

Jing-Zhang Calibration Yard — Site Overview and Provisional Boundary Hierarchy

Fig 1 — Site Overview and Provisional Boundary Hierarchy

Land-Use Structure and Calibration Yard — One Belt, Three Cores, Multi-Scenario Nodes, Blue-Green Loop

Fig 2 — Land-Use Structure and Calibration Yard

Three Key Areas — Functional Positioning, Spatial Actions, and AI Scenarios

Fig 3 — Three Key Areas Detailed Design

Transport, Rail, and Blue-Green System — Walkable Green Corridor, Suture Nodes, and AI Service Network

Fig 4 — Transport, Rail, and Blue-Green System

Metrics System and Evidence Chain — Recomputed Metrics, Source Quality, Phased Targets, and Uncertainty
