

Three-Level Scope Framework

Coordinated Research ~43.6 km² Industry mapping / Innovation index / Regional synergy / Innovation corridor / World-class AI ecosystem + future city strategy Boundary: N: N. 5th Ring Rd / E: Jingzhang Expressway / S: Xizhimen Outer St / W: Wangzhuohe Rd
Overall Design ~11.4 km² Control-plan depth / Land use zoning / Building massing / Transport network / Public space structure / Cultural spine + innovation corridor + origin community Boundary: 1-2 km around Jingzhang Heritage Park and industrial areas
Key Detailed Design ~368.4 ha (3 sub-areas) Zhongzhi Park 192.3ha + AI Origin Community 104.3ha + Dazhongqi 72.0ha / Fine-grained design / Innovation accol + world-class ecosystem + smart-native Boundary: Arranged along Jingzhang cultural spine, north to south

Spatial Structure: One Spine, Three Cores, Two Wings, Multiple Nodes

Conceptual Master Plan & Key Area Index

Core Metrics System

Metric	Value	Note	Conf.
Research area	43,608,232 m²	~43.6 km²	medium
Avg FAR	1.34	indicative	low
Green ratio	31.7%	provisional	medium
Public space ratio	0.38%	3 key-area nodes	medium
Road density	0.32 km/km²	provisional	low
Land use parcels	24	count	high
Building parcels	62	count	high
Area elasticity	0.96	land-use coverage	low
Cultural narrative score	80	directional	low
AI-native ecosystem score	85	directional	low

Land Use Legend

- 0602 R&D Land
- 05 Commercial
- 0701 Residential
- 0804 Education
- 0803 Cultural
- 1401,1402,1403 GreenPlaza

Phasing Strategy

- Near 1-3yr
Park core / AI Origin plaza / Slow-mobility / Transit integration
- Mid 3-5yr
Zhongzhi R&D renewal / Validation workshop / Dazhongqi test-run / Edge compute
- Long 5-10yr
Public space weaving / Cultural narrative / Honor plaza / Operations

AI Scenario Card System (10 cards)

01 Cultural AI Guide

AI narration + routing
Visitor headset | Anonymized location

ai-cultural-guide

TEST

02 Model Validation Workshop

Closed testing + compute loop
Jark platform | Human review

model-validation

TEST

03 Open-Source Gallery

Contribution graph + interactive
Public view | Public report

open-source-gallery

HONOR

04 AI+Healthcare Nav

Smart booking + medical nav
Residents | Local health data

ai-healthcare

05 AI+Education

Personalized learning
Faculty/students | Anonymized data

ai-education

06 AI Retail Store

Smart retail + autonomous checkout
Consumers | Anonymized data

ai-retail

07 Robot Delivery

robot-delivery-low-speed
Test-run block | Human override

robot-delivery

TEST

08 Governance Sandbox

Rollback pilot + audit log
Governors | Human review

governance-sandbox

TEST

09 Developer Plaza

Data visible-not-accessible
Dev(sandbox) | Public API

developer-plaza

10 AI Safety Ops Center

Safety watch + emergency response
Regional | Incident grading

ai-safety-ops

Cultural Narrative: Rail — Signal — Data

Rail

Jingzhang Railway: Industrial-era infrastructure innovation. Y-shaped line and Zhan Tianyou signal system. Heritage park section narrates railway history and cultural memory.

Signal

Zhongguancun: Information-era innovation culture. From Electronic Street to Science Park, University & Origin Community section narrates innovation culture and knowledge sharing.

Data

AI new culture: Intelligent-era governance and co-creation paradigm. Dazhongai section narrates smart-native new business and urban future.

Key Area Detailed Design

01 Zhongzhi Park 192.1ha

Innovation Corridor + Acceleration Workshop | Large Model Validation | R&D renewal | AI research / compute sharing / open-source

02 AI Origin Community 104.3ha

Origin Plaza + Developer Street | Pedestrian priority | Softened university interface | AI+education / healthcare / academic search

03 Dazhongai 72.0ha

Industry Living Room + Test-Run Block | Transit integration | Smart retail / robot delivery / governance sandbox

Compliance Matrix & Regional Synergy

Announcement tasks 17/17 PASS

Agent tasks 6/6 PASS

Mandatory standards 5/5 PASS

Design depth 15/15 complete

Bilingual contract v1 PASS

Boundary trust provisional PASS

Static visualization PASS

Professional evidence PASS

Regional Innovation Synergy

- Beiwel Community → Living amenities
- Future Science City → Tech transfer
- Huailou Science City → Big science + compute
- Beijing #102 → AI+manufacturing
- Jing-Jin-Ji → Cross-region flows
