

# JINGZHANG PULSE

## JINGZHANG PULSE

The Urban Pulse of One Corridor, Three Districts and Two Wings — Concept Proposal

百年京张AI创新带城市设计概念方案(英文版)

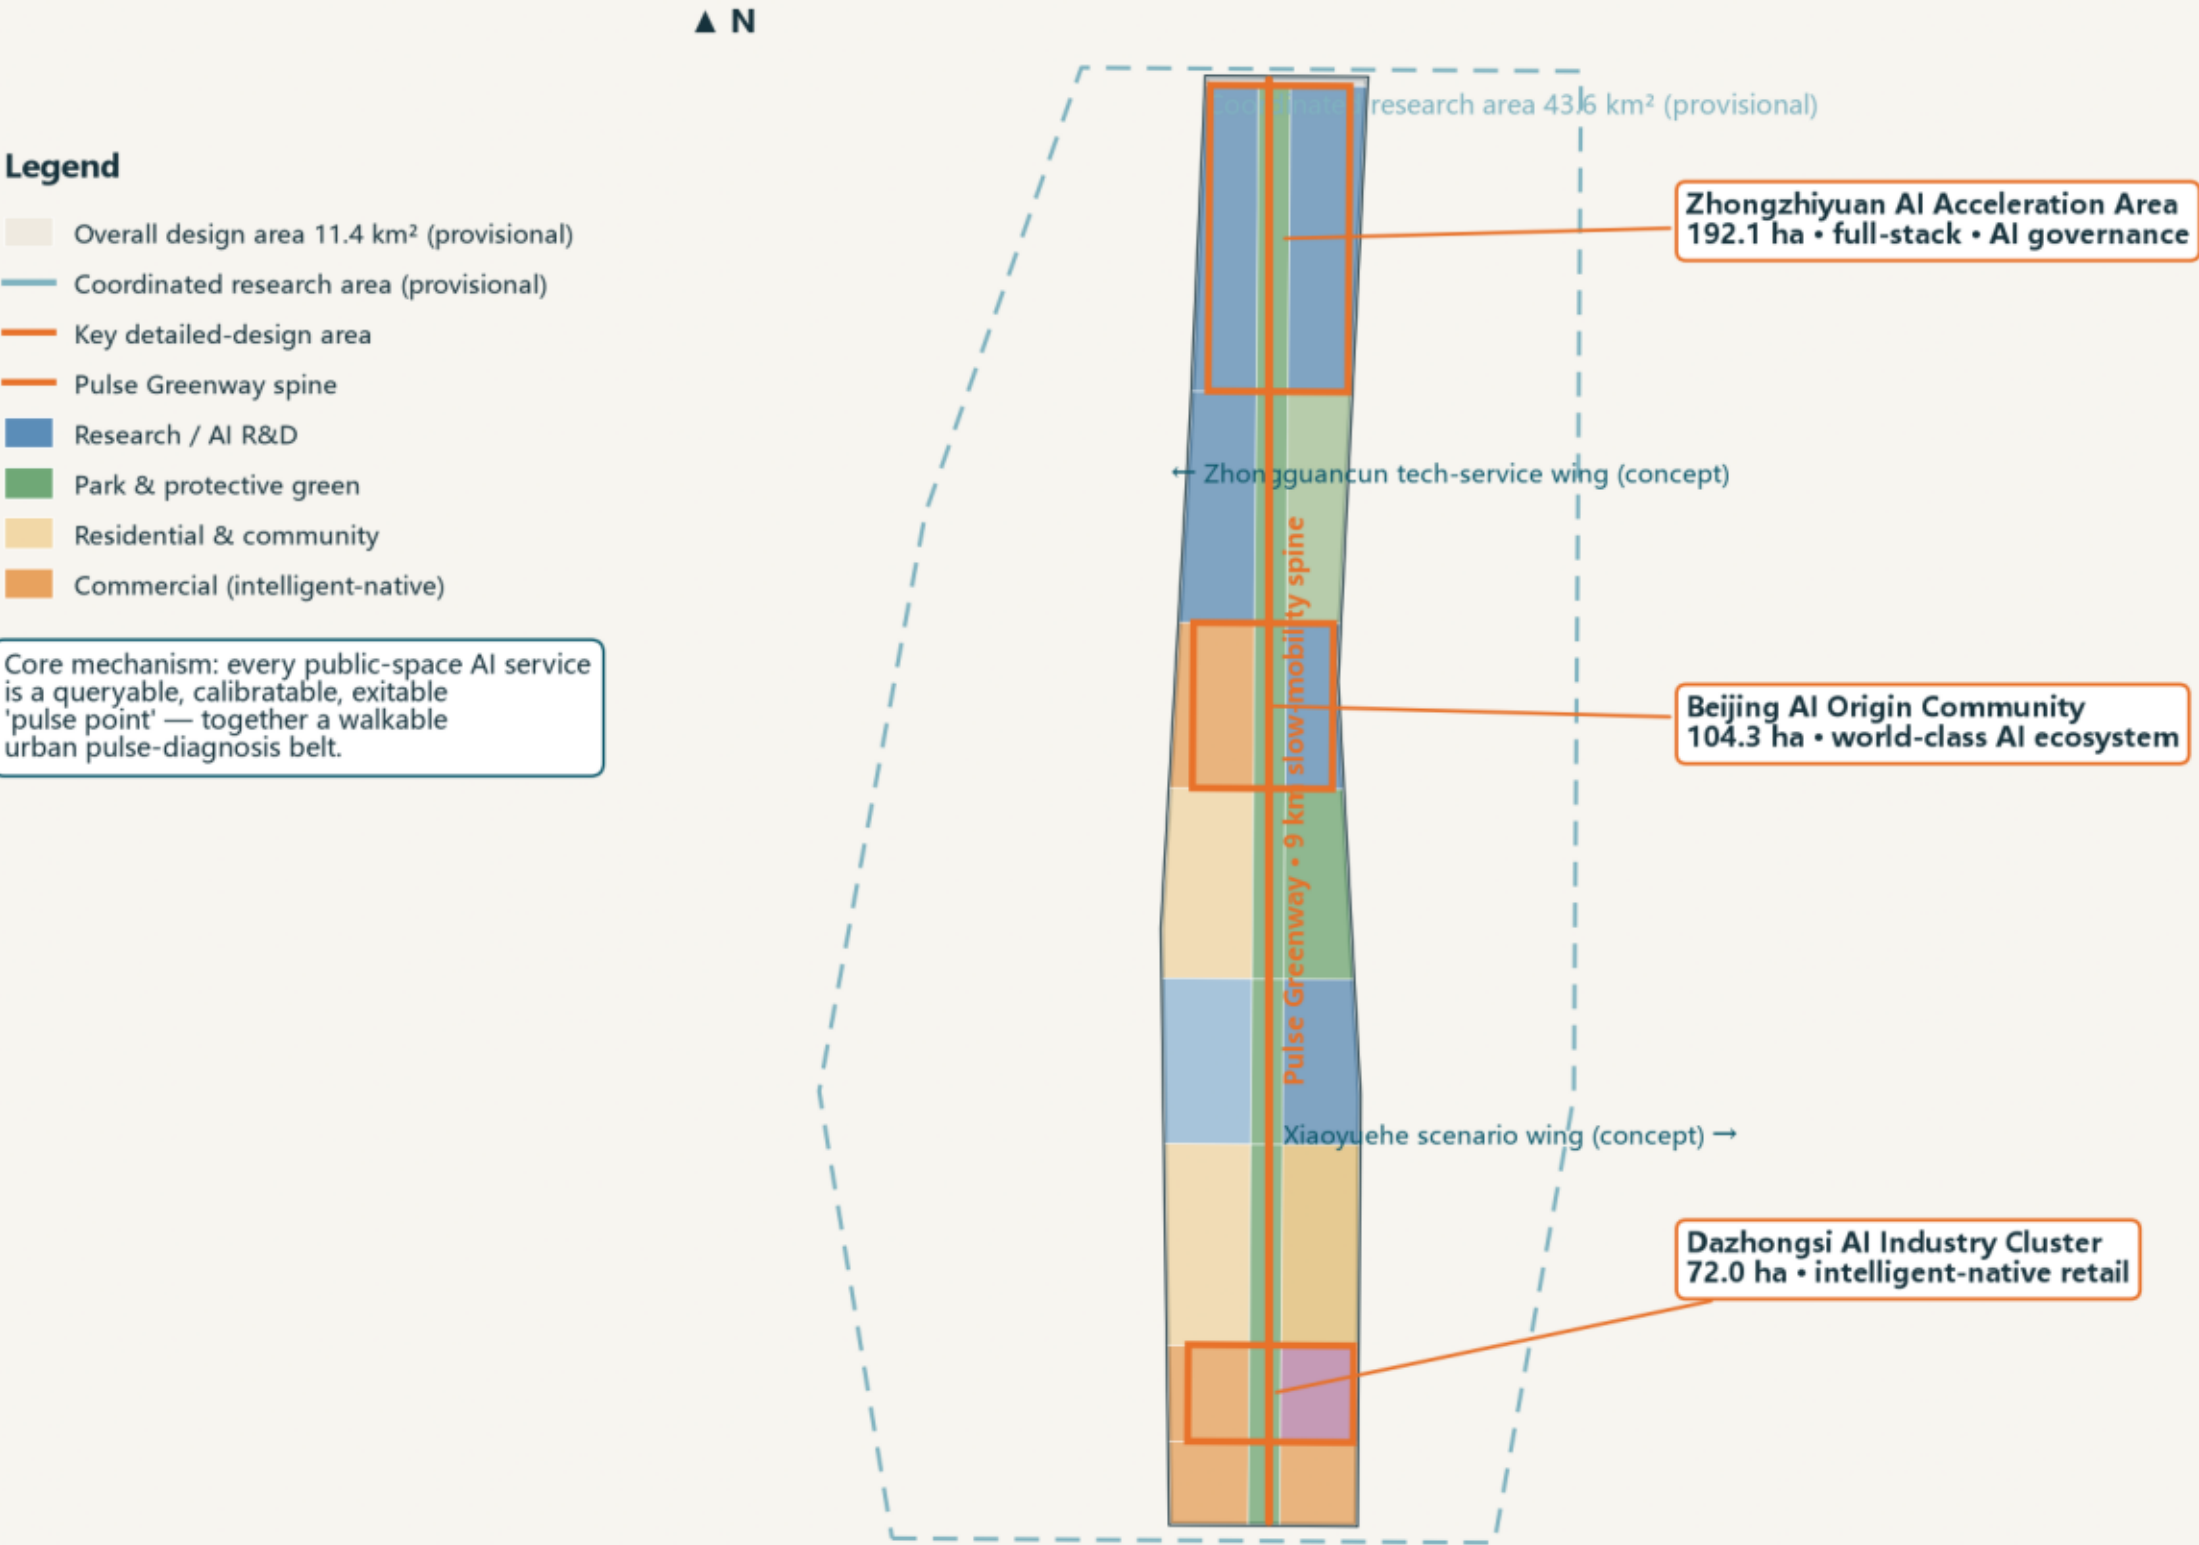

Every public-space AI service is a queryable, calibratable, exitable 'pulse point'.  
A 9 km heritage greenway links Zhongzhiyuan, the AI Origin Community and Dazhongsi,  
forming a walkable urban pulse-diagnosis belt.

Concept proposal only. All spatial content uses provisional constraint geometry and does not replace statutory planning.  
概念建议,不替代正式规划,不构成政府审定结论。

Overview | The Urban Pulse of One Corridor

JINGZHANG PULSE 京张智脉

SITE OVERVIEW — three scope levels, the Pulse Greenway, three key areas (concept proposal)

Source: geometry/\*.geojson & metrics.json (recomputed in EPSG:4548). Overall boundary is a provisional constraint — for concept discussion only, not an official redline.

