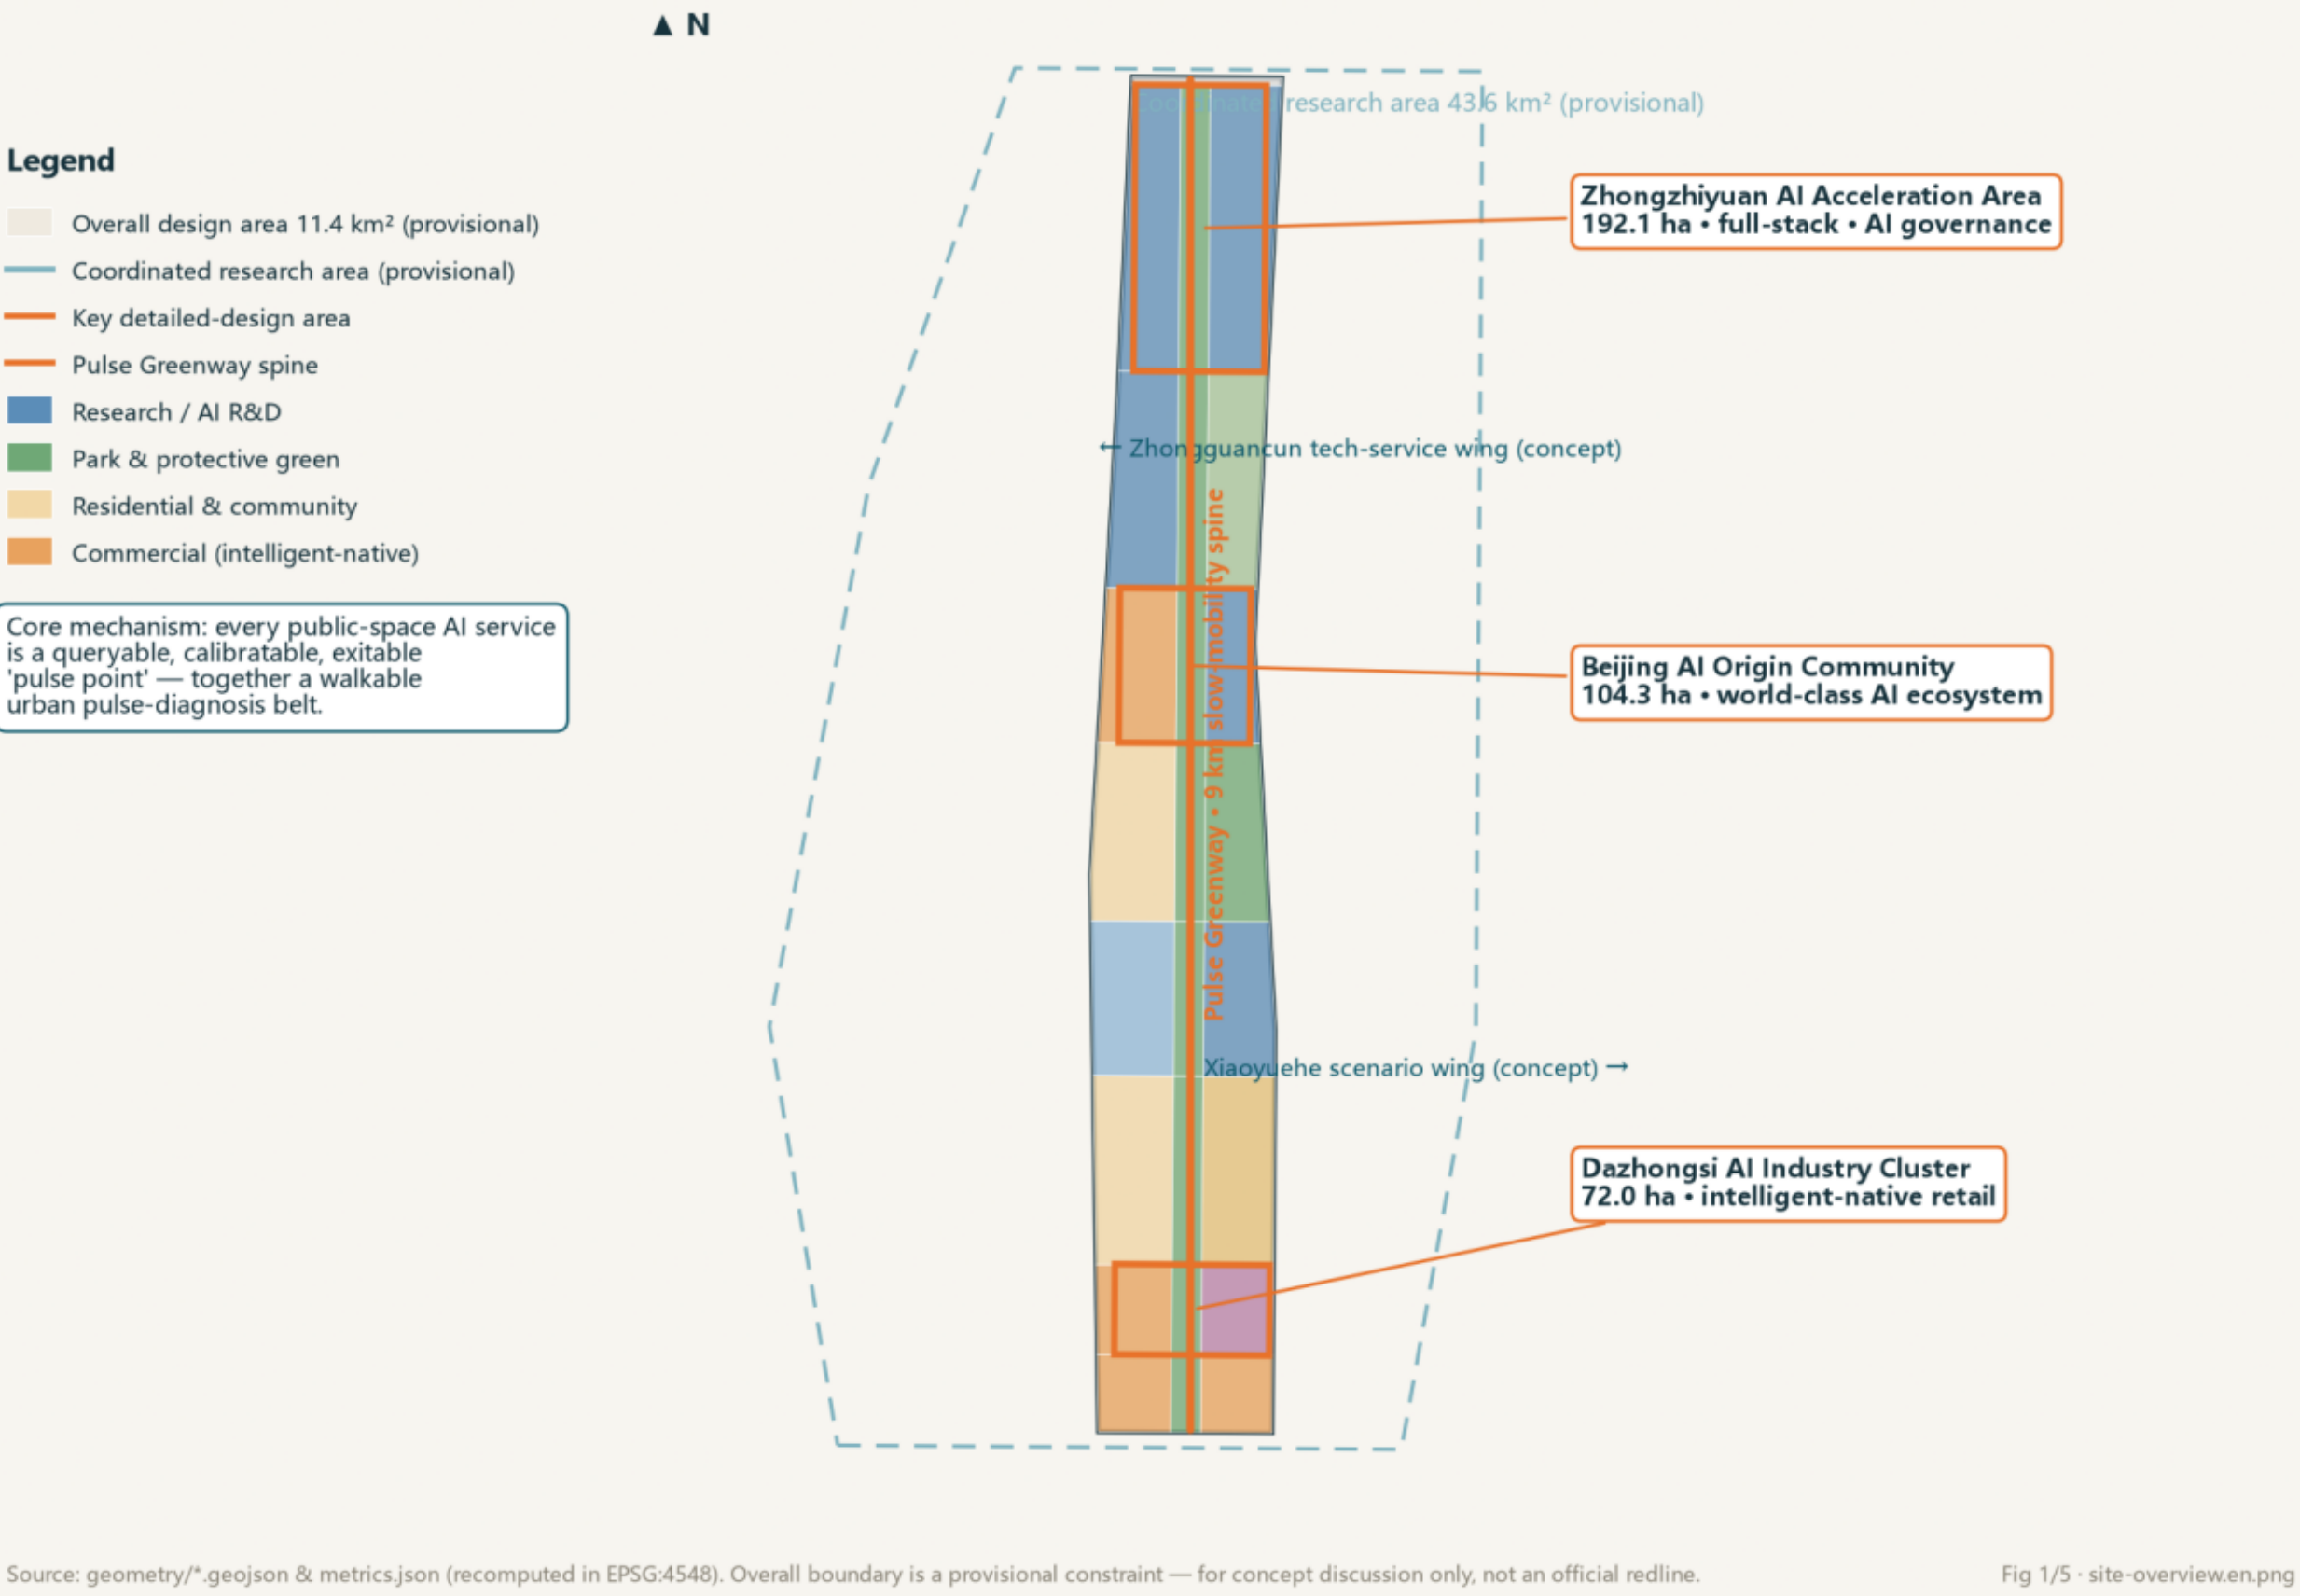

MOBILITY & BLUE-GREEN — greenway spine, 7 stitching streets, 5 transit feeders, blue-green network

JINGZHANG PULSE 京张智脉

Overview | The Urban Pulse of One Corridor

SITE OVERVIEW — three scope levels, the Pulse Greenway, three key areas (concept proposal)