Fig 1/5 · site-overview.en.png

Land Use | Functions Stacked on a Green Spine

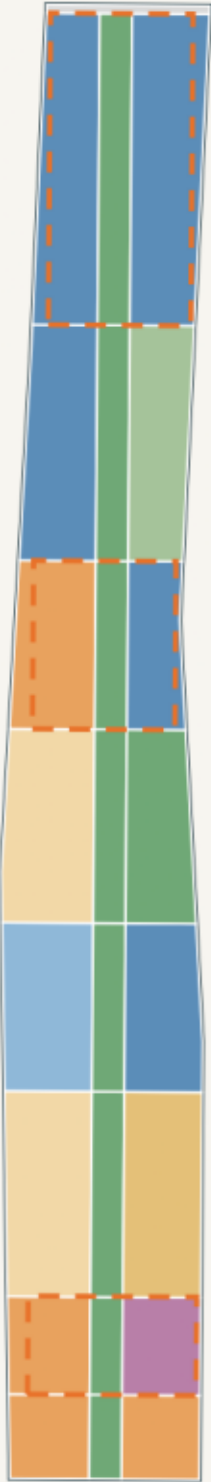

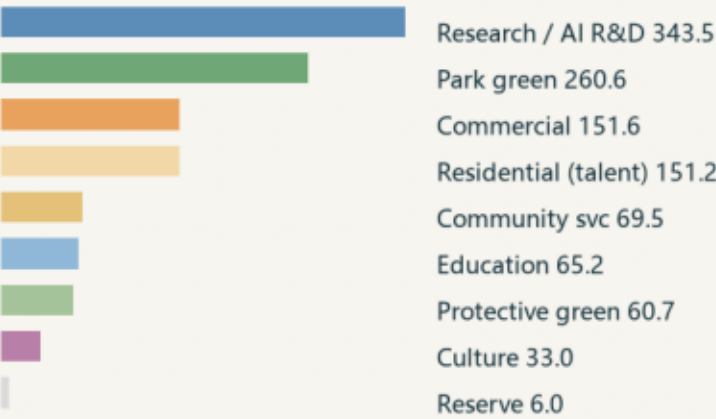

LAND USE — complete partition, shared edges, recomputable areas (concept; controls pending)

▲ N

Legend • areas recomputed (EPSG:4548)

- Research / AI R&D 343.5 ha
- Park green 260.6 ha
- Commercial 151.6 ha
- Residential (talent) 151.2 ha
- Community svc 69.5 ha
- Education 65.2 ha
- Protective green 60.7 ha
- Culture 33.0 ha
- Reserve 6.0 ha

Area by code (ha)

JINGZHANG PULSE 京张智脉

Reading the structure  
· Research/AI R&D ~30%, clustered north & Origin Commun  
· Green ~28% — the Pulse Greenway runs the full belt  
· Residential & community ~19% in the middle stitching bloc  
· Commercial along Dazhongsi & south gateway

Source: geometry/\*.geojson & metrics.json (recomputed in EPSG:4548). Overall boundary is a provisional constraint — for concept discussion only, not an official redline.

Key Areas | Three Pulses, Three Urban Interfaces

KEY AREAS — Zhongzhiyuan · Origin Community · Dazhongsi (provisional polygons; concept proposal)

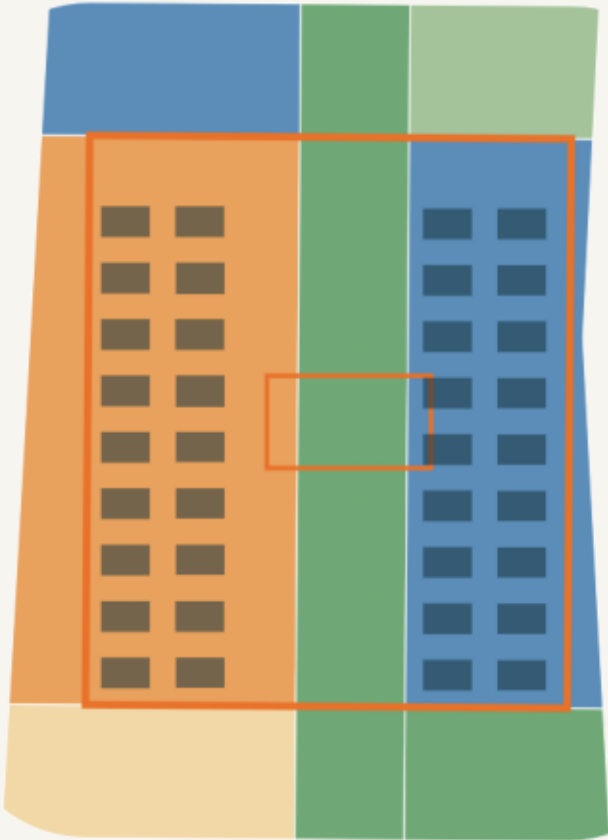

JINGZHANG PULSE 京张智脉

Zhongzhiyuan · Industry Pulse

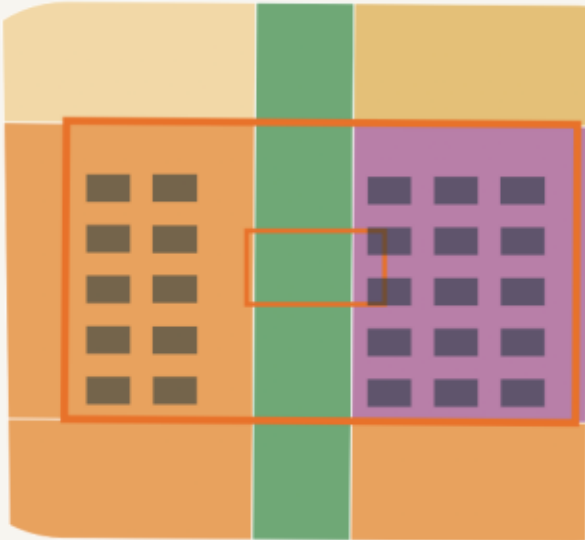

Announced area 192.1 ha (provisional check consistent)  
Full-stack system: chip-framework-model-toolchain (concept)  
Launch Plaza · waste-heat demo · honor wall

AI Origin Community · Life Pulse

Announced area 104.3 ha (provisional check consistent)  
World-class ecosystem: incubators, talent flats, shared labs  
Origin Pulse Plaza · dev night market · Origin Beacon (concept)

Dazhongsi · Consumption Pulse

Announced area 72.0 ha (provisional check consistent)  
Intelligent-native retail: Smart Market Plaza · Resonance Bell (concept)  
Dazhongsi station feeder · cultural interface

Source: geometry/key\_areas.geojson (provisional, consistent with announced areas) · land\_use.geojson · public\_space.geojson.

Fig 3/5 · key-areas.en.png

Mobility & Blue-Green | Stitching the Severed City

MOBILITY & BLUE-GREEN — greenway spine, 7 stitching streets, 5 transit feeders, blue-green network

JINGZHANG PULSE 京张智脉

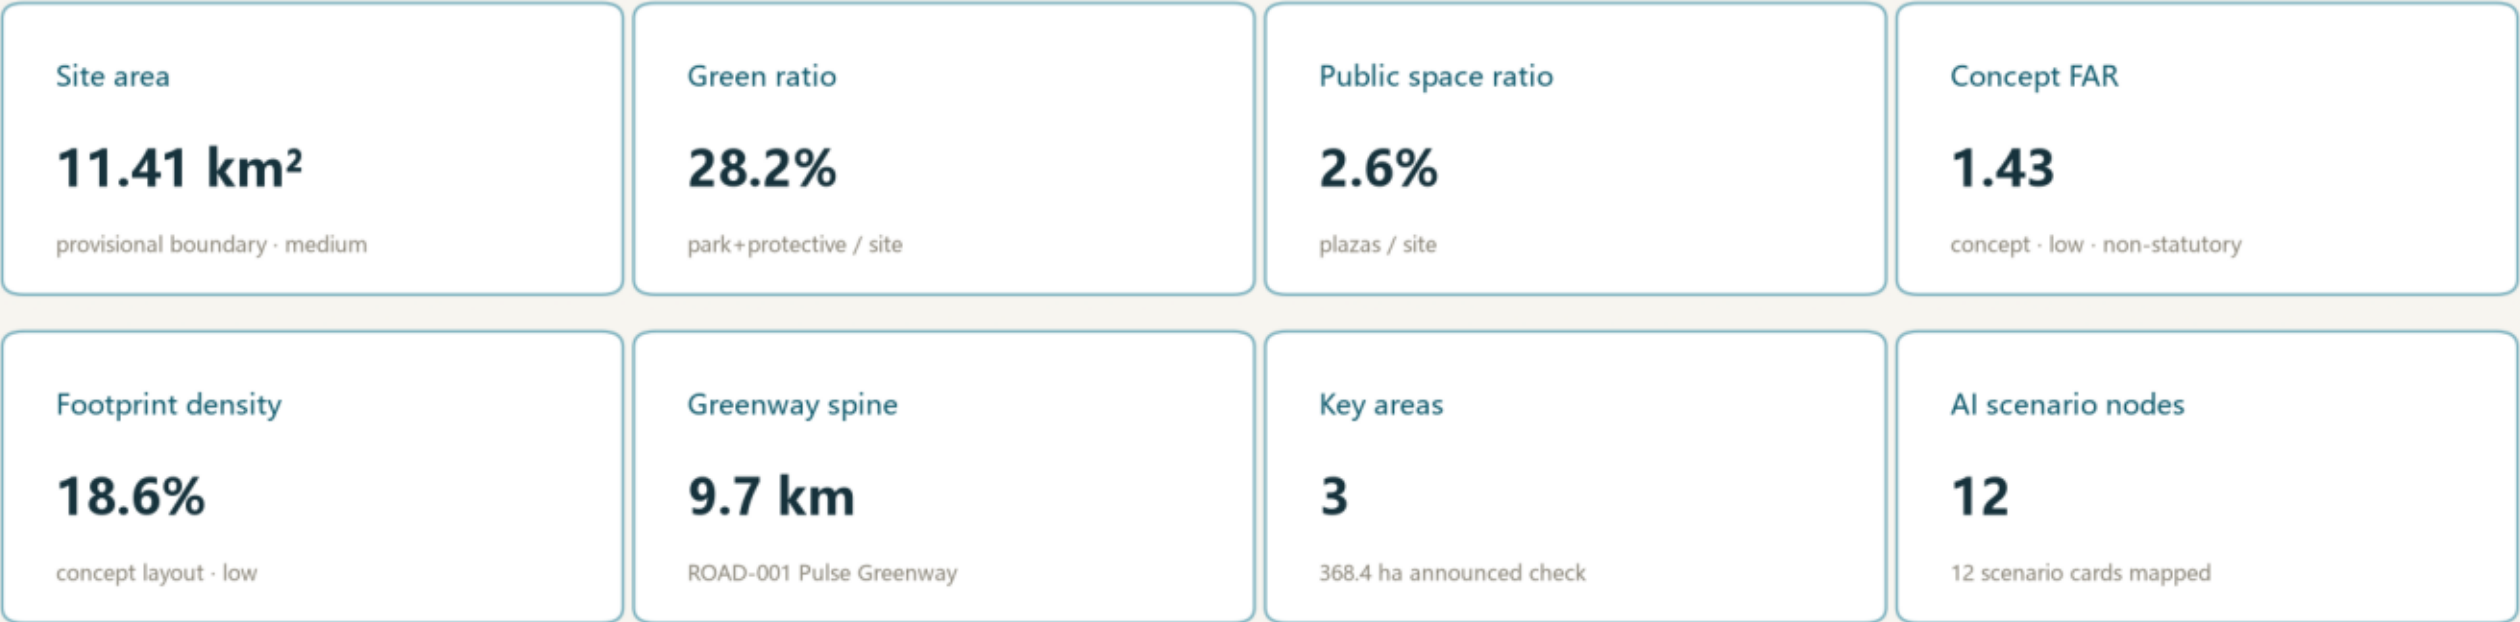

Source: geometry/\*.geojson & metrics.json (recomputed in EPSG:4548). Overall boundary is a provisional constraint — for concept discussion only, not an official redline.

Fig 4/5 · mobility-bluegreen.en.png

Metrics | Every Number Is Recomputable

JINGZHANG PULSE 京张智脉

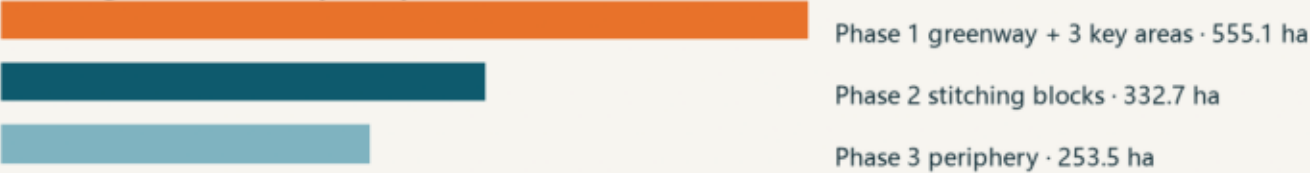

METRICS & EVIDENCE — geometry-based, open formulas, graded confidence, pending items flagged

Land-use composition (recomputed)

Phasing areas (concept implementation advice)

Pending official data: statutory FAR · height · density controls · road redlines · existing-building records (status=unknown; no statutory conclusions drawn)

Source: metrics.json (recomputed from geometry/\*.geojson in EPSG:4548); missing statutory controls marked 'pending official data'.
